

EVENING HERALD

ESTABLISHED 1870. Published every Evening, Except Sunday, at 8 NORTH JARDIN STREET, NEAR CENTRE.

Evening Herald SATURDAY, FEBRUARY 15, 1896.

REPUBLICAN STATE CONVENTION.

To the Republican electors of Pennsylvania: The Republicans of Pennsylvania, by their duly chosen representatives, will meet in State convention Thursday, April 23, 1896, at 10 o'clock a. m., in the opera house, city of Harrisburg, for the purpose of nominating two candidates for representative-at-large in Congress and thirty-two candidates for Presidential electors, the selection of eight delegates-at-large to the Republican National convention, and for the transaction of such other business as may be presented.

By order of the State Committee. M. S. QUAY, Chairman. J. B. REK, Secretary.

DR. SAMUEL JOHNSON described a second marriage as "a triumph of faith over experience." Both parties to the approaching Presidential nuptials have had experience, and both still have faith.

THREE more days before election, and three more days in which to swell the majority for the Citizens candidates. Effective work should be done between now and Tuesday, with every man at his post of duty.

THIS "orset man" made a hasty departure from town, after the HERALD had exposed his scheme, and landed in Ashland. At the latter place, however, he came in contact with a limb of the law and justice will no doubt be meted out.

SENATOR ALLEN has discovered that civil service reform is fast filling the offices with cigarette-smoking dudes. The Nebraska statesman should introduce a bill to prohibit dudes from holding any office of emolument or honor under the United States government. Such a law would doubtless be constitutional. Dudes have no standing except at the stage doors of theatres.

THE Roentgen ray is a remarkable discovery, and one that will be of great value to the scientific and medical world. That a man will in time be able to photograph his skeleton and that physicians will be able to locate any stances in the body seems almost marvelous, but it is a fact. Edison says that he hopes in time to kill the bacteria of diphtheria and consumption by the powerful ray.

THE civilized world will await eagerly further tidings of Dr. Nansen's polar journey. According to a very indirect report, the Norwegian explorer reached the North Pole in his steamer, the Fram. He found land there, which he doubtless claimed by right of discovery, and then started homeward. If this discovery is confirmed it will be the crowning geographical event of this eventful century.

THE jurors for the March term of court have been drawn and we note a much needed change in the apportionment. Shenandoah, "for the first time in the memory of the oldest citizen," is credited with nine residents upon the list. North-of-the-mountain has a representative upon the board of Jury Commissioners, and this may have prevented the all skin eruptions seat greed from grabbing every- or no pay required. perfect satisfaction. 25 cents per lb.

MARQUIS of Salisbury's policy in the English foreign affairs, as outlined in the Queen's speech at the opening of Parliament, has aroused the wrath of Mr. Gladstone, particularly the treatment of the Armenian question, and the Grand Old Man is reported as having expressed his intention of again entering Parliament, not as a Liberal, however, as that party is also included in his wrath. He will no doubt begin one of the greatest sagittations England has ever seen and the fall of the Salisbury ministry, despite its large majority, is among the possibilities when the English middle class is thoroughly roused upon a question like that of the persecution of the Christians in Armenia.

THE Citizens nominees for High Constable and Borough Auditor were selected because of their fitness for the two positions. Edward Mason, a veteran of the late war who is incapacitated by old age from performing manual labor, has been a resident of Shenandoah for many years, and during that time was never before the people asking their support for a political office. He is both worthy and capable of performing the duties of the office to which he aspires, and if elected—which we think he will be—will serve the people faithfully. In the person of William Reeves, the Citizens party presents a candidate for Borough Auditor who has a full knowledge of the duties of the position. The office is an important one, and it would be unfortunate to place a person in the position who has not the proper qualifications. Mr. Reeves has had the required experience, and is electing him no mistake will be made.

POLITICAL CHAT.

What is Transpiring Three Days Before the Election. What if Pennsylvania should have three Presidential candidates—Quay on the Republican ticket, Pattison on the Democratic, and Cameron on the Populist-Silver ticket.

Two of the present Councilmen are candidates for re-election—Thomas J. James in the Third ward and John P. Boehm in the Second. The former has apparently no opposition and will be returned by a large majority without much of an effort on the part of his supporters. Mr. James has been a Councilman for a number of terms and is well posted on borough affairs. The voters of the ward realize this, and know a good thing when they see it.

Mr. Boehm is another member of the Borough Council whose record is his best recommendation. Although he has served but one year in that body, he has proved himself with borough affairs, obtained as the executive of the town, has enabled him to take a prominent position in our legislative body. The fact that he had no opposition for re-nomination is evidence that the people of the ward appreciate his worth, and will return him as their Councilman.

The Democrats are putting forth strong efforts to carry the Fourth and Fifth wards. There is no good reason why they should. The Citizens candidates in these two wards will compare favorably in every respect with their opponents; they appeared to be the unanimous choice at the primaries, and should command the united support of their party. Thomas Broughall and Daniel Riegel, the nominees for School Board and Council respectively, need no introduction to the voters of the Fourth ward, while Charles Hoffman and Christ Foltz, who are nominated for the same offices in the Fifth, will serve their constituents faithfully. As stated before, there is no good reason why these two wards should not record a Citizens victory next Tuesday.

Thomas H. Rickert is looming up as Senator Keefer's most formidable competitor. Keep an eye on the Colonel in this fight.

Edward Mason, the Citizens candidate for High Constable, walks with a cane; but his opponent will have to take to crutches after the 18th inst.

Elias Davis, of Broad Mountain and Pottsville, and until recently also claiming residence in Schuylkill Haven, is erecting political fences for the Treasurership nomination. "Lias" avocation is of a varied nature, but he finds time to give to his numerous friends what is termed as the "Davis shake."

The Democratic voters of the Second ward will resent the presumption of a citizen of the Fifth ward naming a candidate for them. If you don't think so, watch the returns.

The national delegate fight appears to be in a state of comatose. One of the candidates has followed the example of the ground hog—gone in his hole again.

There'll be plenty of fun in Shenandoah previous to and after the county conventions. The "boys" will be right in the swim.

Don't make a fuss because there is going to be a Democratic county convention this summer. An inquest is always necessary when death has been violent.

The news comes from Mahanoy City—the town of political patriots—that M. J. Powers will ask for the legislative nomination on the Democratic ticket. Mr. Powers is entitled to the recognition from his party, but by the powers, he'll wish he hadn't after the Hon. Joseph Wyatt is done with him.

Victory is in the air for the Citizens party next Tuesday, with one proviso. Every vote must be polled, and every voter of the party must work in the party's interest.

Working for Mrs. Maybrick's Pardon. LONDON, Feb. 15.—The so-called Maybrick committee, an organization formed for the purpose of working in behalf of the pardon of Mrs. Florence Maybrick, confined in Woking prison on conviction of poisoning her husband, has submitted an exhaustive presentation of their case to the home secretary, presenting new and important matters for his consideration.

Drunkness as an Excuse for Murder. GREENSBURG, Pa., Feb. 15.—The trial of Emanuel Ritenour, aged 25 years, charged with a homicide, was begun here. Ritenour and his wife quarreled on the evening of Aug. 28, and it is alleged Ritenour killed his wife with a Winchester rifle. Drunkenness will be given as an excuse for the crime.

Death of Allen Dodworth. PASADENA, Cal., Feb. 15.—Allen T. Dodworth, founder of the famous Dodworth band, of New York city, is dead. Some years ago, owing to failing health, he purchased a farm in California, and thereon spent the last years of his life. He was 74 years old.

Niagara's Wintry Beauty. NIAGARA FALLS, Feb. 15.—The winter scenery at the falls is now finer than it was ever known to be before. The recent rains, followed by cold weather, have produced a wonderful effect.

Merit wins, and Merit has not only placed Hood's Sarsaparilla at the head of all medicines but has practically given it, as a blood purifier, possession of the whole field.

Hood's Sarsaparilla Wins because it Cures. It Cures because it purifies, vitalizes and enriches the blood. Disease cannot resist its potent powers. Health comes at its persuasive bidding. If you need a good medicine, get Hood's and only Hood's.

Religious Notices.

Services in the Trinity Reformed church to-morrow at 10:00 a. m., and 6:30 p. m. Sunday school at 1:30 p. m. Prayer meeting every Wednesday evening at 7:30.

Services in All Saints Protestant Episcopal church on East Oak street to-morrow at 10:30 a. m. and 7 p. m. The rector will officiate. Sunday school at 2 p. m.

Regular services will be held in the United Evangelical church, (Dougherty's Hall), to-morrow at 10 a. m. and 6:30 p. m. Preaching by the pastor, Rev. E. M. Lichtenwalner. Sunday school at 1:30 p. m.

Services in the Presbyterian church to-morrow at 10:30 a. m. and 6:30 p. m. Sunday school at 2 p. m. Rev. T. Maxwell Morrison, pastor.

Services to-morrow in the Primitive Methodist church by the pastor, Rev. John Rath, at 10:30 a. m. and 6:30 p. m. Sunday school at 2 p. m.

Rev. William D. Jones, of Mines Mills, near Wilkesbarre, will preach in Welsh in the Congregational church on South West street Sunday morning at 10 o'clock, and in English at 6 o'clock p. m. Sunday school at 2 p. m.

Calvary Baptist church, South Jardin street. Services will be held to-morrow, at 10:30 a. m. and 6:30 p. m., when Rev. David L. Evans will officiate. The subject of the evening sermon will be "The Resurrection of Lazarus." Sunday school at 2 p. m.

First Methodist Episcopal church, Rev. J. F. Meredith, pastor. Subject at morning service, "The Ripe Harvest Field." Evening subject, "The Last Judgment." 9 a. m., class; 2 p. m., Sunday school; 5:45 p. m., Christian Endeavor. Preaching hours the year round 10:30 a. m. and 6:30 p. m. Everybody welcome.

Bucklen's Arnica Salve. The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by A. Wascley.

The Professor Apologized. PROVIDENCE, Feb. 15.—John D. Rockefeller, Jr., of New York, and L. M. Da-shiel, of Lakewood, N. J., were accused a few days ago of plagiarism at Brown university. Four juniors were also accused, and seven students were expelled from the grounds. The case has caused a big college scandal here. Rockefeller and Da-shiel became indignant at the charges, and they forced the faculty to take backwater. An apology was made by Professor Lamont to the New Yorker and his friends, and now Rockefeller insists that the seven suspended men shall be returned to the class.

Double Murder and Suicide. CENTREVILLE, Ia., Feb. 15.—George Jones shot and killed his sweetheart, Leah Martin, her mother, Mrs. W. J. Martin, and then put a bullet into his own head last evening. The reasons for the deed are unknown, but it is supposed the parents of the girl had objected to his attentions to her daughter. Jones was of a good family, and the Martins are also highly respected people. The scene in the house indicated that Jones had gone there and had a quarrel with the girl, and that her mother had interfered.

Carrying Munitions of War to Cuba. WILMINGTON, N. C., Feb. 15.—The steamer Commodore, the alleged filibustering vessel, which has been detained here for some time, resists of her elegance papers and sailed yesterday. She is supposed to have aboard arms and ammunition for the Cuban insurgents, and her probable destination is Charleston, S. C. The departure of the vessel was made without any effort at secrecy, but on the contrary she sailed away blowing her whistles and with other evidences of demonstration.

Cathode Rays Revealed the Needle. TORONTO, Feb. 15.—Yesterday, in Greco hospital, the value to surgery of Professor Roentgen's discovery was again demonstrated. A woman patient whose foot had caused her intense pain was submitted to the cathode rays, and the photograph revealed the presence of a needle. Professor Wright, of University college, who conducted the experiment, pointed out to the surgeons the exact location of the foreign body, and an operation at this point proved the photograph to be a true one.

Yielded to Commander Walker's Terms. MINNEAPOLIS, Feb. 15.—The Minneapolis and St. Louis railroad yesterday announced that it would make as long a time limit on the tickets for the Grand Army encampment at St. Paul as any other road running into the twin cities. This makes three roads that have agreed to a thirty day limit, and it insures the requirements of the commander-in-chief of the G. A. R. The other roads are the Wisconsin Central and the Chicago and Great Western.

The Revolution in Korea. YOKOHAMA, Feb. 15.—Detachments of British, American and French marines have been sent to Seoul, the capital of Korea, in view of the disorder attendant upon the revolution. The king remains at the Russian legation. A new cabinet has been formed and a mandate ordering the execution of former ministers has been issued. A conference of foreign ministers at Seoul has been opened at the Russian legation.

Family Annihilated by Measles. BIRMINGHAM, Ala., Feb. 15.—From Brights, Ala., comes the story of the annihilation of an entire family by measles. The family of P. A. Higgins, postmaster, were taken down at almost the same time with the malady. First a son aged 30 died, then the mother followed, and the father came next. A daughter, aged 18, also died from the effects of the disease. Neighbors had to bury the family one by one.

Acquitted of a Murder Charge. TRENTON, N. J., Feb. 15.—The Kel-lers, Dan, Nanny and Maggie, who have been on trial here for the past three weeks, charged with the murder of Clara Shanks, of Parke county, were discharged from the court yesterday. The jury after being out twenty-one hours brought in a verdict of not guilty. The trial was one of the most sensational in the criminal annals of this state.

To Keep Out Convict Labor Products. WASHINGTON, Feb. 15.—Mr. Southwick, of New York, introduced a bill in the house yesterday to prevent convict labor and the industries in which it is employed from the injurious effects of convict competition, by confining the sale of all articles manufactured by convict labor to the state or territory in which they are produced.

Do not take any substitute when you ask for the one true blood purifier, Hood's Sarsaparilla. Insist upon Hood's and only Hood's.

A STARTLING TRUTH

BRIGHT'S DISEASE CURABLE. Indisputable evidence has now been submitted to and accepted by the medical profession that Bright's Disease can be cured.

Physicians of every school admit the truth of this assertion backed as it is by the evidence of their own patients. And the marvel of it all is that the remedy has been at our very doorsteps, upon our tables and in our gardens for a century past.

We refer to Asparagus. To the old botanical doctors and our grand mothers belong the credit for first discovering the curative value of Asparagus in Kidney Diseases.

To the French scientists, Vanquelin and Robiquet belong the credit for first separating the active medicinal principle of the plant. To the Hobb's Medicine Company, however, and more especially Dr. Hobb's is due the greatest credit of all.

For he and they, not only recognized the marvelous therapeutic value of this remedy, but by securing the services of some of the most eminent French and German chemists, succeeded in refining and concentrating the extract, so as to yield the most phenomenal results in Kidney Diseases. Results that have astonished and delighted the medical profession of America and Europe, that Dr. Hobb's Sparagus Kidney Pills are now recognized as a positive specific in these diseases.

To make the remedy double active and far reaching in its results Dr. Hobb's added to his main ingredient, Asparagus, the concentrated essence of several other thoroughly well known and tried remedies for Kidney complaints, (Buchu, Pareira, Brava Cora, Silk, etc.) each fortifying and enhancing the action of the others and producing a remedy for all forms of Kidney and Urinary diseases, such as the medical world has never before seen.

The Hobb's Medicine Company of Chicago or San Francisco are mailing free a valuable book (we have seen a copy and can commend it) to all physicians or their patients, without charge.

Dr. Hobb's Sparagus Kidney Pills are endorsed by the best physicians and sold by druggists at 50 cents.

A valuable book mailed free. Address Hobb's Medicine Co., Chicago or San Francisco.

FINANCE AND TRADE. The General Business Situation Does Not Meet Anticipations.

NEW YORK, Feb. 15.—Bradstreet's review of trade says: The general business situation throughout the country does not meet anticipations, and except at a few cities—Baltimore and Pittsburg in the east, Chicago, St. Louis and Omaha at the west and Galveston, Chattanooga and Atlanta in the south—remains dull for the season, in most instances disappointingly so. Improvement in demand and prices is confined to hides, leather and boots and shoes, which are conspicuous in the short list of staples for which prices are higher.

Features of the situation are those resulting from unfavorable weather east and in the central west, reaction in prices of iron and steel, further complaints by woolen manufacturers, an outlook for more idle woolen machinery, a smaller total of bank clearings, continued stiffness, maintenance of high rates for loans, notwithstanding the favorable inferences drawn from the heavy oversubscription to the government bond issue, and restricted production of pig iron.

The total number of business failures reported throughout the United States this week is 381, an exceptionally large number, the gain as compared with last week being 41. There are 83 more business failures this week than in the second week of February, 1895, 93 more than in the corresponding week of 1894, and 176 more than in the second week of February, 1893, while as compared with the second week of February, 1892, this week's increase is 121.

You Get Strong. If you're tired out or "run-down" woman, with Dr. Pierce's Favorite Prescription. And, if you suffer from any "female complaint" or disorder, you get well. For these two things—to build up women's strength, and to cure women's ailments—this is the only medicine which, once used, is always in favor. Therefore, nothing else can be "just as good" for you to buy. The "Prescription" regulates and promotes all the natural functions, never conflicts with them, and is perfectly harmless in any condition of the female system. It improves digestion, enriches the blood, brings refreshing sleep, and restores health and vigor. For indigestion, displacements, leucorrhoea, nervousness, periodical pains, and every chronic weakness or irregularity it's a remedy, that safely and permanently cures.

Two Killed in a Saloon Fight. FRANKFORT, Ky., Feb. 15.—Henry Brown, a policeman, was shot and killed in Kagin's saloon last night by Lucien Hawkins, a drunken character. Hawkins was shot and killed by Policeman William Gordon, who accompanied Brown. Hawkins raised a disturbance, and the police were sent for. Brown entered first, and Hawkins fired two shots into him. Gordon at the same time shot Hawkins. Both Brown and Hawkins died in less than five minutes.

It Relieves Catarrh and Colds in Ten Minutes, and is a Blessing to Mankind. Says Rev. L. C. McPherson, of Buffalo, N. Y.

Dr. Agnew's Catarrhal Powder is again lauded and praised by a Buffalo minister. This time it is Rev. L. C. McPherson, of Jefferson street Church of Christ, who speaks in such glowing terms of this truly mystic relief for colds in the head, which are so annoying, this remedy has no equal, giving relief in 10 minutes. For chronic catarrh it is equally satisfactory, giving relief at once, and a certain cure in a short time. 50 cents. Sold by S. P. Kirilin.

Wanted His Family Murdered. Chicago, Feb. 15.—John Koehler, who is locked up charged with a conspiracy to murder his family, was called upon, the police say, to explain the death of his first wife, who died from poison ever two years ago, the verdict being suicide. The second Mrs. Koehler yesterday had her husband held in \$10,000 bonds on a charge of conspiracy to murder her and her three children. She claims that Koehler wishes to be in possession of her property, worth about \$1,000. Koehler was arrested while discussing the matter with a tramp named John Meade and a confederate of Meade's, who, instead of a tramp, was a policeman in disguise. Meade had led Koehler into a trap. Meade is also held in custody, but will turn state's evidence.

It May Be as Much For You. Mr. Fred Miller, of Irving, Ill., writes that he had a severe Elyria trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so-called Kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c for large bottle. At A. Wascley's drug store.

NANSEN'S DISCOVERY.

An Ex-Explorer Who Thinks It Quite Probable. GIVES REASONS FOR HIS BELIEF.

In the Meantime There Has Been No Confirmation of the Report at St. Petersburg. Though There It Is Deemed Not Entirely.

NAPERVILLE, Ill., Feb. 15.—Evelyn D. Baldwin, the meteorologist of the Peary expedition of 1898-99, was asked what he thought of the reported discovery of the north pole by Dr. Nansen.

"I think it highly probable," he replied. "It is the result of well calculated plans, and not unexpected. Dr. Nansen has certainly, it would appear, accomplished that for which he has striven for at least the past five years. The voyage of the Jeannette under De Long until the crushing of the vessel in latitude 77 degrees 15 minutes and longitude 156 east, indicated that the near approach to the north pole was to be made by a well equipped and properly constructed vessel from that direction—by the New Siberian Islands.

"The Jeannette had drifted through two long Arctic nights in that region, and this would indicate that it is possible for a vessel under ordinary conditions to endure so long, it is to be expected that one of special construction, as was Dr. Nansen's, would succeed in going much farther. Dr. Nansen's advance since June 24, 1893, has given him time to make at least very close approach to the north pole, and I think it highly probable that, with favorable conditions, he has succeeded in arriving at the long coveted point.

"Since communication with the New Siberian Islands at the mouth of the Lena and Delta is continuously had by means of the traders and hunters of that region, it is not improbable that Dr. Nansen has had means of sending dispatches to the Russian settlements in Central Siberia, and thus home. So I think the report is not at all improbable. The appropriation made by the Norwegian government, and supplemented by private subscriptions, so abundantly equipped Dr. Nansen that he has been unhampered so far as his ship is concerned, and the conditions have been altogether very favorable.

"It was, however, expected that the first news from him would chronicle his arrival off the north coast of Greenland, as it was his theory that his vessel would drift with the ice north of the New Siberian Islands nearly, if not directly, over the north pole, and thence southward to the coast of Greenland. It seems, however, that instead of drifting south after once having arrived at the north pole he has returned southward by way of the outward voyage, as did De Long after the crushing of the Jeannette."

No Confirmation in St. Petersburg. ST. PETERSBURG, Feb. 15.—No confirmation has been received of the news that Dr. Nansen has discovered the north pole and is returning to civilization. If he is returning his own dispatches are likely to arrive before any answer is possible to inquiries sent to such wild regions, devoid as they are of telegraph or other means of regular communication. Captain Wiggins opines that if it is true that Nansen is returning he must have abandoned his ship. This observer regards the report regarding Nansen as not impossible.

Another Believer in Nansen. INDIANAPOLIS, Feb. 15.—Julius R. Fredericks, who is a sergeant in the Greeley expedition that reached latitude 83.24, 294 miles from the pole, said today that he thought it was in the bounds of possibility that Nansen had reached the north pole, but it was improbable that he reached it and started on the return down the east coast of Greenland. Sergeant Fredericks thinks it probable that the pole is on land.

A POSSIBLE CABINET MINISTER. Hon. David Mills, M. P., Joins Other Leading Members of the Canadian Parliament in Strong Endorsement of Dr. Agnew's Catarrhal Powder.

The Sage of Bothwell, as his familiar friends sometimes speak of him, the Hon. David Mills, who is almost certain to again become a Cabinet Minister, should a change of government take place, was a sufferer from catarrh, and to a public man it proved most annoying. He freely tells, however, the very quick relief he secured when he commenced to use Dr. Agnew's Catarrhal Powder. It is one of the great virtues of this medicine, that it does not trifle with the patient, but gives relief almost instantly, and calls for no prolonged period to effect a cure.

One short puff of the breath through the Blower, supplied with each bottle of Dr. Agnew's Catarrhal Powder, diffuses this powder over the surface of the nasal passages. Painless and delightful to use, it relieves in 10 minutes, and permanently cures Catarrh, Hay Fever, Colds, Headache, Sore Throat, Tonsillitis and Deafness. 50 cents. Sold by S. P. Kirilin.

For One Legislative Board in Boston. BOSTON, Feb. 15.—A bill has been introduced in the senate providing for the establishment of a single legislative body for Boston instead of two as at present, one-third of its twenty-seven members to be chosen annually by a system of proportional representation, and each member to receive \$5,000 annual salary.

Relief in Six Hours. Distressing kidney and bladder diseases relieved in six hours by the "New Great South American Kidney Cure." This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by Isaac Shapira, druggist, 107 South Main street.

London, Feb. 15.—In his mail today Lord Salisbury received a letter from Boston, signed by the secretary of the Royal Guianese Union of the United States, which says in part: "We stand ready at your disposal to call on us in case of emergency to render our assistance and services for the defense of our native country. While in full sympathy with the manner in which you have handled the Guianese-Venezuela trouble, we have assurance that you will not concede one iota of the territory in dispute east of the Schomburgk line to arbitration."

Grip-Colds-Headache. Why suffer with Coughs, Colds and La Grippe when Laxative Bromo Quinine will cure you in one day. Put up in tablets convenient for taking. Guaranteed to cure, or money refunded. Price, 25 cents. For sale by Kirilin's Pharmacy.

MUNYON'S REMEDIES

DOCTOR YOURSELF. Well-Known People Testify to Wonderful Cures—They Say Munyon's Remedies Cure Catarrh, Dyspepsia, Rheumatism and the Most Obstinate Diseases.

Get Munyon's Guide to Health From Your Druggist—It Will Cost You Nothing and May Save Your Life.

John Shultz, Twenty-sixth and Liberty streets, Pittsburg, Pa., says: "Had rheumatism several years. Treated by many doctors. Unable to work. Two bottles of Munyon's Rheumatism Remedy cured me, and I am again at work."

Munyon's Rheumatism Cure never fails to relieve in one to three hours, and cures in a few days. Price 25 cents. Munyon's Dyspepsia Cure is guaranteed to cure all forms of indigestion and stomach troubles. Price 25c.

Munyon's Catarrh Remedies positively cure. Price, 25 cents. Munyon's Kidney Cure speedily cures pains in the back, loins or groins and all forms of kidney diseases. Price 25c.
