THEIR DEFEAT OVERWHELMING.

Senate Amendment Defeated by 215 to 90, At the Night Session Mr. Talbert Is Assailed by Mr. Hardy and Retaliates in Gentle Surcasm.

WASHINGTON, Feb. 15 .- The majority against free silver in the house yesterday, when the final vote was taken on concurwhen the final vote was taken on concur-rence in the senste free colnage amend-ment, was larger than that of Thursday in committee of the whole. On Thursday the motion to concur was defeated by 100 to 80, a majority of 110; yesterday it was beaten by 215 to 90, a majority of 125. The vote was a record making vote, and count-ing the pairs but, thirty-seven out of ing the pairs but thirty-seven out of 356 members were unaccounted for. Perhaps a few absentees dodged, but most of them were unavoidably absent and were unable to secure pairs. An analysis of the vote shows that 184 Republicans and thirty-one Democrats voted against concurrence and fifty-eight Democrats, twenty-five Republicans and seven Populists for concurrence. The debate which preceded the vote was of an interesting character, but

devoid of any sensational features.

The galleries as usual on a field day in the lower branch of congress were crowded to the doors, and quite a number of sen-ators sat through the five hour debate. Secretary Herbert was also present. Ex-Speaker Crisp presented the closing ar-gument for the silver men, and was re-plied to by Mr. Turner, a Democratic colleague from Georgia, in a two hour speech.

The personal rivalry between the two leaders of the opposing factions of the Democratic side of the house added to the interest of the occasion. Mr. Dalzell, of Pennsylvania, closed in behalf of the Republicans. The partisans of the respective champions missed no opportunity to ac-claim their approval when telling points were made.

A very exciting row was only prevented at the night session of the house, which was devoted to the consideration of private pension bills, by the good temper shown by Mr. Talbert, of South Carolina, whose utterances at the night session two weeks ago caused Mr. Barrett, of Massachusetts, to offer a resolution to censure him for

"treasonable and seditious" language.

Last night Mr. Talbert was opposing a
bill to pension a soldier's widow who had subsequently remarried and had been di-vorced from her second husband, when Mr. Hardy, Indiana Republican, arose and made a savage personal attack upon Mr. Talbert. South Carolina, he said, had al-ways been raising her voice in opposition to the Union.

"We have heard from South Carolina," said he, "year in and year out, except the four years when she was out of the Union. She has caused more trouble than any state in the Union from the time when John C. Calboun tried to nullify the statutes of the United States, in 1832, and Jackson threatened to hang him for his pains, up to the present time when the gentleman from South Carolina appears in this body and a gentleman with similar propensities appears at the other end of the Capitol. Her record here is with-out a parallel. I am here to vote for every pension bill presented to this house, in

Parents Must Heed For Their Child's Sake.

One of New York's leading physicians, in recent published article, speaks of the terrible feelings of the auxious mother when she sees her child in a fit.

But there is help, and help right at hand. Here is what a parent, Mr. Herbert E. Harrington, Box 274, Adams, Mass., says to all the parents of this land :

"Our little boy Royal had fits. He would drop to the floor, sometimes forward, sometimes backwards, as if he was dead, and if he was eating his head would drop on to his plate, so we had to hold up his bead all the time he was eating. If he went across the floor, sometimes had to lead him, and the slime would run from his mouth. His stomach was so weak that his food would not digest, and every muscle of his body would twitch so it was impossible for him to do anything.

"For two years we took him to our local loctors and they could do nothing to help

him, and they advised us to take him to a specialist. We did so and he told us that he had epilepsy and was incumble. He lost his speech for six weeks and continued having the fits so he would have nine or ten in a

Through the Neck. SAN FRANCISCO. Feb. 15.—Frank J. Millor, a butler in the employ of J. L. Frank lin, early in the morning shot and killed John Anderson, a burglar, and was shot himself through the neck and dangerously wounded. When the police arrived on the scene they found Miller lying unconscious scene they found Miller lying unconscious on the floor, with the dead robber lying across his feet. Miller, who had been ur-conscious most of the day, revived for a few minutes last evening, and said that about 5 o'clock he got up and went out for the morning paper. It caught in his clothing, how-ever, and fell to the floor. Miller then stooped and grabbed the pistol and fired. The two men then grappled and fell to-gether. At this point Miller again be-came unconscious, and nothing more could be learned from him. Four shots had been fired at close range from each of the pis-tols, but only two took effect, one passing through the brain of the robber and the other through Miller's neck. The two burglars who went up stairs fled when the shooting began, leaving masks and tools behind them. The dead thief was identifled by the police as John Anderson, a sailor with a criminal record.

About a year ago an attempt was made y two men to rob the Franklin residence. Miller stood the burglars off and was frightfully beaten by them.
