EVENING HERALD

MONDAY, FEBRUARY 17, 1890.

Te-morrow Night's Play. "The Derby Muscot," Charles A. Taylor's sensational melo-drama, is a storyed southern life, said to be beautifully as well as realis-tically portrayed. It will be presented at Ferguson's theatre to morrow night, the 18th inst. The action of the play occurs in Texas, and tells of the rivalry which exists between two warm-hearted, yet hotblooded Texans. in love as well as in business. A grand production of the Texas Derby is decidedly a feature, and one from which the play derives its name. King Faro, the finest leaping horse in the world, a recent importation from England, will be introduced, as well a two Derby thoroughbrods, Victor and Bay Prince, "The Derby Muscot" is an up-todate comedy drams, comprising many startling features and exciting scenic effects never before presented in Shenandoah

A visit was first made to the White street property recently purchased by the Board. It was the opinion of some that the site should be used for a High school building, but the calculations of the expert knocked the idea into a cocked hat, and the High school will hold forth at the old stand for many years to come. The site is 150x00 feet, which is altogether too small for the building contemplated. An adjournment was taken to the assembly room of the High school and there Architect Davis put his ideas in diagrams on a blackboard, and made such a good impression that he was employed posed new building and for the enlargement saloon on South Main street, Shenandoah, has of the High school building, and also to visit all the schools and make a written report as to improvements he may be able to port as to improvements he may be able to suggest for a re-arrangement of the rooms to provide as agent for the Columbia Brewing Company

Mr. Davis' idea is to creet a six-room (two story) building on the White street site 88xtt. All the rooms will be on the north side of the building and obtain light from a 15 or 18-foot space. The southern side of the building will be close to the boundary of the building will be close to the boundary of the building will be close to the boundary of the salpoining property. It is intended that even should buildings be erected both north and sown as possible.

Son't hold back for better bargains. You it get them on winter bargains. One of the latter will not be deprived of light.
It is also proposed to put a two-story addition on the east side (or rear) of the tion on the east side (or rear) of the High school. The cost of all the work is approximated at \$17,000. It is believed that the plans will give the town all the school room it will require. Mr. Davis is to have his plans and specifications ready by next Friday night, when the School Board will hold special meeting to receive them.

A Suit for Libel.

The Councilmanic fight in Tamaqua is now at fever heat, all over the electric light question. One faction wants the borough to erect its own plant-to which the people have consented by a large majority-while the other sustains the Borough Council in making a five-year contract with the Edison Company. The bitter feeling has terminated in a suit for criminal libel brought against the editor of the Recorder by William Callo-way, who is seeking re-election to Council. The Recorder says the gentleman is a "traitor who is covered with the slime of his own hypocrisy.'
