REPUBLICAN STATE CONVENTION.

To the Republican electors of Pennsylvania: The Republicans of Pennsylvania, by their duly chosen representatives, will meet in State convention Thursday, April 23, 1908, at 10 o'clock a. m., in the opera house, city of Harrisburg, for the purpose of nominating two candidates for representative at-large in Congress and thirty-two candidates for Presidential electors, the selection of eight delegates-at-large to the Republican National convention, and for the transaction of such other business as may be presented.

By order of the State Committee.

M. S. QUAY, Chairman.

Attest:—J. H. REED, Secretary.

MANVADAN is sorry today that he did not vote yesterday, while others wish they had voted the other way.

The Democrats appear to be partial to independent candidates—when they are independent of the regular Republican ticket.

AND the next day it snowed. The white flakes fell upon both Democrats and Republicans. Yesterday was a bitter cold day for both sides.

ABOUT the only objection to Speaker Reed's candidacy for President is the fact that the country needs just such a man for presiding officer of the Senate.

By the way, where were some of the prospective candidates for county office yesterday? Perhaps the weather was too chilly, and they were hunting the South Pole.

If the stay-at-home voter is not pleased with the result of the election, let him remember that in this country majorities rule, and the man who does not vote assists the majority.

Mrs. LEASE is getting in training for the full campaign by preaching in Kansas politics. The Populist idea is to talk everywhere and always. If public speaking were what the people wanted, Sockless Jerry and Mrs. Lease would probably be President and Vice-President today.

THE RESULT.

The voters of Shenandoah yesterday recorded another verdict, and the result is told in detail in our news columns. The vote was light, considering the apparent interest taken in the fight in several of the wards, and this may be attributed to several causes, among them the extreme cold weather and the fact that the voters were working. Besides, there was an apparent indifference in our ranks caused from the experience of twelve months ago that had a depressing effect upon the ardor of many of the party workers.

Viewed from an impartial standpoint, the Democrats have little reason for justification. The School Board and Council remain the same as they did previous to the election. The retiring members of these bodies in the Fourth and Fifth wards were Democrats, and the successful candidates are members of that party, although both wards recorded a victory for the Republicans last year. Nevertheless, we had reason to believe that these two wards would be captured from the Democrats, but the result shows that we reckoned without our host.

The defeat of the Democratic candidate for Council in the Second ward is an unsatisfactory to a certain faction of that party as it is gratifying to the friends of Councilman Boehm. Great pressure was brought to bear to certain quarters to encompass his defeat, but he came out of the contest with flying colors.

The Third ward vote was light, and it is said about seventy of the Republican voters did not think the election of sufficient importance to make their appearance at the polls. The fact of the matter is, they considered that there was no danger to the regular ticket. The Third ward can always be relied upon to elect the regularly nominated ticket, and no side issues have any terrors for the Republicans. The borough will have the benefit of Councilman Thomas J. James' long experience as a member of that body for three years more.

It would have afforded us much pleasure to record the election of Edward Mason and William Reeves, as High Constable and Borough Auditor respectively. The Democrats make a gain in electing their candidate for the first named office, succeeding the present incumbent, James Emanuel. This is the only gain the Democrats record from yesterday's election, their candidate for

Auditor succeeding a retiring Democratic member of that board.

If there is any room for justification on the part of the Democrats, we fail to see it. However, the Republicans are feeling very good this morning, even if it did snow.

There Never Was a Better Cure Than Pan-Tina for Coughs, Colds, Whooping Cough, and Croup.

Believed to be Smuggled Diamonds. CLEVELAND, Feb. 19.—When Charles Rogers, a local diamond dealer, called at the express office for a package consigned to him and said to contain \$30,000 worth of diamonds, he was confronted by a United States officer, who told him it would be advisable to let the package remain in the express office pending an investigation. The authorities believe that the diamonds are smuggled. Rogers was not arrested, but the package will remain in the express office for the time being.

Nominated by Governor Griggs.

TRENTON, Feb. 19.—Governor Griggs yesterday afternoon sent the following nominations to the senate: For judge of the district court of Elizabeth, Edward S. Atwater; for law judge of Hunterdon county, Walter F. Hayhurst; for members of the state board of assessors, Robert S. Green of Elizabeth and Stephen J. Meeker of Newark; for members of the state board of taxation, Carl Lentz of Essex, Charles C. Black of Hudson and Albert H. Slape of Salem.

Marvellous Results.

From a letter written by Rev. J. Gunderman of Diamond, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with pneumonia succeeding influenza. Terrible nervousness of coughing would last hours with little interruption and it seemed as if she could not survive. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at A. Wadley's drug store. Regular size 50c and \$1.00.

LOW RATES TO WASHINGTON, D. C.

Personally-Conducted Tours via Pennsylvania Railroad.

It would be difficult to conceive of a tour embodying more points of advantage to the traveler than the personally-conducted tours to Washington via the Pennsylvania Railroad Company.

The dates for these delightful trips for this season have been selected with great care, and arranged to suit the convenience of the company's patrons.

The rates are phenomenally low for the service rendered. The feature of a railroad company assuming all the details and incidental arrangements necessary to the perfect enjoyment of a short vacation is a high mark in the evolution of modern travel.

The tours will leave New York and Philadelphia February 27, March 10, April 2 and 23, and May 14, 1908.

Each tour covers a period of three days, and the rate, including transportation and two days' accommodations at Washington's best hotels, is \$11.50 from New York, \$11.50 from Philadelphia, \$13.25 from Reading, and proportionate rates from other points; \$14.50 from New York, including meals en route.

An experienced tourist agent and chamberlain will accompany each tour.

Detailed itineraries will be sent on application to Tourist Agent, 1100 Broadway, New York, or Room 411, Broad Street Station, Philadelphia.

The Great Tobacco War.

The head of one of the largest St. Louis manufacturers of plug tobacco said today: "About two years ago we put on the market a brand of plug tobacco, and when we figured it out, we found we had lost just seven cents a pound. Battle Ax Plug Tobacco, Lamford, sells for one cent per pound less than our brand, which would make the loss on it nine cents per pound. 'Battle Ax,' however, is superior to the one we put out, and must cost more to manufacture. Twenty million pounds of Battle Ax plug tobacco were sold, on which I believe there must have been a loss of at least ten cents a pound, so on this item alone there seems to have been a loss of \$2,000,000.

From the above statement of a large plug tobacco manufacturer, who evidently knows what he is talking about, it would seem to us that the only one who is benefiting by the Tobacco War is the man who chews 'Battle Ax,' for he is certainly getting the full worth of his money every time he buys it.

Breaking Through Ice Fields.

DETROIT, Feb. 19.—The ferry steamers Promise and Fortune started last evening upon the difficult undertaking of reaching the disabled car ferry boat Shenango from her quarters in the solid ice, five miles from Pelee Island, Lake Erie. The ferries will have to break their way through sixty miles of ice, varying from five to eighteen inches in thickness, but it is believed that they are equal to the task. Each boat carries a crew of fifteen, with ample fuel, provisions and materials for making repairs in the event of damages to the steamers by the ice.

THE HOLOCAUST AT TROY.

Only Three Lives Lost in the Terrible Factory Conflagration.

TROY, N. Y., Feb. 19.—What seems almost a miracle in connection with the disastrous conflagration in Troy Monday night is the small loss of life. The list of three killed and fifteen wounded is verified, and the miracle appears in the fact that those noted as missing have reported, and out of the 650 human beings who crushed and struggled for life in the flame-bound building but three fatal findings came. The names of those who were killed and wounded were correctly given.

There are many acts of heroism in addition to those already noted. Nellie and Lottie Hull were working on the sixth floor of the collar shop when startled by the cry of fire. As they were about to throw themselves from the windows Charles Jefferson dragged them back and hustled them toward a stairway, whence they reached the ground in safety. In his efforts to save the girls Jefferson was slightly burned.

During the panic Rev. Michael Fogarty, assistant pastor of St. Peter's church, ran upstairs and gathered a number of women around him and led them safely from the burning building.

Of Interest to Republican Electors.

WASHINGTON, Feb. 19.—Senator Carter, of Montana, chairman of the Republican national committee, has rendered a decision that will be of interest in every congressional district in the election of delegates to the St. Louis convention. In the Tenth Ohio district a faction of the Republican party undertook to elect the two delegates from the district at a primary election. The opposing faction, led by ex-Congressman Thompson, contended that the delegates must be elected according to the practice of selecting congressional candidates in the district, namely, at a convention of delegates chosen by primaries. To secure a decision upon the subject Judge Thompson formally appealed to Chairman Carter and was sustained.

Andrew Carnegie Blackballed.

CLEVELAND, Feb. 19.—Cleveland Chamber of Commerce last night blackballed the name of Andrew Carnegie, which had been proposed for honorary membership. Before the vote was taken L. A. Russell, a leading attorney, made a speech, saying that he had been led to suspect Mr. Carnegie made his fortune because of tariff protection, and he also suspected from what he had read of the Homestead strike that he was an oppressor of the poor. Unless somebody could convince him to the contrary he would vote against admitting Mr. Carnegie to membership. Five blackballs were voted, the constitutional number required to debar an applicant.

Later a \$1,000 shortage was discovered in his accounts. He is also thought to be short in his accounts as deputy prosecutor. Nazworthy was 25 years of age and had recently been living a fast life.

A Railroad Official's Experience.

M. R. EDWARDS EDMONDS, long connected with railroad construction in Nebraska, writes: "My heart troubled and pained me for 19 years. Shortness of breath was the constant and most common symptom. Intense, excruciating pain, generally followed a severe exertion. Pain, hunger without any appetite; fluttering that made me clutch my breast, and palpitation that often staggered me as if I would fall, were frequent attacks. Again, everything would turn black if I arose from a stooping posture quickly. Sleepless nights with their prostrating unrest were numerous and I could get no rest day or night. I consulted leading physicians and tried advertised remedies. They gave me no relief. One of Dr. Miles' circulars described my case so exactly that I took Dr. Miles' New Heart Cure and I am now a well man. I hope every one troubled with heart disease will try Dr. Miles' remedies. If they will write personally, I will gladly give them full details of my experience." E. W. Edmonds, P. O. Box 65, David City, Nebraska.

His wife gave him up for dead and soon removed to Hartford. Some time since she learned that E. H. Bowen had obtained a pension. Correspondence with the pension bureau resulted in locating the pensioner, and Mrs. Bowen arrived here a day or two since. The meeting was a happy one, and the reunited couple are now domiciled in this city.
