### THE PROGRESSIVE NATIONALS.

It is Their Intention to Build a House They May Claim.

When, a few weeks ago, a committee appeared before the Borough Council and asked permission to give athletic and boxing exhibitions in Ferguson's theatre, many, in fact a majority, of the people concluded that there was a big sporting scheme on foot and expected to hear announced within a few days a match between some prize fighters to appear at the theatre under the auspices of the club, and find that the representation that the permission was asked simply, to enable the club to raise funds for the erection of a building of its own, was a mere subterfuge. It now appears that such apprehensions were entirely unfounded and that the National Club made the application and representations in entire good faith, and intend to act with the borough in a like manner.

In the first place the National Club is an organization of prominent young and middle aged men numbering 228, all temperate in their habits. But a few years ago they started with one room in the Bedford building, at the corner of Main and Centre streets. Now they rent the entire third floor. The reason for their desire to build an edifice of their own can readily be imagined. It is superior to any other athletic and social organization outside the large cities of the state. It has \$400 invested alone in gymnasium equipments, but unfortunately there is not room even in its present quarters for their full use. In addition to this the club has \$1,070 in hand, but this is not sufficient to purchase a site for a building and the balls the club has been holding annually do not bring in a sufficient amount to enable the members to count upon the revenue for a building project. It is for this reason that the monthly athletic entertainments have been determined upon, and to further the project the club has decided at the start that nothing shall be done under its authority that shall in any way infringe upon either the spirit or letter of the law, or challenge respectability. Lovers of the rawly art will be satisfied. Seekers of rowdyism, or brutality, will not only be disappointed, but will be excluded from attendance.

One of the best evidences of the club's good faith is the formation of a committee of ten representative citizens to look after all arrangements, and in this committee's hands there has been placed \$500 in cash with power to use it to the best advantage to secure any opening attraction that will satisfy the public at large. In pursuance of its authority, but without breaking into the \$500 fund, the committee has engaged Mr. Tim Hurst to act as referee and matchmaker for the club. Mr. Hurst's reputation as an umpire for the National Base Ball League and as referee for the most prominent, influential and trustworthy athletic organizations of the country, is sufficient guarantee that he will not indulge in any hippodroming, or do anything that may reflect upon the National Club, or in any way infringe upon the pledge of good faith it has made with the borough authorities. The first exhibition will be given on the 24th inst., and on the opening night the club will have a prominent speaker on the platform to state in its behalf what it proposes doing, the object of the venture, and how it is making its pledges of good faith and legitimacy. In conclusion it may be stated that the National Club rooms, including its gymnasium, are always open at all reasonable hours during the day or evening to inspection and use by the public and any information concerning the club will be given cheerfully by any of its duly authorized officers.

The program for next Monday evening will be as follows: Mandolin solos by members of the club; horizontal bar performance, club swinging, bag punching by John O'Brien, of town, and Jimmy Mitchell, champion of America; two 4-round contests between well known amateurs: 8 rounds between "Bobby" Doble, of Philadelphia, and Charles Watson, of Boston; and a grand roundup of eight rounds between Jerome Quigley, of Philadelphia, and Charles, better known as "Ball" McCarthy, of Philadelphia. To get up the first exhibition the club is involving an expense of \$700.

### This is Certainly a Chance Which Should Not Be Lost.

We are aware that our people who suffer from nervous, chronic or long-standing complaints do not have the same opportunity to be cured as do the residents of the great cities where the most eminent physicians and specialists reside. In other words our people are debarred from seeking a cure by the great and skilled physicians owing to the cost of travel to the large city and the high fees charged by such physicians. Here, therefore, is a chance for the sick of our community which should not be lost. Dr. Greene of 35 West 14th St., New York City, who has the largest practice in the world and who is without doubt the most successful specialist in curing all forms of nervous and chronic diseases, offers to give free consultation by mail to all sufferers whom their local physicians has failed to cure. You have the privilege of consulting Dr. Greene by letter, describing your complaints, and he will, after carefully considering your condition, send you a letter fully explaining all your symptoms, telling you everything about your complaint so plainly that you will understand exactly what ails you. He will also give you his advice, based upon his vast experience and wonderful success in treating such cases, as to just what to do to get cured. All this will cost you nothing and you can thus have consultation with the best-known physician and acknowledged most successful specialist in the world, without leaving home and at no expense whatever. The Doctor is the discoverer of that greatest of all known medicines, Dr. Greene's Nervine blood and nerve remedy and he has discovered many other most valuable remedies. Write to him now, for this is a chance to get cured which you may never have again.

Hebrew Poetry. Shenandoah is honored with a Hebrew poet in the person of Morris Rosenfeld, of New York city. The families are enthusiastic over their venerable guest, who will give a concert in Robbins' opera house on Sunday evening, March 1st, on which occasion he will recite and sing the poems of his own pen. Similar concerts have been given by Mr. Rosenfeld in all the large cities of the United States and Canada, and has met with very flattering receptions.

### Last Night's Show.

The performance given in the theatre last evening by the Katie Rooney Comedy Company was witnessed by a large audience, which attested its appreciation by repeated applause and encore. The "Dorothy Mason" is a mello drama that affords Little Katie Rooney opportunity to display her versatility to good advantage. Miss Rooney captured her audience, especially in her imitation of her father, the late Pat Rooney. Many of the audience at once recognized their favorite Irish comedian in his daughter last night when she appeared in Pat's original make-up and sang his familiar songs. Miss Rooney's support includes a number of old favorites, and as a whole the company is evenly balanced. The Derby racing scene was something new to many of the local theatre-goers and was well received. The play was staged with special scenery and some of the scenes were excellent productions, while the specialties introduced were good. The performance will be repeated this evening with new songs and specialties. A contest between the acting bear "Jim Corbett," and a local wrestler will be a feature, the management offering \$25 to the person throwing the animal once out of three. A treat is in store for those who attend, and the company should be greeted by a packed house.

To Physicians in Regular Practice will be sent free by mail a sample bottle of Dr. Edison's Aseptolin, the newly discovered treatment for consumption, etc., together with Dr. Edison's paper, reprinted from the N. Address Equitable Chemical Co., 39 Rector St., New York.

The Wagner-Vandoren Nuptials. At the home of the bride's parents in Washington, N. J., Miss Katherine Vandoren and Charles W. Wagner, of Ashland, were joined in wedlock yesterday afternoon. The groom is the son of Capt. E. C. Wagner, of Girardville, assistant superintendent of the Girard Estate, and is an attaché of the local P. & R. C. & L. Co. engineering corps. They will spend several days among friends at Wilmington, Del., and Philadelphia, and will be "at home" at their handsomely furnished residence in Ashland on and after Monday next.

Swindler's Condition. John Swindler, who was shot Monday afternoon by Theodore Elsenhower, is doing as well as can be expected under the circumstances. Dr. J. C. Church said the victim rested well last night and was without fever to-day. About nine days must elapse before the physician can give an opinion as to the probable result.

Burdock Blood Bitters never fails to cure all impurities of the blood, from a common pimple to the worst scurfy sore.

A Circulation Boom. The sales of HERALDS last night exceeded in number the sales on any day since the Mollie Maguire trials were being reported. "Black Snow" in Chicago. CHICAGO, Feb. 19.—"Black snow" was a novelty enjoyed by this city last night. There was a fall of a couple of inches, and the flakes, crystal and feathery, were of a muddy colored sort, that at once suggested the Ethiopian adjective. When melted in an extended pain they left each a tiny ink-like speck. Eastern Iowa, southern Wisconsin, northern Illinois and western Indiana had a similar experience.

Sunbury and East Sunbury Consolidated. SUNBURY, Pa., Feb. 19.—A special election was held here yesterday on the question of consolidating Sunbury and East Sunbury boroughs. Consolidation was carried by 300 majority. Sunbury has 6,000 population and East Sunbury 3,000.

Electric Bitters. Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the spring, when the humid, enervated feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison, Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters. Only fifty cents per bottle at A. Wasley's drug store.

Carving the Way to Fortune. About six years ago, D. W. Williams, a sturdy young resident of Shenandoah, left the town with something over \$200 saved up in the seam of his coat, a ticket to Chicago in his pocket and a resolution not to touch the \$200 unless necessity drove him to it. Yesterday he came to Mahanoy City along with Thomas Dove, of Shenandoah, and spent the afternoon with Fred Hopkins, a traction motorman. He not only still owns the \$200 but several more of them, and is still a young man. He secured employment in the windy city by the lake and besides storing up various sums also stored up considerable knowledge, acquired from books. He was very studious, finding the educational equipment valuable to any one who would be successful in the city. Two years ago he went into the tobacco business and since then has prospered.—Mahanoy City Record.

She Refused to See Him. Simon Fardecki yesterday appeared before Justice Shoemaker and preferred a charge of assault and battery against Jacob Kapella, Joe Babok and Mandlo Sukli. Fardecki who has been separated from his wife for some time, went to her home in the First ward yesterday where she conducts a boarding house to consult her. She refused to see him and he was set upon by the boarders and thrown out of the house. The case was dismissed.
