PITTSBURG, Feb. 20 .- At a meeting yesterday of the railroad coal operators of this district, with 80 per cent. of the ton-10 nage of the district represented, a con-tract was adopted which will insure uniformity in the wage and selling rates for the future. The contract will be drawn in legal form and will be recorded, ready for signature Feb. 27. By the provisions of the contract each operator agrees to abide by the rulings of a committee of nine, to be elected annually, with full powers to decide all disputes and control the district. The joint committee of operators and miners meets Feb. 28, when the action taken will doubtless be ratified. The couclusion of this agreement will insure the minors at least seventy cents after March 1, and do away with wrangling among the operators.

THE Second ward stood nobly by the Republican ticket, and some of the prophesies on the part of a few of the politicians in that ward did not compare with the returns. The result of the fight there is very gratifying to the committeenaan, W. J. Watkins, who labored in and out of season to retain the Second in the Republican columns. TRESTON Feb 19 .- The legislature passed only one or two unimportant bills yester-day. Senator Williams introduced in the senate an important amendment to the constitution, which is a modification of the several propositions for a reconstrue tion of the court of errors and appeals This new proposition is said to meet the approval of the governor, and provides for a court of errors and appeals to consist of the chancellor and one vice chancellor, the chief justice and one associate fustice, and three judges, who must be lawyers and not members of any other court. The associate justice and vice chancellor are to lected from the associate instices and vice
