REPUBLICAN STATE CONVENTION.

 To the Republican clotters of Permsylvania:
 The Republicans of Permsylvania, by their duly chosen representatives, will meet in State con-vention Thursday, April 23, 1896, at 10 o'clock a. m., in the opera house, city of Harrisburg, for the purpose of nominating two candidates for representative at large in Congress and thirty-two candidates for Presidential electors the association of eight delegates at large to the Re-publican National convention, and for the ransaction of such other business as may be

presented. By order of the State Committee M. S. QUAY, Chairman

Aitest: June B. Rex. W. R. ANDREWS, Secretaries.

THE tend of public opinion just now is that no one man has the right of way in Republican circles in this Thirtieth Scuatorial by the current and drowned.

Turs appears to be a good year for "favorite ass," and Shanambah feels proud of hers. Boddes, they meet with much favor in many other towns in the county.

THE Journal is opposed to the Pottsville Councilmen holding secret exneuses, The Major should reflect a little upon the past; his memory appears to be defective.

that bit him, for instance.

THE vacancy on the School Board, caused by the resignation of Director Charles Hooks, is easerly sought after. The Board will the fire was in progress there last Sunday, likely fill the vacancy at its regular meeting died at the City hospital yesterday. Her next Wednesday evening.

THE fallure of Attorney General McCormick to find the "pluck-me" store net operative in the case at Johnstown is lamentable, but only serves to show how the people are betrayed by their representatives in the Legislature, who purposely allow laws to be amended and patched up so as to be practically inoperative when passed.

Those newspapers who appear to doubt the sincerity of Scuator Quay's candidacy for the Presidential nomination, are respectfully referred to the letter of the Junior Senator's in reply to the endorsement of his cardidacy by the Congressmen from this state. Clayton McMichael had the opinion that Senator Quay will surprise the people when his votes are counted in the St. Louis convention. He says the Republicans of the Asiatic provinces. Pennsylvania were never more in earnest in their life, and they propose to go to the convention prepared to nominate their man.

Tire political campaign in Schuylkill county this fall will be an unusually interesting one. The long list of county offices to be voted for, coupled with the fact that it is a Presidential year; the contest will be waged with vigor by both political parties. The HEBALD proposes to be right in the swim, and in order to keep our readers posted during San Francisco, Feb. 28.—As a train on the canvass we have made arrangements the Ferries and Cliff House railway was with one of the lest posted and most pungent on its way to the beach yesterday a tunnel political writers in the county to contribute a weekly letter from the county seat, These were buried in the debris. Several pasletters will be highly appreciated by our thousands of readers, as the author stands high in the councils of the Republican party in this county. He is also in close touch with the state and national leaders.

Altriough President Cleveland's term in the White House, says the New York San, will end next year by an unwritten law which has been solemnly declared a part of our Republican system, no Democratic stateman appears to be ougaged in any serious effort to obtain the Democratic nomination to succeed him. The usual array of favored sens and the struggle for delegates, both of which are particularly lively in the Republican camp, are not seen among the Demograts. If the Demogratic nomination was made to-morrow, it would be not clutched, but accepted, and with the timidity of resignation rather than with the fervor of confidence. There is a deadlier blight on the hopes and ambitious of Democrats than can be accounted for on the simple merits of the contest between Democrats and Republi-

STILL AFTER THE SOLDIERS.

Secretary Hoke Smith, says the New York Advertiser, is again exhibiting his spleen toward Union pensioners, and, as usual, in a small and petty way. Without any previous warning, and contrary to all custom and precedent, he has issued an order that vouchers from pension agents are not to be received hereafter unless the postage on them JOHN F. CLEARY, is fully paid. Heretofore when this has happened the Interior Department has promptly notified the pension agents and duly honored the vouchers forwarded. As a result of the new order a mass of vouchers has collected in the dead letter office, and multitudes of Union veterans are being deliberately kept out of their needed stipend. Such miserable tactics are strictly in line with the contemptible policy which the Pension Bureau has shown toward the nation's loyal wards ever since the Georgia politician took charge of the Interior Department. Happily he has only about one

BALTIMORE'S MUNICIPAL WAR.

Bayor Reoper's Appointers Ouried by the Republican Majority in Councils,

BALTIMORE, Feb. 28.—The city councils, at a mostling hold last might, passed an rdinance depriving Mayor Hooper of his right to appoint manicipal officers, and immediately afterwards adopted other ordinances declaring vacant about fourteen places which have been filled by the mayor and confirmed by councils. This action is the result of a fight which has been going on for the past month between the mayor and the conneils over the question of filling the offices which came un-der the control of the Republican major-ity at the recent election in November, when for the first time in many years the

Republicans carried the city, Mayor Hooper, who was nominated on a straight Republican ticket, has never-theless attributed his election in great part to the Independent Democratic vote, and has made several important appointments among the Democrats. The most notable of these and the most distasteful to the Republicans in council was that of Dr. McShane to be health officer, Councils refused to confirm him, and the leaders in that body notified the mayor that they would oppose the confirmation of any more Demograts to salaried positions. The mayor was stubborn and refused to recede power had been conferred upon the mayor by an ordinance in the first place, it was within the power of councils to deprive blin of it. It is said to be the intention to fill the offices with the Republicans. The case will probably be taken to the courts.
