BOSTON, Feb. 29.—The three-masted schooner Navarino, Captain Warner, from Manzanilla, Cuba, with sugar, arrived here yesterday. Her officers confirm the at regelved here that she had been stopped by a Spanish gunboat in Cuban waters and searched. The cantain and erew submitted quietly to the inspection of the Spanish officers, but they are highly dignant at what they consider an insul

to the American flag. J. H. Pritchard, chief mate of the Navarino, described the incident as follows: We left Manzanilla on Jan. 25. At

o'clock Sunday afternoon, when we had iched a point about half way between Manzanilla and Cape Cruz, a small Span ish war vessel came down on us with a swivel gun trained on us. We set the Stars and Stripes and dropped our anchors. A boat, occupied by a second lieutenant, pilot, two armed Spanish marines and rsmen were rowed to our vessel, the first

four persons coming on board. "As none of us could understand Spanish our pilot acted as interpreter, and we as certained from him that the party were in search of two Spanish marines who had described from the gunboat and were thought to be on board our schooner. They proceeded to search the vessel, and remained about half an hour, when they departed. On account of being left by the tide, through the delay caused by the Spanish sailors, the Navarino could not proceed until next day,"

TRENTON, Feb. 29.-There was a meeting at the state house yesterday of the com-mittee of nine lawyers appointed by a resolution of the senate to recommend con-stitutional amendments for a revision of the judicial system of the state. The conmittee did not finish its work, and will meet again next Tuesday. Some conclusions were reached however. Instead of the court of errors and appeals, as now, it was decided that the court should be made up of five judges who may not sit in any other court. The supreme court was left as at present, except the justices are not to sit in the court of errors. The court of chancery was retained, but the appointing of the vice chancellor was taken from the chancellor and vested in the governor.

Don M. Dickinson Declares That Ninetyfive Per Cent. of All Engagements in Cuba Have Been Won by the Insurgents. Americans Secretly Recruiting.

TAMPA, Fla., Feb. 29.-The mail from Cuba brings three letters from and to different sources announcing outrages which are stated in the dispatch given below directed to Senator Morgan In Washington by Rafael Portundo, Cuban secretary of state, who left for Washington last night.

"In Quatao, seven miles from nrbs of Havana, on Saturday, Feb. 22, the insurgents retired from the town at 6 o'clock. Three hundred Spanish soldiers immediately entered, murdering non-con batants to the number of twenty-two, among whom were some Spaniards, sick men, boys of 15 years and an old man of 72. The violation of young girls was provented by the protect of the Spanish resil dents. Fifteen insurgent non-combatants have been taken to Mariando for trial. This news has been confirmed by living witnesses who have just arrived from the

scene of the butchery." The details of the battle of Palo Prieto between Santa Clara and Placeta, about the 5mh, have arrived. The result is considered more important than the battles of Peralejo Colliso or Las Cacas. and his horse is now in the possession of Quintin Bandera. In their flight many Spaniards threw themselves into the river. The Spaniards attacked a small detachment of scouts, who soon overtook the main body, and after a short fight the fearful machete charge was made, pros-trating hundreds of Spaniards beneath their terrible onslaught. The severe Spanish losses are attributed greatly to panie which ensued when "Charge with

machete" was ordered. Great enthusins in provails here among the Cubans over the announcement that the resolution to recognize them as belligerents was passed by the senate.

The Insurgents' Many Victories.

DETROIT, Mich., Feb. 29.-Hon. Don M. Dickinson declares that the action of the senate in passing a resolution recognizing the bolligerent rights of the insurgents was based upon authoritative information that 95 per cent. of all the engage monts between the insurgents and Spanish troops had been won by the insurgents. The Spanish soldiers them-selves, sold he, and even the volunteers armed by Spain, were joining the insur-gent forces. Mr. Dickinson strongly hinted ncy refunded. Price, 25 cents.
