REPUBLICAN STATE CONVENTION.

To the Republicans electors of Pennsylvania:
The Republicans of Pennsylvania, by their duly
chosen representatives, will meet in State con-
vention Thursday, April 25, 1896, at 10 o'clock
a. m., in the opera house, city of Harrisburg,
for the purpose of nominating two candidates for
representative-at-large in Congress and thirty-
two candidates for Presidential electors, the
selection of eight delegates-at-large to the Re-
publican National convention, and for the
resumption of such other business as may be
presented.

By order of the State Committee.

M. S. QUAY, Chairman.
W. L. ANDREWS, Secretary.

ABSTRACT—JEROME B. RICE.

SEVEN never did beat eight in the organiza-
tion of a legislative body.

CHRIS. MAGUE, the Pittsburg leader, is a
candidate for the State Senate.

POLITICS play an important part in the
granting of franchises in this county, and
more especially in Shenandoah.

AN old citizen of town remarked today,
speaking of the weather, that it was pretty
fresh, nearly as fresh as some of the new
members of Council.

OUR Democratic friends in the Borough
Council are acting under very poor legal
advice. A friend at our elbow says a Ring-
town Justice could expound better law.

"MOTHER, mother, the cow has swallowed
the grindstone." "Didn't I tell you she
would." We quote this old saying for the
benefit of the Miners' Journal, who a few
days ago credited four councilman appoint-
ments to one Councilman, giving a badly
garbled statement of what purported to be
straight news.

THE organization of the Borough Council
of Mahanoy City by the election of Capt. W.
E. Jones as President of the body is another
illustration of the old, well-worn saying that
honesty is the best policy. His competitors
endeavored to use the Treasurership to
capture two Democratic votes but failed to
deliver the goods, and the election of Capt.
Jones resulted. Senator Coyle will hardly
consider this as an endorsement of his course
by the citizens of his own town.

JOSEPH MC CONNELL, of Ashland, has an-
nounced himself as a candidate for the
position of delegate to the National Republican
convention to be held in St. Louis in June
next, and his candidacy is very favorably
received. His Republicanism is unquestioned,
his services to the party have been such that
he is entitled to recognition. He will have
his own town behind him solidly, while the
region between Ashland and Mahanoy City
is very favorably impressed and will give
him united support. He will creditably
represent the party, more especially the
younger element now forging to the front.

THE action of the House of Representatives
in endorsing the action of the Senate yester-
day by such an overwhelming majority shows
unmistakably the sentiment of this country
upon the Cuban question. As Spain was one
of the first countries to accord belligerent
rights to the Southern states in rebellion in
1861, there is something very like grim retribu-
tion in the case of the Queen of the
Antilles. As the rebellion has continued for
over a year, defying the army of over 100,000
men that Spain has pitted against them, it is
time such action was taken unflinchingly
by the American Congress. Now let the President
act promptly upon the line so plainly
marked out for him by Congress and the
cause of freedom will be advanced greatly.

A WEAK POSITION.

The organization of the Borough Council
last night was effected by the eight Republi-
can members standing together, thus enab-
ling that party to fill the offices and to con-
trol the body for the next twelve months.

There had been much speculation as to who
would receive the plans, and the proceed-
ings last evening clearly shows that little
dependence can be placed in idle rumors in
this respect.

The selections appear to give universal
satisfaction and some of the appointments
were received with much surprise. The
Democrats concede the wisdom of the selec-
tions, and among the Republicans the majority
members of Council are being heartily com-
mended for the course pursued.

The meeting was a stormy one, but good
feeling predominated during the proceedings.
The Democrats attempted to reach their op-
ponents' camping, but were checkmated.
Forewarned is forearmed, and in the present
case there intentions in protesting against
the right of Mr. McElheny to take part in
the proceedings was known by the Republi-
cans. The latter feel satisfied, after consult-
ing high legal authority, that their position
will be sustained by the court should the
minority members carry their opposition
that far.

We herewith give the opinion of one of the
leading lawyers of the county bar, A. L.
Schlack, Esq., upon the question at issue. In
politics Mr. Schlack is a Democrat, and this
fact, coupled with his knowledge of the law,
makes his opinion so much the stronger. He
says:

a member of Council from the Second ward of
our borough, and having served as such with-
out question up to this time, and not having
resigned his seat in Council, and no proceedings
having been instituted by any one against him
to oust him from Council, I know of no legal
reason for denying him the right and privilege
of a member of your body.

I understand that he does contemplate remov-
ing from said ward and from the borough, but
until he actually does so, he will be actually
a member of your body, and until he actually
changes his domicile, and until he actually
acquires a domicile elsewhere, he continues to
retain his domicile in said ward and in your
borough, for in fact every man has a domicile
somewhere, and he retains his last domicile
until he actually acquires a new domicile some-
where.

That this is also the accepted view of his
fellow citizens and constituents of the Second
ward is shown by the fact that Mr. McElheny,
even at the recent election, although un-
challenged as Judge of Election at the polls of
the Second ward, and he certainly is today as
competent to represent this ward in Council as
he was then to be its Judge of Election.

Moreover, I hold that it is not the power of
Council to take the law into its own hands, and
unconstitutionally to oust a fellow member, and
that the only legal way to oust a member of
Council is by appropriate proceedings in court.

This is a clear statement, and sets at rest
all doubt as to the legality of Mr. McElheny's
claim as a member of Council from the Second
ward. No fault can be found with the Democ-
rats for maintaining an advantage over their
opponents; but their action in the matter is
hardly consistent, when it is known that they
themselves have retained control of Council
by methods they now condemn.

"Consistency, thou art a jewel," when
applied to the other fellow.

What the next move on the part of the
Democrats will be is not known. We think
they will realize the weakness of their position
and quietly drop the matter.

Don't be Imposed Upon.

When you ask for Doctor Pierce's Golden
Medical Discovery, go to a reliable dealer.
He will sell you what you want. The ones
who have something else to urge upon you
are thinking of the extra profits they'll make.
These things say them better, but they don't
care about you.

None of these substitutes is "just as good"
as the "Discovery." That is the only blood-
cleanser, flesh-builder, and strength-restorer
so far-reaching and so reliable in its effects
that it can be guaranteed. In the most
stubborn skin, scalp, or scrofulous affections,
or in every disease that is caused by a torpid
liver or by impure blood—it effects perfect
and permanent cures.

Interesting to Pennsylvania Constables.

YORK, Pa., March 3.—An interesting
case affecting every constable in the bor-
oughs and townships in the state came up
in the courts here yesterday. S. D. Kollen,
of Shrewsbury, objected to the qualifying
of his successor, on the ground that under
the law of 1889 he was entitled to a three year
term, and that the law of 1893 had no
power to curtail it. If the courts sustain
this view the constables were elected two
years too soon.

Plot to Assassinate President Faure.

PAIS, March 3.—Three Spaniards and
an Italian, who were on a train bound for
Lyons, were arrested at Valencia for travel-
ing without tickets. When searched by the
police the Italian was found to have a
dagger and one of the Spaniards a razor.
All the prisoners said they were going to
Lyons to see President Faure. Some of the
newspapers declare that the men were
in a plot to assassinate the president.

Bombs on His Doorstep.

NEW HAVEN, March 3.—Three dynamite
bombs were found yesterday afternoon on
the doorstep of John Gardner, superintendent
of the cartridge department at Win-

and the bombs were made up of consider-
able mechanism. There is no clue.

Hartman, of Tumbolt, West Va., has been subjected to attacks of rabie about once a year, and would have to call a doctor and then suffer for about twelve hours as much as some do when they die. GET APPETITE.

If You Don't, You Will Never
Be Strong or Healthy.

Appetite is one thing that you can't
afford to be without, for without it your
health, strength and comeliness flies out of
the window.

Your appetite means weak stomach, starved
body, sick individual. Good appetite the
opposite.

Your appetite is a sign that your stomach is
too weak for digestion. You can aid it with
the Shaker Digestive Cordial.

When your stomach is able to digest all
the food that your body needs, you will have
a good appetite. Not before.

Good food, well digested, means strength
and a long, healthy life. Undigested food
creates poison which affects the whole body,
and may give you headache, dizziness,
nausea, constipation, flatulency, indigestion,
fever, nervousness, offensive breath, anacmia,
rheumatism, etc.

All these disorders will be relieved if you
will take Shaker Digestive Cordial.

It is a pure, vegetable, digestive and
natural invigorator, which aids the stomach,
purifies the system of the poisons of indig-
estion and makes you strong, fat and
healthy.

Shaker Digestive Cordial does not act on
the liver, but on the undigested food in the
stomach. It cures indigestion or biliousness
without irritating the liver or any of the
internal organs.

Beat His Wife's Brains Out.

MIFFLINTOWN, Pa., March 3.—Charles
Ramsay, a farmer near East Waterford,
Juniata county, beat his wife's brains out
Sunday night with a club and an iron bar.

called "Millionaire's Haven" and became dis-
satisfied over it, but were not considered
dangerous. They were alone at the time.
Mrs. Ramsay was found in the kitchen,
lying on her face with her head beaten to
a jelly. Ramsay was found in the co-
stable, where he had hidden, with only an
undershirt on and a horse blanket around
him. He was bound and brought here to
jail, where he is very violent. The house
showed signs of a terrible struggle. Ram-
say's face and neck were scratched, one
eye discolored and the hands torn and bit-
ten. Ramsay says a sacrifice had to be
offered up, and "the devil sacrificed Effie."
He will be sent to an asylum.
