A Railroad Official's Experience

R. EDWARD EDMONDS, long con-M nected with railroad construction in Nebraska, writes: "My heart troubled and pained me for 19 years. Shortness of breath was the constant and most common symptom, intense, excruciating pain, generally followed any severe exertion. Faintness, hunger without any appetite; fluttering that made me clutch my breast, and palphation that often staggered me as if I would fall, were frequent attacks. Again, everything would turn black if I arose from a steeping

posture quickly. Sleepless nights with their prostrating unrest were numerous and I could Heart Cure get no rest day or night I consulted leading physicians and tried adver-Restores Health..... tised remedies. They gave me no relief. One of

Dr. Milest circulars described my case exactly that I took Dr. Miles' New Heart Cure and I am now a well man. I hope every one troubled with heart disease will every one troubled with heart discuss with try Dr. Miles' remedies. If they will write me personally, if will gladly give them full datails of my experience." Enw. Enmonds. P. O. Box 65, David City, Nebraska.

Dr. Miles' Heart Cure is sold on guarantee that first bottle benefits or money refunded.

Monster Meeting of Presby terians in New York City.

SPEECH OF PRESIDENT CLEVELAND

The Chief Magistrate Calls Attention to the Need of Missionary Work on the Frontier. Rev. Dr. Talmage Speaks of Evils That

NEW YORK, March 4.—One of the most important meetings held in recent years in favor of the home missionary movement of the Preshyterian church was that ment of the Presbyterian church was that which took place in Carnegis Music Hall last night. The importance of the occa-sion was emphasized by the appearance, as presiding officer of the meeting, of as presiding efficer of the meeting, of President Cleveland. Every available spot in the hall was crowded, and an overflow meeting was held in the lower hall. When President Cleveland appeared, ac-companied by Rey. Dr. John Hall, of the

Fifth Avenue Presbyterian church, he was received with tumultuous applause, the whole audience rising and waving hand

When the applause had subsided Dr. Hall introduced President Cleveland as chalrman of the meeting, whereupon the applianse was renewed again and again. When the cheering had subsided Mr Cleveland said:

"I desire to express my approclation of the privilege of participating in this conference, and of the opportunity thus af forded me of testifying to the value and usefulness of the work undertaken by the Board of Home Missians of the Presby terian church. My interest in this sub-ject and my familiarity with home missionary effort are not newly acquired They early came to me in the surround ings of a Christian Presbyterian home, and were stimulated by a father's faithful labors in the cause.

"My early impressions are not, however, the only basis of testimony I give tonight in favor of home missions. As your fel low citizen, interested, I hope, in all things that deepen the religious sentiment of our people and enlarge Christian influence, I fully realize the transcendent importance of this agency in its operation upon the hearts of men for the salvation of their souls. It is not only as your fellow citi zen, but as the chief executive officer of your government, that I desire to speak, for I am entirely certain that I serve well our entire people, whose servant I am, when I here testify to the benefit our coun try has received through home missionary effort, and when I join you in an attempt to extend and strengthen that effort.

"No one charged with the duties and responsibilities which necessarily weigh upon your chief executive can fall to ap preciate the importance of religious teaching and christian endeavor in the newly settled portions of our vast domain. It is there where hot and stubborn warfare be-tween the forces of good and evil is con-stantly invited. In these days the vanguard of occupation in a new settlement is never without its vicious and criminal element. Gambling houses and dram shops are frequently among the first establishments in a new community. It must also be confessed that removal from old homes and associations to a new and more primitive home has a tendency to breed toleration of evil and indifference to the christianising and elevating agencies. These conditions, if unchecked and unthese commines, it incheses and the corrected, fix upon the new community by the growth and expansion a character and disposition which develop into badly regulated municipalities, corrupt and unsafe territorities and undesirable states.

"These churches and this religious teaching were never more needed than now on our distant frontiers, where the process of forming new states is going on so rapidly. For these instrumentalities at the out-posts of our population we must depend to a very great extent on home missionary exertion.

"Our hearts have recently been profoundly stirred by the dangers that threaten the devoted men and women who have gone from among us to preach and teach Christianity in a foreign land. Our sympathy with them and those with whom they labor and suffer is made more painful because the arm of complete relief has not thus far been able to reach them. Our missionary impulse should be large enough and strong enough for both. While we will not turn away from them nor allow discouragement to destroy activity in their behalf, let us not forget the missionaries in our own land who need our laid, to whom we owe a duty, and who can be

"It seems to me that if the Christian people of our land estimate at its real value the work which the Board of Home Missions has in charge, and if they can be Missions has in charge, and if they can be made to realize its extreme importance; the means to carry on and extend this work will be equally forthcoming, and I hope that such an unusual interest may be aroused in behalf of the gause, by the movement of which this meeting is a part, as will suggest to many heretofore indifferent, that among the most comforting of their possessions will be a share in the returnity and schlevements of home mistriumphs and achievements of home mis-

After President Cleveland's address a prayer was offered by Rev. W. C. Roberts, secretary of the Board of Home Missions. Rev. Dr. Sheldon Jackson, superintendent of missions for Alaska, then spoke, and was followed by Rev. T. De Witt Talmage, who spoke in part as follows:

"Our glorious Prosbyterianism is in full bloom tonight. This will be an historical meeting, and far down the years it will be told that in the commercial metropolis of this nation the man who has on him the highest honors this world can give, twice having received those honors from the American people, in this great mass meeting for God and righteousness put down the grandeurs of his office at the foct of Jesus. Germany for scholarship. England for manufactories. France for manners. Egypt for antiquities. Italy for pictures. But America for God.

"In this country, already planted and to be overcome, paganism has already built its alters to Brahma, and the Chinese are already burning incense in their temples, and Mohammedanism is teying to get

and Mohammedanism is trying to get a footbold here. Then there are the vaster multitudes with no religion at all. They worship no God, they live with no consolation, and they die with no hope.

"Then there is alcoholism, its piled up demijohns and boer barrels and hogsheads of flery death, a barricade high and long as the Alleghenies and Rockies and Storm, Navadas, pouring forth day and Sierra Nevadas, pouring forth day and night their ammunition of wretchedness and wee. Who will give us the statistics of how many hearts are crushed under the heel of this worst demon of the centuries? "Then there is what in America we call stellism in France communism, and in

Russla nihillam -three names for one and the same thing, and having but two doetrines in its ewed: First, there is no God; second, there shall be no rights for propsecond, there shall be no rights for poly-erty. Socialism, communism and utbi-ism mean "too wicked to acknowledge God and too lazy to earn a living." There are also the fastnesses of infidelity, and atheism, and fraud, and political corruption, and multiform, hydra headed, million armed abominations all over the land.

"The very things that have been quoted as perils to this nation are going to help its salvation. Great cities, the center of crime and the reservoirs of all iniquities, crime and the reservoirs of all iniquities, are to lead in the work of gospelization. What place will do more than any other place in this work of taking America for Godf. New York city. The way Paris goes, goes France. The way Borlin goes, goes Gormany. The way Edinburgh goes, goes Scotland. The way London goes, goes England. The way New York and a couple of other cities go, goes America. May the eternal God wake us up to the stupendous issue."

Hey Charles I. Thompson, chairman of Roy Charles I. Thompson, chairman of Landour commany, of Allesberg of the Aplors Roy Charles I. Thompson, chairman of Landour commany, of Allesberg of the Aplors Lumber commany, of Allesberg of the Aplors Lumber commany, of Allesberg of the Aplors Lumber commany, of Allesberg, whose

Rev. Charles L. Thompson, chairman of the committee of home missions of the Presbyterian missions of New York, then spoke on "Home Missions." The last ad-dress was delivered by Booker T. Washdress was delivered by Booker T. Washington, the colored principal of Tuskogoe institute, in Alabama, who spoke of the need of colored education in the south, calling attention to the fact that the southorn states had expended about seventy cents last year on the education of each colored youth, while Massachusetts spends between \$18 and \$30 on each pupil.

Mrs. White, a Citizen of Ithaca, Was Saved.

Our representative, hearing of the case of Mrs. H. T. White, called to see her at Seneca and Plain streets. We publish their conversation in the following interview:

"Mrs. White, I hear you have some-

"Mrs. White, I hear you have some-thing to say about a new remedy for back-ache and kidney disorders. Will you give me your statement for publication?" "Yes, I am quibe satisfied to do so. I think the public should know when a really good remedy is to be had, it is the least I can do in gratitude for my recovery."

"Tell me about your complaint."
"About a year ago I had the Grippe, and since then my back has pained me con-stantly in the region of the kidneys; a dull pain at times, and at other intervals, sharp, pain at times, and at other intervals, sharp, darting pains piercing through me, were almost unbearable. I seemed to be giving out as the pain in my kidneys grew worse, and at last I had to stay in bed the greater part of the time. Finally, I gave up altogether. I had terrific headaches, and suffered so much pain my appetite left me. left me."
"Did the disorder affect the bladder?"

"Did the disorder affect the bladder?"

"Finally, it did. The urine was highly colored, and varied in suppression and excess. I often told my friends I believed I should go insane from the pain. I heard of Doan's Kidney Pills, and began their use. After taking them two or three days I began to feel their good effects. I continued, and now am perfectly well."

"Am I to understand that Doan's Kidney Pills have entirely cured you?"

"Am I to understand that Doan's Kidney Pills have entirely cured you?"

"Yes, that's the truth. I have no more headaches or pains, and my appetite has returned. Before using Doan's Kidney Pills I found it very trying to go up and down stairs, or to sleep on my back; but now I can do so without a single pain, I feel completely cured, and I wish the manufacturers every possible success."

COWAN'S BIG STEALINGS.

Said to Have Appropriated \$100,000 to

Said to Have Appropriated \$100,000 to \$150,000 of Others Maney.

PITTSULES, March 1.—One of the most superminant swindling operations that has occurred in this city within recent years has been brought to light by the disappearance of John Cowan, of the lumber firm of W. G. Cowan & Sons, who left Pittsburg last Saturday morning and whose whereabouts are unknown. The amount of his defaleations, it is said, will aggregate between \$100,000 and \$150,000. aggregate between \$100,000 and \$150,000, the most of which he is supposed to have carried away with him.

Lumber company, of Allegheny, whose loss will be about \$18,000. There are about 250 others who are out in sums ranging from \$40 to \$4,000.

Cowan is 28 years old, and has been mar-ried about a year. All the money he left his wife was \$14. W. G. Cowan, the father of the missing man, died about six months ago, since which time all of the crooked-ness charged has been accomplished. At the time of the elder Cowan's death the business was earning about \$10,000 a year. Creditors say the young man has been en abled to accomplish his ends by trading

on his father's good name.

One of the means need by Cowan is cited by L. A. White, of Corry, Pa., who says the manner in which he was taken in was by giving Cowan accommodation papers for various amounts. These notes he would raise, discount them, and put the cash in his own pocket.

On the night of his father's death young Cowan told his stepmother that unless she would sign articles of copartnership with him, placing the management of the business in his hands entirely, the firm would go to the wall. She did as re-quested, and is now impoverished.

Baltimore's Municipal War.

BALTIMORE, March 4.—The fight between Mayor Hooper and the city councils is approaching a critical stage, and the probabilities are that tonight will see victory for one or the other. A tremendous indignation meeting was held last night at Music Hall, under the auspices of the Reform League, to protest against the actions of councils. Police Commissioner Theodore Roosevelt, of New York city, was the principal speaker. Resolutions were passed condemning councils in unsparing terms and expressing the utmost confidence in Mayor Hooper. The latter announces that tenight he will send in his veto to the or-dinances recently passed depriving him of his right of removal and appointment. His enemies in councils claim to have enough votes to pass the ordinances over

Disastrous Gasoline Explosion

RACINE, Wis., March 4.—The explosion of a gasoline tank in the engine department of the Racine Hardware company at Racine Junction, started a fire that wiped out that part of the factory and eaused a loss of \$125,000. The workmen barely had time to escape, and many saved themselves by jumping from windows. George Nichols was seriously burned about the head and face, and W. J. Fitch, S. A. King, orgineer, and L. Strattman were bally but not fatally burned.

Sudden Death of a New Jersey Judge. TRENTON, March 4. — Judge Clifford Stanley Sims, of the New Jersey court of errors, died here yesterday of paralysis. He was stricken while waiting for a train at the Pennsylvania rallroad depot, from which he was taken to a hotel. There he died a few hours later. The body of Judge Sims was embalmed last evening and sent to his home at Mount Holly.

A Tramp Burned to Death.

LANCASTER, Pa., March 4.—The burning trunk of a man has been found in the ruins of the barn of George K. Herr, in Pequea township, which burned early Monday morning. It is supposed that a tramp took refuge in the barn on Sunday right, and ignited the stress with his layer. night and ignited the straw with his pipe perishing in the fire.

Livingston, Mont., March 4.—Fire is raging as flercely as ever in the Bozeman tunnel, and from present indications the entire timbering, both old and new, will be consumed. The tunnel has caved in, and some freight cars have been precipi-tated from the top of the mountain to the floor of the tunnel.

The Weather.
