REPUBLICAN STATE CONVENTION.

To the Republican electors of Pennsylvania:
The Republicans of Pennsylvania, by their duly
chosen representatives, will meet in State con-
vention Thursday, April 23, 1896, at 10 o'clock
a. m., in the opera house, city of Harrisburg, for
the purpose of nominating two candidates for
representative-at-large in Congress and thirty-
two candidates for Presidential electors, the
selection of eight delegates-at-large to the Re-
publican National convention, and for the
sanction of such other business as may be
presented.

By order of the State Committee.
M. S. QUAY, Chairman.
J. H. REED, Secretary.

The Democratic state convention will meet
in Allentown on April 29th. This state is
entitled to sixty-four delegates to the national
convention.

The independence of Cuba is nothing in
comparison to the more weighty and important
question of independence of the Republi-
can voters of this country.

The Borough Council will hold its first
regular meeting since the new organization
this evening. President James will likely
announce his committees at this meeting, and
then everything will be in working order for
another year.

COMPLAINTS are frequently heard that
the big department stores are catching the
bulk of trade, while the smaller dealers
suffer. If that be true, there must be some
reason for it. Business success is not a matter
of chance. The best methods bring the
best results. Study the method of these big
stores. Where can you find one of them that
does not stand among the leading advertisers
of the community? The judicious use of
printer's ink has been one of the most potent
factors in the development of the big stores
of to-day. Their managers have caught the
secret of success—getting in touch with the
purchasing public.

WILLIAM E. GLADSTONE is in line with pub-
lic sentiment looking to permanent arbitra-
tion between this country and Great Britain.
The Grand Old Man thus expresses himself:
"I am glad that the discussion of arbitration
is to be separated from the Venezuelan
question, upon which I do not feel myself in
such final and full possession of the facts as
I could wish. My views on arbitration in
place of war were gathered from the part I
took in the matter of the Alabama claim. I
will only add that my conviction and senti-
ment on the subject grow in strength from
year to year in proportion to the growth of
the monstrous and barbarous militarism, in
regard to which I consider that England has
to bear no small share of responsibility."

The sketch of Senator Quay, in the Phila-
delphia Inquirer of today, gives the story of
how he elected Harrison in 1888, and it is
very interesting reading. The business
methods he employed to checkmate Tammany
in its arrangements to count in a Democratic
President by fraudulent votes "knocked the
wind" out of the leaders of that corrupt
organization, and snatched a Republican
victory out of what appeared to be a
sure defeat, such as that which Blaine
suffered in 1884. It is an instructive
lesson in the better grade of politics by which
fraud was prevented and the will of the
people was honestly expressed. The man
who conceived and executed the movement
possesses the capacity to make an excellent
President.

THE GOVERNOR'S DECISION.

It will be found, by reference to our news
columns, that Messrs. Lawlor and Cardin, of
town, and Jones and Coyle, of Mahanoy City,
will receive their commissions as Justices of
the Peace. The Governor made an official
announcement to this effect yesterday, and
as a natural and legal result it is claimed
"Squires Dangler and Bierstein, who were re-
elected on February 15th last, will not re-
ceive their commissions."

The decision of the Attorney General and
the action of the Governor in the matter will
no doubt bring on a long legal battle, as to
the outcome of which many legal minds
differ.

If Squires Dangler and Bierstein are not
legally entitled to the office to which they
have been elected, the question naturally
arises, are not the eight other Justices of the
town holding their commissions illegally?
The same law is applicable to both cases. It
is true they hold their commissions which
will necessitate legal action to deprive them
of their office.

This view of the case is taken, of course,
with the understanding that the law of 1878
is applicable to the two boroughs in question.
The action of the Governor appears to confirm
this belief.

The outcome of the controversy will be
awaited with much interest, both by the
parties immediately interested and the people
in general. Those holding commissions will
hardly give up without a struggle a business
that has required years to build up and the
new Borough Justices will naturally be just
as eager to fight for that which they claim
they are legally entitled to.

We have had no occasion to change our
views as regards the manner in which the
election of the borough Justices was effected.
The Senator from this district stands in the
same unenviable light before the people as
he did previous to the decision of Governor
Hathings, and they will resent the action
whenever the opportunity presents itself.

Sporting Events.

Scuddy Bill has announced his intention of
withdrawing from the ring, notwithstanding he
has a match with Paddy Purtell.
Charles Bletner and William Gittner, both
of Mahanoy City, are matched to run 100
yards on the 17th inst. for a purse of \$25.
Much interest is being taken in the bout
between Jack Antille and "Kid" Lavigne,
which is to take place March 11.
"Jack" Stivers leaves some time this
month to join the Boston, and commence
spring practice with the team.
Samuel Harton, a driver for Griffiths' hard-
ware store of Girardville, is lying in the
state hospital with a fractured knee cap. The
result, it is said, of a wrestling match in
which he was a participant.
Pottsville cyclists have selected May 30th
as the date for a county road race.
Andy Egan and Pete Maurer, of Mt.
Pleasant, will shoot at pigeons on the 17th
inst. at that place. The match will be for
\$25 aside, and each man will shoot at seven
birds.

A Murderer's Execution Postponed.

JEFFERSON CITY, Mo., March 5.—Governor
Strom yesterday granted a respite to
Thomas Hanchison, of St. Joseph, who
was under sentence from the supreme court to
be executed on March 11. The respite
postpones the execution until April 3.

Mississippi Republicans Split.

JACKSON, Miss., March 5.—The meeting
of the Republican state convention yester-
day ended in a bolt, both factions se-
lecting delegates to the St. Louis conven-
tion.

New England's Great Flood Damage.

BOSTON, March 5.—With the subsidence
of the waters which during Sunday night,
Monday and Tuesday overwhelmed a
greater part of New England, figures of
losses sustained are coming in, and from
those received it is apparent that the total
damage in the section will be considerably
more than \$2,000,000. This does not in-
clude the wages to thousands of laboring
men and women through suspension of
manufacturing and other industries. Six
lives have been lost. The main financial
loss is divided between the states of Maine,
New Hampshire and Massachusetts, and
Maine bears about half. New Hampshire
has been swept from one end to the other.
In Massachusetts \$250,000 will probably
cover the loss.

Holmes Cannot Escape the Noose.

PHILADELPHIA, March 5.—The supreme
court, in an opinion delivered by Justice
Williams, overruled all the assignments
of error in the case of Holmes, and affirms
the judgment of the court. This action
shuts H. H. Mudgett, alias Holmes, com-
pletely out from the world, and the next
step taken will be that of imposing sen-
tence of death by the court in which he
was convicted of murder in the first de-
gree. But one hope is left the prisoner,
and that is the board of pardons, and that
hope is so faint that Holmes will probably
never give it a thought.

Hanged and Then Set Free.

PERREY, O. T., March 5.—About 2 o'clock
in the morning a large band of masked
men rode into Tecumseh, the county seat
of Pottawatomie county, Oklahoma, and
took from the jail Jacob McLaughlin, who
had been arrested some weeks ago charged
with the murder of John and Jacob
Mauntz, two old farmers, who lived near
Wewoka. The mob attempted to get a
confession from McLaughlin, and hanged
him up by the neck three times. But he
each time asserted his innocence and was
finally released.

An Invalid Inundated.

HARTFORD, March 5.—The house of
William Colender, on Elbury street, is
flooded, and he is sick abed with pneu-
monia, too sick to be removed to the
hospital. The doctor attends him by getting
into a second story window. A sick child,
in a house nearby, has been removed to a
third story room, and the physician gets
in by being lowered through the trap door
in the roof.

Shaken by an Earthquake.

READING, Pa., March 5.—Throughout
western Berks county, for a distance of
ten miles, a distinct shock was felt Tues-
day evening. Houses were shaken, win-
dows rattled, and at some places glass was
broken. The residents were very much
alarmed.

NEW JERSEY LEGISLATURE.

House Passes the Bill Providing for Semi-Monthly Payment of Wages.

TRENTON, March 5.—The house yesterday
passed Assemblyman Phillips' bill provid-
ing for semi-monthly payment of wages to
employees. The house also passed a bill
providing for a collector of delinquent
taxes in Paterson at a salary of \$1,500 a
year. The house sustained the adverse re-
port of the bill prohibiting the location of
cemetaries in municipalities without con-
sent of the board of health.

The house defeated Assemblyman Read's
bill providing that no common council,
board of aldermen or township committee
shall grant any trolley franchise unless
it agrees to pay \$2,000 for every mile of
single track and \$4,000 for every mile of
double track proposed to be built. The
vote was 25 to 23. Mr. Read will seek to
have the bill brought up again on a mo-
tion to reconsider.

The house passed Assemblyman Francis'
bill giving the voters of townships power
at town meetings to appropriate money
for the construction of bicycle paths; also
Mr. Francis' bill providing for the ap-
pointment of a commission to erect and
operate an asylum at Englishtown for the
indigent blind.

The senate defeated Assemblyman
Hicks' bill making it a crime for any per-
son to sell for sterling silver any article
less than 925-1000 fine. The house bill re-
quiring public bodies to give preference to
soldiers and sailors in the matter of em-
ployment on public works was passed by
the senate, and now only awaits the gov-
ernor's signature.

Morgan to Control the U. and O.

NEW YORK, March 5.—The World pub-
lishes the following: "Within a few days
formal announcement will be made that the
reorganization of the Baltimore and
Ohio railroad is in the hands of Morgan
& Co., and that the plan for the rehabili-
tation of the property will be drawn up
by that firm. The papers drawn up will
give Mr. Morgan absolute charge. Forty
dollars per share is named as a possible
figure for the stock assessment."

Blinding Snow Storm in Maine.

PORTLAND, March 5.—A blinding snow
storm prevails in this section, accompanied
by a fierce northwest wind. The cold wave
has caused the water in the swollen rivers
to subside, and danger from floods seems
passed. Reports of damage done by the
freshest are constantly coming in, and it is
thought that the total loss from this cause
in this state will be more than \$1,000,000.

Bosses Promise Increased Wages.

ST. LOUIS, March 5.—Local journeymen
stone masons and stone mason laborers,
some 300 strong, made a demand on the
bosses yesterday for an increase in wages.
A committee was appointed to ask the
stone masons to give the bosses until May 1
to decide. Nearly all the bosses say they
will give the increase on that day.

THE NEWS IN HAVANA.

Gomez and Maceo Declared to be Short of Ammunition.

HAVANA, March 5.—Lively musket firing
was heard last evening from the town of
Jaruco. The gunboat Mensajera, which is
at Mantamar, Bahia Honda, was at-
tacked by about 500 insurgents in row-
boats, who made an attempt to board her
and capture her. The sailors succeeded in
beating off the attack. There is a report
that Maximo Gomez is completely be-
lieved and Laeret are all supposed, according to
the official reports here, to be in a desperate
situation. A letter has been seen from
Antonio Maceo complaining that he is
short of ammunition.

Generals Frats and Arolas report that
they fought the force of Maximo Gomez
yesterday at Hanabamo, on the borders of
Matanzas province, including the band of
Lopez and others. These forces, the official
report says, were routed, and the in-
surgent leader Castillo was wounded seri-
ously in the head and abdomen.

Captain General Weyler has taken mea-
sures to protect the American consulate in
this city, though with great discretion he
has done so without calling attention to
the fact. This was done through abun-
dant caution, though no demonstration
was feared against the consulate.

The venerable mother of General Calixto
Garcia, who was arrested in New York in
connection with the Bermuda expedition,
left Havana yesterday on board the
steamer Olivette for Florida. Senora Gar-
cia is 75 years of age.

Is This Ammunition for Cuba?

PORT TAMPA, Fla., March 5.—The
schooner S. Mallory, seized by the revenue
cutter Merrill, and which was heavily
loaded with arms and ammunition, is
owned by Finlayson & Cottrell, the latter
the collector of the port of Cedar Keys.
The Mallory had a crew of five Americans
aboard, who impart no information as to
their intentions except that their destina-
tion was for Port Meyers. Collector Lind-
say thinks nothing can be done, and that
the boat will be released. She has, it is
asserted, violated no law whatever. Deputy
United States Marshal Donald McKay
says a party of seventy-five men embarked
on the schooner Ardott on Sunday night
at Cadesden Point, eight miles away, but
this is not verified.

French Sympathy for Spain.

MADRID, March 5.—Negotiations are on
foot for France to support Spain diplo-
matically in the Cuban affair in return for
concessions in Morocco, including the
French occupation of Tiat, the extension
of the concession for Spanish railways to
the French group holding it, and the pur-
chase of \$25,000,000 of Cuban bonds from
Spain by a Paris syndicate to provide
funds for the Cuban war.

Relief in Six Hours.

Distressing kidney and bladder diseases
relieved in six hours by the "New Great
South American Kidney Cure." This new
remedy is a great surprise on account of its
exceeding promptness in relieving pain in
the bladder, kidneys, back and every part
of the urinary passages in male or female.
It relieves retention of water and pain in
passing it almost immediately. If you want
quick relief and cure this is your remedy.

German Sarcasm.

BERLIN, March 5.—The Kolnische Zeit-
ung has an article which is believed to
represent the views of the government on
the subject of the United States' attitude
toward Cuba, and which treats neither the
United States or Spain with leniency. It
taunts the Americans with concealing their
schemes of conquest under the mask
of humanitarian sentiments, though it
adds it is not their custom to clothe their
ambitious designs in diplomatic form. It
warns the Spaniards against giving violent
expression to their national feeling, as
they did in the Caroline Islands dispute,
because they have now to deal with a much
less indulgent adversary than Germany.

General Manderson's Candidacy.

OMAHA, March 5.—Senator Thurston
makes public an appeal to Nebraska rep-
resentatives in favor of sending a McKin-
ley delegation to St. Louis. It warns voters
that the candidacy of General Charles
Manderson, of Nebraska, is designed to
defeat McKinley in the interest of other
candidates, and not with the idea of Sen-
ator Manderson being elected.

conceding that the present legislature can-
not elect a successor to Senator Blackburn.

Four Drowned in a Schooner Wreck.

GALVESTON, Tex., March 5.—Steamer
Pensacola arrived from a relief trip along
the Texas and Mexico coast in search of
the steamship Monowoc, found disabled off
Point Isabel. On her return the Pen-
sacola sighted the schooner Willie Ann,
wrecked. The Willie Ann has been miss-
ing one month. She carried the follow-
ing crew, all of whom were drowned:
Captain Simon Baker of Lake Charles,
La.; Larry, seaman; William Anderson,
cook; and M. Mognat of Rockport, Tex.,
a passenger.

Widener's Floating Palace.

ELIZABETH, N. J., March 5.—The hand-
some yacht Josephine, built for P. A. B.
Widener, the Philadelphia street railroad
magnate, was launched at Nixon's ship-
yard yesterday, in the presence of a bril-
liant assemblage of invited guests. The
vessel, which is to cost about \$200,000 when
completed, will be a veritable floating pal-
ace, equipped with all modern improve-
ments, including an electric light plant.
The yacht is of steel, with a length over
all of 225 feet, beam 28 feet and 16 feet
deep, with a draught of 11 feet.

BALTIMORE'S MUNICIPAL WAR

Mayor Hooper's Opposition Unable to Override His Vetoes.

BALTIMORE, March 5.—Mayor Hoop-
er scored first blood last night in his fight
with councils over the municipal offices,
but the battle is still on, and the result is
uncertain. The mayor sent in a message,
vetoing the ordinances passed by councils
a week ago, depriving him of the appoint-
ing power, and councils, instead of pass-
ing the measures over the veto, as they
claimed to be able to do, postponed action
until a future date.

This is taken as a tacit admission that
the leaders of the opposition have not
enough votes to carry out the proposed
program, and that they have not been able
to secure the expected aid from the Demo-
crats in councils. Before adjourning, how-
ever, councils took up and rejected the
nominations of Dr. J. F. McShane to be
health officer and of Dr. Sydney O. Hels-
kell to be quarantine officer. Both are
Democrats, and the mayor will be com-
pelled to take further action in these cases,
which have been the source of contention.

The Bruce bill to give the mayor the
right to make appointments, without con-
firmation by councils, which passed the
state senate on Tuesday by Democratic
votes; was practically killed in the lower
house at Annapolis yesterday by the ac-
tion of the committee in indefinitely pos-
tponing its consideration. It begins to
look like a protracted deadlock, by which
the Democrats holding municipal offices
will profit, as they stay in until their suc-
cessors are appointed.

Not to be Trifled With.

(From Chestnut Gazette.)
Will people never learn that a "cold" is an
accident to be dreaded, and that when it
occurs treatment should be promptly applied?
There is no knowing where the trouble will
end; and while complete recovery is the
rule, the exceptions are terribly frequent,
and thousands upon thousands of fatal ill-
nesses occur every year ushered in by a little
injudicious exposure and seemingly trifling
symptoms. Beyond this there are to-day
countless invalids who can trace their com-
plaints to "colds," which at the time of
occurrence gave no concern, and were there-
fore neglected.—When troubled with a cold
use Chamberlain's Cough Remedy. It is
prompt and effectual. 25 and 50 cent bottles

Utica's Fatal Fire.

UTICA, N. Y., March 5.—Four persons
are now known to have lost their lives
through the fire in the Geneva flats on
Tuesday, and it is feared that two other
persons, and possibly more, perished. The
dead are: Mrs. Hugh Hughes, aged 70
years, killed by falling from the fourth
story while being lowered to the ground
by a rope; Mrs. George Wood, aged 45
years, a niece of the late Governor Sey-
mour, and her daughter Mary, 15 years;
Noble Hopkins, aged 69.

Liberal Contributions for Home Missions.

NEW YORK, March 5.—At the head-
quarters of the Presbyterian Board of Home
of Missions it was announced today that
Tuesday night's meeting at Carnegie Hall
netted about \$5,800. Many persons who
were present have signified their intention
of sending in contributions, and it is ex-
pected that fully \$25,000 will be realized as
a result of the meeting. It could not be
ascertained whether President Cleveland
has subscribed to the fund.

All last winter Mr. Geo. A. Mills, of
Lebanon, Conn., was badly afflicted with
rheumatism. At times it was so severe that
he could not stand up straight, but was
drawn over on one side. "I tried different
remedies without receiving relief," he says,
"until about six months ago I bought a bottle
of Chamberlain's Pain Balm. After using it
for three days my rheumatism was gone and
has not returned since. For sale by Grubler
