No wonder so many of us become danger-nely sick from indigestion?

For what is indigestion?

It is putrid (undigested) food in the

The poisons of undigested food are absorbed into the blood, and affect the liver, the morves, the kidneys, the heart and all the organs of the body.

They cause weakness, lethargy headache, dischess, mental depression, bad thate, stomach-ache, faver, flatulence, palpitation, musea, constitution, loss of appetite, jaundice, prostration, amacmia, rheumatism, etc.

"The cablegram sent by Minister Terrell yesterday afternoon to Secretary Ol-ney, and which I trust was made public, was the outcome of a call in the morning upon the sublime porte in the person of its minister of foreign affairs, which was in every way as agreeable, cordial and satisfactory as it could have been made in any country. Not only was the fullest permission given for our entrance into Armonia, but an active and generous ef-fort was displayed toward making our endeavors, our journeys, etc., safe, pleasant and as easy as possible, and also as productive of honeficial results as could be wished for. Mr. Terreil was very much gratified and seems very happy over our success, to which the state department and he con-

tributed so largely. 'As soon as an outfit can be made and passage secured our men will start for the solated regions. It will be cold and terribly hard for them, but that is what they came for. I have met several of the lead-ing missionaries and other American gentlemen here. It is hoped that the massacres are over, but it is, of course, uncer tain. The general feeling is that Russia has said 'enough', "

The distress and suffering through want and sickness are described as being both enormous and terrible.

t he has ever undertaken. Mr. Dakin, doesn't your business ex o you to many unhealthy conditions? Yes, I am continually catching cold.

"Does it affect your general health?"
"It has brought on kidney disorders."
"Have you been troubled from that arce any length of time?" "I think it started during the war, in

which I took an active part, and every cold I catch has aggravated it." "What were the symptoms?"
"Lame back and trouble with the kid-

My case is as follows: "Some little time ago I was in a very bad condition, hardly able to hobble around; I had been in Madison County looking after a contract there for the State; I got very wet, and, as usual, was laid up. I was simply twisted way around ass doublied up on one side, when I attempted to stand up it seemed as though I would tear out one of my kidneys; while in this condition I saw Doan's Kidney Pilis ad-vertised. Being almost desperate, I was willing to try anything for relief. I be-gen using them, and the result was truly wonderful. I feel as young as a boy, and it is the first time in many years that I have been perfectly free from pain in the small of my back. All urinary troubles gone. I am perfectly well, and no traces of my former trouble remain. I gladly recommend Doan's Kidney Pills."
