AFFAIRS AT POTTSVILLE. Constables Aroused Over a Proposed Re-

The County Commissioners of this county are seriously considering the advisability of following a decision of the Luzerne county court which holds that the Commissioners of that county have no right to pay constablea for making returns to court, nor for serving at the polls on election day. The opinion County Solicitor Ulrich is awaited, but it

will have no effect this month, as the constables received their fees from the court Dougherty, of this town. Daniel yesterday found guilty of assault and battery on oath of his wife. Mary, but was recom-

Want Increased Fees,

Some of the constables of Allentown and the rural districts are contemplating formation of a "combine" to get a liberal interpretation of the fee bill that was passe by the Legislature during the administration of Governor Pattison. The schedule of fees under the latest law is from 50 to 100 per cent, higher than under the old rates, but in view of the fact that the new law was passed after most of the constables had been elected for a term of three years, they could not, under the Constitution of the state, derive benefit from the increased rates. On Monday the constables entered upon a new term and now seek all the benefits of the new fee bill. Under the old law they get 15 cents for each name, but the new law simply says : "Serving a subpoena, 50 cents," of the constables contend that this means 50 cents a name. The new schedule of rates increases the mileage from 6 to 10 cents a milea

News Which is Good News to Women. It is a fact that our women who suffer from

female complaints and are couse otly weak, tired, nervous, dragged-out and full of pains and aches, do not have the same oppor-tunity to be cured as do the residents of the great cities where the most successful spec-lalists in female diseases reside. In other words, our women are debarred from socking a cure by the great and skilled physicians owing to the cost of travel to the large city and the high fees charged by such specialists. Here, therefore, is a chance for the sick and suffering women of our community which should not be lost. Dr. Greene, of 33 West 14th St., New York City, who has the largest practice in the world and who is without doubt the most successful specialist in curing female complaints, offers to give free consultation by mail to all women sufforing from these distressing weaknesses, discharges, pains and irregularities.
