

Easy

To buy, easy to take and easy in effect, are characteristics peculiar to Hood's Pills. They are small, tasteless, and purely vegetable. They act gently but thoroughly and satisfactorily. They do not irritate or inflame the intestines, but leave them in natural, healthy condition. 25 cents.

A Bold Theft.

T. C. Carney, the Mahanoy City saloon-keeper, was robbed of about \$100 at his place of business between 3 and 4 o'clock this morning by Dennis Leary, who was released from jail on Thursday after serving a term for stealing an overcoat from Louis Goldin, the clothier, of this town. Carney had just counted the cash taken, from the bill and placed it in a canvas bag on a shelf behind him when Leary snatched the bag in conversation, reached over the bar, grabbed the bag and disappeared.

NOT GUILTY OF ARSON.

Karlitsky Held Only for Malleous Mischief in Firing the Lockup.

George Karlitsky, who was charged with setting fire to the cell in the lockup in which he was confined last Sunday morning, and not only barely escaped with his own life but placed the life of another prisoner in jeopardy, has escaped after a trial in court with only a conviction on a charge of malleous mischief.

Karlitsky was put on trial for arson and malleous mischief yesterday morning before Judge Savidge. Chief of Police Tosh was the prosecutor and Chief Burgess Burns, Police-man Lee, Special Officer Jones and ex-Police-man Korwin were in attendance as witnesses for the Commonwealth. J. A. Pomeroy and A. W. Schalek, Esqs., appeared as counsel for the borough. John F. Whalen and M. M. Burke, Esqs., represented the accused. The trial consumed almost the entire day and was warmly contested, as the charge of arson is a very serious one. The counsel for the prisoner succeeded in making in the minds of the jury so much doubt as to whether the accused really set the place on fire, he claiming that he knew nothing of it until he heard a prisoner in an adjoining cell cry "Fire!" that when the sealed verdict was opened this morning it was found that the jury had agreed upon a verdict of not guilty as to arson, but guilty as to the charge of malleous mischief.

Insurance Agents Dine.

The annual dinner of the agents of the Metropolitan Life Insurance Company took place at Bickert's cafe this afternoon. The event was celebrated in the newly furnished ladies dining department of the cafe, which is rapidly gaining a favorable reputation as one of the coziest places in town. Mine Host Bickert, who performed the duties of caterer, had the tables elegantly arranged upon which a collation consisting of all the delicacies of the season was served in a most satisfactory manner, in which he was ably assisted by his gentlemanly employees. This being the first spread under Mr. Bickert's management the participants tendered him a vote of thanks which can only speak of him in the most glowing terms.

FOR MARCH, APRIL AND MAY!

Paine's Celery Compound the Best Spring Remedy To-Day in all the World.

It Purifies the blood as Nothing Else Can Do---It is Food for the Tired Brain---It Makes Strong Nerves!

Publicly Recommended as No Remedy of any Kind Ever Was Before by Thousands Whom It Has Made Well.

Endorsed and Prescribed by the Ablest Physicians in Every City in America.

Where every other remedy has failed Paine's celery compound has made people well!

It cures disease! It has saved the lives of thousands of sufferers. It has made the weak strong.

Paine's celery compound purifies the blood as nothing else can do; it is nature's brain food; it builds up shattered nerves; it is preeminently the one great health-maker known to medicine.

First discovered after laborious, studios, scientific research by the ablest physician America has produced, Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth College, it is prescribed and publicly indorsed by the best practitioners in every city of America. It has been so enthusiastically recommended by grateful men and women in every walk of life that it is to-day in every sense the most popular remedy in the world.

It has proven itself so easily the greatest of all spring medicines, making the weak strong and the infirm well, that in the big cities, New York, Chicago, Philadelphia, Boston, St. Louis and the rest, the leading newspapers, making their own canvasses again this year, have found that the demand for Paine's celery compound as far surpassed that of all other remedies as the cumulative power of this great compound surpasses that of all others together!

Paine's celery compound, taken during the early spring days, has even more than its usual remarkable effect in making people well. It makes short work of all diseases of debility and nervous exhaustion. It rapidly drives out neuralgia, sleeplessness, dyspepsia and rheumatism from the system. It removes that lassitude, or "tired feeling," which betokens weakened nerves and poor blood.

Overworked and tired women are but one class of persons who are in urgent need of

this wonderful remedy to make and keep them well. Business men who are not sleeping soundly, shop girls made pale and sickly by long hours of indoor work, and the countless sufferers from rheumatism, kidney and liver trouble, need the invigorating effect of Paine's celery compound now, that spring, with all its dangers, is at hand. Its pre-emptive and health-making action from its extraordinary power of supplying appropriate nutriment to the blood, nerves and brain.

Not a great lawyer studies each one of his cases till he knows it on every side, and in every possible aspect, so Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth College, the discoverer of Paine's celery compound, had studied the nerves in health and disease, when well nourished and when under-nourished, in men and women and children years before he looked for the remedy. Paine's celery compound was the outcome of his entire professional life. A fitting memorial to a

life of hard study and close observation—a remedy that the world could not lose today, at any price!

Take advantage of the remarkable power of this greatest of all remedies for restoring vigor to the blood and strength to the nervous system. In the first days of spring one has every chance for getting well. Don't neglect it.

Paine's celery compound calms and equalizes all the nervous tissues and induces the body to take on solid flesh. It purifies the blood, as is so clearly shown by the rapid clearing of the skin of all evidences of bad humors within. It is an infallible relief for salt rheum, eczema, and all blood diseases.

Physicians recognize Paine's celery compound as the one scientific spring remedy, and it is universally prescribed by them wherever there is great need of a vigorous and prompt restoring of health and strength to the worn-out system.

RETURNED FROM PITTSBURG.

Constable Gibbon Arrests with Boarding House Robbers.

Constable Matt. Gibbon, of the First ward, returned from Pittsburg last night, having in his custody Joe Gerber and Paul Soko, who left town last Monday morning after stealing \$881 and two overcoats from their boarding house on South Market street. The two men went from this town to Shamokin and there purchased tickets for Pueblo, Colorado. At 5 o'clock Tuesday morning they reached Pittsburg and were obliged to change cars. They were arrested as they entered the depot by Pittsburg police who had received telegrams describing the men the night before. Gibbon had no trouble in bringing the men here, and he also brought back part of the cash and the unused portions of the railway tickets, together with the two overcoats that were stolen. If the railway tickets are redeemed the cash in hand will amount to about \$170.

Gerber and Soko were given a hearing before Justice Toomey and six boarders appeared as complainants. Gerber admitted that he stole the money and one overcoat and Soko admitted stealing the other overcoat. It appears Gerber advanced the money for Soko's railroad ticket on the understanding that after they reached Pueblo and Soko got a job he was to pay back the money advanced by Gerber. Each man was committed in default of \$3,000 bail, \$500 on the charge of each of the six boarders, and this morning Constable Gibbon took them to Pottsville.

Dykeman, Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at A. Wasley's drug store. Regular size 50c and \$1.00.

'Tis Human to Err.

One of those unavoidable mistakes that happen in the best regulated printing offices, occurred on Thursday. The statement of the First National Bank appeared in these columns, and through mistake the name of the Merchants' bank appeared instead. We make this announcement in justice to the First National Bank, which is one of the most prosperous banking institutions in the county.
