REPUBLICAN STATE CONVENTION.

To the Republican electors of Pennsylvania: The
Republican electors of Pennsylvania, by their duly
chosen representatives, will meet in State conven-
tion Thursday, April 25, 1890, at 10 o'clock
a. m., in the opera house, city of Harrisburg, for
the purpose of nominating two candidates for
representative-at-large in Congress and thirty-
two candidates for Presidential electors, the
selection of eight delegates-at-large to the Repub-
lican National convention, and for the transac-
tion of such other business as may be presented.
By order of the State Committee,
M. S. QUAY, Chairman.
Attest: JEROME B. RAY, Secretary.
W. R. ANDERSON, Secretaries.

It is not a disgrace to be poor, but it is a
disgrace to be poor advertising.

Speaking of deep water movements, the
Democratic party in Schuylkill county is
just now immersed in the deepest one that
has been known for many years.

In Europe a famous man dies and a monument
is erected to his memory. In this country
we celebrate it by a number of illustrated
magazine articles and an equal number of
dinners.

The country will begin to run itself again
next year on the old lines of protection
which answered the purpose so well in the
past. The poor old Democratic party is only
ward-mooring size and will not be trusted
again with national affairs.

Beginning Wednesday April 1st, and
running through to Thursday, April 30th,
inclusive, there will be a special conference
for ministers and all christian workers held
in Chicago at the Moody Bible Institute.
The management extends a cordial invita-
tion to churches and Christian Endeavor
Societies to send a representative.

It is difficult to decide which of the two
fair lovers is Pennsylvania's choice for the
Presidential nomination—Pattison or Har-
rity. In an interview the latter had the
other day, column and a half long, supposed
to be the former for President, the most of
it was laudatory of Mr. Harrity.

The many friends of ex-Congressman
James B. Reilly will be pleased to learn of
his appointment as United States Marshall,
sent to the Senate yesterday by President
Cleveland. Mr. Reilly's aspirations were a
little higher, his friends urging his appoint-
ment as United States District Attorney, but
in some respects the position to which he
has been appointed is preferable. The plum
secured is a desirable one, and one to which
Mr. Reilly is entitled as representing the
Cleveland Democracy in this country.

To correct a wrong impression, which ap-
pears to prevail, we would state that the
commissions issued by Governor Hastings to
Justices Jones and Coyle, of Mahanoy City,
and Cardin and Lawler, of Shenandoah, are
only for the period ending with the first
Monday in May next, and are not for the
period of five years commencing on that day.
The Governor appears to have discovered
that a vacancy exists in these two of the
hundreds of boroughs in the state, and made
the appointments to fill them. Why he did
not fill the same vacancies in all other
boroughs is not stated, and his action in ac-
ting so precipitately in these two cases is being
roundly criticized in many quarters.

SHENANDOAH'S quota of political candi-
dates this fall will not be confined to the
Republican ranks by any means. There are
quite a number of Democratic patriots who
are both willing and anxious to serve the
people on our court house hill. The first to
make public announcement is Daniel E.
Brennan, who is seeking the Democratic
nomination for County Commissioner. If
loyalty to party and competency for the
position is to be awarded, Dan, as he is
famously known, should certainly receive
the nomination. There are others in the
ranks of the "unaffiliated" in town who have
a bee buzzing in their hat, but who have not
yet made public announcement of their in-
tentions.

The announcement of the candidacy of
Prof. J. W. Cooper, of town, for County
Superintendent of Schools, as made through
these columns some time ago and the subse-
quent endorsement by the School Board, in
favorably received by the press of the county.
The Evening Chronicle of last night con-
tained the following favorable notice:
"Shenandoah comes forward with a candi-
date for County Superintendent in the person
of Prof. J. W. Cooper, principal of the High
School of that borough. That Prof. Cooper
possesses the requisite qualifications for the
position none will doubt, and the Shenandoah
School Board, in unanimously endorsing his
candidacy, has but voiced the sentiment of
the whole community in which Prof. Cooper
has done most excellent educational work."

With each succeeding day interest in the
Republican Presidential nomination increases
at a corresponding rate. The coming na-
tional convention will be made up of 900
delegates. To secure the Presidential nomi-
nation at the hands of that body a candidate
must secure the support of at least 455 of
these delegates. About one-seventh of the
entire number have been chosen—130 dele-
gates. In some of the leading Common-
wealths have the Republican state com-
mittees

think you been held, but by the end of March
it is thought that probably one-third of the
delegates to St. Louis will have been selected.
McKinley probably leads with sixty-six
votes to be him. The rest are divided
between Reed, Quay, Morton, Allison and
Cullum. Allowing all that is claimed for
Ohio's favorite, he still needs 205 to secure
the nomination. In the light of these facts
it is evident that the McKinley "shooters"
are yet in the heart of the woods. Keep
your eye on the Junior Senator from this
state.

On Trial for Mammoth Frauds.
PAIDUS, March 10.—The trial of Armand
Rousinall (cheques St. Croix), Count
Lionel Werther de Costi, M. Baloni, a
banker; Urie de Clivry, formerly editor of
The Echo de L'Arme; M. Bollebar de
Labryere and M. Szydrowsky, charged
with blackmailing Max Lebedy, the
young millionaire who died recently in the
Military hospital at Antiole-Les-Bains,
out of several million francs by the most
gross frauds, was commenced here yester-
day.

A Sixteen-Year-Old Suicide.
CROSS HILL, N. J., March 10.—George
Boetz, 16 years of age, killed himself in
Floral Park with a pistol. The lad had
been accused by his stepfather with steal-
ing two rings and selling them, and the
threat of arrest so pressed upon him that
he decided to kill himself. Before doing so
he wrote a note to his stepfather telling
him to give all his clothes to a boy friend.
The young suicide's mother died three
months ago.

Rewards for Powell's Murderer.
NEW YORK, March 10.—Rewards aggregat-
ing \$3,000 are offered for the arrest of
the murderer of Stephen Powell at Hamp-
stead, L. I. It is not believed that the
crime will be fixed upon either of the
three negroes whom the police arrested
Sunday night, though suspicion still at-
taches to Wayne by reason of the finding
of a pipe which belonged to him near the
spot where Powell was struck down.

General Booth Back in London.
LONDON, March 10.—General Booth, of
the Salvation Army, arrived here unex-
pectedly yesterday. He came overland
from Hindial, in response to urgent ap-
peals from headquarters for his advice
regarding the American situation. The gen-
eral did not go to headquarters, but has
been closeted with Bramwell Booth ever
since his return.

bruise, cut or burn, Thomas' Electric Oil
gives almost instant relief. It is the ideal
family liniment.

Fears of a Negro Uprising.
PADUCAH, Ky., March 10.—Mayor Yelzer
last night shipped to the city marshal at
Fulton, Ky., 200 Winchester rifles that
were used here during the negro riots
three years ago. There are great fears of
an uprising in Fulton, if one has not al-
ready taken place. The trouble was caused
by a policeman attempting to arrest a
negro, and having to club him before he
could do it. The feeling in Fulton be-
tween the whites and blacks is very bitter.

Passenger Steamer Sunk.
VINEYARD HAVEN, Mass., March 10.—The
steamer Manhasset, Captain Marshall,
while returning from New Bedford, in
passing through the narrow channel at
Wood's Hole, struck on the rocks and sank
in about fifteen minutes. An attempt was
made to beach her, but she sank so rapidly
that the water poured into the fire-
room and extinguished the fires. Passen-
gers and crew were rescued.

Refused a New Trial.
WILMINGTON, Del., March 10.—The gen-
eral sessions court refused the motion for
a new trial in the cases of Keppers Brown
and Swan, of the insane asylum at Farn-
hurst, convicted of manslaughter for caus-
ing by violence, the death of Leon Pisa,
an inmate. Sentence was deferred.

Burned to Death in a Brush Fire.
MONTGOMERY, Ala., March 10.—A daugh-
ter of John Hahn, a prosperous farmer of
the Choctaw-Hatchee valley, was burned to
death while burning brush. Her brother
and sister attempted to save her, but their
clothing became ignited, and both were
fatally burned.

Swiss Towns Inundated.
BERNE, March 10.—Melting snow and
a heavy rainfall have caused serious floods
in the Bernese Oberland. The Rhine has
overflowed at Leide and Marteaux, inun-
dating those places. Railroad communi-
cation with both towns has been stopped.

BANEFUL INDIGESTION.

The Disorders it Causes and the Poisons it Instills in the Blood.

If we only knew how dangerous, insidious
and ruthless a disease indigestion is, we
would not wait as we do before endeavoring
to cure it.

The longer we wait, the more dangerous it
is likely to become.

So the sooner we take Shaker Digestive
Cordial the better it will be, and the better
we will feel.

Indigestion is dangerous because it creates
poisons in the stomach which are absorbed by
the blood and by it carried to all parts of the
body.

Could anything be worse than this?
These poisons would not be formed if the
stomach could digest its food. When it can't
Shaker Digestive Cordial will help it to do so.

Nothing will help the stomach so well as
Shaker Digestive Cordial, nothing else cures
indigestion so quickly, or so positively.

The reason is that it purifies the stomach
and the blood, and makes your food
stronger instead of poison you.

It is not a medicine, but an aid to digestion,
a pleasant cordial for weak stomachs.
Sold by druggists. Ten cents for a trial
bottle.

Cecil Rhodes to be Arrested.

LONDON, March 10.—A warrant has been
issued for the arrest of Cecil Rhodes, the
former premier of Cape Colony and con-
sul-general with Earl Grey of the territory
of the British South Africa company. He
is charged with complicity in the importation
of arms into the Transvaal territory for
use against the authorities of that re-
public.

Cattle Perish in the Flames.

MOUNT HOLLY, N. J., March 10.—The
dwelling house, barns, outbuildings, etc.,
on the farm of Aquilla Jones, near Moores-
town, were destroyed by fire at a late hour
Sunday night. Thirty horses and cows

fire is unknown. Loss, \$10,000.

Cardinal Sattoli in Kansas City.
KANSAS CITY, Mo., March 9.—Cardinal
Sattoli was honored and cheered by thou-
sands here yesterday, local Catholics turn-
ing out en masse to greet and hear their
distinguished visitor. The immense cathed-
ral was crowded to the doors to witness
the cardinal celebrate pontifical mass and
bestow the pontifical blessing. At 2 o'clock
a dinner, attended by the local clergy,
prominent members of the laity and busi-
ness men, in honor of the cardinal, was
given at the Conies House. Following it
from 4 to 6 o'clock occurred a reception in
the hotel parlors, when several thousand
people passed before and shook hands with
the cardinal. At 7 o'clock in the evening
the cardinal delivered the benediction
St. Patrick's.

Nicaraguan Rebels Conquered.
MANAGUA, March 7.—Word received this
morning indicates that the Leon rebels
have given up their cause. Rafael A.
Gutierrez, president of the republic of
Salvador, has telegraphed to President
Zelaya, of Nicaragua, informing him that
the Leon rebels want to make terms of
peace. President Zelaya is determined
that the only terms of peace he will give
are that the Leonists shall pay all the ex-
penses of the war preparations which have
been necessitated by their revolt, shall give
up all their arms and that their leaders
shall be tried by court martial.

A POINT FOR GREENWAY.

The Dominion Consents to a Conference with Manitoba Leaders.
OTTAWA, Ont., March 10.—The Manitoba
conference assumed a new and interest-
ing phase yesterday, when Sir Charles
Tupper arose in the house of commons
and read a telegram from Premier Green-
way, of Manitoba, to Sir Donald Smith,
who recently visited Winnipeg upon a
mission of peace. Greenway's telegram
was in reply to one from Sir Donald and
read:

"While fully appreciating all you say, it
is quite clear to me that we can only pro-
ceed to Ottawa for the purpose of holding
a conference on the official invitation of
the Dominion government."

Sir Charles Tupper added:
"In view of the assurances that the govern-
ment of Manitoba are willing to have
a conference, the Dominion government
proposes, so soon as the second reading of
the remedial bill is carried, to have a confer-
ence with Mr. Greenway's government,
with a view to arriving at a settlement
of this question in terms that will be sat-
isfactory to his government and the mi-
nority of Manitoba."

A triumphant shout went up from the
liberal side of the house, for the state-
ment was regarded as the government's
first retrogressive step since entering upon
its executive policy.

Governor Greenhalge's Funeral.
LOWELL, Mass., March 10.—Governor
Frederick H. Greenhalge's funeral was an
imposing spectacle and a striking tribute
of popular respect to the late executive of
Massachusetts. The public obsequies were
preceded by services at the home of Mrs.
Greenhalge, Rev. J. L. Seward, of Alston,
for many years pastor of the Unitarian
church of this city, of which Governor
Greenhalge was a member, officiated. The
remains were then taken to the First Con-
gregational church under escort of a com-
pany of the National Guard, where the
public services were held. Rev. George
Batchelor delivered the address. Business
in the city was suspended during the
funeral, and all public and many private
buildings were draped.

An Anglo-German Chinese Loan.

LONDON, March 10.—The "Times" finan-
cial article says: "Arrangements point to
the completion of an Anglo-German syn-
dicate to obtain a Chinese loan of £16,000,
which will possibly be issued in two
instalments. We sincerely hope that there
will be no hitch in the arrangements, be-
cause the influence which Russia has al-
ready acquired in China much concerns
other nations." The Berlin correspondent
of the Standard says: "The Chinese loan
has been concluded at 5 per cent, repay-
able in thirty-six years, and secured on
consolidated receipts. This is a brilliant
victory of the Anglo-German over the French
syndicate."

A healthy state of the system comes with
Doctor Pierce's Favorite Prescription. It's a
medicine prepared for woman's ailments—it
cures those derangements and weaknesses
which make woman's life miserable.

A woman who neglects to take proper
exercise is particularly prone to excessive
congestion, debility and a sluggish circula-
tion. This is the time we advise the "Pre-
scription." In all derangements and dis-
placements of the special organs which result
in "signs of inflammation," in catarrhal
discharges from the lining membrane, and
in distressing irregularities, this medicine
effects perfect and permanent cures.

TO REVISE JERSEY'S COURTS.

Report of the Committee to Recommend
Constitutional Amendments.

TRENTON, March 10.—The committee of
lawyers appointed by the senate to recom-
mend constitutional amendments made its
report to that body last night. The
committee recommends the establishment
of a court of errors and appeals, consist-
ing of a president judge and four other
judges; also a supreme court, consisting
of a chief justice and six associate justices.
It also recommended that the governor,
chief justice, chancellor and attorney gen-
eral shall constitute the board of pardons.
The committee further recommends that
the governor shall not appoint ad interim
any person whose nomination has been
rejected by the senate. The fifth recom-
mendation provides that the legislature
shall, after every federal census, divide
the legislature into assembly districts.

It is also recommended that writs of
error to the circuit courts and courts of
common pleas shall go direct to the court
of errors and appeals, and not to the su-
preme court. The recommendations
further provide that the judges of the
supreme court, chancellor, vice chancel-
lors shall be appointed by the governor
and confirmed by the senate for terms of
seven years, at salaries to be fixed by the
legislature.

No recommendation is made as to the
court of chancery. It is provided that the
reduction in the number of justices of the
supreme court shall not affect the present
incumbents, and it is also provided that
the present circuit court judges shall serve
out their terms unless otherwise ordered
by the legislature. The paragraph in the
constitution providing for the appoint-
ment by the governor of the judges of the
courts of common pleas is stricken out, as
is also the provision making compulsory
the election of justices of the peace on a
basis of population of wards and town-
ships, the idea being to place these officials
under legislative control.

The session of the house was given up
almost entirely to a discussion of railroad
taxation. The house passed the bill mak-
ing it a misdemeanor to solicit candidates
for office to purchase picnic or ball tick-
ets, and the bill providing for the impedi-
ment of those who refuse to pay fines
for violating health codes, and then ad-
journed until Wednesday morning.

Not to be Trifled With.
(From Cincinnati Gazette.)

Will people never learn that a "cold" is an
accident to be dreaded, and that when it
occurs treatment should be promptly applied?
There is no knowing where the trouble will
end; and while complete recovery is the
rule, the exceptions are terribly frequent,
and thousands upon thousands of fatal ill-
nesses occur every year ushered in by a little
injudicious exposure and seemingly trifling
symptoms. Beyond this, there are to-day
countless invalids who can trace their com-
plaints to "colds," which at the time of
occurrence gave no concern, and were there-
fore neglected.—When troubled with a cold
use Chamberlain's Cough Remedy. It is
prompt and effectual. 25 and 50 cent bottles
for sale by Gruher Bros.' druggists.

The American University.

WASHINGTON, March 10.—Interesting ex-
ercises attended the breaking of the
ground for the first building for the new
American university in the Hall of History
yesterday. Bishop Hurst made the
introductory address, in which he reviewed
briefly the history of the movement and
said that about \$1,000,000 had been secured
toward the university fund. Postmaster
General Wilson spoke of what a great
university could accomplish in the work
of advancing civilization, Christianity
and freedom. The cornerstone of the build-
ing will be laid in about five weeks and
the structure will be rapidly pushed to
completion. Two-thirds of the trustees of
the university are Methodists.

Simon S. Hartman, of Tunnelton, West
Va., has been subject to attacks of colic about
once a year, and would have to call a doctor
and then suffer for about twelve hours as
much as some do when they die. He was
taken recently just the same as at other
times, and concluded to try Chamberlain's
Colic, Cholera and Diarrhoea Remedy. He
says: "I took one dose of it and it gave me
relief in five minutes. That is more than
any thing else has ever done for me." For

Not a Double Murder.

CHICAGO, March 10.—Last evening Mrs.
Cummings, of No. 213 Fortieth street, iden-
tified the dead body of the man found in a
barrel on Sunday with the corpse of an in-
fant as that of her husband. He had been
an inmate of the poorhouse for two years.
The police have abandoned the theory of
murder, it being known that the mutilat-
ing was done by medical students. After
Cummings died in the poorhouse the death
was advertised in the usual manner, but
he had gone to the institution under an
assumed name, and the body was not
claimed. The students finished their work
with the bodies, and an expressman was
paid to take them away. He was too lazy
to bury them, and dumped the barrel
where it was found.

All last winter Mr. Geo. A. Mills, of
Lelton, Conn., was badly afflicted with
rheumatism. At times it was so severe that
he could not stand up straight, but was
drawn over on one side. "I tried different
remedies without receiving relief," he says,
"until about six months ago I bought a bottle
of Chamberlain's Pain Balm. After using it
for three days my rheumatism was gone and
has not returned since." For sale by Gruher
Bros.' druggists.
