

Almost Distracted?

Did you ever suffer from real nervousness? When every nerve seemed to quiver with a peculiar, creepy feeling, first in one place, and then another, and all seemed finally to concentrate in a burning jumble in the brain, and you became irritable, fretful and peevish to be followed by an impatient, weakened condition of the nerve centers, ringing in the ears, and sleepless, miserable nights?

Dr. Miles' Nervine Restores Health.....

My memory was almost gone and every little thing worried me until I was almost distracted. I really feared I was becoming a maniac. I imagined all sorts of evil things and would cry over nothing. I commenced taking Dr. Miles' Restorative Nervine and four bottles of this wonderful remedy completely cured me, and I am as well now as I ever was.

Dr. Miles' Nervine is sold on guarantee, first bottle will benefit or money refunded.

DISORDER IN BILBOA.

Another Spanish Demonstration Against Our Government, TWELVE THOUSAND TOOK PART.

The United States Consulate Vigorously Protected by the Police Against the Anger of the Mob, Though the Policemen Were Roughly Handled.

MADRID, March 10.—The turbulent element in the city of Bilbao, which created disturbances on Sunday continued to defy the authorities yesterday, and made violent demonstrations in spite of the armed threat of the gendarmes. The disorders were renewed near the American consulate, and a determined effort was made to reach the building where the consulate is located. The gendarmes showed equal determination in frustrating this attempt, and succeeded.

But this was not done without a serious collision between the mob and the gendarmes, in which twenty of the former are known to have been injured, though it is not known that any fatalities resulted. Nine of the gendarmes were also injured. With this rebuff the mob drew off. But the inhabitants of Bilbao are still in a turbulent mood and the police authorities find it necessary to take every precaution against injury being done to the United States consulate.

About 12,000 people took part in the demonstration. The excitement was started by a group of young men at a street corner, who began cheering every soldier who passed by. Their conduct was soon imitated by other groups of people, until every soldier seen was cheered by the crowds, and some musicians who refused to repeat the national anthem were hustled, beaten and otherwise mistreated.

The excitement increased, and riotous groups formed in the main streets, cheering for Spain and denouncing the United States. The authorities did everything possible to maintain order. Almost the entire police force was turned out as soon as the populace assumed a threatening aspect, and the rioters were dispersed, again and again. Eventually, however, the mob became so numerous and excited that the police were almost helpless. After the first demonstrations of sympathy with the army the crowds had armed themselves with sticks and cudgels, and their numbers so were great that the police were swept aside, and an immense crowd gathered on the leading thoroughfare and marched towards the residence of the United States consul, shouting: "Long live Spain!" "Down with the Yankees!"

On their way to the consul's residence they hurled stones through the windows of stores and private residences, overturned a number of vehicles, pulled several mounted policemen from their horses and generally behaved in the most threatening manner. Stores dealing in American goods received the most attention from the mob, and the windows of the consul's house were badly shattered, although the police defended the building.

The mob then proceeded in the direction of the United States consulate, evidently intending to stone the building as well. But the authorities had taken the precaution to send a strong force of police to guard that building and another detachment of police was stationed across the streets leading to the consulate. Therefore, when the mob neared the United States consulate it was confronted by the police with drawn swords. The mob halted and then began pelting the police most vigorously with stones and pieces of brick.

The policemen, however, held their ground, and a squad of the officers charged the rioters. The latter began firing pistols at the policemen, two of whom were wounded. This caused the police to charge in a body, and using their swords with good effect, the rioters were dispersed, yelling and hooting at the authorities and shouting "Down with the Yankees!" and "Long live Spain!" The police, who made a number of arrests, experienced considerable difficulty in escorting their prisoners to the depots.

Elsewhere in Spain the situation bears a more tranquil aspect and the question of the action of the United States on Cuba is regarded in calmer mood.

A report found currency yesterday that the United States minister, Mr. Taylor, had left Madrid, but this proved to be wholly without foundation.

ANCIENTS HAD SENSE.

Dated Beginning of Year from Opening of Spring

When All Things in Nature Start Afresh.

Some Other Things in—Which the Ancients Have Given Us Points.

The ancients began their year with the advent of spring. How much more appropriate thus to begin the New Year with the new life of nature in the awakening spring. At this season all processes throughout the natural world start afresh.

The ancients also showed their sagacity and appreciation of the great changes and active processes of the spring-time, by realizing that this is also the time for renewed life and energy in the human system. They well knew that the blood should be cleansed from impurities and the nerves reinvigorated at this season. Hence the establishment of the custom of taking a good spring medicine.

This most sensible and healthy custom is followed by almost everybody at the present day, few people of intelligence venturing to go through this trying time of change from winter to summer without taking a spring medicine.

The unanimity on this subject is a settled fact; the only question heretofore has been in regard to what is the best thing to take.

The people are now fast becoming unanimous in their decision that as a spring tonic and restorative, Dr. Green's Nervura blood and nerve remedy is pre-eminently the best.

Year after year Dr. Green's Nervura blood and nerve remedy has proved itself the surest, most positive and reliable remedy. Made from pure, vegetable medicines, it invariably cleanses, purifies and enriches the blood, making the blood rich and red and at the same time, by its invigorating effects, giving strength, power, vitality and energy to the nerves.

In fact, Dr. Green's Nervura blood and nerve remedy has proved itself the most perfect of medicines and just what everybody needs for a spring remedy. Try it this spring.

Mr. Stoughton L. Farnham, of Manchester, N. H., says: "Some time ago I was troubled with lassitude and a feeling of fatigue. I did not have the ambition to do anything that demanded unusual physical exertion. How to cure myself was recommended by a friend to try Dr. Green's Nervura blood and nerve remedy. I took two or three bottles and am prepared to say that it did me good. I can recommend it as a tonic, as I know it helped me."

Remember Dr. Green's Nervura blood and nerve remedy is recommended by physicians, is in fact, a physician's prescription, the discovery of the well-known specialist in nervous and chronic diseases, Dr. Green, of 35 West 14th St., New York City, who can be consulted free of charge, personally or by letter.

A MURDEROUS MANIAC.

Shoots Eight Men, One of Whom Is Dead and Another Dying.

BROCKTON, Ont., March 10.—A maniac who alighted from the 11:45 train yesterday shot eight men. One man, Peter Moore, is dead, and Chief of Police Ross is fatally wounded. The maniac himself was shot through the body, and is now in jail. He made a terrible fight. His name is Lapointe. It was just about noon when Lapointe came on the street carrying a shotgun. The first person he met was an old man named Peter Moore, whom he deliberately shot dead.

Chief of Police Ross, who was just coming from his office, ran in the direction of the shot, and as soon as Lapointe saw him he took steady aim and fired, the shot taking effect in his breast and head. He will probably die. An old man named Dickson, who was standing near, received a charge of shot in the neck from the other barrel. Policeman Tinsley then appeared. Lapointe had his pocket full of cartridges, and was shooting right and left at random. Tinsley got behind cover and endeavored to shoot Lapointe, but failed. He then got behind a door in a grocery store, and partly opening it had just taken aim when Lapointe fired, the bullet taking effect in Tinsley's head and neck.

A young man who was in the store ran upstairs, and from the window fired at Lapointe, wounding him. Lapointe quickly turned and fired into the window, after which he fell exhausted to the ground. He was then captured and lodged in jail.

Others wounded, but not seriously, are: Robert Boyd, Fred Stagg, George Stagg, Robert McCormack and Thomas Deveraux.

Lapointe is a hunter living about eighteen miles out of town, and an expert shot. He has shown signs of insanity at times. On a former occasion he threatened to shoot his brother, for which he was sentenced to a term of imprisonment.

Victims of a Trolley Accident.

ST. LOUIS, March 10.—Three men are dead and one more is not expected to live as the result of Sunday night's collision on the St. Louis and Kirkwood Electric line. Fifty more are seriously injured. The dead are: Richard Lamagon, insurance agent; James A. Jones, claim agent, and J. H. Aiken, motorman of car No. 3. Sam Smith, motorman of car No. 2, who had both legs broken, head crushed and was internally injured, will probably die. Among the more seriously injured are: Jacob Gross, spine injured; Mrs. G. Spencer, compound fracture of both legs; Herman Mueller, 8 years old, arm broken and foot smashed; James McCarth, leg broken; Dr. M. C. Marshall, leg broken. General Manager Houseman states positively that the entire blame rests with J. H. Aiken, the motorman of the east bound car, who was so seriously injured that he died.

Yale's Henley Orsman.

NEW HAVEN, March 10.—The Yale News has the following concerning the plans for the Henley regatta, in which Yale will participate: The Yale crew, consisting of thirteen men, and Mr. Robert J. Cook, '79, as coach, will sail for England on June 6 for Southampton. Two shells, exactly similar to those used by Yale for the past ten years, will be taken along. A careful canvass of the candidates for the crew has been made, and it has been found that none will be disqualified by the clause in the Henley entrance requirements, which prohibits any person who has done manual work from rowing in that event.

Arrested for Passing Raised Bills.

TERRA ALTA, W. Va., March 10.—Mrs. Judson Freeland was arrested here yesterday by a United States detective for passing raised bills. She had passed three of the bills in Grafton and Fairmont, raised from \$2 to \$20. Mrs. Freeland, who is well connected in this state, has a record as a counterfeiter. She is the same woman arrested in Chicago in December, 1903, with her husband, for a similar offense. They were each sentenced to three years imprisonment, but the woman was pardoned by President Cleveland.

Maine Municipal Elections.

BANGOR, March 10.—There was no excitement at the polls yesterday. Hon. Flavius O. Bond, Republican, was elected mayor by the largest majority on record. The Republicans carried six of the seven wards. In Augusta W. S. Choate, Republican, was elected mayor. Belfast re-elected Edgar F. Hanson mayor on the Citizens' ticket. Charles Heard, the Citizens' candidate, was elected mayor of Biddeford by 219 majority.
