arbitration committee) decided The Massachusetts Senator Denounces the long ago in its favor, conceding | Medding Policy of Congress in Fereign Questions-A Bill Making 'Territorial Divorces" Less Easy.

> Washington, March II.—The crowds which filled the senate galleries yesterday in anticipation of an exciting Cuban debate were not disappointed. Two new phases of the subject made their appearance, and each offered a debate which aroused sonators and spectators to a high stage of interest and excitement. The main question—on the adoption of the house Cuban resolutions—was not reached or mentioned, as the new phases occupie all the time up to 2 o'clock. Mr. Lodg of Massachusetts, arose to a question personal privilege, and in vigorous weeds rebuked the Spanish minister, Senor Du-puy de Lome, for his recent criticisms of senators. Senator Teller added his opin ion that a repetition of the minister's ac tion should be followed by his distalscal Senators Gray and Hale maintained that senatorial privilege and proragative should not be strained to close the mount of the Spanish minister. Mr. Lodge did not press for any definite action.

> The incident was hardly closed when the subject came up in another form. Mr. Hoar had asked that his resolution postoning the entire Cuban subject until April 6 go over until today. This aroused Mr. Sherman to an energetic and feeling protest. He declared that Mr. Hoar's resointion was a reflection on the committee on foreign relations, and was an effort to shelve the Cuben resolutions after weeks of discussion and overwhelming votes in both houses. The two venerable senators Sherman and Hoar, engaged in a vigorous

colloquy.

Mr. Morgan and other senators were drawn into the personal conflict and for an hour it raped, sometimes with deep carnestness, but more often with amuse ment, caused by the energy of the white haired participants.

Mr. Sherman finally withdrew his ob-jection and Mr. Hoar's resolution went over, but not before Mr. Hoar had made a brief but telling speech against what he termed the meddling policy of congress in

foreign questions. The latter part of the day was given to a continuance of Mr. Turple's speech in opposition to the claim of Mr. Dupont. The house witnessed the perennial at-tempt to cut off the appropriation for special mail facilities between Boston, via New York and Washington, to Atlanta and New Orleans. This appropriation has been carried in the postoffice bill since 1873. This year it amounted to \$196,000, and connected with it were appropriations for facilities between Kansus City and Newton, Kan., and Chicago and Council Bluffs, Ia. The latter items, however, went down before the points of order. An attempt was made to rule out the south ern subsidy also on a point of order, but Mr. Payne, of New York, overruled the point. During the debate the statement was repeatedly made that three postmas ter generals had condemned this appropriation, but it was carried by the citation of the provise which empowered the postmaster general to withhold the appropriation unless it was deemed necessary to promote "the interests of the postal ser-vice." The motion to strike out the ap-
