Brooklyn Fire Officials Arrested. NEW YORK, March 14.—Six Fire Marshal Benjamin Lewis and Assistant Fire Marshal Rios, of Brooklyn, were arrested yesterday on a charge of conspiracy. It is reported that indictments were found against Rios, the alleged fire chief, who is now in the Tombs awaiting trial, and against a former detective of the Brooklyn police department. The indictments are the outgrowth of the arrest of David Welton on July 21, 1891. Welton had given testimony before the grand jury concerning the acts of certain alleged firebugs. At the time he was in the employ of the Brooklyn police. The firebug gang wanted to get him out of the way, and it is alleged that the men against whom indictments were found yesterday conspired to have him arrested on a charge of extortion.

Harvard's Oratorical Victory. CAMBRIDGE, Mass., March 14.—Harvard's young orators won the competitive debate with Princeton last night, and the Crimson's long record of oratorical triumphs remains unbroken. It was an able debate, and, as the judges said in rendering their decision, it reflected great credit on both sides. Where Harvard won was through more perfect acquaintance with both sides of the question, and their facility in picking to pieces the points made by the visitors. The question was: "Resolved, that congress should take immediate steps toward the complete retirement of all the legal tender notes." Harvard took the negative.

An Infant Smuggler. NEW YORK, March 14.—Among the passengers who arrived on the steamer Saale at Hoboken yesterday were Leon Relechin, his wife and baby. His wife in the meantime had gone with her infant to Mayer's hotel. Inspectors followed and searched her baggage without result. The infant's underclothing, upon being undone, was found to be lined with gold watches, twelve in all. Relechin was arrested.

"DR. MILES,"

Through His Nervine Is a Benefactor to Thousands.

A WIDELY known Wisconsin publisher, who resides at Green Bay, writes March 6th, 1895, as follows: "Five years ago I became so nervous that mental work was a burden. I could not rest at night on account of sleeplessness. My attention was called to Dr. Miles' Restorative Nervine, and I commenced to use it with the very best effect. Since then I have kept a bottle in my house and use it whenever my nerves become unstrung, with always the same good results. My son also takes it for nervousness with like never failing success. I have recommended it to many and it cures them. All who suffer from nerve troubles should try it. It is free from narcotics, perfectly harmless, and yet soothing and strengthening. Dr. Miles, through his Nervine is a benefactor to thousands." A. C. LEHMAN, Editor and proprietor of THE LANDMAN. TO INCREASE JERSEY'S REVENUE

Twenty Millions of Bank Stock Which Has Escaped Taxation. TRENTON, March 14.—The house, by a vote of 31 to 20, passed Assemblyman Queen's bill providing for the taxation of the capital stock of banks at the places where the banks are located. The amount of bank stock and surplus in this state subject to taxation is over \$25,000,000, 80 per cent of which, Mr. Queen declares, has escaped taxation. The house also passed bills: Giving local boards of health power to condemn milk; compelling school boards to pay teachers monthly; authorizing school boards to borrow money with which to pay teachers' salaries; giving property owners in incorporated towns five years in which to pay for street improvements; Bullock's broad bill; providing for the licensing of engine-horse power; authorizing cities of over 1,500 inhabitants to appoint a superintendent of streets. The senate passed bills: Authorizing townships or boroughs with a population of 5,000 to be incorporated as a city; providing for the election of aldermen-at-large of cities of less than 40,000 population; making the election of clerks of grand jury optional. The house Republicans held a conference yesterday afternoon and agreed upon March 25 as the day for final adjournment. The senators want to adjourn next Friday, but this is too soon for the house members, who are interested in many pending bills. The house will hold night sessions next week up to Wednesday night, and then adjourn for the week. Not to be Trifled With. (From Cincinnati Gazette.) Will people never learn that a "cold" is an accident to be dreaded, and that when it occurs treatment should be promptly applied? There is no knowing where the trouble will end; and while complete recovery is the rule, the exceptions are terribly frequent, and thousands upon thousands of fatal illnesses occur every year ushered in by a little invidious exposure and seemingly trifling symptoms. Beyond this, there are to-day countless invalids who can trace their complaints to "colds," which at the time of occurrence gave no concern, and were therefore neglected.—When troubled with a cold use Chamberlain's Cough Remedy.
