### A MONDERFUL FILTER.

HOW THE BLOOD IS KEPT PURE.

Health Comes From Pure Blood, Which Depends on the Filter Within You--Your Kidheys Are Nature's Filter.

Pure blood nourishes the body.

Now blood is made every saluate. As it goes to the lungs, and then passes through the body, it deposits new flesh, fat, bones, etc., and takes up worn out matter.

If the kidneys are perfectly this worn out matter is filtered from the blood and thrown out of the body. If the kidneys are sick they not analy leave bad matter in the blood but sometimes take out the good. Nothing is more pulsoneous than bad blood. A proof of this is Rheimattism, which is simply blood poisoning. Bright's disease is the kidneys working the wrong way by taking good food from the blood.

Our kidneys are very important ofgans, simply because we don't take enough care of them, we are sick oftener than we need be. Rheimattism, Bright's Disease, Ameenia, Neuralgia, Pain in the Back, Dizzines, Bladder Traubles, Gravel, Diabetos, Sloeplesness. Nervousness, etc., are distressing "allseases." But back of them all are the sick kidneys.

"diseases." But back of them all are the sick kinneys.
Once these filters are made to work perfectly, all such diseases vanish.
All can be cared by Dr. Hobbs Sparagus Kidney Pills which have a special curative action on the kidneys. By revitalizing the kidneys, Dr. Hobbs Sparagus Kidney Pills give them new strongth. Their sickness is cared. The filter is cleared and renewed. You feel a great difference at once. Your complexion will clear, your whole body gets renewed life.

There seemed to be two elements in the uprising, one of peasantry, discontented and suffering with heavy taxation, and the other incited by socialist clubs known as the Fasci dei Lavoratori. The latter was shown to be supported liberally with arms and money, and was intended to spread as a revolutionary movement to traly. There was no further development of the plot in Italy, however, than slight outbreaks in the province of Massa Carrara and at Leghorn.

#### The Business Outlook,

NEW YORK, March 14.-R. G. Dun & Co.'s weekly review of trade says: Waiting is still the rule. Large hope, but little netual business explains the strength of some markets and the weakness of others. The feeling that the spring of 1806 ought to bring larger business will not suffice to meet expenses all the season if the larger business does not come. It is especially noteworthy that prices of materials have varied quite differently from prices of manufactured products, although in most cases the advance last fall was commenced by extraordinary uplifting of prices for materials.

Death of a Washington Ex-Police Chief. Washington, March 14.—William B. Webb, formerly a member of the board of commissioners of the District of Columbin, died here last night, aged 70 years. He was at one time superintendent of the local police department. While commis-sioner he had special charge of the public schools, and during his administration manual training, sewing and cooking schools became a feature of the system. He was a lawyer by profession.

Harry M. Fowle Sentenced. BOSTON, March 14.-Harry M. He was indicted upon twenty-two counts for forging indorsements of checks extending from November, 1863, to January, 1865, and it is estimated that he secured \$47,500, which he spent in extravagant living.

When the Governor Explained the Senstor Who Had Been Most Bitter in De-nunciation Apologized—No Nearest a Sets nunciation Apologized-No Nearer's Settlement of the Senatorial Deadlock.

FRANKFORT, March 14.—The Democrats are proposing compromise measures. This work was begun by Senator Stevenson offering a motion to reconsider the action of the senate in expelling Senators James

scored the governor. He called for the adoption of the resolution.

Senator Goebel spoke equally as bitter. He said the governor had no right to interfere with the rights of the senate.

Salyer (Dem.) said it was the duty of the schale, out of respect to the governor, to send a committee to find out from that official if he had issued such an order. "If it is found?" and he with the this found," said he, "that the governor has issued such an order, then I am in favor of passing the resolutions, but let us not act hastily,"

Bronston said: "Never will that com-

militee go to the governor with my con-sent or with my vote. I denounce the act of the governor, if it were with the last drop of my blood. It is outrageous and unlawful, a treacherous act. I denounce it," he almost screamed, amidst the pounding of the gavel and the suppressed hum of many voices. "Let the governor leave us alone. Pass the resolutions and condemn the man who is governor by actiont. I denounce his action, and am ready as a Kentuckian and as a man." Then, white with anger, the senator sat

Senator Sayler arose and said that he was not willing to insult the governor of Kentucky, and moved to refer the motion offered by Bronston to the committee on rules, and this was done.
