Elect Senators by Popular Vote.

WASHINGTON, March 14.—At a full meeting of the committee on privileges and elections Senator Mitchell, chairman of the committee, was authorized to report his joint resolution proposing an amendment to the constitution of the United States providing for the election of United States senators by a direct vote of the people. The vote in committee was 5 to 4, three Republicans and two Democrats voting in the affirmative and two Republicans and two Democrats against.

Matchler Not a Candidate.

EASTON, Pa., March 14.—Ex-Congressman Howard Matchler denies the published statement that he is a candidate for the Democratic nomination for congress from the Eleventh district. He does not say positively, however, that he will not enter the race. Congressman Hart is a candidate for re-nomination, and Senator Shull, of Stroudsburg, has also announced himself. Charles F. Chidsey, of Easton, will probably be the Republican candidate.

Chicago's Great Clothing Strike.

CHICAGO, March 14.—In aid of the cutters who are now out on strike in this city 8,000 Chicago union garment workers have declared a sympathetic strike. This will cause the idleness of as many more persons for whom there will be no work during the idleness of the cutters, trimmers and tailors. The sentiment in favor of the strike was practically unanimous.

Blown Up by Natural Gas.

CINCINNATI, March 14.—A peculiar accident took place yesterday afternoon at the establishment of Rheinstrom Brothers, on Pearl and Main streets. An artesian well was being sunk on the premises, and at the depth of 300 feet a vein of natural gas was struck. This rushed up into the boiler room and caused a frightful explosion, blowing off the roof and wrecking the boilers and other machinery. Engineer Eugene Kaefer was seriously hurt and two others slightly injured. The fire engine next door quickly subdued the fire.

McLaughlin's Conviction Affirmed.

NEW YORK, March 14.—The appellate division of the supreme court has affirmed the conviction of William W. McLaughlin, an ex-police inspector. McLaughlin was convicted last May of extortion in receiving \$50 from Francis J. Searist, Jr., through the medium of his wardman, James Burns, while he was captain of the first police precinct. He was sentenced to two years and six months' imprisonment in Sing Sing. A stay was granted him and later a third trial ordered.

Antonowicz Case Settled.

A not. pros. was yesterday entered in the case of Joseph Antonowicz, of town, charged with perjury. Antonowicz wanted to marry Ella Lukus, the step-daughter of George Suchalsky, of West Coast street. The marriage was stopped at the altar of the Lithuanian church by the sudden appearance of Suchalsky, who opposed the wedding and subsequently charged that Antonowicz committed perjury in swearing that the girl had reached the age of consent.

Strong Endorsements.

One of the best spring medicines on the market to-day is Paine's celery compound, acknowledged by leading physicians throughout the country to be what the proprietors claim for it. This medicine is not to be confounded with the hundreds of common preparations placed upon the market—it is the discovery of Prof. Phelps, of Dartmouth College, and is prescribed by leading physicians in their daily practice. Its merit is fully attested by the large sales in Shenandoah, the truth of which can be verified by inquiry at any of the local druggists.

Political Gossip.

The Tamaqua Recorder of this week comments on political matters as follows:

M. M. Burke, Esq., of Shenandoah, one of the brightest young Democrats in the county, would make a rattling strong candidate for Congress. He has the ability, is not connected with any "ring" and is no man's man. The young Democracy of the Mahanoy and Shenandoah valley would rally to his support en masse.

James McElhenny, a former Tamaqua boy, has been mentioned frequently as a candidate for County Commissioner on the Republican ticket. Mac is too modest by half, and if his friends, who are legion, want him to fill that office, they will have to work up his boom for him themselves.

A big fight will be made against Mr. James B. Reilly, by the young Democracy of the Mahanoy and Shenandoah valleys should he be a candidate for Congress again, all because certain of the young element of that party in that section have been disappointed.

Case Settled.

Steve Zeanal appeared before Justice Shoemaker yesterday and swore out a warrant for the arrest of John Czdwardski, for the breaking of three panes of glass in one of the windows of Zeanal's residence, on South Main street. Czdwardski confessed having broken the panes with a stone and settled the case by paying costs and damages.

Brennan for Commissioner.

Daniel E. Brennan, one of the most prominent Democrats of this borough, has announced himself as a candidate for the office of County Commissioner. Mr. Brennan has always been prominent in the party circles, and it will be a pleasure for every Democrat to support the party and him when the time comes. 3-9-14f

"The Country Circus."

The name of C. R. Jefferson, Klaw & Erlanger, have been identified with the leading dramatic attractions of this country, during which period they have produced upwards of fifty plays, all remarkable for superb mounting and the excellence of their casts. It is doubtful if they have ever done better than with the "The Country Circus" which will be the attraction at Ferguson's Theatre next Monday evening, combining as it does three shows in one, interesting and amusing plays, a circus parade with its horses, chariots, bands, animal cages, etc., and a genuine old-fashioned circus, with its graceful equestrianism, wonderful acrobats, trained ponies, funny clowns during gymnast, and many other sensational features. Notwithstanding the enormous expense attached to this enterprise, the prices will not be raised. It is almost a certainty that the theatre will be crowded to the doors.

Assistant to Supt. Veith.

George Scott, who resigned the position of District Superintendent for the P. & R. C. & I. Company at St. Nicholas, to enter into a partnership with ex-Senator King some seven years ago, will re-enter the company's service again, this time as assistant to Mining Superintendent Veith. He is now temporarily attending to the duties of Division Superintendent Schreffler, at Ashland, who has been ill for a long time past. Mr. Scott is one of the brightest of the younger mining men of the region and ranks high in his vocation, and his selection to the responsible position indicates that his former superiors value his services very highly.

An Old Journalist.

The Rev. Archibald Ross, of Brooklyn, N. Y., who is visiting the coal regions of Pennsylvania, partly on the health tour and partly to disabuse his mind of any false impressions he may have gathered regarding the coal industry and the life of the miners, has long been a journalist on the Montreal press, before identifying his interests with the politics of our Commonwealth. His life sketch first appeared in the Newtown Register, Long Island, N. Y., in 1861, and he is proud to say that from the year 1846, in Ontario, Ont., when but eleven years of age, to the present time, he has held close relations to the press. He is now lecturing on various topics, and preaches in Mahanoy Plains to-morrow morning, and in Union church, Morva, at 7 o'clock in the evening.

A Catholic Y. M. C. A.

It is possible that at the next monthly meeting of the Archdiocesan Union of the Roman Catholic church a movement will be started to establish an organization in the church similar to the Young Men's Christian Association. Such a movement has been discussed for some time by various Roman Catholic societies, and the delay in taking concerted action has been solely to the fact that no one was ready to take the initial step. Many prominent Roman Catholics are heartily in favor of the movement and will contribute financial aid for its completion.

Whitehouse Case Ended.

There were between 90 and 100 cases at the present term of Criminal Court in which nolle prosequi have been entered and among them the case of Joseph Whitehouse. It was disposed of yesterday. Whitehouse was formerly employed at the Shenandoah City colliery as an assistant boss in the breaker and was arrested several months ago on charges of larceny and forgery proffered by the P. & R. C. & I. Co. The specific charge was that he drew wages from the company on fictitious names.

McHenry's Burlesque Company.

The above company will appear at Robbin's Opera house this evening, at popular prices. They have been playing to crowded houses throughout the county. Frank L. Arnold, character vocalist; Mason and Mack, comedians; Elvin and Franklin, the comedy tramps, and the largest chorus of pretty girls playing in Pennsylvania, are among the cast. One of the chief attractions is the bare-footed Trippy dance. The Tamaqua Courier says: "McHenry's English Swells Big Burlesque Company, which played at the opera house last night, gave a very good performance and by special request the company will show again to-night, when the barefoot Trippy dance will be reproduced. Will be no different from that at the World's Fair." It

PAINE'S CELERY COMPOUND.

Mrs. J. A. Sample OWES Her Strength to This the Best of All Remedies.

For the unfortunate who lie awake, staring at the ceiling and counting the strokes of the clock, every sleepless night is an eternity.

Mrs. J. A. Sample, of 1588 Broadway, New York city, was afflicted with insomnia until her nerves were on the verge of prostration. She thinks her condition was due to indigestion. Here is what Mrs. Sample says:

"I have used Paine's celery compound with marked and decided benefit. It is especially useful in insomnia, arising from indigestion and poorly nourished nerves.

"I should add that my granddaughter, Vera Haelegh, was so thin and puny at the age of ten as to cause us the greatest anxiety. We had no difficulty in inducing her to take Paine's celery compound. To-day the roses bloom in her cheeks, and I never saw a healthier, stronger child than Paine's celery compound has made her.

The brain is the centre of the nervous system. Sleep alone rests this vital organ, together with the nerves. During the waking hours the nervous system works incessantly. Poor sleep means a poor nervous condition, and prolonged insomnia leads in every case to prostration, and too often to dread insanity. The mischief that results from weakened nerves is much greater and more destructive than most folks ever dream of.

The all-important thing for nervous, run-down persons, and for those who are losing sleep is that Paine's celery compound builds up the whole physical system, and by improving the digestion and regulating the nerves it insures sound, refreshing sleep.

In winter most women and many men lead a hothouse life. A flagging appetite, a disposition to pick at the dishes, and that, rather than to eat a square meal, is among the early indications of failing health. Then comes delay in falling asleep and the fretful, uneasy feeling the next day.

Deliverance from such a miserable condition by the use of Paine's celery compound has caused men and women from every section of the United States to write sincere, hearty words of praise and thankfulness for this grand invigorator. People enjoying perfect health sometimes wonder at this gratitude; but whoever has suffered from prostration of the nerves, of which insomnia is one of the symptoms, will understand how hard it is to overstate the benefit of this condition. And whoever has been made completely well by Paine's celery compound feels that no words can overstate the joy and gratitude such persons feel.

This is the state of mind of thousands of nervous, sickly, broken-down persons who have used Paine's celery compound and been made well.

Mrs. Sample tells of the happy result in the case of her grandchild. One of the most conspicuous instances of the remarkable power of Paine's celery compound over debility is shown in the relief it has afforded children. Of course the dose is adapted to the age of the little patient. The compound purifies the blood and corrects any tendency to constipation. Pale, puny children are made vigorous, rosy and healthy by this incomparable remedy.
