REPUBLICAN STATE CONVENTION.

To the Republican electors of Pennsylvania: The Republicans of Pennsylvania, by their duly chosen representatives, will meet in State convention Thursday, April 22, 1896, at 10 o'clock a. m., in the opera house, city of Harrisburg, for the purpose of nominating two candidates for representative-at-large in Congress and thirty-two candidates for Presidential electors, the selection of eight delegates-at-large to the Republican National convention, and for the ratification of such other business as may be presented.

By order of the State Committee.
M. S. QUAY, Chairman,
Attest: JERRY H. IRVING, Secretary,
W. R. ARDREWS, Secretaries.

The man with the new bicycle is in the dumps, all because of the snow which renders the roads unfit for riding.

There is a perceptible calmness in political circles in this county just now. There is always a calm before a storm.

The role of "Governor of Kentucky" as played by actor Wm. H. Crane is a great deal easier than the role of Governor of Kentucky as played by the real Governor these days.

As between Senator John Sherman and Senator David B. Hill, touching the position our government should assume in the Cuban question, the public will be found on the side of Senator Sherman.

A FRENCH scientist says he has discovered a method of applying the X rays to bombs so as to disclose their contents. It would be more to the purpose to go ahead with brain radiography and keep under inspection the man who is thinking bombs.

LAWYER SHOEMAKER, one of the counsel for Holmes, the murderer, has been suspended for one year from practice before the courts of Philadelphia. He was charged with attempted subordination of perjury in having a woman make a false affidavit.

The reappearance of Judge Pershing upon the bench during the term of criminal court just closed is followed by the announcement that the calendar was nearly cleared up—very few cases going over until next term. We congratulate His Honor upon his recovery and the county upon having the use of his valuable services again, and hope it will so continue.

The manufacturers of jellies who have heretofore made all kinds of jellies out of apples, flavored them with different flavors and put them on the market labeled as peach, strawberry, plum, etc., can no longer indulge in this gentle deception, thanks to the pure food law. They now label the jars as of a certain flavor, and have dropped the word jelly, so that when the purchaser gets a jar labeled apple, he knows he is not getting the genuine article, and pays for what he gets. There was a great deal of swindling in this direction before the pure food law went into effect.

The Philadelphia Times to-day quotes Senator Quay as follows: "McKinley will probably have about 322 votes on the first ballot in the convention, Governor Morton about 125, Senator Allison 123 and Speaker Reed 120." The Junior Senator says nothing as to the probable vote he will have in the convention, but he does not believe McKinley will be nominated. The latter, in the opinion of Senator Quay, waded out of his depth when he formulated the financial plank on which he stands. Pennsylvania's "favorite son," whenever he subjects himself to an interview, usually speaks near the mark, and his statement that the "Protection Napoleon" will not be nominated will be generally accepted as a forecast to be guided by.

ST. PATRICK'S DAY.
To-morrow, even will be the favored color. The sons of the Emerald Isle will honor their natal day, and many a true Irish heart will beat with gladness and pride while the brave and noble deeds of Ireland's saviors, warriors and patriots are recounted in song and prose.

Shenandoah will observe the day with a parade under the auspices of the St. Patrick Society. This is an annual custom on the part of that organization and kindred societies who delight to march to the tune of "St. Patrick's Day in the Morning."

The history of Ireland furnishes many names which every descendant of the Irish race love to honor, but among that number there are four which stand out in prominence—Burke, O'Connell, Parnell and McCarthy. These men have figured prominently in the political history of that country. Edmund Burke's eloquence, his command of language and the power of argument wielded by him in debate stamps him as one of the greatest names in the history of political literature. His efforts in behalf of the amelioration of Ireland, his speeches upon the American Revolution and his whole parliamentary career are matters of interesting history for the present generation.

Daniel O'Connell is another who has achieved greatness in Irish political history, and whose labors for the betterment of the condition of Ireland and the mass of her people were taken up by Charles Stewart Parnell. Like O'Connell, the latter has a bright spot in the affections of the people of the Green Isle. The present leader of the National party in Parliament, Justin McCarthy, is a man of vast attainments. These names, linked with that of Robert Emmet, are held in fond remembrance by all Irishmen and their descendants.

A School Teacher's Suit.

Richard Tobin brought suit before a Potomac Justice on Saturday for salary during his term as teacher in Potomac, and he was awarded judgment for \$250, one month's salary. It appears that Mr. Tobin was elected in 1894 to serve three years as principal of the fifth Carbon school. A special meeting of the Board was held on Washington's Birthday and he was ousted and Richard Powell was elected to fill the vacancy. It is alleged that the reason for ousting Tobin was because he closed his school on election day and worked for the election of two of his friends for School Director, who were opposed by other members of the Board. Tobin has also brought suit against Secretary Champion for carrying concealed weapons and threatening him. Champion is under bail. Tobin has also entered suit against a member of the School Board for keeping a speak-easy and a member of the faction opposing Tobin has prosecuted two of his friends, who run licensed places and are charged with selling to minors and on Sundays and election days.

May Breathe a Stock Yarn.

The Mahanoy City American says that a prominent Lehigh Valley official has asked every employe in the Delano shops if they would buy coal from the company providing that the proper means for receiving it were furnished them, and all of the workmen answered in the affirmative. It is thought the company contemplates erecting a stock yard at Delano, for the sale of coal both to its employes and the public at large.

The Ground Hog Again.

Yesterday it was six weeks since the ground hog saw his shadow and returned to winter quarters. Yesterday he came out again, and as the weather was still cold he returned, and according to tradition we must suffer two weeks longer with the extremely unpleasant weather of the past six weeks.

Shenandoah's Regalia Factory.

On Saturday R. H. Morgan, the regalia manufacturer, furnished the German-American Fire Company, of Mahanoy City, with caps and belts. The belts are for the officers and are tan-colored with the title of the office in red letters, while the caps are for the members generally, and have the initials of the company on the band.

Found Guilty.

The jury in the case against John De Napoli, Antonio Clado and Louis Folino, who are charged with buying stolen goods from John McGuire, the freight car robber, could not bring in a verdict on Saturday, because there was no judge to receive it. A sealed verdict was opened this morning finding the accused guilty as charged.

A Little Girl Burned to Death.

CAMDEN, N. J., March 16.—Martha Wolsbrod, a 5-year-old child, was burned to death in her parents' home on Saturday. The little girl's mother went out shopping, leaving her daughter locked in the apartments. During her absence Martha undertook to build a fire in a small stove. Her dress caught fire, and she was unable to extinguish the flames. Other tenants, in the dwelling heard the girl's screams, and battered down the door, but the child was fatally burned, and died just as her mother returned.

Poison in the Coffee.

CHAM, Mo., March 16.—The family of W. B. Taylor, a wealthy farmer, was mysteriously poisoned here on Saturday. The drug is supposed to have been introduced in the coffee, though by whom or for what purpose is a mystery. W. B. Taylor died Saturday night, and his three sons, one of their wives and Taylor Criman, a cousin, are dying. It is rumored that a near relative of the family administered the poison. There is much excitement.

Death of Ex-Governor Ireland.

SAN ANTONIO, Tex., March 16.—Ex-Governor John Ireland, of Seguin, died here yesterday of neuralgia of the heart. He was born in Hart county, Kentucky, in 1827; came to Texas in 1853, served in the Confederate army, and after the war in the legislature, on the supreme bench, and two terms as governor. Twice he came near being elected United States senator, being always a staunch Democrat.

Setback for Ohio Populist Silverites.

CLEVELAND, March 16.—The Populist state executive committee met here yesterday and decided to hold the state convention on Aug. 15, either in Springfield or Dayton. This is said to be a defeat for the silver men in the party, who wanted the state convention held before the national convention, so that they could get some representation at the St. Louis convention.

Terrific Hailstorm in Australia.

MELBOURNE, March 16.—A terrific hailstorm occurred here, the hailstones being the largest on record. Windows were smashed and buildings were unroofed and wrecked by the force of the storm. Shipping also was damaged and sunk, and trees were uprooted. One woman is reported killed.

Father and Son Burned to Death.

GENEVA, O., March 16.—Two Italians named Taddeo, father and son, section hands on the Lake Shore railroad, were burned to death Saturday night. The little house in which they lived caught fire, and the two occupants had not time to escape.

Scrofula Broke Out

On our boy when a baby. We gave him most treatment without avail. Noticing in the papers Hood's Sarsaparilla was recommended for scrofula and blood diseases we gave it a trial. We soon saw a change for the better. He has taken four bottles Hood's Sarsaparilla and is now entirely well, hearty and free from all scrofulous symptoms. I have also taken three bottles for nervous headache and catarrh. It gave me great relief. Mrs. T. M. SMITH, Rutherford Glen, Va.

Let The Whole World Know The Good Dr. Miles' Heart Cure Does

HEART DISEASE, has its victim at a disadvantage. Always taught that heart disease is incurable, when the symptoms become well defined, the patient becomes alarmed and a nervous panic takes place. But when a sure remedy is found and a cure effected, after years of suffering, there is great rejoicing and desire to "let the whole world know." Mrs. Laura Winegar, of Selkirk, Kansas, writes: "I desire to let the whole world know what Dr. Miles' Heart Cure has done for me. For ten years I had pain in my heart, shortness of breath, palpitation, pain in my left side, oppressed feeling in my chest, weak and hungry spells, bad dreams, could not lie on either side, was numb and suffered terribly. I took Dr. Miles' Heart Cure and before I finished the second bottle I felt its good effects, I feel now that I am fully recovered, and that Dr. Miles' Heart Cure saved my life."

Dr. Miles' Heart Cure Restores Health.....

Dr. Miles' Heart Cure is sold on guarantee that first bottle benefits, or money refunded.

BUGGETS OF NEWS.

Pearl Eytling, the actress, a victim of the morphia habit, has been again removed to a New York hospital, suffering from dementia.

Judge Tomey, of Louisville, Ky., fined himself \$5 for "contempt of court" in arriving late, but he subsequently remitted the penalty.

William H. Madden, ex-chief clerk in the special assessment department of Chicago, is under arrest at Mobile, Ala., charged with forgery.

Peter Anderson, the supposed murderer of Mary Fox, whose body was washed ashore on Long Island, has been locked up for trial at Glen Cove, N. Y.

The three Roy brothers and another "regulator," who had beaten Mark Lazaro, a prominent citizen of Ville Platte, La., engaged in a fight with the deputies at Opelousas, La., and all three were wounded, one fatally.

Look Out for breakers ahead when pimples, boils, carbuncles and like manifestations of impure blood appear. They wouldn't appear if your blood were pure and your system in the right condition. They show you what you need—a good blood-purifier; that's what you get when you take Dr. Pierce's Golden Medical Discovery.

It carries health with it. All Blood, Skin, and Scaly Diseases, from a common blotch or eruption to the worst Scrofula, are cured by it. It invigorates the liver, purifies and enriches the blood, and routes every organ into healthful action. In the most stubborn forms of Skin Diseases, such as Salt-rheum, Eczema, Psoriasis, Erysipelas, Carbuncles, and kindred ailments, and with Scrofula in every shape, and all blood-taints, it effects perfect and permanent cures of the worst cases.

Victory for American Chess Players.

BROOKLYN, N. Y., March 16.—Amid a scene of wild excitement the American chess team beat the British team by four and a half to three and a half games Saturday evening, and this in spite of the fact that the American games did not look promising in the morning when play was resumed at the Bank building at Court and Romsen streets. The Americans on some of the boards fought up hill games and kept their ground well in the remaining games.

Possible Death in the Cheese.

HARRISBURG, March 16.—Isaac Enders and his three children are lying dangerously ill at their home in Enders, this county, as a result of eating impure cheese. The cheese was purchased at a grocery store at Lykens, and the family ate of it freely, and soon after were taken ill. A physician being summoned said the cheese had poisoned them.

Suicide to Avoid Arrest.

KANSAS CITY, Kan., March 16.—To escape arrest for embezzlement of government funds Frank Mapes, postmaster for this city, committed suicide yesterday in his own residence. On Thursday last two postoffice inspectors arrived here and made an investigation of the office. As they pursued their investigations Mapes became nervous and depressed in spirits. The inspectors finished their work Saturday night, and their investigation proved the postmaster to be an embezzler from the general funds of the office to the amount of probably \$5,000. Mapes undoubtedly knew the condition of his trust, and it is evident he feared arrest.

An Assignment, Not a Failure.

ST. PAUL, March 16.—Patrick H. Kelly, well known Democratic politician and leading merchant, has filed an assignment for the benefit of his creditors to John E. Meagher, of Mankato, Minn., who will qualify in a bond for the amount of \$300,000, which gives some idea of the size of the failure. As no schedules have yet been prepared, and no figures are given out, this is the only means of knowing the size of the failure. Mr. Kelly's attorney says there is no need for any failure as far as financial difficulties are concerned, but that the assignment has been made in order to close up the estate more easily.

THE RAINES EXCISE BILL

Ex-Senator Thomas Platt Explains and Defends the Measure.

NEW YORK, March 16.—Ex-Senator Thomas Platt gave out a statement last night of his views on the Raines bill, which is now awaiting Governor Morton's signature, having passed both houses. The statement in part follows:

"New York has long preserved an enviable notoriety among her sister states for the number of her saloons. We have staggered along with our drinking place to 100 people, while our more sensible neighbors in other states have made out to exist with only one saloon to 317 people. It is not denied that the places where liquor is sold will be reduced at least 40 per cent., or that between 9,000 and 10,000 saloons will go out of existence at once. Is it necessary to point out the immediate great reduction of poverty and crime which is certain to follow such wise legislation?"

"The bill furnishes instant relief to the taxpayers. The state's share of the income from the bill will not be less than \$2,700,000, and the share of the different towns and counties will not be less than \$5,000,000. The measure raises the money to pay one-third of the state's entire expenses every year, and it is believed by those who ought to know that its reduction of local taxes will be nearly the same."

"The bill does a much to take the liquor business out of politics as it is possible for legislation to do. It substitutes one responsible authority, which covers the whole state, for the hundreds of petty excise boards which have thus far existed. It wipes out forever in New York Tammany Hall's power over the liquor sellers, and releases them from their control over their purses. It makes it impossible for any political organization to harass the liquor interest. It will be impossible for a 'dive' to exist under its provisions."

Relief in Six Hours.

Distressing kidney and bladder diseases relieved in six hours by the "New Great South American Kidney Cure." This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by Shapira's pharmacy, 107 South Main street.

Dr. Peters' Brutiities.

BELLEVILLE, March 16.—The Peters scandal has done the government more harm than anything the opposition could have devised. Colonial adventures have already cost the government a loss of 30,000,000 marks. The papers are now ransacking Peters' writings to discover instances of his boasting of his own brutiities. One instance cited is that once his expedition was passing a herd of cattle, and the herdsman politely requested him to go around, instead of through the herd. Peters' only answer was with his revolver, with which he shot the herdsman dead on the spot. It is evident that the government has resolved to throw Peters over altogether.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding Nature in the performance of their functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at A. Waseley's drug store.

Bishop Williams Accepts.

MARQUETTE, Mich., March 16.—Dean G. Mott Williams yesterday announced in St. Paul's Episcopal church that he had accepted the bishopric of the Marquette Episcopal diocese, and that he had sent a letter to Bishop Williams, of Connecticut, containing his formal acceptance. Doubt existed as to Dean Williams' course, owing to charges brought against him. He will be consecrated three weeks hence.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had Consumption and that there was no hope for her but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching Consumption, tried without success everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at A. Waseley's drug store. Regular size 50c and \$1.00.

The Castellanos Living Happily.

PARIS, March 16.—The persistent report in New York that the Count and Countess (nee Ann Gould) Castellanos have separated is absolutely false. They are living together on the best possible terms. The countess is obviously delighted with her high social position and all that it implies, while her husband is manifestly delighted with the increased opportunities afforded by his marriage.

God's American Volunteers.

NEW YORK, March 16.—Henceforth the followers of Ballington Booth will be known as God's American Volunteers. Commander Booth announced the name of the new organization Saturday afternoon, and the christening was attended by the enthusiastic cheering of a large number of the commander's supporters, who happened to be at the Bible House headquarters.

THE WEEK IN CONGRESS.

The Naval Appropriation Bill Will Come Up in the House.

WASHINGTON, March 16.—A variety of matters make up the program for the week in the house. This is committee suspension day under the rules, and several bills will probably be called and acted upon, among them the Oklahoma homestead bill. The bill for the reform of the administrative features of the tariff law, which has been carefully formulated as a result of extensive hearing before the ways and means committee, will be brought forward tomorrow. As the administration of the customs laws is largely a technical matter, concerning which there is little general information, the bill probably will be passed in a day unless a general tariff discussion is precipitated. The naval appropriation bill will follow. It is not believed that it can be disposed of this week, but if it should be the report of the elections committee in favor of reappointing Mr. Hoarner from the Fifth Louisiana district will be called up.

The indications are that the Cuban question and the Dupont election case will continue to claim the greater share of the attention of the senate during the present week, though other matters undoubtedly will be considered at different times. An agreement was reached two weeks ago, before the Dupont case was taken up, that the bill for the settlement of the accounts between the United States and the state of Arkansas should be made the unfinished business for today. If this agreement is observed it will, for the time at least, displace the Dupont debate. There also is an understanding that in case it is made apparent that the Cuban matter can be speedily disposed of the managers for Mr. Dupont would not stand in the way.

Not to be Trifled With.
(From Cincinnati Gazette.)

Will people never learn that a "cold" is an accident to be dreaded, and that when it occurs treatment should be promptly applied? There is no knowing where the trouble will end; and while complete recovery is the rule, the exceptions are terribly frequent, and thousands upon thousands of fatal illnesses occur every year ushered in by a little injudicious exposure and seemingly trifling symptoms. Beyond this, there are to-day countless invalids who can trace their complaints to "colds," which at the time of occurrence gave no concern, and were therefore neglected.—When troubled with a cold use Chamberlain's Cough Remedy. It is prompt and effectual. 25 and 50 cent bottles for sale by Gruhler Bros' druggists.

Earthquake Shock in Chile.

SANTIAGO, Chile, March 16.—A series of earthquakes occurred on Friday throughout Chile. One shock was the strongest and longest that has occurred here for many years. It lasted for two minutes. Buildings were damaged here and in Valparaiso, and the people were stricken with panic and passed the night in the open air.

Simon S. Hartman, of Tunnelton, West Va., has been subject to attacks of colic about once a year, and would have to call a doctor and then suffer for about twelve hours as much as some do when they die. He was taken recently just the same as at other times, and concluded to try Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says: "I took one dose of it and it gave me relief in five minutes. That is more than any thing else has ever done for me." For sale by Gruhler Bros' druggists.

A Big Verdict.

DELUITH, Minn., March 16.—The jury in the suit of F. A. Stratton, of Johnson City, Tenn., vs. A. G. and E. T. Merritt, et al., has returned a verdict of \$194,000 for the defendants after being out twenty-four hours. Stratton sued on a note for \$4,100, indorsed for accommodation by the Merritts. The defendants pleaded that they were entitled to \$175,000 damages on the ground of fraud. The suit grew out of a coal and iron deal. Shortly after the verdict was announced Stratton was arrested.

All last winter Mr. Geo. A. Mills, of Lebanon, Conn., was badly afflicted with rheumatism. At times it was so severe that he could not stand up straight, but was drawn over on one side. "I tried different remedies without receiving relief," he says, "until about six months ago I bought a bottle of Chamberlain's Pain Balm. After using it for three days my rheumatism was gone and has not returned since. For sale by Gruhler Bros' druggists.

The Bermuda Steals Away.

NEW YORK, March 16.—The steamship Bermuda, recently seized by the federal government while attempting to leave this harbor on a supposed filibustering expedition to Cuba, and afterward released, left her anchorage in the upper bay and proceeded to sea yesterday. She cleared for Vera Cruz. This morning's Press says: "Despite the efforts of the Spanish cables, ministers and spies in this country, the vessel has on board, bound for the island where freedom is the one thought of their lives, that identical cargo of ammunition that was seized some time ago. On another vessel, it is understood, are a score or more of men who are to be transferred to the Bermuda somewhere on the high seas."

Rheumatism Cured in a Day.

"Mystic Cure" for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits; 75 cents. Sold by C. H. Hagenbuch, Druggist, Shenandoah.

Tax Collection Causes a Riot.

CHICAGO, March 16.—A small riot occurred in the small town of Miles Centre, in this county. The fight originated in an attempt of Tax Collector Hassel to obtain the poll tax of Fred Kragbein. The collector and Kragbein had a fight, and later Hassel and two of his friends were attacked by a crowd of Kragbein's sympathizers. Both sides were reinforced and a battle followed. Kragbein fatally stabbed Henry Lochner, a friend of Hassel, and in return Lochner's friends pounded him so that he cannot live. A dozen heads were broken, but none were seriously hurt except Lochner and Kragbein.
