EVENING HERALD

FRIDAY, MARCH 20, 1896. NEW JERSEY LEGISLATURE.

Three Cent Fare Bill Overwhelmingly Defeated in the House.

TRENTON, March 20.—The house yesterday defeated Assemblyman Bullock's bill providing for three cent fares on street railways during the morning and evening hours. The bill received only seven votes. The house also defeated Assemblyman Minch's bill reviving the law repealed last year under which newspapers published the laws at an annual expense of nearly \$100,000. The house judiciary committee submitted to the assembly an opinion from Attorney General Stockton as to whether the present laws of the state are sufficient to prevent combinations to shut out competition in the sale of necessities of life. At the same time the committee introduced a bill in accordance with the suggestions of the opinion. The attorney general says that the present laws are sufficient to restrain such combinations if their existence can be established, but that it is frequently difficult to secure the proof.

At last night's session the house defeated Assemblyman McPherson's bill to take from the state board of health the appointment of the state dairy commissioner and vest the same in the governor. The bill was directed against the present incumbent, George W. McGuire, a Democrat.

FIFTY POINTS.

Happenings Throughout the Region Chronicled for Hasty Perusal.

The first day of spring. Kehley Iron colliery was idle to-day, the mines being flooded. The rain yesterday did excellent work in pavement cleaning. Two new school houses are to be erected in Porter township.

John W. Cooper, for many years a contracting builder of Hazleton, has announced his retirement from business. Andrew Meluskey is moving into the store room on South Main street recently vacated by the Hoover Mercantile Company.

Hazle Council, Jr. O. U. A. M., of Hazleton, has set the ball rolling for a monster Fourth of July celebration in that city. Shenandoah can have a good base ball club this season, but not without financial backing and energetic, enterprising management.

The winter terms of the State Normal schools and colleges are drawing to a close and the students will soon be home again. The Hoover Mercantile Company, of Ashland, yesterday purchased a fine pair of gray horses from Wm. Niswenter, the liveryman. Rev. Nathan B. Durrell, pastor of St. Paul's church, Lancaster, was stricken with apoplexy in Philadelphia during the M. E. conference. Rev. Durrell is well known here.

Willie and John Lally, aged respectively 6 and 4 years, sons of John Lally, of Girardville, will go on the stage as dancers in the fall. They have an European engagement at \$150 a week—Ashland Telegram. Division Supt. Monroe T. Schreffler has not yet been able to resume his duties, though he is gradually recovering from his recent severe illness. It may be several weeks before he gets into the harness again. Berwick is in a flutter of excitement over the assignment of \$40,000 made Wednesday by C. C. Long, manager of the Berwick company store. Long was sent to Arkansas on business and during his absence expert accountants revealed a condition of affairs that brought about the assignment.

Surely Most Welcome News to Sufferers From Female Complaints.

It is a fact that our women who suffer from female complaints and are consequently weak, tired, nervous, dragged-out and full of pains and aches, do not have the same opportunity to be cured as do the residents of the great cities where the most successful specialists in female diseases reside. In other words, our women are debarred from seeking a cure by the great and skilled physicians owing to the cost of travel to the large city and the high fees charged by such specialists.

Here, therefore, is a chance for the sick and suffering women of our community which should not be lost. Dr. Greene, of 35 West 14th St., New York City, who has the largest practice in the world and who is without doubt the most successful specialist in curing female complaints, offers to give free consultation by mail to all women suffering from these distressing weaknesses, discharges, pains and irregularities. You have the privilege of consulting Dr. Greene by letter describing your complaints and he will, after carefully considering your condition, send a letter carefully explaining all your symptoms, telling you everything about your complaints so plainly that you will understand exactly what ails you. He will also give you his advice, based upon his vast experience and wonderful success in treating such cases, as to just what to do to get cured. All this will cost you nothing and you can thus have consultation with the best known and acknowledged most successful specialist in the world without leaving home and at no expense whatever. The doctor is the discoverer of that greatest of all known medicines, Dr. Greene's Nervum blood and nerve remedy, and he has discovered many other most valuable remedies. Write to him now about your case, for this is a chance to get cured which you may never have again.

Rev. Noble Vindicated.

The committee appointed at the Central Pennsylvania Conference, in session at Williamsport, to reopen the case of Rev. W. F. D. Noble, former pastor of the Ashland M. E. church, and who was suspended from the ministry by a court of inquiry that convened at Lewistown last November, and sustained charges of misappropriating the money of the church, preferred against him by the local church officials, brought in their report. They could find no foundation for the charges made against him, and they reversed the decision of the Lewistown court, and unanimously recommended that he be restored to the ministry again, and be admitted to the rights and privileges of the Conference, which recommendation was adopted by the Conference.

School Term Closes. The winter term of the Kutztown State Normal School will close this evening and the event will be celebrated by an entertainment to be given under the auspices of the Keystone Society, which is connected with the school. Shenandoah has been doubly recognized by the society this year, Mr. J. B. Edwards having been elected its vice president, and Mr. Frank Conry assigned to give the principal declamation. Shenandoah has six representatives at the school, Messrs. Walter Seltzer, L. B. Edwards and Frank Conry and Misses Gibson, Graham and Lynch. They will return to their homes tomorrow. Mrs. P. Conry and daughter and Miss Graham left for Kutztown to-day to attend the closing exercises.

An Arbitration. T. B. Beddall, Esq., James Grant and William Krick are sitting as arbitrators in the office of M. M. Burke, Esq., in the case of Samuel Block against John Dowling and Thomas Bolla. Dowling caused goods and chattels valued at \$75 to be seized for rent and Bolla, as Constable, executed the writ. Block brought suit in replevin and it is upon that suit that the arbitration is held. The levy was made on the 7th of last December. Dowling claimed one month's rent amounting to \$40. Block says he does not owe it, as Dowling failed to keep his contract to make repairs, etc. J. H. Pomeroy and E. W. Shoemaker, Esqs., represent Block and M. M. Burke, Esq., is defending Dowling and Bolla.

THE WARNING SALVATIONISTS.

Under No Circumstances Will Ballington Booth Abandon His Movement.

New York, March 20.—Commissioner Eva Booth and the other officers at the Salvation Army headquarters in West Fourteenth street are busy making arrangements for the big meeting and demonstration to be held in Carnegie Music Hall on March 31 to welcome Commissioner Booth-Tucker, of Washington, D. C., the newly appointed commanders of the army in this country.

There will be a torchlight procession, in which all the officers and soldiers of the army in this city and the neighboring district will take part. Many field officers from various cities all over the country have been invited. Commissioner Eva Booth started for Chicago, where she will address a mass meeting tomorrow night. Ballington Booth was asked regarding the reports that Commissioner and Mrs. Booth-Tucker, upon their arrival here, acting under instructions from General Booth, will try to induce him to abandon his independent movement. The ex-commander said:

"I do not know that the new commissioners will take any such action as indicated in the reports. Of this I am certain, however, they will not succeed. Any intercourse between myself and Commissioner and Mrs. Booth-Tucker that may occur will be of a purely social character. If they should call to see me with a view to inducing me to return to the army, and I know that to be the object of their visit, I do not know that I would see them. In fact, I think I would not."

Acquitted of a Serious Charge.

READING, Pa., March 20.—After having been on trial two days the case against David W. Barlow, charged with having caused the death of Miss Cora Kapp, was concluded yesterday, and resulted in a verdict of acquittal. Barlow, who had been in prison for several months, was released from custody.

Diseased Cattle Shot.

WILKESBARRE, Pa., March 20.—Fifty-nine registered Jersey cows on the farm of B. W. Edwards, near Leesville, Bradford county, were shot yesterday by order of Dr. Pearson, state veterinary surgeon. A post mortem showed that the cattle were badly diseased.

The Coal Trade.

From Seward's Coal Journal. There is little change to note in the conditions surrounding the Anthracite trade. Demand at present is dependent entirely on the weather and there is no great tonnage likely to be moved. Output is very well, so that there is no incentive to make a cut price in order to move the product of the mines. Most of the coal now going forward is likely to realize the net circular price and this ought to put the companies in good condition. With a continued adherence to the present policy there is no question but that the year 1896 will yield a far better result to the parties engaged in mining and carrying this fuel to market than was the case last year.

To Push the Cuban Debate.

WASHINGTON, March 20.—The supporters of the Cuban resolutions probably will make an effort today to get the opponents of the measure to agree to taking a vote on Monday. Senator Hale, who is leading the opposition, when asked if he would assent to this proposition said he did not consider it possible to conclude the debate by Monday, as there were at least a dozen speeches to be made yet. The supporters of the resolutions say they feel no uneasiness as to the final result when reached. There is some talk of night sessions if the debate is prolonged much further.

Disastrous Fire in Providence.

PROVIDENCE, R. I., March 20.—A fire which caused the destruction of the Masonic Temple and considerable other property, entailing a loss of \$300,000 or more, broke out in the Temple, a five story brick structure, yesterday. The building in which the flames originated, with its contents, was burned, and two smaller buildings adjoining were crushed to the ground by the falling walls. It is thought the fire started in the boiler room and swept through the elevator shaft to the floors above.

Deadly Duel in Hungary.

BUDA PESTH, March 20.—A duel with sabers was fought yesterday between Baron Joska, representative of the Imperial cabinet in the Hungarian council of ministers, and Baron Klebelsberg, in which the latter was mortally wounded. The duel grew out of a letter published by Baron Klebelsberg reflecting upon Baron Joska, who, becoming incensed at the purport of the letter, challenged the writer.

No Light on the Paterson Mystery.

PATERSON, N. J., March 20.—The jury in the case of the murdered music teacher, Mary E. Sullivan, rendered a verdict that she had come to her death at the hands of a person or persons unknown. The testimony presented threw no light upon the case, and the jury was out only a few minutes.

Be a Well Woman! Only One Remedy that Will Make You So--Paine's Celery Compound.

Why not be a well woman this spring? There are women who cannot tolerate the smallest neglect about the house who too often take no care of their health. They should use these precious March days for getting strong and well by taking Paine's celery compound—the greatest of all spring remedies. Miss Elsie M. Brown, of 2 Leeds St., Dorchester, Mass., whose picture is given above, wrote the 3th of this month as follows: "Four or five years ago, I suffered with dreadful pains in my back (owing to my kidneys), so much so that night after night I could not close my eyes, and what few hours sleep I did get, I could be heard moaning and tossing, showing that even in my sleep, I suffered pain. At times I would have more pain than usual over my left hip, and when waking in the morning it would be all I could do to stretch my limbs down

straight, as there would be a drawing and trembling of the cords. Besides such torture, I began to blast a great deal. "After suffering for some time, a friend advised me to try Paine's celery compound. I can truthfully say that after using four bottles I was cured; not helped, but cured." If you have any doubt at all these spring days about your health—if neuralgic twinges, kidney troubles, dizzy spells, indigestion or heart palpitation show themselves, don't wait for plainer warnings. Make a clean sweep of all these ailments from the system. It is easiest to do this now, as spring is approaching. Take Paine's celery compound when the system is most responsive to its cleansing, strengthening influence. An improved appetite, sound digestion, uninterrupted sleep, and an energetic condition, are the result of taking Paine's celery compound.
