REPUBLICAN STATE CONVENTION.

To the Republican electors of Pennsylvania:
The Republican of Pennsylvania, by their duly
chosen representatives, will meet in State con-
vention Thursday, April 23, 1908, at 10 o'clock
a. m., in the opera house, city of Harrisburg,
for the purpose of nominating two candidates for
representative-at-large in Congress and thirty-
two candidates for Presidential electors, the
selection of eight delegates-at-large to the Re-
publican National convention, and for the
transmission of such other business as may be
presented.

By order of the State Committee,
J. S. QUAY, Chairman,
A. H. HENRY, Secretary.

COUNTY CONVENTION CALL.

Notice is hereby given to the delegates, who
attended the last Republican County Con-
vention, that in accordance with Rule 7, of the
Republican rules of Schuylkill county, a con-
vention will be held at Conestoga Hall, Pottsville,
on Saturday, April 11, 1908, at 10 a. m., for
the purpose of electing two delegates and two
alternates for the National Convention to be
held at St. Louis, Mo., on June 16th, 1908; and
also at the same time and place to select delegates
and alternates to represent the several Repre-
sentative districts of this county to the State
Convention to be held at Harrisburg, Pa., on
Wednesday, April 23rd, 1908, in accordance with
the rules.

By the Executive Committee,
HERD W. PAYNE, Chairman,
Ashland, Pa., March 19th, 1908.

SATURDAY was a field day for Senator
Quay, and none of Hanna's "lubricating oil"
was used.

RUMOR has it that Shenandoah's opera
house is to be remodeled. This is an old
chestnut and the patrons of the place will
believe it when they see the "improvements."

CHRIS MAGER is the embodiment of a
political boss, yet a county seat paper goes
into assents trying to make him appear
otherwise. Mark Hanna, apparently, has
paid a visit to the county seat.

JUDGE ENGLISH, of Berks county, has
decided that a teacher in his school is invested
with the same authority as the parent.
There are quite a number of the latter in
this town who think differently.

REPUBLICAN clubs composed of white
voters are beginning to appear in South
Carolina, one in Charleston having over 1000
members. There are many sensible men in
the state who want something better than a
choice between worn-out politics and Till-
manism.

THE friends of Thomas Van Dusen, of town,
are prevailing upon him to allow the use of
his name in connection with the nomination
of County Commissioner on the Republican
ticket. Mr. Van Dusen has not yet consented
to become a candidate. His nomination
would certainly add strength to the ticket.

WHILE our Republican friends below the
mountain are greatly exercised over the
national delegate plum, their brethren in
this section are dwelling in perfect harmony.
There is but one name mentioned in this
connection, that of Joseph McConnell, of Ash-
land. He will be one of the two national
delegates to represent Schuylkill county at
the St. Louis convention.

PRESIDENT HARRIS, of the Reading rail-
road, estimates that the original contents
of the anthracite coal fields amounted to
about 14,433,400,000 tons, of which 824 per
cent. remains to be worked. We can have
coal at the rate of 60,000,000 tons a year for
100 years to come, he says, and so we need
not begin to bother about that matter until
after several more Presidential elections.

THE mainly attitude of Thomas R. Reed
in declining to enter the local territory of an
aspirant for the Presidential nomination is in
direct contrast to the tactics pursued by
the McKinley managers. His letter to a
prominent Republican in Allegheny county,
refusing to have his name go before the
county convention in opposition to Senator
Quay, is commendable and will win him many
votes at St. Louis. He is only following a
party precedent long established, and his
attitude is in exceedingly good taste.

A LONG address to the voters of Arkansas
has been issued by a committee of prominent
Democrats of that state suggesting a bolt
in the event of the refusal of the Chicago con-
vention to endorse the free silver heresy.
The document is a candid and vigorous one,
interspersed with picturesque references to
"the falling millions," "the womb of the
future," and "the standards of Jefferson and
Jackson." It was not written for fun,
evidently, but with a serious purpose. The
Southern and Western states, it says, should
send delegations to Chicago resolved to accept
no compromise on the silver question, but to
insist upon an unequivocal declaration in
favor of the free coinage of the white metal
and, if the platform or the candidate do
not suit them in that respect, to withdraw
and declare themselves to be the true Na-
tional Democratic Convention.

MAJOR JOHN F. FINNEY, principal officer
of the Miners' Journal Printing Company,
and manager of its business affairs, this
morning announced himself, through the
columns of his paper, as a candidate for na-
tional delegate, and among other things says:
"In all that lifetime Mr. Finney has never
sought or held office of emolument, or public
position of profit. He has been contenting
himself with being simply a worker, striving

for the good of the cause he advocated and
taking, demanding and receiving no reward
for the faithful performance of what he con-
sidered a duty and a pleasure. Being as he
is herein portrayed, feeling as he does in
entire unanimity with all who have the well-
fare of Republicanism and the government
at heart, Mr. Finney formally announces
himself to-day as a candidate for national
delegate, and he holds forth his past record
as a stalwart Republican, a good citizen and
an unswerving voter in the ranks of his
party as the reasons for his preference to the
distinguished honor he seeks."

By April 1 thirteen Republican state
conventions for the election of delegates to
the National Convention will have been held,
and eight more have been called for April, so
that by May 1 probably a definite estimate
can be made as to the relative strength of the
several candidates.

Manfield's Princely Salary.
CHICAGO, March 23.—What are said to be
the largest terms ever before paid to a
dramatic artist will be given Richard
Manfield, next season by Daniel Frodman,
of the Lyceum theater, New York, who
has been in Chicago the last week. Mr.
Frodman has affixed his signature to a
contract which absolutely guarantees Mr.
Manfield \$100,000 for next season's work,
and \$100,000 for each and every season un-
til the year 1909. The principal productions
will be made at Manfield's own
theater (the Garrick) in New York.

Census Records Destroyed by Fire.
WASHINGTON, March 23.—Fire broke out
early yesterday morning on the first
floor of Martin's hall, 915 E. street, N. W.,
the whole of which is occupied by the
United States census bureau. It spread to
the second and third floors, and dam-
aged the building to the extent of \$10,000,
and all the records of the census office
were either soaked with water or ruined
by fire. Census office officials say that a
great many of the papers that had been
burned could be easily spared.

Building Blown to Pieces.
NILES, Mich., March 23.—The frame
building containing a grocery store of
Gates & Ritter, at Dowagiac, was blown
to atoms late yesterday afternoon. The
roof was thrown high in the air. Reshore's
floor emporium on one side and Bangs'
saloon on the other side were slightly
damaged. The plate glass in the building was
hurled across the street. Many windows
opposite were broken. The cause was the
ignition in some unknown way of some
powder on the ground floor. Nobody was
injured.

Eight Armenians Were Killed.
WASHINGTON, March 23.—The Turkish
legation has received the following tele-
gram from the sublime porte: On Friday
an Armenian having wounded a Muslim
man at Kils, with a pistol shot, a brawl
took place between Mussulmans and Ar-
menians. Of the latter eight were killed
and ten wounded. Four Mussulmans
were wounded. The authors of this in-
cident were immediately arrested and
sent to prison to await trial. All goods
that were stolen from a few shops have
since been discovered and restored to
their owners.

A Kentuckian's Mysterious Disappearance.
CATLETTSBURG, Ky., March 23.—G. M.
Witten, ex-mayor, ex-police judge and re-
tired banker, has been missing since
March 14. The river and Catlett creek
have been dredged in vain and inquiries
sent to all parts of the country, but no
trace of the wealthy man can be found. He
is prominently connected here, and no ex-
pense is being spared to solve the mystery
of his disappearance, for which no cause
can be learned. He had about \$5,000 on
his person when last seen here.

Burglar Tobin Held for Murder.
WEST CHESTER, Pa., March 23.—Deputy
Coroner Russell held an inquest upon the
body of Daniel Queen, the colored man
who died in the hospital, and rendered a
verdict to the effect that he came to his
death from a gunshot wound. James
Tobin, the burglar who fired the fatal
shot, will be given a hearing tomorrow.
The commonwealth will urge a conviction
on the charge of murder in the first de-
gree.

Brooklyn Trolley Men May Strike Again.
NEW YORK, March 23.—The executive
committee of District Assembly 75, Knights
of Labor, is to meet this week to hear
reports as to the organizing of the men on
the surface railroads in Brooklyn. There
is little doubt that the conductors and mot-
ormen on the Brooklyn trolley lines are
going to renew their demands this sum-
mer for twenty-five cents per day advance
in wages and other conditions.

Pennsylvania and Maryland Mine Scale.
PHILADELPHIA, Pa., March 23.—On and
after April 1 the miners in Centre, Clear-
field, Cambria, Jefferson, Bedford and In-
diana counties, in this state, and in the
Cumberland region, in Maryland, will be
paid forty-five cents per gross ton or forty
cents per net ton. Notices to this effect
are now being posted throughout this
section.

Let The Whole World Know The Good Dr. Miles' Heart Cure Does

HEART DISEASE has its victim at a
disadvantage. Always taught that
heart disease is incurable, when the
symptoms become well defined, the patient
becomes alarmed and a nervous panic takes
place. But when a sure remedy is found
and a cure effected, after years of suffering,
there is great rejoicing and desire to "let
the whole world know." Mrs. Laura Wine-
inger, of Selkirk, Kansas, writes: "I desire
to let the whole world know what Dr. Miles'
Heart Cure has done for me. For ten years I had
pain in my heart, shortness of breath, palpi-
tation, pain in my left side, oppressed feeling in my
chest, weak and hungry
spells, had dreams, could not lie on either
side, was numb and suffered terribly. I took
Dr. Miles' Heart Cure and before I finished
the second bottle I felt its good effects. I feel
now that I am fully recovered, and that Dr.
Miles' Heart Cure saved my life."
Dr. Miles' Heart Cure is sold on guarantee for
that first bottle benefits, or money refunded.

LYNCHED BY MOUNTAINEERS.

William Murphy Dragged from Jail and
Hanged to a Tree.

CHATTANOOGA, March 23.—A mob took
William Murphy from the jail at Hunts-
ville, Tenn., Saturday midnight and
strung him to a tree. The villagers know
nothing of it till the body was found hang-
ing from a honey locust tree yesterday
morning, not eighty paces from the old
log calaboose. Murphy was in jail await-
ing trial for the murder of Bill Nowlin, a
miner, three weeks ago at Pioneer, Camp-
bell county, which adjoins Scott county,
in which the lynching occurred. About
thirty mountaineers with handkerchiefs
over their faces did the lynching.

The leader wore no disguise, but seemed
to be a stranger. He knocked at the door
and awakened Jailer C. C. Ellis, repre-
senting that he was a deputy sheriff with
a prisoner he wanted locked up. As the
jailer opened the door he was covered with
a large army pistol and the keys de-
manded. He refused to surrender the
keys. The mountaineers drew revolvers
on the jailer's frightened wife and daugh-
ter, and they got the keys and gave them
to the mob. Murphy was found, praying
for mercy. He begged hard for his
life, but if they would kill him he begged
not to be dragged or choked to death. He
was roughly dragged out and hung to the
nearest tree. Murphy and his victim were
both miners. Murphy leaves a widow and
several children at Junction City, Ky.
Huntsville is near the Kentucky line.

A Tempestuous Voyage.
NEW YORK, March 23.—The American
bark Carrie L. Tyler arrived yesterday
from Demerara after a tempestuous pas-
sage of fifty-four days. March 1, when
about 250 miles south of Sandy Hook, the
wind came out from the northwest and
blew with hurricane force, accompanied
by fearful seas. The storm continued for
several days, and the Tyler drifted 140
miles south of Bermuda. There she ran
into another strong gale from the west
and north-west, accompanied by heavy
seas. Her after rail was carried away, the
cabin flooded, and other damage was done
about the decks. The sailors suffered
greatly from exposure and well nigh
worn out from excessive toil in working
the vessel into port. Captain Tillotson
said the weather was the worst he had
ever encountered in his thirty-five years'
experience at sea.

Didn't Like His Preaching.
SARON, Tex., March 23.—Rev. J. D.
Thorton, a preacher living near here,
was warned to preach no more in the re-
gion. He refused to obey the order, and
Saturday night he was taken out by a
mob, who whipped him severely with
switches. He has many friends, and the
affair has wrought the community up to
a high pitch.

Three Friends Returns to Jacksonville.
JACKSONVILLE, March 23.—The steamer
Three Friends arrived in port yesterday
with the arms and ammunition still on
board. A denial was made by the captain
that the vessel has been anywhere except
to Key West. He says that General Cal-
houn was not on board.

A Million Gone Up in Smoke.
PITTSBURGH, March 23.—A disastrous fire
Saturday night in the smelting depart-
ment of the copper works of the Pennsylv-
ania Salt Manufacturing company at
Natrons caused a loss estimated at \$1,000,-
000. The buildings destroyed covered
nearly four acres of ground. The output
of the plant was about 100,000 ounces of
silver and 4,000,000 pounds of copper a
month. The fire started by the blowing
out of a furnace, the hot metal igniting
with some waste near the mouth.

Crash on New York's Elevated.
NEW YORK, March 23.—A wildcat en-
gine running at full speed crashed head on
into an elevated express train. The smash
up occurred near the corner of Columbus
avenue and One Hundred and Ninth
street, sixty feet above the street. Four
men, all employees, were seriously hurt.
The train, known as the matinee and
shopping express, was crowded with
women and children. By good fortune
they all escaped anything more serious
than bruises and a bad shaking up.

Explosion Dynamite Kills Two.
ELLIOTT CITY, Md., March 23.—Leo Wil-
liams, of Charlestown, W. Va., employed
in the grading of the Edmondson avenue,
Catoonsville and Elliott City Electric
railroad, placed thirty-six large sticks of
dynamite near an open fire, when the
whole exploded, killing Williams instantly
and injuring John H. Claggett, ex-tax
collector of Howard county, so that he died
in a few hours. Mr. Claggett was just
passing the place at the moment of the
explosion.

All last winter Mr. Geo. A. Mills, of
Lebanon, Conn., was badly afflicted with
rheumatism. At times it was so severe that
he could not stand up straight, but was

Probably Cuban Filibusters.
CHINCOTEAGUE ISLAND, Va., March 23.—
A body of strange men are encamped on
Assateague beach, and it is believed by
residents on the island that the strangers
are a crew of filibusters who are preparing
to leave for Cuba on a steamer that is to
call for them. The men came ashore more
than a week ago, being lauded in row-
boats from a small steamer which pro-
ceeded down the bay. When questioned
the men said they had been put ashore
while the steamer went down to Norfolk
to coal, and that they are awaiting the re-
turn of the steamer. Residents of the
island believe, however, that the strangers
are a part of the expedition that was to
go on the Bermuda.

THE WEEK IN CONGRESS.

An Attempt to Force the Cuban Resolu-
tions to a Vote.

WASHINGTON, March 23.—The outlook
as to the proceedings in the senate for the
present week is not very clear. Nothing
is certain except that Senator Sherman
and others of the supporters of the Cuban
resolutions will attempt to force them to a
finality. Whether they will succeed in this
will depend upon various considerations,
the most important of which is the
question as to whether the legislative, ex-
ecutive and judicial appropriation bill
shall be pressed in advance of the Cuban
debate by the committee on Appropriations.

Senator Hale, who is leading the oppo-
sition to the conference report on the
Cuban resolutions, is the second member of
the committee on Appropriations, and his
influence will naturally be cast for the dis-
placement of the Cuban discussion by the
appropriation bill. It is confidently ex-
pected that the legislative bill will be dis-
posed of during the week, so as to have it
out of the way for the postoffice bill, which
is to be the next appropriation bill re-
ported. There probably will be two or
three days debate upon this bill.

No definite program has been arranged
for the house this week. The naval ap-
propriation bill, which is the next supply
bill to be taken up, has not yet been re-
ported to the house, and until it is that
body will drift along, occupying itself
with such minor matters as may be called
up by the committees. It is thought, how-
ever, that the naval bill will be reported
by Wednesday or Thursday at the farthest.

Not to be Trifled With.
(From Cincinnati Gazette.)
Will people never learn that a "cold" is an
accident to be dreaded, and that when it
occurs treatment should be promptly applied?
There is no knowing where the trouble will
end; and while complete recovery is the
rule, the exceptions are terribly frequent,
and thousands upon thousands of fatal ill-
nesses occur every year ushered in by a little
injurious exposure and seemingly trifling
symptoms. Beyond this, there are to-day
countless invalids who can trace their com-
plaints to "colds," which at the time of
occurrence gave no concern, and were there-
fore neglected.—When troubled with a cold
use Chamberlain's Cough Remedy. It is
prompt and effectual. 25 and 50 cent bottles

Murder Conspirators Convicted.
CHICAGO, March 23.—The jury in the
case of W. J. Webber and his brother, J.
G. Webber, charged with conspiracy to
kill F. V. Hamlin, secretary of the Kilmer
Bale Tite company, returned a verdict of
guilty against both men. After the court
had given both prisoners undetermined
sentences W. J. Webber was stricken with
paralysis and fell to the floor unconscious.
During the illness of Secretary Hamlin
W. J. Webber took the latter's position,
and it is claimed, hired his brother and
Richard Moloney to murder Hamlin for
\$10,000, so that W. J. Webber could re-
tain the position permanently.
