Discharged With a Reprimand.
William Haines, a young man who says he is a miner and boards at No. 131 North Market street, was arraigned before Justice Williams at about ten o'clock last night on complaint of William Seward, of West Line street. The latter stated that he has been missing articles from his property for some time and has not been able to trace them. Last night his daughter went to the stable to milk the cow and saw in the yard a man who ran away from the premises. When ready to retire for the night Seward's son went to the stable to lock the doors. He found Haines on the premises and grabbed him. Haines broke away, but after a chase by Seward and his son, was recaptured and turned over to Special Officer Hughes and Policeman Foltz. Haines said he was drunk and intended to go into the stable to sleep when he met Seward's son, who grabbed him and shouted for his father. Haines claims the encounter and shouting alarmed him and he broke from his captives and ran away. Justice Williams committed the prisoner in default of \$200 bail for a further hearing at 10 o'clock this afternoon. At the appointed hour Mr. Seward appeared and said he had learned that Haines heretofore enjoyed a good reputation and he believed that the young man told the truth when he said he was only going into the stable to sleep. He was therefore not disposed to press the case. Special Officer Hughes also spoke favorably for the prisoner and he was discharged upon promising to reform.

A Good Thing for the People.
There are thousands of people, who while not exactly sick, are out of order or ailing in some way. They don't feel well and can't understand what the trouble is. You can learn exactly what ails you, without its costing anything, by writing a letter to the noted and successful specialist, Dr. Greene, of 35 West 14th St., New York City, and telling him just how you feel. He will answer it, explaining every symptom in your case and telling just what to do to get well. He gives most careful attention to every letter, and makes his explanations so clear that you understand exactly what the matter is, and how to cure it. And all this costs you nothing.
He makes a specialty of treating patients through letter correspondence, and this method has proved wonderful success. His vast experience enables him to understand from reading your symptoms, the exact nature of your complaint. He is the discoverer of that wonderful remedy, Dr. Greene's Nervura blood and nerve remedy, the best medicine in the world, and he has discovered many other valuable remedies. People living at a distance from the city will at once see the great advantage of this system of consultation and treatment by letter correspondence. No long journey and no doctor's fee. Write him and it will doubtless be the means of your getting strong and well.

Tamaqua Light Question.
Judge Savidge yesterday refused to grant a preliminary injunction restraining the Borough Council of Tamaqua from executing the conditions of a contract with the Edison Electric Illuminating Company for lighting the streets. The contract was made September 2nd, 1895, pursuant to a resolution of the Town Council, passed August 29, 1895, and duly approved by the Chief Burgess. It is a five year contract and provides for 80 ten ampere, 50 volt, vandle power arc lights at \$75 per light per year, to be paid monthly. Had the injunction been granted the borough would have been in darkness until the case is settled.

Shooting Affair at Mt. Carmel.
Edward Stein, 19 years of age, of Mt. Carmel, in a quarrel, was shot in the left wrist by John Camp, 17 years of age. The two boys, with a number of others, collected at a street corner early in the evening and soon began an animated discussion in which something was said by Stein which aroused Camp's temper. The latter warned Stein not to repeat it or he would shoot him. The warning was not heeded, and a minute later Camp pulled a revolver, and taking quick aim fired at Stein, the ball entering the latter's wrist. Stein's wound is not serious. Young Camp claimed he did not mean to shoot Stein, he only wanted to scare him. Camp was arrested. A warrant was issued for W. K. Lord, who sold the revolver to Camp, and he was arrested.

He Took a Drop.
Last night Constable Matt, Gibbon, with the assistance of Chief of Police Tash, arrested one Mike Kredish in Schmidt's row, on South Market street, on a charge of assault and battery. The arrest was made after a hard struggle. Kredish fought like a lion. He struck Gibbon in the mouth and hit Tash in the face twice. He was finally brought to his senses by a few punches from Tash and Gibbon's judicious use of a mace. As none of the cells in the lockup are fit for use it was necessary to put the prisoner in the Council Chamber, but the presentation was taken to place handcuffs on him. The other occupants of the place say that at about midnight Kredish succeeded in getting one of his hands free from one of the handcuffs. He then raised one of the windows of the chamber and dropped to the alley leading from the street to the lockup. He has not been seen since. The prisoner took big chances, as the drop was fully 25 feet. Constable Gibbon said to-day that the drop was worthy of liberty. The charge against the prisoner was not a serious one.

Famous Malcom-Love Pianos.
O'Neill Bros., the progressive furniture and music dealers, are again to the front with another announcement of the arrival of a large consignment of pianos of the famous Malcom-Love make. Their success in the sale of these pianos during the holiday season was so marked and elicited so much praise from the general public they feel assured of a hearty endorsement from prospective customers, who put off the purchase of a piano until spring. The price on these world-renowned pianos do not vary, but are sold on merit. Reliability, superiority of construction, excellent tone, quality and exquisite case designs are prominent characteristics of the Malcom-Love pianos. 21

All Chicago Knows Him.

W. W. Watson, Leading Real Estate Man, Restored to Health by Paine's Celery Compound.

CHICAGO, March 25.—Mr. W. W. Watson's reputation throughout the West for unerring judgment in the valuation of land has made him foremost among the most conservative, careful class of investors in Chicago. Unlike many hard driven business men, the owner of "Alpine Heights," that splendid suburb of Chicago, has not neglected his health on account of his exacting business. The following unrequested statement from Mr. Watson shows how consistent with his life-long, careful, conscientious and successful business habits has been his attention to getting well. He states in the Times-Herald: "Upon the recommendation of a friend, I used Paine's celery compound for headaches, constipation, indigestion and loss of sleep, and found it all it was recommended to be. I suffer no more from headaches, sleep soundly at night, and am now in perfect health. This is the only medicine that I have ever taken for these complaints, which has benefited me at all."
W. W. WATSON,
225 Dearborn street.

compound to banish the unhealthy atmosphere and make things bright and cheerful again. It is the only spring remedy universally prescribed by physicians. It makes people well by giving them a hearty appetite and a relish for their food. Hard-worked men and women, the nervous, weak and debilitated, get new strength, fresh nervous energy and a purer, more vigorous blood supply from Paine's celery compound. This most valuable nerve and brain invigorator and restorer practically demonstrates the life-long conviction of its eminent discoverer, Professor Phelps, M. D., LL. D., of Dartmouth College. Professor Phelps was for a long time convinced that sound nutrition was the keystone of firm health, and that where there were signs of poorly nourished nerve tissues, and of thin, pale-colored blood, some means must be devised to supply these deficiencies briskly and rapidly. Professor Phelps prepared Paine's celery compound on this basis. It has proved an invigorator, strengthener and a great spring purifier, such as the world has never enjoyed before our day. To-morrow, or next day, or the day after is not soon enough to look about getting rid of weakness or disease. Take Paine's celery compound to-day. There is no time equal to these early spring days for throwing off poor health. There are few persons who do not need to take a spring remedy. Many not downright sick, but tired or ailing, would be immensely benefited by taking Paine's celery compound, especially at this particularly favorable season of the year. This great compound will banish that tired feeling, cleanse the blood and regulate the nerves.
