**College Reception April 6th.**

Wood's Business College will be open for visitors April 2nd, 3rd and 4th. Registration of students begins at 9.00 a. m., April 6th. In the evening a grand reception will be held in the College Hall, Opera House building. Prof. O. F. Williams, a graduate of Cornell University, now President of Wood's College at Scranton, who was Consul to France during President Harrison's administration, will be the speaker of the evening, assisted by other professional speakers of Shenandoah. The evening's entertainment will be interspersed with selections by the orchestra.

Invitations to the public in general will be distributed this week. All persons presenting this card of invitation on Easter Monday night will receive a handsome souvenir as a memorial of the launching out of a first-class business college in Shenandoah.

The time is fast approaching when this most worthy institution will begin its work; and if you wish to become a charter-member now is the time to secure a scholarship.

Prof. S. I. Wood, president of Shenandoah College, has been prevailed upon by public men of Shenandoah to continue the sale of charter memberships, and he has responded very liberally. Nothing will be left undone that will add to the comforts of students.

See Prof. Thomas Martin, special organizer, at the Ferguson House, if you desire to become a charter member, and save seventy-five dollars.

For constipation and headache, use Dr. Pierce's Pellets.

**Show at Ringtown.**

**Car Wreckers Arrested.**

Last Tuesday night several stones were placed on the track of the Shenaykill Traction Company, near the Bear Ridge colliery, with the evident intention of wrecking cars, but fortunately the plan was discovered in time to prevent an accident. The place at which the attempt was made is on the outskirts of Mahanoy Plane and much like a wilderness. The cars run very fast when passing through it and an accident like the one planned would prove disastrous. Yesterday four Poles were arrested at Mahanoy Plane, charged with being implicated in the plot. The evidence was very slight and Justice Green, of Wm. Penn, discharged all but one, who subsequently gave the names of three other Poles whom, he alleges, helped him place the obstructions on the track. The four prisoners were then given a hearing before Justice Reynolds at Mahanoy Plane and committed to Pottsville in default of bail.

**Stack Builders Overcome.**

Frank Deem and Samuel Woodward, two of the men engaged in building an addition to the smoke stack at the Kaizer brewery, in Mahanoy City, were overcome by sulphur yesterday afternoon. They were rescued by the prompt action of James Millward, the contractor. Deem was removed to his home on East Mahanoy avenue. Drs. Hagenbuch and Seligman worked with him for over an hour before declaring him out of danger. Woodward recovered in a few minutes.

**The Cars Running.**

The cars between St. Clair and Port Carbon began running over the Pottsville and Tamaqua Railway line yesterday afternoon. A temporary arrangement has been made between the two companies. This action is taken to comply with the action of the St. Clair Council demanding that the cars run by noon to-day.

**A Clever Performance.**

The Troadero Specialty Company, which is holding forth at 121 North Main street, present a program at once pleasing and unique. Miss Carrie Monroe, known as the paper queen, being the card de' resistance. The performance is clean and healthy and well worth a visit.

**E. O. F. Officers Elected.**

The following officers were elected at a meeting of J. W. Stokes Lodge No. 515, E. O. F., last night: Noble Grand, E. D. Reiser; Vice Grand, J. Hildebrand; Secretary, J. S. Williams; Assistant Secretary, D. O. Zerby; Trustee, 18 months, G. L. Hafner. P. G. George L. Hafner has been deputized to install the newly elected officers.

**The Shenandoah League.**

An important meeting of the Shenandoah League was held at the headquarters in the Titman building last night and another one will be held on Monday evening, at 7:30 o'clock.

Warning is given against three boys, one about 16 years of age and the others about 12 years. They have been in the habit of frequenting a Main street restaurant and, although poorly dressed, displayed an abundance of money. Last night the oldest of the three was arrested.

**Bank President Beals**

**The Great Financier Found Health in Paine's Celery Compound.**

Prominent among the New England men whose brains and energy have helped to make the western states rich and powerful is General David T. Beals, president of the Union national bank of Kansas City. Successful in his many enterprises, he lives to-day in a fine mansion at the corner of Independence and Wabash avenues.

The work and the responsibility incumbent on the president of so important a banking institution as the Union national would endanger the sturdiest health. Gen. Beals' clear-headedness and good sense were manifest in his business enterprises. He strengthened his tired nervous system by the use of Paine's celery compound. Its invigorating, health-giving effects justified his expectations, and showed in his own case the remarkable power of this much discussed remedy for thoroughly restoring and strengthening "the run-down" system.

"I found Paine's celery compound an agreeable tonic and soothing to the nerves," says Gen. Beals.

These are the concise words of commendation characteristic of the conservative business man and the influential banker, who has learned to weigh well his words.

The sunny sunlight and the stagnant, used up air of living rooms during the winter reduces the strength and nervous energy, especially of persons employed constantly in doors. The need—the absolute necessity—of a genuine invigorator at this spring season has impressed itself on the attention of all thinking people.

In the famous laboratory of Dartmouth Medical School, Prof. Edward F. Phelps, M. D., LL. D., discovered the formula of Paine's celery compound, a remedy that has become the standard nerve restorer, blood purifier, and strengthener from one end of the country to the other, a preparation that stands unrivalled as the medicine that makes people well.

It is a fact much commented upon that men and women of national reputation and prominence, like Gen. Beals, State Treas. Colvin of New York, Mr. Carlisle's private secretary, Mayor McShane of Montreal, Rev. Fr. Ouellet, Com. Howell, and a host of others who are careful what they employ when sick, and have the amplest opportunities for finding out what is best, have of their own accord sent letters describing fully their permanent recovery from rheumatism, heart weakness, sleeplessness, debility, kidney troubles, and diseases of the stomach and liver. In all these cases Paine's celery compound was the one remedy that was able to completely and permanently bring back health, make poor blood again rich and pure, and regulate and build up the nervous system when weakened and deranged.
