REPUBLICAN STATE CONVENTION. To the Republican electors of Pennsylvania. The Republican electors of Pennsylvania, by their duly chosen representatives, will meet in state convention, Thursday, April 2nd, 1896, at 10 o'clock a. m., in the open hall, city of Harrisburg, for the purpose of nominating two candidates for representatives-at-large for Congress and thirty-two candidates for Presidential electors.

By order of the State Committee. M. S. QUAY, Chairman. J. B. ANDREWS, Secretaries.

COUNTY CONVENTION CALL. Notice is hereby given to the delegates who attended the last Republican County Convention, that in accordance with Rule 7, of the Republican rules of Schuylkill county, a convention will be held at Continental Hall, Pottsville, on Saturday, April 1st, 1896, at 10 a. m., for the purpose of electing two delegates and two alternates for the National Convention to be held at St. Louis, Mo., on June 18th, 1896, and also at the same time and place to elect delegates and alternates to represent the several Representative districts of this county in the State Convention to be held at Harrisburg, Pa., on Wednesday, April 22nd, 1896, in accordance with the rules.

By the Executive Committee. HENRY W. PAVSE, Chairman. Ashland, Pa., March 30th, 1896. 3-30-96

THE Philadelphia Times of today credits Congressman Brown with being a candidate for National Delegate in the interest of McKinley. This is news to the people of Schuylkill, as it was generally understood he was for Quay.

THE announcement of Hon. Elias Davis, of Broad Mountain, appears in today's HERALD, seeking the nomination of County Treasurer on the Republican ticket. Elias has a large circle of political friends in this section who will make it interesting for his opponents. His nomination for County Treasurer would add great strength to the ticket.

QUITE a sensation was created in Hazle township when the members of the School Board were arrested, charged with accepting bribes. The misdemeanor complained of was that the Directors, for a consideration of \$1,000, voted for one James P. Costello for superintendent; that they voted for a certain contractor in consideration of 14 per cent of the amount to be paid on said contract. There was a bitter fight for the superintendency, and this suit is the result.

THE officials of the Schuylkill Traction Company should use every means at their command to punish to the full extent of the law the four Polesiders who placed obstruction upon their road. Their intention, as acknowledged by one of the men, was to wreck the car and kill the crew and passengers. The court will have an opportunity to make an example of these bloodthirsty villains which may act as a warning to others of their ilk.

UNDER his appointment of United States Marshal, Hon. James B. Reilly will have the selection of three deputies. It is said the ex-Congressman has a large list of applicants who would like to serve the dear people, and among the number is at least one from Shenandoah. The young Democrats of this town need not have much hope of receiving consideration at the hands of Mr. Reilly—judging from the past. The Immigration Inspectorship at the Port of Philadelphia still looms up before their eyes.

EVERY Republican in Schuylkill county has a high appreciation of Reed, McKinley and Allison, and they all deserve well of the party. But Pennsylvania has a candidate for the presidential nomination, and no where in the state is there a stronger Quay sentiment than in Schuylkill county. The Republican convention to be held in Pottsville on Saturday will undoubtedly elect two delegates to St. Louis favorable to the nomination of Senator Quay, and resolutions will be adopted endorsing his candidacy. To do otherwise would be a misrepresentation of the Republican party of Schuylkill county, the howlings of a county seat paper to the contrary notwithstanding.

INSURANCE COMMISSIONER CLAMBERT strikes out from the shoulder in his annual report on fire insurance. He shows up the weakness of the mutual companies doing business in this state, in a way that must result in some wholesome legislation by the next Legislature. It is surprising, as one reads the criticisms of the Commissioner, how it is possible for the people to be gulled so easily. In no other way will they pay out their money with so little investigation. They appear to be satisfied to take the word of an insurance agent without any qualification whatever, and as a consequence thousands of dollars are being lost every year. In the judgment of the Commissioner mutual companies ought to be restricted as to territory, and other safeguards should be thrown around the insured.

NATIONAL DELEGATE. We have received a communication from a prominent Republican living in Mahanoy City soliciting the information as to who is the choice of this paper for national delegate. It is true the HERALD was the first to announce the candidacy of Joseph McConnell, of Ashland, for the honor of representing

his party at St. Louis, but in doing so we merely expressed the sentiments of the majority of Republicans north of the mountains.

Mr. McConnell has done yeoman service for the party in the past, and we believe he is justified in seeking the distinction and honor. He represents the young element of the party, and is a man of pronounced ideas and the servant of no political "boss." What ever opposition there was when his candidacy was first announced has now disappeared, and the selection of this end of the country his election will be made unanimous.

It is rumored that Senator Quay will be a candidate for national delegate, but this is hardly to be expected in the face of the sentiment of not only the delegates to the convention, but the party members generally. We give the Senator credit for greater prominence as a politician than to knowingly put his head into the lion's mouth. Our Mahanoy City correspondent will think that in presenting the name of Mr. McConnell we were reflecting the sentiment of the great majority of the Republicans of the county, and at the same time paying the way for the reward of a faithful party worker. As to the contest before the assembly, the party voters of that section are well able to make their own selection. It is customary to select a national delegate from each of the two sections. We believe, however, that Congressman Brown is killing the goose that laid the golden egg in asking that he be sent to St. Louis. He has faced well at the hands of the Republican party. But there is such a thing as asking too much, and we think that time has arrived in the career of the Congressman from Schuylkill.

THE AMERICAN VOLUNTEERS. Ballington Booth's New Movement Starts Out Auspiciously in Chicago.

CHICAGO, March 30.—Ballington Booth's followers in Chicago fired the first volley for the new American Volunteers yesterday afternoon at a hall on the west side, in close proximity to Salvation Army headquarters. Majors Blackhurst and Trumble, who arrived from New York to organize the Chicago contingent, were greeted with cheers mingled with countless "amens" and "hallelujahs" when they explained the causes of the revolt. They announced their determination to remain loyal to the standard of Mr. and Mrs. Ballington Booth, and to forever renounce all allegiance to the redrafted soldiers with which they have been identified for years.

Many former prominent members of the Salvation Army grasped them by the hand and co-operated in the organization of the Volunteers. One hundred others enlisted at the meeting in the afternoon, and the number was increased in the evening. As the Volunteer officials approached the hall they were accorded one continuous ovation by a large crowd of people who lined the sidewalks for several blocks. Notwithstanding the public demonstration in honor of the Volunteers, a number of Salvationists who are fighting under General Booth's banner stood on the curbstone and refused to be led into session.

Major Blackhurst was the principal speaker of the day. As the official mouthpiece of Ballington Booth, his remarks created interest. The speaker said that Ballington Booth had been misrepresented, and that the fundamental cause of the whole trouble was the fact that Ballington Booth was in too close touch with American ideas, which conflicted with those in London. He said that Ballington Booth was summarily dismissed by Commandant Herbert Booth, of Canada, who represented the English general. The major confirmed the rumor that General Booth once ordered down the American flag in a certain office of the Salvation Army over which Ballington Booth had jurisdiction, and to this incident Major Blackhurst attributes the widening of the chasm which separated father and son.

Disastrous Fire at Weston, W. Va. WESTON, March 30.—Fire which broke out in the business portion of Weston, this state, shortly after midnight yesterday morning destroyed property to the value of \$100,000, only about one-third of which is covered by insurance. The property burned was about one-half the business portion of the town, which is the seat of the state hospital for the insane. During the fire a suspension bridge which spans the West Fork river, connecting the hospital with the town, gave way with a crash of people. A number of persons were injured in the fall, the most seriously hurt being Deputy Sheriff William Woodell, leg broken in two places, and Henry Fisher, J. S. Mitchell was fatally hurt by a falling wall.

Hawaiians Want a Cable. SAN FRANCISCO, March 30.—Inquiry regarding the terms upon which an American company will be permitted to land a cable on the Hawaiian Islands reveals the facts that the terms are embodied in an act passed by the Hawaiian legislature last August. The Hawaiian legislature offered to let Colonel Spaulding land a cable on any of the Hawaiian Islands, and in addition give him a subsidy of \$40,000 a year, provided he should obtain an equal subsidy from the United States government. Other minor stipulations were mentioned, including a certain number of government messages which should be transmitted without cost.

Plucky Woman Drives Off Three Tramps. MAY'S LANDING, N. J., March 30.—At Esterville, the scene of the Reich tragedy, three colored tramps went to the residence of Somers Collins, and finding that Mrs. Collins was in the house alone, attempted to force an entrance. One of the negroes grabbed Mrs. Collins, who stood on the step. She broke away from him and ran inside the door and bolted it. Mrs. Collins grabbed her husband's gun and ran upstairs. She threw up a bedroom window, and as three men were battering at the door fired at them. They fled into the woods.

Two Dead in a Hotel Fire. GENEVA, N. Y., March 30.—Thomas Danton, one of the boarders in the Ridley House, who is a fireman on a Lehigh Valley train, was burned to death, and Mr. Corlesine, a brakeman, was so badly burned that he died a few hours later. The hotel was discovered on fire at 1 o'clock in the morning, and being a frame structure it was destroyed very quickly. Mr. Spangler, an engineer, was badly burned, and E. C. Young barely escaped with his life.

An Odd Collection. A man in Colorado has a quaint collection of bottles. It is divided into two sections. Section one is large. Section two is not. Section one contains hundreds of bottles, the contents of which his wife swallowed hoping to find relief from her physical sufferings. Section two contains a few bottles that once were filled with Dr. Pierce's Favorite Prescription. It was this potent remedy that cured the suffering wife her health again. It cures all irregularities, internal inflammation and ulceration, displacements and kindred troubles. It has done more to relieve the sufferings of woman than any other medicine known to science.

Marvelous Results. From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at A. Waseley's drug store. Regular size 50c and \$1.00.

THE WEEK IN CONGRESS

Both Houses Will Pay Attention to Appropriation Bills. WASHINGTON, March 30.—The present arrangement in the senate is to take up the bill providing for a settlement of the accounts between the state of Arkansas and the United States at the conclusion of the morning hour today, and to give the day to the bill if necessary to dispose of it. It is doubtful, however, whether further time will be given the bill if it is not out of the way when the adjournment hour is reached tonight. It is expected that the postoffice appropriation bill will be reported from the appropriations committee today, and if it should be the disposition will be to take it up in the senate tomorrow and pass it as soon as possible. Senator Mitchell says that he will ask the senate to proceed with the consideration on the Dupont election case after today, providing appropriation bills do not stand in the way. There probably will be no prolonged debate over the postoffice bill, unless upon the fast mail subsidies, and it will, in all likelihood, be disposed of in two or three days' time.

The sundry civil appropriation bill probably will consume the major portion of the time of the house this week, and by many it is considered doubtful whether it will have been disposed of when the house adjourns next Saturday. The bill will precipitate the general opposition of the Democratic side because of the fact, already pointed out, that for all continuing work now under contract (river and harbor and public building work) the bill carries appropriations for only eight months. This is an entirely new departure and will bring up a discussion of appropriations all along the line. In addition to this the bill carries \$18,000,000, over \$11,000,000 less than the estimates.

It is the intention of Chairman Hitt, of the foreign affairs committee, to call up the conference report on the Cuban resolutions as soon as the sundry civil bill is out of the way. It is not thought that the adoption of the report will encounter much antagonism.

Not to be Trifled With. (From Cincinnati Gazette.) Will people never learn that a "cold" is an accident to be dreaded, and that when it occurs treatment should be promptly applied? There is no knowing where the trouble will end; and while complete recovery is the rule, the exceptions are terribly frequent, and thousands upon thousands of fatal illnesses occur every year ushered in by a little injudicious exposure and seemingly trifling symptoms. Beyond this, there are to-day countless invalids who can trace their complaints to "colds," which at the time of occurrence gave no concern, and were therefore neglected.—When troubled with a cold use Chamberlain's Cough Remedy. It is prompt and effectual. 25 and 50 cent bottles for sale by Grubler Bros.' druggists.

Royalty Comes High. LONDON, March 30.—A report is current that the government will ask the house of commons to increase the allowance of £27,000 yearly granted to the Prince of Wales in behalf of his family. The request will be made on the ground of the heavy expense of the establishment of the Duke of York, the prince's son. The incomes of the prince and princess amount to a total of about £144,734, or \$723,670.

All last winter Mr. Geo. A. Mills, of Lebanon, Conn., was badly afflicted with rheumatism. At times it was so severe that he could not stand up straight, but was drawn over on one side. "I tried different remedies without receiving relief," he says, "until about six months ago I bought a bottle of Chamberlain's Pain Balm. After using it for three days my rheumatism was gone and has not returned since. For sale by Grubler Bros.' druggists.

Killed in a German Duel. BERLIN, March 30.—Three duels have been fought in Berlin within a few days past. One of these presented many features that made the case a very painful one. A barrister named Dr. Zenker challenged Lieutenant Von Kottelbush of the imperial yacht Hochalger, whom he accused of adultery with his (Zenker's) wife. At the fourth exchange of shots Dr. Zenker was shot in the lungs and killed. Another case was that of an officer of the guards who severely wounded a civilian. This prevalence of the dueling habit causes serious comment in Germany.

It removes at once the cause and the disease immediately disappears. The first dose greatly benefits; 75 cents. Sold by C. H. Hagenbach, Druggist, Shenandoah.

Gave His Father Poison. WINSTON, N. C., March 30.—Dr. J. W. Ring, a practicing physician and druggist, and one of the leading citizens of Elkin, Surry county, and several members of his family have been critically ill for several days. Their illness was caused by an attempt of the doctor's son, 16 years old, to poison his father by putting arsenic in a prescription which the young man—a clerk in the drug store—was given to fill. The son's excuse for his action was that he wanted to kill his father because he did not allow him such privileges as he thought he deserved. To prevent his arrest the father gave the son money and sent him to the far west.

Electric Bitters. Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Bile, and other ailments yield to Electric Bitters. Only fifty cents per bottle at A. Waseley's drug store.

But when a sure remedy is found and a cure effected, after years of suffering, there is great rejoicing and desire to "let the whole world know."
