REPUBLICAN STATE CONVENTION.

To the Republican electors of Pennsylvania:
The Republicans of Pennsylvania, by their duly
chosen representatives, will meet in State con-
vention Thursday, April 23, 1896, at 10 o'clock
a. m., in the opera house, city of Harrisburg, for
the purpose of nominating two candidates for
representative-at-large in Congress and thirty-
two candidates for Presidential electors, the
selection of eight delegates-at-large to the Re-
publican National convention, and for the
transaction of such other business as may be
presented.
By order of the State Committee.
M. S. QUAY, Chairman.
Attest—JERE R. BEX, Secretary.
W. H. ANDREWS, Secretaries.

COUNTY CONVENTION CALL.

Notice is hereby given to the delegates, who
attended the last Republican County Con-
vention, that in accordance with Rule 7, of the
Republican rules of Schuylkill county, a con-
vention will be held at Centennial Hall, Pottsville,
on Saturday, April 4, 1896, at 10 a. m., for
the purpose of electing two delegates and two
alternates for the National Convention to be
held at St. Louis, Mo., on June 18th, 1896; and
also at the same time and place to elect delegates
and alternates to represent the several Re-
publican districts of this county to the State
Convention to be held at Harrisburg, Pa., on
Wednesday, April 23rd, 1896, in accordance with
the rules.
By the Executive Committee:
BIRD W. PAYNE, Chairman.
Ashland, Pa., March 19th, 1896. 4-20-96

More protection, more money, more public
improvements, municipal reform—Is Senator
Quay's platform, and a sound one, too.

What will it profit a statesman to gain
national delegate and lose the Congressional
nomination? Respectfully referred to Major
John Ferdinand Finney for solution.

Some writer has said that Lincoln would
not have become the great man that he was
if he had not been disappointed in an early
love affair. Let those who get jilted just
think of this and resolve to become great
men.

To-morrow's convention will decide the
much vexed question as to whether the
Republican party in Schuylkill county is to
be headed to Mr. Binna, body and soul, on a
silver platter.

The Republican county convention to-
morrow will voice the sentiment of a ma-
jority of the Republican voters in this county
by passing resolutions against the election of
J. Donald Cameron to succeed himself as
United States Senator. In the same breath
they might suggest the name of Boies Pen-
rose, of Philadelphia, as his successor.

MR. MCKINLEY has selected the Hon.
Charles Leland, Jr., of Kansas, as his candi-
date for chairman of the Republican National
Committee, to manage his campaign in the
event of his nomination for President. There
is a trifle old saying that it is not well to
count your chickens, etc., which might well be
applied in this case.

MR. ALLISON, having lately grown a
mustache, is now "the man who looks like
Grant." Mr. Cullom is "the man who looks
like Lincoln," and Mr. McKinley, as all the
world knows, is "the man who looks like
Napoleon." But, as for the genial Thomas
B. Reed, of Maine, his motto is "the man
who looks like me." Quay is a handsome
likeness of Ben Butler, and looks like a
winner.

"Lost, strayed or stolen—the little boomlets
of many of Shenandoah's statesmen."—
Joyce's American. If our contemporary will
wait until the convention of to-morrow is
over, he will hear the "boomlets" boom as
only Shenandoah boom can boom. And these
self-same boomlets will not be confined to
the ranks of one party. Boom is the word
in this town just now, and if the aforesaid
boomlets are not forthcoming, why, lookout
for a bomb.

THE card of Phil. Connell, of Girardville,
announcing himself a candidate for Clerk of
the Courts, subject to Democratic rules,
appears in another column. Mr. Connell is
the present efficient and obliging chief clerk
in the Commissioners' office, and every one
transacting business in that office knows
what a pleasure it is to deal with officials like
Mr. Connell. His nomination on the Demo-
cratic ticket would mean a hard battle for
his opponent, whoever he may be.

THE Duke and Duchess of Marlborough
have got home from their honeymoon trip
and are comfortably settled down at Ben-
heim Palace, which was renovated, repaired
and made habitable by the money secured
from the Hamersley estate. It is not pleas-
ant for Americans to see good American
money taken out of this country to Europe
and used to rebuild and repair old ruins,
and it might be good policy to impose a tax
upon the fortunes of American heiresses who
marry across of nobility from over the sea.
About twenty-five per cent. would be the
proper amount to levy in such cases.

Tax milliners throughout town are heels
over head in business just now. They say
they never before were so busy at this time
of the year. The demand for Easter bonnets
is simply immense, and the prevailing styles
will be quite stunning. The girls are almost
wild with excitement in regard to the great
event. This being leap year and the new

woman having materialized, lead new
features of interest to the Easter hat excite-
ment. Young men will do well to be on
their guard, for the new woman is very
aggressive, and being looked up by the
privileges which leap year always brings,
there will no doubt be "have among hearts,"
such as has never before been known.

A Fugitive Embezzler Captured.
CHICAGO, April 3.—The Pinkerton agency
today received word of the arrest in South-
ampton, England, of Matt Adams, the al-
leged defaulting district clerk of Denver,
Arapahoe county, Colo. It is charged that
he fled from Denver in November last with
about \$75,000 belonging to the county and to
various people. He was a prominent
Mason, an Odd Fellow and a well known
Grand Army man. There are indictments
over him in Denver for perjury and for
embezzlement.

son's two ushers at his marriage with

attendant will, it is understood, be Gen-

believed that Mr. Harrison's children will
attend the wedding. They had not, how-
ever, up to last night signified their in-
tentions in this respect.

Hip Disease

Results from a scrofulous and impure
condition of the blood, and it is cured by
Hood's Sarsaparilla the great blood pu-
rifier. The father of a Philadelphia
girl writes this:

"We gave Hood's Sarsaparilla to our
little girl, who had symptoms of hip
disease. She could not put her foot
down on the floor when we com-
menced giving her the medicine, but in a
short time she was able to get off the
couch and to reach her playthings. Since
then she has steadily improved, thanks to
Hood's Sarsaparilla, and her general
health is all that could be desired.
When any of the other children are not
well we give them

Hood's Sarsaparilla
and we earnestly recommend it to others."

May Sell, but Not Manufacture.
DRS. MOORE, IN. April 3.—The Mule
law won a decisive victory yesterday in
the senate, the liquor manufacturing bill
being defeated by a vote of 22 yeas to 37
nays. This vote practically settles the
prohibition fight in this state. It will,
therefore, still have the curious anomaly
of a law which permits liquor to be sold
in this state, but forbids its manufacture
therein.

Jewelry Robbers Sentenced.
BRIDGE, April 3.—Two Englishmen

NEW YORK, April 3.—At the conclusion

ception of a few weeks last fall the manu-
facturers of Bessemer steel in the United
States have been conducting a losing busi-
ness for the past three years. With the
purpose in view of bringing about closer
relations between buyer and seller the
steel men have agreed among themselves
that in the future all negotiations shall be
confined strictly to the producer on one
hand and the consumer on the other. It
is not intended to restrict production ex-
cept so far as such restriction will be
brought about by doing away with ficti-
tious transactions."

During the winter of 1893, F. M. Martin, of Long Reach, West Va., contracted a severe cold which left him with a cough. In speaking of how he cured it he says: "I used several kinds of cough syrup but found no relief until I bought a bottle of Chamberlain's Cough Remedy, which relieved me almost instantly, and in a short time brought about a complete cure." When troubled with a cough or cold use this remedy and you will not find it necessary to try several kinds before you get relief. It has been in the market for over twenty years and constantly grows in favor and popularity. For sale at 25 and 50 cents per bottle by Gruller Bros., druggists.

Eight Explorers Reported Lost.
MINNEAPOLIS, April 3.—A special from Crookston states that letters received there from Rainey River, on the Canadian boundary, report the death on Rainey river of Colonel A. F. Naff, a United States deputy marshal, and an entire party of explorers, all probably eight men. They were on their way to investigate reports of the timber stealing by Canadians along the boundary and tributary waters and were ascending the Rainey by sleighs. They are reported to have broken through the ice and to have been lost.

It will be an agreeable surprise to persons

WASHINGTON, April 3.—President Brew-

tend the meeting of the commission yester-
day. All of the members were present,
and there was further discussion of the
advisability of sending a representative of

Spanish records. It is probable that a de-
cision will be reached upon this point very
soon.

Elliott Will Retain His Seat.
WASHINGTON, April 3.—The Murray-

district of South Carolina, was practically
decided yesterday by an understanding
reached by the house elections committee,
which has the case in charge, that the
present member, William Elliott, who is
Democrat, be permitted to retain his seat.
This is a reversal of the recommendations
of the sub-committee, which reported in
favor of seating George Washington Mur-
ray, the colored contestant. Murray was
the only colored member of the last con-
gress, and would have had the same dis-
tinction in this congress if the committee
had sustained his claims.

AN APPROPRIATION ROW

Congressmen Discuss a Colored
College at Washington.

THE INSTITUTION VICTORIOUS.

Howard University Gets an Appropriation
of \$27,000, with a Provision That No Part of
It Shall be Used for Religious Teaching.
A Political Discussion Precipitated.

WASHINGTON, April 3.—The question of
appropriating public money for private or
sectarian institutions, which was debated
for several days during the consideration
of the District of Columbia appropriation
bill in connection with some appropri-
ations for charitable institutions in Wash-
ington, was again fought over for four
hours in the house yesterday. On the
former occasion the contest was managed
by Mr. Linton, a Michigan Republican,
who is one of the pronounced A. P. A.
members in congress. That contest was
successful, and by a vote of 143 to 135 the
bill was recommitted.

Yesterday the bone of contention was
the Howard university, a colored institution
of Washington, for which an appropria-
tion of \$27,000 was inserted in the sun-
dry civil bill on motion of Mr. Evans,
of Kentucky. Mr. Halner, of Nebraska,
rallied the forces against the appropriation
on the ground that it was both a private
and a sectarian institution, a school of
theology being maintained by the univer-
sity. The appropriation was coupled with
a proviso that no part of it should be used
for religious teaching, but Mr. Halner in-
sisted that it could not be denied that it
was in a sense a religious institution.

Mr. Cannon, Mr. Evans and other mem-
bers who supported the amendment de-
clared that they were opposed to appropria-
ting public money for sectarian institu-
tions, but argued that the proviso freed it
from this criticism. Politics, of course,
were injected liberally into the debate, and
Mr. Sayers and Mr. Hepburn were espe-
cially prominent. Each insisted that his
party was more particularly the friend of
the black man. The house voted, 129 to
105, to retain the appropriation, thus in a
measure reversing its action when the dis-
tributive bill was up. An analysis of the vote
shows that 107 Republicans, 19 Democrats
and 3 Populists voted for the amendment,
and 55 Republicans, 47 Democrats and 3
Populists against it. The sundry civil
bill as amended was passed.

The postoffice appropriation bill served
to bring out some sharp discussion in the
senate on the propriety of abolishing
country postoffices and absorbing them as
branches of city offices. Mr. Gorman op-
posed the plan as undemocratic. He said
that the Baltimore postoffice territory in-
cluded two congressional districts, and
this postoffice power was exerted toward
influencing the selection of men for con-
gress. The bill went over. Mr. George
closed his speech, covering three days, in
opposition to Mr. Dupont's claim to a
seat as senator from Delaware.

Marvelous Results.
From a letter written by Rev. J. Gunder-
man, of Dimondale, Mich., we are permitted
to make this extract: "I have, no hesita-
tion in recommending Dr. King's New Discovery,
as the results were almost marvelous in the
case of my wife. While I was pastor of the
Baptist church at Rives Junction she was
brought down with Pneumonia, resulting
in a grippe. Terrible paroxysms of coughing
would last hours with little intermission
and it seemed as if she could not survive them.
A friend recommended Dr. King's New
Discovery; it was quick in its work and
highly satisfactory in results." Trial bottles
free at A. Wasley's drug store. Regular size
50c and \$1.00.

New Jersey Municipal Conventions.
JERSEY CITY, April 3.—Municipal con-
ventions were held in a number of New
Jersey cities and towns. At Newark
James M. Seymour was nominated for
mayor by the Democrats on the first bal-
lot. At Orange the Democrats endorsed
Mayor John Gill, who on Wednesday
night was renominated by his own party,
the Republican. At Elizabeth the Republi-
cans renominated for mayor John C.
Hankin, Jr. J. F. McGrath was nomi-
nated for the position of recorder by the
Democrats of New Brunswick.

Electric Bitters.
Electric Bitters is a medicine suited for any
season, but perhaps more generally needed in
the spring, when the languid exhausted
feeling prevails, when the liver is torpid and
sluggish and the need of a tonic and altera-
tive is felt. A prompt use of this medicine
has often averted long and perhaps fatal
bilious fevers. No medicine will act more
surely in counteracting and freeing the
system from the malarial poison, Headache,
Indigestion, Constipation, Dizziness yield to
Electric Bitters. Only fifty cents per bottle

passing it almost immediately. If you want

NEW YORK, April 3.—A coroner's jury

ty corporation, owners of the tenement
building in Hudson street in which four
persons lost their lives by suffocation in a
fire which occurred last Sunday, for not
providing fire escapes for the structure.

Ministers Should Use Dr. Miles' Heart Cure.

THERE IS NO PROFESSION, whose
labors so severely tax the nervous sys-
tem, as that of the ministry. The de-
rangement of the nerve centers of the brain
by over work, frequently brings on attacks
of heart trouble, and nervous prostration.

Rev. J. P. Kester, M. D., Pastor U. B.
church, London Mills, Ill., himself a phys-
cian, writes Feb. 23, 1895: "Heart affection,
and nervous prostration had become so
serious last fall that a little over work in
the pulpit would so completely prostrate me
that it seemed certain I must relinquish the
work of the ministry entirely. Heart palpi-
tation became so bad that my auditors
would ask me if I did not
have heart disease. Last
November I commenced taking Dr. Miles'
New Heart Cure alternately with Dr. Miles'
Nervine and derived the greatest possible
benefit. I have just closed revival work of
30 weeks, preaching nearly every night and
twice on the Sabbath. I can speak for hours
without suffering as I formerly did. Hard
working ministers should keep Dr. Miles'
Heart Cure on hand."

Dr. Miles' Heart Cure is sold on guarantee,
first bottle will benefit or money refunded.
