BULUWAYOENDANGERED

Fears That the Matabeles Are Contemplating a Massacre.

A SMALL FORCE OF DEFENDERS.

Only Seven Hundred Men to Meet a Possible Attack by Ten or Fifteen Thousand Darky Warriors-The Native Uprising Encouraged by the Boers.

BULUWAYO, April 18.—A feeling of ap-prehension as to what the next step of the revolting Matabeles will be permeates all girdles here. Information coming from the country around makes it certain that the natives are preparing an offensive movement against this place. The number of Mataboles reported gathering at points near by is sufficient to appall the hearts of even experienced fighters. There is a dread in the minds of many that the place is in danger of being overwhelmed by a rush of hordes of Matabeles and the

inhabitan put to a wholesale massacre. The fear of treachery is added to the apprehension of overwhelming numbers. Many indications point to a connivance with the war parties of supposed friendly natives. There are many of the latter in the town itself, and no white man feels sure how far he can trust his dusky serv-

On Wednesday evening three Dutch scouts were sen' out from here to secure some definite and accurate information of the position and mevements of the natives. What they found has served little to relieve the anxlety and suspense. They report that the Matabeles are gathered like ants in a hill on the Umgusa river, only six miles north of here.

That some treacherous plot is being con-cocted is indicated by the fact that native women are secreting European clothes. The native men on the veldt wear the native costume, while most of those in Buluwayo wear clothes approaching the European fashion. By attiring the native warriors in European garments the Matabeles the state of the s

It is plainly noticeable that the natives in the town are becoming as thick as bees. The native population is at all times a shifting one, and a large number of the men that make it up are not known individually to the white people of the town, or to the authorities. But there is little more confidence felt in the natives who bewho, it is believed, are being surrepti-tiously introduced to aid from within when an attack shall be made from without. It looks now as though that might occur at

any time. The recapture of King Lobengula's old apitol from the British would be a fearful blow to the "paramount power in South Africa." This is frankly admitted, and yet the available force of volunteers, etc., at Bulnwayo is believed to be not much over 700 men. Machine guns have, it is true, been hurried to the front from the British flagship St. George, the mar-ket place has been converted into a strong laager, the old police camp outside the town and other points have been fortified. but it would take many men and many obstructions to withstand over 10,000 fear-less Matabeles, especially if it is true that they are being 'aided and abetted' by Boer commandants and led by old King

Lobengula or his son.
Although the modern Buluwayo is som slight distance away from the old chief kraai or collection of huts which composed the headquarters, about two years ago, of the ruler of Matabeleland, to the Matabeles it is a sort of mecca, which, according to their minds, they and nobody else should possess, and which if recap-tured must certainly bring them back their old, historic glories. The feeling has been steadily encouraged by the agents of the Boers, who have everywhere been preaching covertly, but effectively, a cruande against the British

It is this crusade which is at the bottom | It speaks for itself. of all the trouble, and it dates from the time of Dr. Jameson's filibustering raid and the bad whipping administered by the Boers to his freebooters. To bring about the invasion of the Transvaal the territory of the British South Africa company was depleted of mounted police arms and ammunition. These were all captured by the Boers and shipped out of the country or are now in the hands of the burghers. Here was the opportunity of the Boer leaders, and they grasped it omptly and firmly.

Buluwayo is really a prize worth fight-Buluwayo is really a prize worth fighing for. It has been changed in two years from a collection of native huts to a modern town of brick, wood and corrugated iron buildings. It has an opera house and several clubs, a newspaper, a law court and a squad of lawyers, a stock exchange and several hotels; a chamber of commerce, a pole ground and golf links, and streets avenues and churches. streets, avenues and churches.

The food supply is reported sufficient to last for a month, but there have been appeals for additional supplies of ammuni-tion, which must come from the south and must be two or three weeks on the way, evon if the convoy meet with no violence. The keeping open of communication is, therefore, of first importance. The road for twenty miles south of Buluwayo runs through a difficult and dangerous country. and if the Buluwayo forces are shut up in the town and unable to patrol the road from Buluwayo to Mangwe, fifty miles south, it will, it is believed, be impossible to keep the road open and to get through provisions.

Impossible to Avoid Future Trouble. LONDON, April 18.—The Times has a letter from Johannesburg, bearing date of March 30, which confirms the intelligence hitherto brought by cable that Coionial Secretary Chamberiain had de-manded President Kruger's reply to the invitation to visit England within a cerinvitation to visit England within a cer-tain number of hours, but that Mr. Cham-berlain had granted an extension of the time on President Kruger's request. "If peace is patched up now, however," s., s this letter, "it seems hardly possible to avoid trouble in the future. The military preparations here are quits inconsistant with any other explanation than that war is considered imminent."

LONDON, April 18.—Despite the official denials which have been received. The Daily News repeats its assertion that 10.000 British troops are going to the Soudan in the autuma. MACEO'S GREAT VICTORY

His Defeat of the Forces of Colonel Linares Was Complete.

QUEAN WOMEN FOUGHT BRAVELY.

An Insurgent Officer, Whose Wife Was Cut to Pieces by the Spanlards, Attemps Suicide, and Is Severely Rebuked by the Insurgent Commander.

HAVANA, April 18.—Further information from the front shows that the battle of Tuesday last at Lachuza was the most severe since the beginning of hostilities. It was a complete defeat for Colonel Lin-ares by General Macco, whose force con-sisted of 8,000 mem. Spanish reports place Colonel Linares, force at 1,500 men, of whom 450 were killed and 500 wounded. The Insurgents lost 200 killed and about 400 wounded.

Maceo led his troops into the thickest of the fight, and Colonel Linares' forces retreated in disorder. They finally made a stand on the wharf of the San Claudia plantation behind rude fortifications, until a warship came to their rescue. The Cuban forces on the shore made sad havon with the troops as they embarked, shooting them down in their boats.

In the battle a company of Cuban wo-men fought bravely. In an effort to cap-ture Colonel Linares an insurgent, Al-varez, got separated. Seeing his danger, Mrs. Alvarez and several others followed him. Both husband and wife were caught in the Spanish lines, and tried to fight their way back with machetes. Thinking that his wife was still at his side. Alvarez made his escape, but she was out off at the last moment, and was literally hacked to pieces by Spanish machetes. In his grief and chagrin Alvarez shot himself se-

riously.

General Maceo commanded Alvarez to appear before him. On demanding a reason for his crime, Alvarez said he could not endure life purchased by his wife's death. Macco replied: "Pray God you may die, for if you live I will surely hang you. Cuba needs men too sorely to lose any except in the face of the enemy."

Three prisoners of war, Gregorio Borges, Estaban Hernandez and Jose Bacallao, were executed yesterday at the Cabanas fortress. They belonged to the insurgent band commanded by Dr. Bruno Sayas. All met their fate with remarkable courage. The men had been convicted of insendiarism. They took part in the insurgents' attack on Managua, when considerable property was destroyed by fire.

A Bishop Under Arrest. WASHINGTON, April 18.—The state de-

partment has received a brief cable mes-sage from Consul General Williams, at Havana, announcing the arrest of Protestant Bishop Alberto Jesus Diaz, who is well known throughout the south and to many church people in all parts of the United States. Diaz is a naturalized American, and of strong Cuban sympa-thics, but his friends in sixt that his work in Cuba has been confined to proselyting for the church, and deny participation in the rebellion on his part.

The Charge Against Bishop Diag. MADRID, April 18 .- Advices from Cuba say that the charge upon which Bishop Diaz, who claims to be a naturalized American citizen, was arrested was that of promoting correspondence between the rebels and the United States. The bishop is denied communication with his friends in the office of the chief of police, where only prominent persons are detained. Mr. Williams, the United States consul general, has made active efforts to see Bishop Diaz, but this has proved to be impossible as the bishop is still cut off from com-

Few Days. Relief Can be Secured in 10 Minutes.

Hon. George Taylor, the well-known politician, of Scranton, Pa., writes:—I have been I may say, a martyr to eatch for the past twenty years and have tried every known remedy, but got very little, if any, relief from them. I was troubled with a nasty coughing, especially in the morning, also a constant dropping in the threat and the pain in my bead was terrible, especially over my oyebrows and my breath was very offensive, as also the matter that came from my head. Last spring I was induced by Mr. Rutherford, of this town, to give Dr. Agnew's Catarrhai Powder a trial. I did so and can truly say that its effects was magical; the first application cleared my head instantly. I took five or six applications and I have not had the slightest symptoms I have already described since and I find my eyesight very much better, in fact I can truthfully say I am 50 per cent a better man since using this remedy than I was before. Price 50 cents. Sold at Kirlin's drug store.

Explosion at a Theatrical Performance. JANESVILLE, Wis., April 18.—During a performance of "The Three Guardsmen" by Alexander Salvini at the Meyers Opera House last night a terrific explosion oc-curred near the close of the second act. The magnesium light apparatus was defective and blow up. Max Muszanovitch, property man of the company, was seriously mangled by flying pieces of metal, but will recover. The entire company was on the stage at the time the explosion occurred, but all but Mazzanovitch escaped injury. No panic occurred, although the explosion shook the theater.

Railroads Arbitrate Their Differences. CHICAGO, April 18.—The arbitrators have made their decision in the long standing dispute between the Atlantic and Pacific and the Santa Pe roads over the division of through traffic earnings. The award of the arbitrators involves a payment by the Santa Fe company of about \$1,000,000, and will cause a material increase in the reve-nues of the Atlantic and Pacific roads. The latter's percentage of the through rates is increased by the arbitrators about 5 per cent., and its share of the annual rental to be paid the Mojave division is decreased about \$300,000.
