JACK ROBINSON will have to wait many years before his name is enrolled with the title of United States Senator.

Some Schuykill county politicians were to have all the offices within the gift of the people, they would still haunter after more.

The School Board did a commendable thing in deciding to erect a new school building on White street, instead of spending at least a third more for an addition to the High school building. Besides, it were need for additional school room.

Somebody has been after Editor James, of the Ashland Leader, with a big stick. He surely was not saying ugly things about his fellowman, the conclusion reached after a perusal of the following: "Newspaper editing is a very funny business. If you give a man a puff, he never sees it; but let one line against him appear, and he sees it before the paper is off the press; and while he would not have time to stop on the street and say 'thank you,' he has time to run all over the town to denounce the editor who seeks to print all the news."

Senatorial county fared well at the hands of the state convention on Thursday. Harrison Ball as presidential elector is an honor well conferred, and Ephraim Barlow will take good care of this district as a member of the state committee. James Williams was appointed on the permanent organization committee; D. V. Phillips, on the resolution committee and Delegate H. D. Phillips on the state executive committee. What is more, this end of the county appears to be right in the swim at state headquarters, as all of the above reside north of the mountain.

On the first of next month an important religious assembly will convene at Cleveland, the deliberations of which are awaited with much interest. It will be the quadrennial conference of the Methodist Episcopal church, and will be called to order by Bishop Thomas Bowman, of St. Louis. There will be 505 delegates in attendance representing 17,029 ministers, 14,740 probationers and 2,700,450 lay members of that denomination. They will speak for congregations owning 25,383 churches, whose value is \$107,960,374, and 8,813 parsonages whose value is \$16,849,332. The question of admitting women as delegates will come up; the time limit of ministers in one place, which is now five years, will be attacked; the proposition to "put God in the constitution of the United States," will likely be endorsed; some memorial on the subject of the liquor traffic may be addressed to Congress, and there will be a discussion on the action of the House at Washington in cutting out of an appropriation bill the provision for assisting sectarian mission schools. The conference promises to be the most noteworthy gathering in the history of the church.

Once more has Frank Wiling Leach—one of the shrewdest political leaders in the state, with clear judgment and who possesses unusual powers of organization—shown his loyalty and friendship towards Senator Quay and his interests. The Junior Senator has no more loyal supporter in the state than Mr. Leach, and none have performed work that has been so fruitful of results in sounding the death knell of the Combine. Last year, when the men whose political fortunes Senator Quay had made, combined to destroy him, Mr. Leach held a \$5,000 position in the Sheriff's office in Philadelphia, which lucrative position he resigned to devote his time and ability in assisting Senator Quay in combatting the unholy alliance. It was a splendid example of principle and self-sacrifice, when Mr. Leach declined to continue in one of the most lucrative offices in Philadelphia, because remaining there might be construed as sympathy with the Combine. Mr. Leach again demonstrated his loyalty to the Junior Senator, when he consented to withdraw from the contest for state chairman for the sake of harmony at the request of Mr. Quay. Mr. Leach had made an open and honorable fight; he made his appeal direct to the representatives of the people, the delegates; he did not rely upon the leaders for his election, which was a certain result of the convention had that body been given the opportunity to pass upon the question. As we foretold in these columns several days previous to the convention, the delegates from this county were unanimous in their choice for Mr. Leach. Among all the state leaders, excepting the Junior Senator, none are held in greater favor and the delegates were merely expressing the sentiments of their constituents in favoring Mr. Leach for state chairman. His administration of the state committee, which he has practically directed for many years, has shown a clear judgment and powers of organization equal to all emergencies. When Senator Quay decides to retire from the chairmanship, which he will probably do after the St. Louis convention, he can find none more worthy and capable as a successor than the present chairman of the State Executive Committee. Pennsylvania's splendid majority of last year would be repeated with Leach at the head of the state committee.

Terrible Double Murder in Maryland.
LA PLATA, Md., April 25.—Two members of the family of a well known merchant of Hilltop were most brutally murdered at a late hour Thursday night. Mrs. Cocking and her sister, Miss Daisy Miller, are dead. Mr. Cocking was gagged and thrown in the cellar, and when found was unconscious. If the murderer is caught a lynching will take place, as the people are in the highest pitch of excitement.

The Self Steering Torpedo.
NEWPORT, R. I., April 25.—The final trials of the Haskins' self steering torpedo occurred yesterday afternoon at the naval station. The invention was tested for reliability and subjected to severe experiments. The result of this trial will be kept a secret. Regarding the future use of the invention, Mr. Haskins stated the matter would rest entirely with the secretary of the navy.

One of the finest lines of address cards ever displayed in this section of the state can be seen at the HERALD office. They are embellished with society emblems, and make most excellent visiting cards for members of the various fraternities. Call and examine them.

FATAL CYCLONE IN VIRGINIA.

Ten Houses Destroyed, Two People Killed and Four Others Injured.
ROANOKE, Va., April 25.—Late yesterday afternoon a cyclone accompanied by hail and very heavy rainfall struck the city of Salem, seven miles west of here, and besides blowing down several barns, smothering out-houses and uprooting trees, completely demolished two houses, in one of which a family of eight colored people resided, all of whom, and three others, were in the house at the time of the disaster.
Jane Harris and her 5-year-old son were taken out dead from the ruins, and of the others four were badly injured, one, a 4-year-old girl, being fatally hurt. Surgical assistance was promptly rendered by the physicians of the town, and the wants of the homeless were also attended to.
The cloud, a dark, funnel shaped one, came up suddenly from the southwest, cutting a complete swath of about 150 feet wherever it passed. While considerable damage was done to property in other places in Roanoke county, no further loss of life is reported.

An Early Adjournment Probable.
WASHINGTON, April 25.—The fact that such unusual progress was made with the sundry civil appropriation bill in the senate yesterday, and that the Democrats manifested no disposition to delay its consideration, has greatly encouraged the Republican senators in the belief that an early adjournment is probable. It is understood that the Democratic leaders have practically agreed that congress shall close as soon as the appropriation bills can be disposed of. They will expect, however, that opportunity shall be granted for the consideration of one or two measures, and among other things will ask that a vote shall be taken upon the resolution to seat Mr. Dupont as a senator from Delaware. The Democrats think that in case a vote is taken on this proposition the resolution will be defeated.

Pinger Partridge's Fortune.
CHICAGO, April 25.—The estate of Edwin Partridge, the heavy board of trade operator, who died instantly, will be brought into the probate court on Monday and letters of administration applied for. The estate is estimated at \$2,700,000. This is not the full amount of money that the pinger made in his lifetime, for he has at different times given large sums to various members of his family. The estate of his wife is now estimated at \$2,000,000, all of which she received from him, while all of his children have received large amounts from him.

The Hall-Money Row.
WASHINGTON, April 25.—The friends of Mr. Hall and Mr. Money displayed considerable activity yesterday in trying to arrange an amicable understanding between them, but nothing was accomplished. Guesses are being made as to mediator, but it was thought best for some one outside of the Missouri and Mississippi delegations to arrange the preliminaries, and General King, of Louisiana, it is understood, undertook this delicate role. No further trouble, however, is anticipated by the friends of either of the gentlemen.

Double Murder and Suicide.
HUNTINGTON, W. Va., April 25.—A message received from Milton says that John Love, a well known citizen who resides near here, at midnight arose from his bed and fired two shots at his wife, killing her almost instantly. He then entered the room where his father-in-law, Mazon, was sleeping and fired several shots at him, each ball entering his body. Love then placed a revolver against his temple and fired a ball into his brain. Mazon will die.

Suspected Filibustering Steamer.
NOFFOLK, Va., April 25.—The steamer Howard Cassard has arrived at Newport News from Washington, and is under the strict surveillance of the custom house authorities and the Spanish consul at this point. Official dispatches being received that she was suspected of being a filibuster, and that her mission in these waters was to secure coal and supplies.

Legislators Still After the Trusts.
ALBANY, April 25.—The companion anti-trust bill to the one passed by the legislature, and recently signed by the governor, was passed yesterday by the senate after a spirited debate. The bill now goes to the governor. It vests the attorney general with powers needed to carry on an effective inquiry, and is known as the procedure bill.

Round, Gagged, Murdered and Robbed.
LA FAYETTE, La., April 25.—Martin Boudaud, a merchant at Scott, was found dead in bed with his hands and feet securely tied and his mouth gagged. Further investigation soon disclosed the object of the foul deed. The safe was empty, and \$7,000 had been taken away. The autopsy showed that there were fifty-two stiletto wounds about his neck and breast.

Four Convicted of Arson.
WILKESBARRE, Pa., April 25.—James Passarella, the Italian bandit, who was arrested in Chicago some time ago, was yesterday convicted of arson. Three accomplices named Carone, Cameron and Spert were also found guilty. The four will be sentenced this afternoon. The maximum penalty is twenty years.

Townsend Bardeen, in New York, were discharged in the March borough street police court yesterday. They were, however, immediately re-arrested on extradition warrants, and will be arraigned in the Bow street police court on the charge of stealing the jewelry as soon as witnesses from the United States arrive.

The reply states in effect that President Kruger cannot presently proceed to England, as his presence in the Transvaal is required by the Volksraad.

Pleaded Guilty of Treason.
PITTSBURGH, April 25.—Colonel Rhodes, Lionel Phillips and George Farrar, members of the Johannesburg reform committee, who were arrested in Johannesburg and brought here for trial, have pleaded guilty of treason under the first count of the indictment against them. The other members of the committee jointly indicted with Rhodes, Phillips and Farrar pleaded guilty of less majesty, but without hostile intent against the interests of the Transvaal republic. The prosecution withdrew all counts in the indictment except those to which the accused pleaded guilty. It is stated that President Kruger has unofficially promised to remit a portion of the reformers' sentences.

An Affidavit.
This is to certify that on May 11th, I walked to Melick's drug store on a pair of crutches and bought a bottle of Chamberlain's Pain Balm for inflammatory rheumatism which had crippled me up. Canada Without a Parliament.
OTTAWA, April 25.—The excitement in parliament circles here is intense. After prorogation Thursday night came dissolution yesterday. There is, therefore, no longer any parliament or representatives of parliament. The ministry hold office, and are responsible to the governor general. No appointments can be made except they are of emergency, and the distribution of patronage must cease. Sir Mackenzie Bowell, the premier, whose resignation as such will be announced soon, has managed to get over the session and to have parliament dissolved. Sir Charles Tupper and his followers are appealing to the premier to do something to help them to accept some office under the crown, which will show that the breach between them has been partly healed. Sir Mackenzie refuses to accept anything and will retire from politics.

Rev. James Murdoch is Benefited in Five Minutes. A Remedy Which Will Rid the World of Catarrh.
When I know anything is worthy of recommendation, says Rev. James Murdoch, of Harrisburg, Pa., I consider it my duty to let my friends know it. I have used Dr. Agnew's Catarrhal Powder for the last two months and am now almost, if not completely, cured of catarrh of five years standing. It is certainly magical in its effect. The first application benefited me within five minutes. I would not be without it in the house if it cost \$5 a bottle, as it will cure any slight cold I may have, almost instantly. I recommend it most freely and heartily to all who are troubled with cold in the head or cold in any stage. Price 50 cents. Sold at Kirilins' drug store.

Burglars Loot a Pawnshop.
BOSTON, April 25.—Two young men broke into M. E. Carr's pawnshop in Charlestown yesterday afternoon, while the broker was at lunch, and helped themselves to about 100 watches and 300 rings and chains, all valued at \$2,000. Passers by saw the thieves leave the store carrying a brown bag. It is quite probable that the latter article was used to hold the jewelry.

THE TRIUMPH OF LOVE IS HAPPY, FRUITFUL MARRIAGE.
Every Man Who Would Know the Grand Truths, the Plain Facts, the New Discoveries of Medical Science as Applied to Married Life, Who Would Atone for Past Errors and Avoid Future Pitfalls, Should Secure the Wonderful Little Book called "Complete Manhood, and How to Obtain It."

Here at last is information from a high medical source that must work wonders with this generation of men. The book fully describes a method by which to attain full vigor and manly power. A method by which to end all unnatural drains on the system.

To cure nervousness, lack of self-control, depression, etc.
To exchange a jaded and worn nature for one of brightness, buoyancy and power.
To cure forever effects of excesses, overwork, worry, etc.
To give full strength, development, and tone to every portion and organ of the body.
Age no barrier. Failure impossible. Two thousand references.
The book is purely medical and scientific, useless to curiosity seekers, invaluable to men only who need it.
A despairing man, who had applied to us, soon after wrote:
"Walk I tell you that first day is one I'll never forget. I just bubbled with joy. I wanted to hug everybody and tell them my old self had died yesterday, and my new self was born to-day. Why didn't you tell me when I first wrote that I would find it this way?"
And another thus:
"If you dumped a cart load of gold at my feet it would not bring such gladness into my life as your method has done."

Write to the ERBE MEDICAL COMPANY, Buffalo, N. Y., and ask for the little book called "COMPLETE MANHOOD." Refer to this paper, and the company promises to send the book, in sealed envelope, without any marks, and entirely free, until it is well introduced.

"DR. MILES,
Through His Nervine Is a Benefactor to Thousands."

A WIDELY known Wisconsin publisher, who resides at Green Bay, writes March 6th, 1895, as follows:
"Five years ago I became so nervous that mental work was a burden. I could not rest at night on account of sleeplessness. My attention was called to Dr. Miles' Restorative Nervine, and I commenced to use it with the very best effect. Since then I have kept a bottle in my house and use it whenever my nerves become unstrung, with always the same good results. My son also takes it for nervousness with like never failing success. I have recommended it to many and it cures them. All who suffer from nerve troubles should try it. It is free from narcotics, perfectly harmless, and yet soothes and strengthens. Dr. Miles, through his Nervine is a benefactor to thousands."
