THE BRITISH DEFEATED.

A Charge on the Matabeles Which Was Bravely Resisted.

RETREATED BACK TO BULUWAYO.

Though the Britons Made a Brave Fight, They Were Overwhelmed by Superior Numbers of Determined Savages After Wasting Greatly Needed Ammunition.

CAPE TOWN, April 25.—Telegraphic communication with Buluwayo was re-opened for a time yesterday, and then there was another break, believed to be only a temporary interruption. During the time the wire was working dispatches were received from several sources in the besieged town. The news flashed south is somewhat conflicting, but the main fact seems well established that the British have made a sortie in force, encountered large numbers of Matabeles, inflicted great loss upon them, suffered in return, were at one time in danger of annihilation, and finally retreated.

The official version of the sortie says that at midnight a force of about 300 men, under Captains Napier and Duncan, with one Maxim rapid fire gun and a Hotchkiss quick firing gun, sallied up for a surprise attack on the Matabele camp. The advance guard was "bagged." Contrary to expectation the Matabeles had thrown out pickets, which, although surprised by the advance guard, raised the alarm. This was no sooner done than the troops in advance charged and shot down many of the fleeing natives. This was the signal for the advance of the main body of the troops, and they galloped forward in fine style to the support of their comrades.

Unfortunately for the plans of Captains Napier and Duncan, by this time it was getting quite light, and the Matabeles had sprung to arms all along the line. As the British advanced they were received by a scattering rifle fire from behind the earthworks, but the advance guard charged right up to the mounds and spurred their horses over them in several places. Then followed a setback for the troops. The advance guard, having met by the main body of the Buluwayo force, fire was opened at about 400 yards on the Matabele position. This was kept up until broad daylight.

When the right moment seemed to arrive the charge was ordered and there was a prolonged period of sharp fighting at close quarters. Pistols, rifles, shotguns, assegais, war clubs, spears and knives clashed, the music of the rapid fire guns, sent to the rear for fear of their being captured, having ceased.

Both sides fought bravely. It was a case of a handful of well armed whites against a small army of badly armed Matabeles. Gradually the Matabeles, pressed on by sheer force of numbers, almost surrounded them, and the British to avoid being encircled retreated, fighting hotly by foot, but being driven steadily backward.

The loss of the enemy is said to have been very great. No correct estimate could be made, but the reports place the number of Matabeles killed in any where between 400 and 1,000. The loss of the British is not stated, but it is believed to be more severe than the commanders at Buluwayo are willing to admit.

The unofficial account of the sortie places matters in a somewhat different light. It says there was a great deal of unnecessary delay in getting the troops away from Buluwayo, and that it was almost daylight when they started. Consequently, when they encountered the Matabeles they found the latter fully prepared to receive them. There was determined fighting on both sides at close range, and the British, when almost surrounded, retreated, fighting stubbornly, with the loss of many killed and wounded. In brief, the sortie was a failure, a defeat for the British, and, what is worse, under the circumstances, there was an expenditure of much of the small stock of ammunition remaining at Buluwayo.

The Matabeles are believed to be flushed with victory. They have driven back into Buluwayo a strong force, about half the garrison of that place, and though they suffered severely the loss in prestige and ammunition to the British is much more severe.

Warlike Action of Boers.

CAPE TOWN, April 25.—It is reported from Johannesburg that numerous Boer wagons, all in charge of white men, with no Kaffir drivers, are leaving Pretoria with ammunition and field requirements, their destination being unknown. The Boers, it is further said, are in constant communication with the artillery camp from which these wagons load and depart.

It will be an agreeable surprise to persons subject to attacks of bilious colic to learn that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy. In many instances the attack may be prevented by taking this remedy as soon as the first symptoms of the disease appear. 25 and 50 cent bottles for sale by Gruhler Bros., druggists.

PARIS, April 25.—The Temps has a dispatch from Pretoria saying: It is declared that the prosecution in the trial of the national reform committee will produce crushing proofs of complicity against the Chartered South Africa company.

THE CRISIS IN FRANCE.

The Successor for Premier Bourgeois Not Yet Chosen.

THE ACTIVITY OF THE SOCIALISTS.

A Monster Meeting in Gay Paris at Which the Senate Was Vigorously Denounced. Groups Parade the Streets Shouting "Down with the Senate."

PARIS, April 25.—President Faure put in all of yesterday in conferences with the political leaders of the various parties, and M. Bourgeois's successor is still undetermined. M. Loubet assured the president that the senate, having affirmed its constitutional prerogatives, would not offer any factious opposition even to a radical cabinet. M. Brisson and M. Poincaré advised the president to form a radio-republican cabinet.

M. Faure had over an hour's conversation with M. Molle, and it is believed that he has asked him to form a cabinet. But M. Molle wants a decree to dissolve the chambers and go to the country as a condition of his accepting the responsibility of forming a cabinet, and this request President Faure hesitates to agree to.

The activity of the Socialists is a noticeable feature of the situation, and makes it evident that they regard M. Bourgeois's cabinet as more aptly representing them than any other they can hope for. Their wrath against the senate is correspondingly deep.

An immense meeting of the socialists was held last night at the Tivoli Vauxhall to protest against the action of the senate. Thousands of persons had to be turned away, as they were unable to enter. Many deputies were among those present. M. Pelletan made an address to the huge assembly, in which he declared that the time had arrived for action and that the people must no longer put faith in words. MM. Jaures and Valliant also spoke.

When a resolution was put censuring the senate and advocating a revision of the constitution there were cries from all parts of the hall of "Down with the senate." The meeting finally broke up in disorder and with violent shouts against the senate. The police barred the way, and in order to prevent the noisy demonstrations from reaching the boulevards they turned them in the direction of the Canal St. Martin. Several persons were arrested. A few groups reached the boulevards in spite of the efforts of the police, and paraded noisily up and down, shouting "Down with the senate."

The parades of the socialists in the boulevards caused some uneasiness, and prompt measures were taken to suppress it. The disorder did not reach serious proportions, though Messrs. Jaures and Sembat, deputies, who headed the procession seeking to make a demonstration, came into violent collision with the police. M. Guerin, editor of the Libre Parole, was also arrested.

This demonstration is the first evidence manifested of any general popular interest in the political crisis and it seems to have been the result of the industrious efforts of the socialist leaders.

Rumors of President Faure's resignation are rife. M. Waldeck-Rousseau is already a center of attraction as a possible successor. M. Faure's family and entourage favor his resignation, but the president is made of sterner stuff than was Cassimir-Perier.

REV. L. W. SHOWERS

Gives His Experience With Organic Heart Disease—The Dread Malady on the Increase.

For many years my greatest enemy has been organic heart disease. From an uneasiness about the heart, with palpitation more or less severe, it had developed into abnormal action, thumping, fluttering and aching sensation. Daily pain with a peculiar warm feeling were ever present near the heart. I have tried many physicians and taken numberless remedies with very little benefit. Seeing Dr. Agnew's Cure for the Heart advertised in the Kittingham, Pa., papers, I purchased a bottle and began its use receiving almost instant relief. I have now taken several bottles of the remedy and can speak most highly in its favor. The choking, abnormal beating, thumping and palpitation have almost entirely disappeared. The remedy is certainly a wonder-worker, for my case was chronic. **REV. L. W. SHOWERS, Elderton, Pa.** Sold at Kiriln's drug store.

Canada's Election Campaign Opened.

MONTREAL, April 25.—The general election campaign was inaugurated in this city last night by the Liberals. Hon. Wilfrid Laurier arrived from Ottawa, and the demonstration in his honor was the largest ever given in Toronto's history. Fully 20,000 people gathered to hear the gifted Liberal leader, who outlined the policy on which the Liberal party will conduct the election campaign. The Conservatives have not fixed the date on which they will open their campaign.

During the winter of 1893, F. M. Martin, of Long Reach, West Va., contracted a severe cold which left him with a cough. In speaking of how he cured it he says: "I used several kinds of cough syrup but found no relief until I bought a bottle of Chamberlain's Cough Remedy, which relieved me almost instantly, and in a short time brought about a complete cure." When troubled with a cough or cold use this remedy and you will not find it necessary to try several kinds before you get relief. It has been in the market for over twenty years and constantly grows in favor and popularity. For sale at 25 and 50 cents per bottle by Gruhler Bros., druggists.
