EVENING HERALD

MONDAY, MAY 4, 1896.

WORDS OF PRAISE.

The "Miners' Journal," of Pottsville, says the following regarding Dr. Tait.

"Reliable doctor—curative remedies. Dr. Tait, who, for a month ministered to the needs of the sick and infirm in Pottsville and surrounding places, with headquarters in the Journal business office, has gone to Shenandoah and opened in No. 121 North Main street. Dr. Tait is a reliable man and keeps faith with his patrons. His medicines, too, are reliable and curative, as many people who have used them will substantiate.

"We believe the doctor will be very successful in Shenandoah and everywhere he may hold forth in the future."

The attention of our readers is called to the beautiful display of fruit which the doctor has preserved by an entirely new method which is explained free to all by Madam Jacobs during her office hours, which are from 9 to 12 a. m., and 2 to 5 p. m., at No. 121 North Main street.

Weak women wonder why they cannot be cured. Madam Jacobs, of the Tait Medicine Company, at No. 121 North Main street, will, during her office hours, explain free a simple home treatment which is a positive reliable cure for all diseases peculiar to women and is so simple that any lady can use it and cure herself in the privacy of her own home.

Why suffer with backache? Why be despondent? Why have a tired languid feeling when help is at hand? Read what Mrs. J. Miller, of Shamokin, says about the cure:

"Five doctors treated me. I was getting worse right along. Three of them said I had a tumor and would have to go to a hospital and be operated on. I was advised to try Tait's Cure for diseases peculiar to women. After three weeks the tumorous enlargement is entirely reduced and I feel better than I have felt in years. I heartily recommend the cure to all ailing women. It is so simple that any woman can use it."

The Madam can be seen during her office hours from 9 to 12 a. m. and 2 to 5 p. m., at 121 North Main street.

THE WEEK IN CONGRESS.

River and Harbor Bill the Principal Subject of Debate.

WASHINGTON, May 4.—The senate program this week is to first take up the river and harbor bill, and when that is disposed of to follow with the bill making appropriations for the District of Columbia. Opinions differ very widely as to the time the river and harbor bill will consume, but no estimates place it at less than two or three days. Whether it shall go on longer will depend upon the political temper of the senate. If, as is not improbable, something should be said to open up a political debate similar to that of last week there is no telling to what length the discussion may be drawn out.

The principal subject of debate in connection with the bill itself is the amendment suggested by the committee on rivers providing for the expenditures of \$3,000,000 for the improvement of the harbor at Santa Monica, Cal. Senator White, of that state, will offer an amendment making the appropriation dependent upon the recommendation of a committee of engineers which he will propose, and in case this amendment is lost will make an effort to defeat the entire provision. He will be supported by five or six members of the committee on commerce, and especially by Senator Berry.

The program for the week in the house is very unsettled. Nothing definite has been agreed upon except that the Pacific railroad funding bill, in behalf of which there has been much pressure, will not come up. W. Bartholdis, chairman of the committee on immigration, desires to get up the immigration bill the latter part of the week, but it is doubtful whether he will be able to do so. In case any conference reports on appropriation bills are presented they will have the right of way. There are a half dozen contested election cases on the calendar, and as they are privileged it is probable that most of the week will be occupied in their consideration. The house has already disposed of nineteen cases, thirteen in favor of the sitting members and six against.

Eighteen Cars Destroyed.

A wreck occurred on the P. & B. road at what is known as the Keystone curve at Locust Dale, on Saturday. The wrecked train was a light one, and was on its way up the grade from Gordon to Locust Summit. One engine was in the lead, and two pushers were attached. In the train were thirteen of the ordinary eight wheel coal cars, and they were flanked front and rear by several large gondolas. As the train was rounding the sharp curve these light cars were forced off the track by the heavy weight of the pushers behind, and the eighteen cars were lifted from the tracks. They were piled on both the north and south bound tracks, which were blocked for eight hours. The scene was where the wreck of several weeks ago occurred, but this time no one was injured.

Teams will be at the depot to meet trains and take the parcels of parties to the picnic grounds. No fakirs will be allowed on the grounds. Mr. McClure has had extensive experience in the management of summer resorts in the Catskill mountains and he will no doubt greatly increase the popularity of Lakeside.

Pennsylvania railroad train to St. Clair, where services were held in the Church of the Holy Apostles and interment was made in the Old Fellows cemetery. Messrs. Thomas Timmons, A. R. Charged With Shoplifting.

A woman named Mrs. Mary Fry was caught in the act of shoplifting in P. J. Monaghan's dry goods store, on South Main street, Saturday night. She was detected by one of the clerks. When Chief Burgess Burns arrested the woman on South Jardin street she carried a bundle of jacket cloth valued at \$7.50 stolen from Monaghan's store and a roll of toweling taken from the Bee Hive store on North Main street. The woman begged to be released, claiming that she had taken a drink of liquor and did not know what she had done in the stores. Justice Williams released her upon her own recognizance pending a settlement of the case.
