HOUSE OPPOSES THE SENATE.

The Lower Body Defeats the Amendment The Transfer Station and Six Freight Cars Reducing the Number of Battleships.

Washington, May 0.—The opponents of four bettleships sustained an overwhelm-ing defeat in the house yesterday on the proposition to accept the senate amend ment to the naval appropriation bill re-ducing the number to two. Mr. Sayers, of Texas, ex-chaleman of the appropria-tions committee, made the motion, and supported his plen for economy with fig-ures as to the condition of the treasury for the next fiscal year. Mr. Carmon, the chairman of the appropriations commit-tee, ably seconded Mr. Sayers. He ap-pealed to his side of the house, declaring the appropriations of this congress would mortgage the future revenues of the gov-ernment \$100,000,000, and that inasmuch as the next congress could not put a new revenue bill on the statute books inside of eighteen months, money would have to be borrowed by the incoming Republican administration to meet these obligations.

After some pertinent remarks by Mr. Boutelle and Mr. Cummings the house voted, 141 to 81, to non-concur in the sen-ate amendments, and the bill was sent to conference. A special order was adopted to set today and next Wednesday for the consideration of private pension bills, of which there are 405 on the calcular. Senator Hill added another day, the

fifth, in opposition to the bond resolution in the senate. Early in the session Mr Peffer, author of the resolution, an nounced that he would seek to force a vota by holding the senate in session until the resolution was disposed of. It was evident, however, that senators were not disposed to submit to the hardships of a pro-tracted and possibly an all night session tracted and possibly an all highs and Mr. Peffer did not carry out his announced purpose. He stated, however, that the resolution would certainly passible which however, is doubtful in view today, which, however, is doubtful in view of Mr. Hill's ability to speak indefinitely

Mr. Pettigrew, of South Dakota, sup-ported the bond resolution, and severely criticized the administration of the treas The senator also criticized Mr. Sher man for his recent approval of the treasury administration
