Orphans' Court Contest.

The Orphans' Court contest convened yesterday afternoon. The greater part of the afternoon was taken up with an argument on a motion made by John W. Lyon for an order commanding all tax collectors of the county to open their books. This motion was overruled. At the last session of this court rules had been granted on Tax Collector M. J. Scanlan, of Shenandoah, Tax Collector A. J. Dougherty, of Butler township, to show cause why they should not open their books for inspection. The answers of both collectors were read. Both answered that they do not refuse the persons calling to examine the books so far as their individual interests were concerned but they did not think they were obliged to give several days of their time to an examination such as that proposed. Scanlan answered that he was willing to answer as a witness and bring with him his books. Dougherty denied the right requested by the petitioners and submitted that to give his time he is entitled to compensation. The court was adjourned to meet on Tuesday, May 19, when the respondent will be expected to be ready with his answer to the bill of particulars.

Kept His Money in a Stove.

Aaron Herman, living near Tanawqua, has saved \$574, and placing it in a bank, kept it in an old stove in the house. Yesterday morning his wife thought she would light a fire, and when Herman came down stairs he found the fire burning and his wealth in great danger of going up in smoke. To thrust his hand in the stove and pull out the bag containing the gold was the work of a moment and his money was safe. He says the gold pieces were so hot he could not hold them in his hand.

A Non-Puncturable Bicycle Tire.

A young man named Shaffer, of Coatesville, Pa., claims to have made a fortune by his inventive genius, but is holding out for more cash. He claims to have at last found what bicycle manufacturers have been searching for, for many years, a tire which will not puncture and which is so simple that no time is lost in the work of repair. The principle of the invention he does not divulge. It is said that he has received an offer of \$65,000 in cash for his invention from the Remington Fire Arms Company, but that he has refused the sum offered. He is holding out for \$300,000.

Obituary.

Charles M. Daniell, junior member of the firm of Daniell Bros., the Mahanoy City hardware dealers, died last night at the home of his parents in Locust Valley. He had suffered from diabetes since last November. About two weeks ago his condition became so critical that he was obliged to give up business and retired to the home of his parents. He leaves a wife and one child.

Birthday Party.

Charles Beineiman was twenty-five years old yesterday, and in honor of the event he gave a party to about thirty of his intimate friends, at the residence of his parents on West Centre street. The evening was spent very pleasantly, and a well-laden table was spread with the delicacies of the season to which all did ample justice. He was presented with a gold watch and chain, the gift of his parents.

IN SENATE AND HOUSE.

Members of the Lower Body Vote Them-

selfes Clerk Hire.

WASHINGTON, May 9.—The members of the house yesterday voted themselves \$100 a month for clerk hire during the recesses of congress. Under a resolution passed by the Fifty-second congress the members of subsequent congresses received \$100 per month for clerk hire during the sessions. Yesterday the proposition to extend this allowance to members during the recesses of congress came up in the form of the Hartman resolution, adversely reported from the committee on accounts. It occasioned some very sharp debate. It had the support of Mr. Cannon, the chairman of the appropriations committee, but was opposed by Mr. Dingley, the floor leader of the majority.

The resolution was amended so as to except members who are chairmen of committees having annual clerks, and as amended was passed 193 to 108. An analysis of the vote shows that 114 Republicans, 15 Democrats and 1 silverite voted for it and 53 Republicans, 54 Democrats and 1 Populist voted against.

The river and harbor bill was completed in the senate, with the exception of the item for a deep sea harbor on the Pacific coast. This has aroused keen opposition, the two California senators opposing the proposed contract appropriation of \$4,000,000 for a harbor at Santa Monica bay, on the ground that it is fostered by the Southern Pacific railroad as against public sentiment and the recommendations of two boards of army engineers. Mr. White, of California, commented on the extraordinary condition by which the commerce committee of the senate was forcing an appropriation on a state against the wishes of its senators, representatives and people.

United States Supt.

**Family of Hon. William R. Smith
Made Well by Paine's Celery
Compound.**

"To him who in the Love of Nature holds communion with her visible forms, she speaks a various language."

No one has a deeper insight into nature's ways than the superintendent of the extensive botanic gardens of the United States at Washington.

No one knows so well as he what precious opportunities come with the spring.

Supt. Smith, like most scientific persons, firmly believes that every one would be benefited by taking a spring remedy while the blood is readiest to be purified and invigorated.

Paine's celery compound is the only genuine spring remedy worthy of that name, in the opinion of Supt. Smith. He writes:

WASHINGTON, D. C., March 4, 1896.

Gentlemen—The female members of my household are more than delighted with Paine's celery compound. I learn from other friends that its popularity is steadily growing. It aids digestion, and in view of the prevalence of dyspepsia, it is one of the benefactions of the age. Very respectfully,

Wm. R. Smith,
Supt. U. S. Botanic Garden.

Paine's celery compound is as far removed as the poles from the many trivial, unscientific preparations that call themselves spring remedies. It has earned the complete confidence of men and women the world over.

It is exclusively employed in families where nothing short of the best of everything pertaining to health will do.

It has lived up to the most sanguine expectations of physicians who naturally look for extraordinary results from the discovery of so eminent a physician as Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth medical school.

That Paine's celery compound does cure positively and permanently all diseases arising from impure blood or decline in the vigor of the nerves is cheerfully attested by thousands of earnest men and women.

Weakness, depression, irritability, pain and languor tell that the nervous matter in the brain, nerves and spinal cord is getting insufficient nourishment.

To quickly furnish a fresh and abundant supply of nutriment for every tissue of the body is the purpose for which Paine's celery compound was first prepared. The rapid production of fresh nervous energy and purification of the blood was the aim of Prof. Edward E. Phelps' long study of the causes of nervous exhaustion.

The result of his life work was Paine's celery compound—this remarkable remedy that permanently cures diseases of the liver, kidneys and stomach. It is the greatest nerve regulator and blood purifier of this century.
