**Found in a Stable.**  
Joe Smith, alias Pickaloski, was arrested at about 2 o'clock this morning by Policemen Tosh, Lee and Goodman while hiding in a stable near the Indian Ridge colliery. He is supposed to have forced an entrance to the place to steal pigeons. A crowd of about 200 excited Poles and Lithuanians surrounded the stable and stood guard until the police arrived. Smith was committed to jail this morning on a charge of vagrancy and burglariously entering the stable. He is a worthless and thieving character of Wm. Penn and has a partner named Joe Pickaloski. They make use of each other's names when arrested. Smith was held two or three years ago for robbing clothing dummies and shoe stores on Main street.

**The "Times" Piano Contest.**  
The contest for the prize pianos offered by the Philadelphia Times closed yesterday, and it was a spirited one among the schools of Philadelphia and the state. The total vote polled yesterday was 232,530, all seemed determined to make a big showing on the last day. St. Michael's school, of Chester, is the winner, and polled 75,714 votes yesterday with a total vote of 409,771. The Tower City public school, this county, is the second highest, with a vote yesterday of 48,173. Their total vote is 316,989. Thus it will be seen the St. Michael's school wins the state contest and the piano. The M. Hall Stanton school won the city contest.

**Kept a "Speak Easy."**  
Martin Seybert, of Turkey Run, was arrested by Constable Dando this morning on oath of Dominick Berent, who alleges that Seybert keeps a "speak easy" and maintains a place that has become a public nuisance. Berent also charges that on Sunday, last, Seybert sold a pint of whiskey to one Mary Babel. Seybert pleaded that he only sold liquor to people who complained of being ill. Justice Shoemaker put him under \$400 bail for trial, which was furnished by Anthony J. Krankowski, Seybert's son-in-law.

**Base Ball.**  
The Grammar school team and High school team engaged in a game at the Trotting park yesterday afternoon in which the former won by a score of 6 to 5. The game was an interesting one throughout, taking eleven innings to decide. W. Conry and Butler occupied the box for the Grammar school nine and did very effective work, holding their opponents down to five hits, while Beddall and Aregood formed the battery for the High school team. Another feature was the errorless game by the former. The Grammar school team is now open to all challenges, which are to be addressed to William A. Watson, manager.

**Personal Friends of the President Indorse Paine's Celery Compound.**

Following the Testimonials of Judge Powers and Congressman Grout Come Hearty Letters from Congressman Meredith, of Va., Asst. U. S. Attorney John G. Capers, Maj. Gen. Birney, Congressman Wilber, of N. Y., Congressman Bell, Lieut. McAllister, Congressman Neill, and Many More.

The proprietors of Paine's celery compound have never exaggerated either the virtue of this wonderful remedy nor the astonishing character of the endorsements it has received. This greatest of all blood purifiers and restorers of nervous energy, this remedy which is to-day in greater demand than all the so-called spring remedies put together—this Paine's celery compound, which was first discovered and prescribed by America's most eminent physician, that giant among medical scientists of this progressive age, Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth college—

This remedy, which has been a blessing to thousands upon thousands of homes in every state and city of the country, which has been energetically endorsed by the ablest physicians, which has received thousands of heartfelt testimonials from women and men in every station in life, and has been publicly recommended without solicitation by persons of such high character that they are honored by the whole nation—this remedy that makes people well, has received so many letters in its praise within the last two or three months coming in every mail from every section of the country—that it would be impossible to print them all in the daily issue of any one paper.

Mr. Hearst's great paper, the Journal in New York, the Globe and the Journal in Boston, Mr. Kohlman's powerful Times-Herald in Chicago, have each of them, within a month, devoted from one to three pages at a time to the most remarkable canvas ever made of the druggists in the great cities. And their best reporters, unprejudiced one way or another, have found that the druggists are meeting not only a larger demand than ever before for this one remedy, but that this demand—because Paine's celery compound cures where everything else fails—it so far exceeds to-day than that of any other remedy that it has no competitor.

Among the thousands of testimonials that have been received by the proprietors of

Paine's celery compound this spring, none have been more noteworthy than those that come from the national capital. The enthusiastic letters of Judge Powers and of Congressman Grout were recently published in this paper. Above is a good likeness of one of the ablest members on the Democratic side of the house, a leader of acknowledged ability, a personal friend of the President, a man of great repute,—Congressman Elisha E. Meredith of Virginia. A letter from him, dated Feb. 4, from the house of representatives, says:

"After a fair trial I have no hesitation in saying that I believe Paine's celery compound all that is claimed for it, and it gives me pleasure to commend it."

A letter from Congressman Robert Neill of Arkansas, contains the following: "My home is at Batesville, Ark. During the last spring and summer my eldest daughter, then 17 years of age, was in very poor health, suffering from general debility, nervous prostration and frequent slight fevers. She had the best medical attention, but apparently with little benefit. In three months she had fully recovered, and is still in perfect health. I am bound to think the remedy is an excellent one, and do not hesitate to recommend it to the suffering."

Lieut. C. A. McAllister, writing from hotel Oxford, March 28, said: "For several years past I have been a sufferer from severe attacks of dyspepsia, caused by too close attention to business, on the advice of a physician, I took several bottles of Paine's celery compound, and have been greatly benefited thereby. Since the first of last September I have gained 25 pounds, and am now feeling in first-rate health."

C. A. McAllister, Hon. John C. Bell, member of congress from Colorado, in a letter to Wells & Richardson Co., about the same time, told how he had used three bottles of Paine's celery compound

for dyspepsia and rheumatism, with satisfactory results.

Major Gen. Birney, who is now at the age of 75, practicing law and doing departmental work in Washington, the unflinching commander at the battle of Fredericksburg, of the famous 38th New York regiment, in a letter to Wells & Richardson Co., says: "My wife has been taking the Paine's celery compound for some time past, and is so much pleased with it that she wishes me to express to you her high opinion of its merits. She thinks it the best she has ever tried."

Congressman Wilber of New York, writing in March, used these significant words: "I was persuaded by a friend to try your Paine's celery compound some time ago, and after its use, am pleased to recommend it to any one who is in an overworked or run-down condition, as doing what is claimed for it." Many other letters from prominent people who are not so well known are included in this year's files of testimonials from Washington.

Every city and every town in the country is equally well represented in this wonderful popular indorsement of the remedy that purifies the blood, rebuilds the shattered nervous system, restores strength, regulates the kidneys, liver, and bowels, cures disease, makes people well.

In these latter days of spring, in the list of the three great months, the close of nature's yearly revival season, when the recovery from sickness is the most rapid and lasting, Paine's celery compound will make vigorous nerves and good blood.

During these latter spring days there is a clearing of the year to cure nervousness, neuralgia, sleeplessness, headaches and low spirits by the use of Paine's celery compound.

Paine's celery compound points to a wonderful record already achieved. The most wide-awake, intelligent part of every community in this country are among its most enthusiastic vouchers and indorsers.
