A GOOD PRACTICE.

If You Want a Good Appetite and Perfect Digestion.

After each meal dissolve one or two of Stuart's Dyspepsia Tablets in the mouth and, mingling with the food, they constitute a perfect digestive, absolutely safe for the most sensitive stomach.

They digest the food before it has time to ferment, thus preventing the formation of gas and keeping the blood pure and free from the poisonous products of fermented, half-digested food.

Stuart's Dyspepsia Tablets make the complexion clear by keeping the blood pure. They increase flesh by digesting fish-forming foods.

Stuart's Dyspepsia Tablets is the only remedy designed especially for the cure of stomach troubles and nothing else.

One disease, one remedy, the successful physician of to-day is the specialist, the successful medicine is the medicine prepared especially for one disease.

A whole package taken at one time would not hurt you, but would simply be a waste of good material.

Over six thousand men and women in the state of Michigan alone have cured of indigestion and dyspepsia by the use of Stuart's Dyspepsia Tablets.

Sold by all druggists at 50 cents per package.

Send for Free Book on stomach diseases to Stuart Co., Marshall, Mich.

L. J. WILKINSON.

The Same Old Story.

On Thursday the Daily American published the particulars of a Tumbling Iron scandal in which a Pottsville married woman figured prominently. "Squire Beusman, of Yorkville, feels aggrieved and has entered suit against Editor Joyce for criminal libel, objecting to the following portion of the article: "The funny part of the story is that 'Squire Beusman—before whom Carrie sued Peter—held the deceived husband in \$1,000 bail. There must be a long time between drinks around 'Squire Beusman's office.'" Joyce on Saturday waived a hearing and entered bail in the sum of \$1,000 for appearance at court.

A New Thing.

The tourist drafts of the United States Express Company are about the most convenient way for travelers to carry their money along that has been invented. They are cheaper than any other kind of drafts issued and only payable to the man whose signature appears on its face so that if lost it cannot be realized upon by anyone else. No identification is needed as the signature does that. Ten drafts for ten dollars each cost only 25 cents.

Deaths Recorded.

From Henry G. Morris et al., trustees, to Geo. J. Schmetter, lot in Pottsville; from Daniel Shepp et al. to Mike Powlick, lot in Nelson City; from Adam Lukits to Maggie Narisiewicz, half lot in Mahanoy City; from Martin Leonard to Bernard Leonard, interest in lot in Girardville; from Mary E. Bechtel to Win. Bechtel, three lots in Tremont; from Martin Weaver to Emeline Boyer, tract of land in North Manheim; from George H. Taylor to Henry Dreibibler, firm in East Brimwick.

The June Quota.

The colliers will work but fifteen days during the month of June. Although the information is semi-official, it can be relied upon that both the Philadelphia & Reading and the Lehigh Valley companies will operate that number of days. The curtailment will be followed by heavy operation later on, as the full quota will be mined.

If you want a fine wedding cake, let Otto make it for you.

The Prize Winners.

The Philadelphia Press published a story entitled "Sons and Fathers," and offered prizes for the solution of the same. Among the lucky ones we notice that Miss S. N. James, Mrs. Esther Leam, and Miss Anna Leam, all of Ashland, each won \$100.00 in gold; Mrs. Frank S. Miller, Mahanoy City, \$10; Mrs. Louise P. Carter, Pottsville, and Mrs. Eva Clair, Ashland, each \$50.00.

The sun heat had a tormenting effect upon the rails of the electric railway yesterday. On very warm days the rails spread. A car left the track at the corner of Main and Coal streets yesterday afternoon. The four wheels went off the rails and it required some trouble to get the car on again.

BLOODY WORK.

House Breaker Fiercely and Desperately Wields a Knife.

Special to EVENING HERALD.

MAHANOY CITY, May 18.—At about three o'clock yesterday morning John Wisnoski, a resident of Water street, was awakened by a noise made by three Poles in trying to get through a window into his house. He threw a whiskey bottle at them and badly cut one of the men and gave chase to the other two. After running about four squares, he caught Mike Koviskers and was returning with the prisoner when the latter drew a large knife and stabbed him in the left arm, inflicting a cut about three inches long between the shoulder and elbow. Wisnoski was obliged to release his prisoner, but William Maloishes and Peter Swartzes gave chase. After a run of three squares Koviskers turned upon and stabbed Maloishes in the arm. Swartzes felled the desperate man with a blow on the head with a piece of rock. Koviskers was committed to the Pottsville jail in default of \$500 bail.

The Gilbert and Locust Dale teams engaged in a hot contest on the latter's grounds yesterday afternoon which was won by the former by a score of 20 to 19.

Another game took place yesterday afternoon at the Columbia park between the Columbia team and a team composed of Ashland firemen which ended in a tie, the score being 4 to 4. Six innings were played which were inspired by Josh Tempest and William Evans. Kester and O'Neil formed the battery for the Columbia team and did some effective work. The superiority of the teams will be decided at a future date, when a game will be played on the Ashland grounds.

Lost Creek Won.

The Lehigh Valley Coal Company's engineering corps of Lost Creek and Hazleton played a game of base ball at Jeannette on Saturday and the Lost Creeks won by a score of 11 to 10, although the Hazletons had the assistance of Smear and McTaggart, two players of the Jeannette team. In the seventh inning the score was 7 to 0 in favor of the Hazleton team.

Alms-house Improvements.

The Alms-house Commissioners visited the alms-house on Saturday for the purpose of reducing the provisions of the plans for improvements so as to come within the amount allowed them by court. The lowest bid was \$15,000 more than the \$75,000 appropriated, and the Commissioners succeeded in reducing the plans \$8,000. If they cannot reduce the figure \$10,000 more the hospital project will likely be postponed for another year.

Mrs. John C. Hughes, of East Coal street, made a misstep at the top of the cellar way at her home yesterday and fell to the bottom, receiving several severe bruises about the right limb. She was attended by Dr. J. Pierce Roberts.

Bad Roads.

The many teamsters and farmers are complaining of the miserable condition the roadway is between here and Contingous in. They say it is nothing but one continuous driving over rocks and ditches and that the attention of the county supervisors should be drawn to it.

A Painful Injury.

Boss, the 13-year-old daughter of Levi Befowich, the clothier, met with a painful accident this morning. One of a lot of screen doors displayed for sale in front of Girvin's store on Main street was blown down, and in its fall struck the little girl above the right eye, inflicting a wound in which Drs. Matter and Hochleiner put five stitches.

Over the Dump.

Under the direction of Chief Burgess Burns and Supervisor Llewellyn, about fifty cart loads of boxes, barrels, kogs, etc., were taken up on Main, Centre, Coal and other streets early yesterday morning and thrown over the dump at the west end of Lloyd street. There was a great hunt for boxes and barrels by some storekeepers this morning.

INTERESTING COAL STATISTICS.

Phenomenal Increase of Production in Pennsylvania and Alabama.

WASHINGTON, May 18.—Mr. E. W. Parker, statistician of the United States geological survey, has completed the compilation of the statistics of coal production in the United States during the calendar year 1895. The total output from all mines was 171,804,748 long tons, or 192,421,311 short tons, having a total value at the mines of \$197,375,477. This shows an increase over the production in 1894 of about 19,359,998 long tons, and an increase in value of about \$11,590,000. The output of anthracite coal in Pennsylvania increased from 49,353,149 long tons in 1891 to 51,783,192 long tons in 1895, a gain of over 5,400,000 long tons. The value increased only about \$2,500,000, from \$78,489,063 to \$82,013,272, showing that anthracite coal was cheaper in 1895 than in 1891.

The product of bituminous coal in 1895 increased from 118,823,603 short tons of 2,000 pounds in 1891 to 134,421,971 short tons in 1895, a gain of over 15,600,000 tons. The value increased about \$8,000,000. There was an increased production in all but five of the twenty-nine coal producing states of Alabama and Pennsylvania showed the phenomenal gains of more than 25 per cent. Alabama increasing from 4,307,178 short tons in 1894 to 5,373,775 tons in 1895, with a valuation of \$5,348,798, and Pennsylvania from 39,912,434 short tons to 50,017,449 short tons, valued at \$5,002,678. The states in which a decreased product was shown were Georgia, Kansas, North Dakota, West Virginia and Wyoming. The principal loser was Kansas. The product among the other leading coal states was: Illinois, 17,750,891; value, \$14,279,157. Ohio, 13,376,137; value, \$9,687,593. West Virginia, 11,424,843; value, \$7,707,120.
