BETTERIDGE IS RE-ELECTED

Effectuated on a Compromise Between
Councilmen Last Night.

SCHOPPE SUCCEEDS M'ELHENNY!

The Latter Election Effectuated Under the
Same Agreement—A Council Meeting
That Ended in a Love Feast—Other
Business at the Meeting.

A lengthy and what may have been a cross-fire meeting of the Borough Council culminated last night in a model love feast. During the early part divisions were called on several questions and the respective party members differed with each other in genuine wrangling and dilly-dally fashion, but before President James' gavel fell finally the Democrats, helped the Republicans to elect a Councilman in the Second ward and the Republicans allowed the re-election of Oscar Betteridge as water superintendent to be effected as a compromise. Mr. Lamb, formal voting for their candidate, Mr. Lamb, for his candidate. The members present at the meeting were Messrs. Magargle, Beolin, Cookley, Straughn, Murphy, Hand, Reese, Engler, McGuire, Lally, Kerns and President T. J. James, the absentees being Messrs. McElhenney, D. R. James and A. D. Gallo. Mr. McElhenney's resignation was read during the latter part of the evening.

When the question of filling the vacancy in the Second ward came up Mr. Beolin nominated Charles Schoppe and he was elected by acclamation on motion of Mr. Lally. This election was at once followed by the re-election of Oscar Betteridge as water superintendent by 7 Democratic votes to 5 cast by the Republicans for Mr. Lamb. For the benefit of the uninformed it may be stated that the five Republican members effected a compromise with the Democratic members just before Council was called to order and that compromise brought about the elections above stated. The agreement was that if the Republicans should take part in the meeting they would be allowed to elect a Republican successor to Mr. McElhenney and, in return, the Democrats, having a majority with the presence of twelve members, could elect Mr. Betteridge. Had this compromise not been effected the result would have been that the Republicans would absent themselves until they could have got together enough of their own members to at least make a vote and prevent Mr. Betteridge's re-election, and the business of the borough would have been stalled, so the arrangement was creditable to both parties.

A request from the Shenandoah Electric Illuminating Company for permission to put in additional poles to strengthen its lines and extend its line on White street, north of Coal, was referred to the street committee with power to act.

A complaint by David Johnston that the Shenandoah Lumber & Feed Co. had blocked East Coal street with lumber was referred to the Chief Burgess.

The street committee reported that a tree in front of the Quinn property on West Centre street and trees on North White street obstructed the public streets and the Chief Burgess was instructed to look after the property.

The street committee was instructed to give immediate attention to the complaint that there are too many fire plugs and posts in front of the Bell property, corner of Centre and Chestnut streets, and Peter Hiley's property, on West Oak street.

The fire apparatus committee was authorized to replace the gong on the hook and ladder truck. No action was taken on Mr. Reese's report that the Columbia hose carriage is not serviceable. There was a difference of opinion as to whether the carriage could be repaired.

Mr. Cookley stated that the two additional electric lights had been placed on Coal street and Mr. McGuire reported that a grade stone had been found at one end of West Apple and Buckleberry alleys, but it could not be determined what had become of the stones at the other end.

Mr. Magargle stated that the steel cells would be completed in a day or two, and recommended that a new floor be placed in the lockup. He reported bills of 8 cents per square foot for a day walk, 18 for flag-stone and 15 for cement, the walk to be laid from Jarula street to the lockup. The matter was laid over until the next meeting.

After some discussion it was decided that two cells in the lockup shall be set aside for use by Constables and three by the regular police.

Mr. Cookley announced that the law committee concurred in the opinion of Borough Solicitor Pomeroy that it takes a majority of the members of Council present to effect an election, and not a plurality. The point was raised by Mr. Lally when Mr. Betteridge received 7 votes, Mr. Lamb 6 and Mr. Gallo 1 on a ballot for Water Superintendent. Mr. Lally claimed Mr. Betteridge had been elected and the question was referred to the Solicitor by motion.

The contract of William Schmucker for hauling coal from Brandonville to water works pumping station expired on the 15th inst., and the water committee was instructed to make a new contract and receive proposals and report at the next meeting.

A request by J. Arthur Meyer, manager of the Factory Shoe Store on North Main street, for permission to erect a boot blacking stand in front of one of the company's show windows, to be in charge of a boy, was ruled out by the President on the ground that the Council had no jurisdiction.

The fire marshal made a request for the purchase of four dozen badges for the Defender Hose Company and six dozen for the Phoenix and it was granted.

A request from J. F. Ploppert for exoneration from taxes for 1895 on account of having been burned out by the fire of June, 1895, was referred to the finance committee.

The payroll of water works employees, as presented by Superintendent Betteridge at the last meeting, was ordered paid.

The ordinance committee was instructed to prepare an amendment to the water works ordinance, providing that the Superintendent shall serve until his successor is elected.

The chairman of the street committee was empowered to authorize the Schuykill Traction

Company to raise its track on Main street, between Lloyd and Coal streets, in such a manner as not to make the borough responsible for damages.

A REHEARING FOR BARDSLEY.

The Effort to Secure Pardon for Philadelphia's Thieving Ex-Treasurer.

HARRISBURG, May 22.—Before the hour of pardons yesterday application was made for a rehearing of the case of John Bardsley on the ground of his rapidly declining health. Letters were presented from Drs. W. C. Hamilton and W. S. Janney, of Philadelphia. Dr. Janney says unless Bardsley is promptly removed from prison life he will be but a short time when to die from a stroke of apoplexy or become demented because of the diseased condition of his body. Robert Alexander, counsel for the prisoner, stated that if Bardsley is to be sent from prison alive the pardon will have to be granted soon. At the close of the executive session the board announced that a rehearing had been granted in the Bardsley case and will be held at the next meeting on July 8.

The case of Frank Morris, of Intontown who is to be hanged July 1, was held under advisement. An application for the commutation of the sentence of Abram I. Eckold, of Wilkesbarre, to life imprisonment, was refused. The sentence of Robert Mosby, of Washington, who was to have been hanged July 1, was commuted to life imprisonment.

Pardon of 37 was recommended in the case of John B. Curley, Lancaster, Albert Berg, alias John Curley, Calo, Pittsburgh charged with forgery of currency; Fred Cumberland, second degree murder; Kersting, Philadelphia, assault and battery; Mortimer Newman, Philadelphia, selling liquor without license; Emma Foote, Philadelphia, larceny; William E. Ashton, Lawrence, larceny; Harry Good Lancaster, robbery; George Goetzman, Altoona, entering, breaking and larceny; Charles Gunst, Philadelphia, manslaughter.

Methodist Amusements.

CLEVELAND, May 22.—There is promise of a contest in the Methodist conference when the committee on judiciary makes a report on the proposed change in the discipline with respect to proscribed amusements. The action of the committee in deciding to submit a majority report declaring that part of the discipline which prohibits attendance at parties, card playing and other amusements is certain to provoke a spirited debate. There is a feeling among many delegates that the rule is a dead letter, for the reason that it is not obeyed, while others are opposed to it because it does not include many other amusements which are classed as sinful.

To Push the Immigration Bill.

WASHINGTON, May 22.—Senator Lodge, chairman of the senate committee on immigration, was asked yesterday as to the prospect of taking up the house immigration bill in the senate and replied that he should make an effort in that direction as soon as practicable after the bill had reached the senate. Mr. Lodge said he would offer the bill reported by himself from the committee on immigration as a substitute for the house bill, as he considered it a more complete measure. He objects to the house bill, especially because it does not furnish a sufficient guarantee against the inflow of immigrants. He says the Currier-Corlies amendment in relation to Canadians is satisfactory.

Presidential Postmasters Nominated.

WASHINGTON, May 22.—The president yesterday sent the following nominations of postmasters to the senate: Henry G. Walzer, at Lebanon, Pa.; Harry L. White, Eldred, Pa.; Alfred W. Day, Ashbury Park, N. J.; Aivah A. Clark, Somerville, N. J.

SOME OBSTRUCTIVE TACTICS

In the Senate to Prevent Action on an Anti-Bond Bill.

PRESIDENT'S VETO OVERRIDDEN.

The House, by a Vote of 196 to 47, Refused to Sustain the Chief Magistrate's Objections to a Pensioner—The Labor Commission Bill.

WASHINGTON, May 22.—The senate had an hour of much excitement, with a resort to obstructive tactics and several personal controversies at a late hour yesterday. The early portion of the session had been given to the routine of agreeing on conference reports on appropriation bills. At 3 o'clock Mr. Butler (N. C.) moved to take up his bill prohibiting the further issue of interest bearing bonds. Mr. Hill immediately moved an adjournment, which was defeated, whereupon Mr. Chandler followed with a motion for an executive session. For an hour roll calls and bills of the senate followed by quick succession. As further means of delay Mr. Hill secured the reading of a lengthy conference report which had been presented, and Mr. Chandler secured the reading of several long routine documents which had been sent over from the house. Irritated by these delays, Mr. Allen accused Mr. Hill of a lack of good faith, to which the New York senator angrily retorted that Mr. Allen's statement was false. The editorial "but very sharp and full of logic" was used. The executive session was directed to go for absent senators. If this could be executed, however, Mr. Hill yielded, announcing that he would renew the fight for the bond prohibition bill today.

In the house so much of the time was occupied in considering the president's veto of a bill to pension Francis E. Hoover, a private in the Sixty-fourth Ohio regiment, and in listening to a personal explanation from Mr. Grosvenor relative to a news paper misrepresentation of his position on the subject of reciprocity, that the time for debate on the Phillips commission bill was extended until today at 4 o'clock. The bill provides for the appointment by the president of a non-partisan commission of twenty-one, seven representatives from labor, agriculture and business, to collect information and consider and recommend legislation to meet the problems presented by labor, agriculture and capital. Mr. Phillips, chairman of the labor committee, and the author of the bill, made the principal argument. Mr. Low, of New York, also supported it. The bill, Mr. Phillips said, had the united support of all the labor organizations of the country. The president's veto of the bill to pension Francis E. Hoover was overridden by a vote of 193 to 47. Four Republicans voted to sustain the veto and five Democrats to override it.

B. and O. to Make a New Loan.

BALTIMORE, May 22.—Judges Goff and Morris, in the United States circuit court, heard the application of B. and O. Co. for the revocation of the charter of the Baltimore and Ohio Railroad company, to issue receivers' certificates to the amount of \$5,000,000, to be applied to the discharge of the claims of certain preferred creditors of the road, to the renewal of bridges, straightening curves, repairing track, etc. The court was also asked to sanction the issue of \$5,000,000 car trust certificates which have already been partially negotiated, the proceeds of which are to be applied to the purchase of 3,000 new freight cars and 75 locomotives. It is agreed that the orders in both applications should be signed now, but in the latter it would be without prejudice to the Mercantile Trust company of New York, two days being allowed for objections to be argued.

President Kruger Was Overruled.

PIREBORO, May 22.—The revised sentences of the reform prisoners have been unfavorably received, and a great reaction of feeling is evident among the prisoners. It is declared by a most independent and trustworthy authority that President Kruger persistently urged that all the sentences to imprisonment should be replaced by fines, but he was overcome by a majority of the executive council. The fate of the four leaders, Colonel Rhoder and Messrs. Phillips, Hammond and Farrar, whose sentences were provisionally commuted to fifteen years imprisonment, will be announced on Monday.

Fugitive Bank President Surrenders.

MILWAUKEE, May 22.—President B. C. Thrump of the South Side Savings bank, who fled to Europe three years ago, when his bank failed with \$1,250,000 liabilities and no assets, appeared in court yesterday and surrendered himself. He was fined \$7,500, which was furnished. He will be tried on the indictment charging him with accepting money knowing the bank to be insolvent. Cashier Koerting was convicted on this charge and sent to prison for five years.

Three More Kansas Cyclones.

ARKANSAS CITY, Kan., May 22.—The eastern portion of Kay county, in the Cherokee strip, and the southwestern corner of Cowley county, Kan., was swept by three tornadoes between 5 and 6 o'clock in the evening. The storms traversed a section of country thinly inhabited, and therefore no loss of life has been reported. The destruction to crops and fences is considerable.

Quay Off for Canton.

WASHINGTON, May 22.—Senator Quay has started for Canton, Ohio, to call on Major McKinley, upon the latter's nomination. The Senator left this city at 7:00 o'clock last evening and reached his home at Beulah this morning. After a day's rest he will proceed to Canton, and will probably be in Sunday with McKinley, starting on his trip on Monday. The Senator's return to Pennsylvania may be his loyal friends in this city that his assured of one thing, and that is, that he will not do anything in the least to put his own candidacy for the nomination. His relations with all the other candidates have been of the most friendly nature. If McKinley is nominated at St. Louis it may be taken as a certainty that Quay's enemies in Pennsylvania will not annoy or humiliate him. The Vice-Presidency may also be considered at the Canton conference, with Gov. Hastings figuring prominently.
