Inhuman Treatment.

The HERALD yesterday contained an account of the death of a young woman under distressing circumstances. Through an error it was stated she died at the Miners' hospital, when it should have been the almshouse. Stewart John W. Reese was in town yesterday afternoon, and informed a reporter that the young woman had been in this country less than two weeks, arriving in New York on the steamship "City of Baltimore" on the 13th inst., coming direct to Shenandoah. It appears she contracted a fever on board the ship, and the almshouse physician says her death was caused by typhoid pneumonia and that she was unconscious when taken to the almshouse. The physician and attendants did all they could for the unfortunate woman, but she died in less than 24 hours. The woman took up her residence in town at the home of her sister, Mrs. Frank Deauf. When her condition grew critical her brother-in-law applied to Justice Shoemaker to have her sent to the almshouse. There she lay until the body and the remains will be brought here.

To Graduates.

A Saloon Brawl.

Cries of "Murder" and "Police!" startled the residents in the vicinity of the corner of Centre and White streets at about half past two o'clock this morning and the uproar that followed the cries kept the people in a state of alarm for some time after. No one knew exactly from whence the noise came. Postmaster Mellet thought burglars were trying to tear out the rear walls of his house and with a horse pistol in each hand and his anatomy is slight, white drapery, he made a determined search for the supposed intruders without any success. The scene of action was in the saloon of Thomas Paulakonis, a little further east on Centre street. About fifteen men had a pugilistic encounter, all battling at one time. The chair, organ and other contents of the saloon suffered, and Paulakonis says the damage will run to about \$50. None of the participants were seriously hurt. One man sustained several cuts on the head. No cause is assigned for the fight and no arrests have been made.

A Prodigal Thief.
Andrew Ugoey was arrested last night by Policeman Goodman and taken before Justice Polakowicz on a charge of larceny preferred by William Burkus and John Popukovich, of Mahanoy City. He was given a hearing and committed in default of \$500 bail. This morning Policeman Goodman took him to the Pottsville jail. Ugoey boarded in the same house with the complainants and while they were at work on the night of last March he broke open their trunk and stole \$24 in cash and a watch. He skipped immediately after and was not seen by his victims until last night, when he returned to this place with the expectations that his exploit had been forgotten.

Killed at Audenried.
Griffith G. Roberts, inside foreman for the L. & W. B. Coal Co., at Honeybrook, was struck by a train at Audenried from the effects of which he died yesterday. He was 40 years of age, and was one of the leading coal experts of the region. The friends of the unfortunate man believe that he was murdered. A piece of gas pipe was found near the track covered with blood. Later developments show conclusively that the man was lured to the place where he was found and foully dealt with. The coroner found three distinct blows on back of the skull and a blood clot under each blow. Roberts is well known in this section.

Keiser Goes to Jail.
Howard H. Keiser, unfortunately for Shenandoah, claims this as his home, was yesterday placed in the county jail on a charge of robbery, the particulars of which were given yesterday. He will no doubt receive the full extent of the law for playing his nefarious game. If the authorities need witnesses as to Keiser's character they can secure quite a number of victims in Shenandoah. Richard Scott, one of Keiser's pals, was also arrested under the same charge but was subsequently released, as William Schultz, the man who was robbed, could not identify him.

Will Dedicate Their Hall.
This afternoon and evening will be a gala day for the membership of Camp 231, P. O. S. of A., and their many friends in Mt. Carmel's different civic and secret societies, at the dedication of the Washington Hall Association's handsome new building on West Third street, in that town, which marks the consummation of a long cherished hope. A parade will be held, after which State President Huth and State Secretary William Wenzel will address a public meeting. The formal dedicatory ceremonies will be held this evening.

Drove From Scranton.
G. A. Wilde and family, recently of town and now of Dunmore, near Scranton, arrived in town yesterday after having driven all the way from their home. It took them two days to make the trip and they reached Hazleton after the first day's drive. They are the guests of E. W. Wilde, of North Jardin street.

Ton Old to West.
The Register of Wills of Berks county refused a marriage license to ex-Judge George W. Bruckman, an octogenarian, objections being raised by his sister. The Judge is 90 years old and his intended bride 40. He has been an invalid for a number of years, and was wheeled into the Register's office in a chair. The couple yesterday went to Camden and it is said were married there.

Clear the Curbs.
Chief Burgess Burns and Supervisor Llewellyn announced to-day that to-night they will request their aid of last Saturday night and all boxes, kegs, barrels, etc., found stowed on curbs will be carted away and thrown over the dump at the west end of Lloyd street. In addition to this, parties leaving obstructions on the curbs will be presented before the Chief Burgess on Monday morning.

Russians to Meet.
The Russian National Society will meet in convention at Mt. Carmel, June 2d., during which time important questions will be discussed. On the day following Russian priests of the United States will assemble in Shamoklu to hold conference. The session will last one day.

They Got Too Fresh.

While Maggie Drunkinski was scrubbing the door step in front of her home this morning she was accosted by Joe and Baltro Stenkas, wicz, who called her vile names. This being too much for Maggie, she dipped a broom in a bucket of dirty water and hit Joe in the face with it. After a lively tussle Joe got possession of the broom and got vengeance by hitting the lady on the forehead and beating her otherwise while his brother Baltro held her. Both entered bail in the sum of \$200 each, for appearance at court, before Justice Toumey.

A Glorious Celebration of the Fourth at Columbia Park.

In no place in this county will the Fourth of July be more patriotically and joyously celebrated than in Shenandoah, and no organization in the county will do more to add enthusiasm to the observance than the Columbia H. & S. F. E. Co. No. 1, of this town. For years it has been the privilege of this company of volunteer firemen to start company in the season and open the way for a general observance of the Fourth, and this year it is on deck again with its usual promptness. For Women in the Spring.

The Ablest of Women Journalists Indorses Paine's Celery Compound.

Mrs. H. B. Sperry, who is now the eminent president of the Woman's National Press Association, was assistant editor of the Washington World. Her vigorous editorials in Ohio and Washington newspapers first brought her into national prominence. The active profession of journalism has kept Mrs. Sperry up to date in information and progressive in thought. When there was evident need of a remedy in her family she was well aware that Paine's celery compound was best to use. The following enthusiastic letter shows the happy results from the use of this greatest of remedies: Wells & Richardson Co., Burlington, Vt.

Dear Sirs:—A few weeks' use of Paine's celery compound by my 83-year-old mother has been of great benefit to her and proved to my satisfaction that there's nothing like it for the headaches and sleeplessness incident to impaired digestion. A niece in my family was also cured of insomnia by using one bottle of Paine's celery compound. Yours very truly,
Hannah B. Sperry.

In every part of this country women are utilizing these blessed spring days by taking Paine's celery compound and insisting on its use by the members of their families. It speaks volumes for this wonderful remedy that of all the women who have recovered health by its means very many were induced to take it through the persuasion of other women—sisters, mothers, friends or relatives.

Many a man slowly failing in health, but stubbornly shutting his eyes to the alarming fact, has been led to take Paine's celery compound from seeing its remarkable health-giving effect in the case of his own wife, sister or some other member of his household.

When a sick and feeble sufferer is seen to gain steadily in health and vigor from taking Paine's celery compound, not much room for doubt is left to the most stubborn-minded person. This joyous transformation from sickness to health is going on in thousands of homes across the wide extent of this country.

The reputation of Paine's celery compound has grown by word of mouth, from persons made well, to others who needed its healing, strengthening power. The agreement of opinion among the best informed, most observant class of people, in the well-to-do homes of our largest cities, as well as in the more frugal town communities, places Paine's celery compound far in advance of any remedy. Paine's celery compound is, in fact, the only spring remedy ever heard of in the home of practicing physicians.

This great remedy is not an ordinary spring sarsaparilla, bitter, tonic, or nervine. Paine's celery compound is as far apart from any of these guesswork remedies as black is from white in the eyes of physicians who regularly prescribe it to themselves and carry it home to their own families. Paine's celery compound is the famous formula of that thoughtful and studious physician, Prof. Edward M. Phelps, M. D., LL. D., of Dartmouth Medical School.

It is the duty of every man or woman who has been benefited by Paine's celery compound to impress on friends and neighbors its wonderful efficacy as a spring remedy that is in every way worthy of the name.

The past of Paine's celery compound, as every one who keeps informed of current events is well aware, is a remarkable story of sick people made well, and of many persons, who had given up health as wholly lost, made strong as ever they were in their lives. Paine's celery compound is the spring remedy par excellence. No investigator has been so much praised, discussed, recommended and used by physicians, and discerning, conservative men and women in every walk of life.

The story of Paine's celery compound in a nutshell is that it makes people well.
