### REPUBLICAN STATE TICKET.

FOR CONGRESSMAN AT LARGE,  
GALUSHA A. GROW,  
OF Susquehanna.

-SAMUEL A. DAVENPORT,  
OF Erie

PARTIES leaving town for the summer can have the EVENING HERALD sent to the resort where they spend the season at no increase of price. The paper being issued in the evening will be sure to reach people at a distance the following day.

COL. FRED. D. GRANT, one of the Police Commissioners of New York, is charmed by the buzz of the Vice Presidential bee, and has entered the contest for the nomination. Col. Grant has not displayed any extraordinary ability as a Police Commissioner, but he thinks he can size up to the office of Vice President and hopes his name will assist him in reaching the goal.

INTEREST in what is to occur in the St. Louis convention continues to fade. McKinley has got so firm a grip on the nomination that Tom Platt, of New York, has stopped talking, and people have lost the run of Mark Hanna and Gen. Grosvenor. Even the caucus for a man to put on the ticket for the Vice Presidency fails to make more than a passing stir. It is understood that the platform has been determined on, and matters will be in such shape on the 18th inst., when the convention will assemble, that in all probability a session of one sitting will be sufficient in which to complete the business of the convention. It will evidently be a cut and dried affair all the way through.

### SUSPEND JUDGMENT.

The desiring Republican members of the School Board, by their course at the reorganization of that body, appear to be entering wedge of a bitter factional fight. How long it will continue is a matter of conjecture, but all friends of the public schools hope that the Directors will not allow their personal prejudices to further get the better of their good judgment. The parents and scholars have rights that must be respected.

Superintendent Whitaker's term expired on Monday and the schools are without an official head. Why? Because four of the Democratic Directors, without the knowledge of their colleagues or the public, saw fit to file remonstrances against the issuing of a commission by the state authorities to the newly-elected superintendent, Prof. C. D. Bogart. In the judgment of all fair-minded people of both sides to the controversy, it would, to say the least, have looked better on their part had they made the grounds of their protest known to the School Board, instead of adopting the course they did.

We do not wish to shield Prof. Bogart. If he is incompetent as an instructor or as a man, the fact cannot be made known too soon in the interests of the schools. But it is only fair to say that the public should withhold judgment on the charges preferred against Prof. Bogart. This is an act of justice and courtesy which he has a right to expect from the people of Shenandoah. It must be remembered that his election to succeed Mr. Whitaker as superintendent of the schools of this town has aroused a sense of resentment on the part of the Democratic members, and there are grounds for believing that in their eagerness to thwart the will of the majority of the Board they may have been tempted to resort to such means.

### JUMPED TO HIS DEATH.

A Poland Met a Horrible Death Near Malanoy City to-day.

MALANOV CITY, June 4.—A horrible death was witnessed in the deep cut near the foundry, on the Lehigh Valley railroad, this morning. A day or two ago William Backmeiwilz, living on Water street, this place, received a sunstroke, and since that time he has acted in a mysterious manner, his mind being deranged. Friends have kept a careful watch over his movements, fearing he would do himself bodily harm.

This morning Peter Solinsky, a saloon-keeper, was out walking with Backmeiwilz. When at the deep cut near the foundry the latter ran away from Solinsky towards the Lehigh Valley railroad. He jumped from the embankment, twenty-five feet high, to the railroad track, just as passenger train No. 13, due here at 8:15 a. m., was rounding the curve. He was knocked down, both legs severed from the body and he was badly mutilated. The train was stopped and the unfortunate man conveyed to his home. Death was instantaneous. He was 45 years of age and leaves a wife and two children. An inquest will be held this evening.
