The County Commissioners and the State loard of Charities hold a consultation at Harrisburg in reference to the contemplated improvements at the Almshouse, and as a result the specifications have been pared down so as to bring the amount within the appropriation granted for the purpose. The Commissioners sometime ago advertised for bids for the erection of a new hospital steam heat and electric light and laundry plauts, and the lowest bidder was \$15,000 above the \$75,000 appropriated by court for the purpose. The consultation with the Board of Charities resulted in paring down the specifications so that the improvements can be completed for \$73,000 leaving \$2,000 for improving the old buildings. The work will begin immediately and pushed with all possible dispatch.

There were 14 bidders for contract for hauling coal from the Brandonville station to the pumping station of the water works, Jacob Peiffer, of Brandonville, was the lowest bidder. His figures were 35 cents a ton on a 1-year contract, 30 cents on 2 years and 25 cents on 5 years. It was decided to award him the contract on condition that at any time within the three years that Council may adopt other methods for getting coal to the pumping station it will be allowed to cancel the contract without danger a suit for damages.

Mr. Gable, chairman of the water com-mittee, made a lengthy report in which be made many recommondations, among them that the boiler house of the pumping sta-tion be enlarged so as to afford cover for the collars and that steps be taken to prevent waste of coal in loading and unloading.
