DISCUSSING THE MONEY PLANK.

Advocates of the Gold Standard Declare That There Must be no Straddle on Finance—Bliss' Boom for the Vice Presidency—Thurston Favors Hobart.

ST. LOUIS, June 12.—The Republican national committee made such poor progress yesterday that the members of the committee are beginning to feel that there is danger of very great prolongation of their work. There are consequently many suggestions as to the necessity of finding a means of reducing the time. Up to 11 o'clock last night the committee, after sitting for twelve hours, had decided contests affecting fifty seats in the convention. These included the four delegates-at-large from each of the states of Mississippi and Florida and scattering district delegations from California, Alabama, Kentucky, Florida, Mississippi and Missouri. All the delegates seated, with the exception of two, are McKinley men.

Telegrams have been received here that Cornelius N. Bliss, of New York, with a

CORNELIUS N. BLISS.

large delegation of McKinley men from that state, are on the way to St. Louis. This immediately started a great deal of gossip, and among the rumors that were afloat was one to the effect that Mr. Bliss was to be pushed for the vice presidency, and that, although he had stated long ago that he could not accept the nomination, he would be prevailed upon to take the second place in order to strengthen the ticket in New York. This rumor had a running mate in one which stated that the information had been obtained saying that Governor Morton would accept the second place, and that Mr. Platt had been consulted and said the arrangement would be satisfactory.

The rumor has been started by those who think the McKinley men, now having full control of the convention and everything connected with it, are under the necessity of planting one section or another of the country, especially where there have been disappointed presidential candidates. Senator Gear, of Iowa, has been given second place in one of these wild schemes of the imagination, which has conceived a necessity for placing the state of Iowa, because Senator Allison could not be nominated for president. The fact appears that there are a number of rather eager aspirants for the vice presidency, and for several of them there is very warm feeling in the McKinley camp.

The declaration of Senator Thurston in favor of Hobart, of New Jersey, for the vice presidential nomination, carries weight with many of the McKinley people,

GARRETT A. HOBART.

and there are some who are disposed to discuss Governor Hastings as a favorite. When Senator Quay reaches here possibly the Hastings boom will assume something like tangible shape.

There are hundreds of forms of financial planks for the Republican national platform at the McKinley headquarters in St. Louis and in the hands of McKinley's friends, who will largely determine what the platform shall be. More than a week ago there was sent out to the newspapers various forms of a financial plank and intimations made that it was a form of declaration which was wanted. This was done for the purpose of securing views and financial planks from all sections, and from people interested in the character of the financial resolution. The result has been anticipated, and platforms have been coming in by letter and by telegraph from every part of the country. The McKinley managers have not only been able to obtain forms of financial planks, but they have also been able to secure the views of men all over the country whose opinions are worth having.

The more the matter is considered the more probable it appears that the national platform will conform close to that of the Indiana convention, with all reference to a ratio stricken out. The Indiana platform declares against the free and unlimited coinage of silver "at a ratio of 16 to 1." It is proposed to cut out the sentence quoted and end with a straight de-

ADJOURNMENT OF CONGRESS.

The House Honors Speaker Reed by a Rising Vote of Thanks.

WASHINGTON, June 12.—Vice President Stevenson brought the session of the senate to a final close at 4 o'clock yesterday, after a brief valedictory expressing his thanks to senators for their courtesies to him throughout the session. The closing was not of the dramatic order, but was marked by the placid serenity characteristic of the upper branch of congress. The galleries were well filled, but there was an absence of the packed corridors incident to an eventful close of congress. The senate convened at 11 o'clock, but no business was transacted beyond the formalities preceding an adjournment. Senators Smith and Sherman were named to make the usual call on the president, and reported that there were no further communications from the chief executive.

The last bill to be passed was one urged by Mr. Sherman petitioning the widow of General William R. Gibson, a prominent Ohio officer. Resolutions of thanks were unanimously adopted to Vice President Stevenson and President Pro Tem. Frye for their impartial rulings in the chair. One of the last acts was to give the important immigration bill a parliamentary status by which it secures the right of way as soon as the senate reassembles.

The final session of the house was devoid of public interest. The appropriations bill had been passed and the members simply waited for the end to come. A number of the members were made happy by the passage of small local bills of interest to their districts. To General Wheeler, of Alabama, belonged the distinction of securing the passage of the last bill. Beyond a little misunderstanding between Mr. Bailey, of Texas, and Mr. Marsh, of Illinois, the utmost good feeling prevailed. There was an attempt by Mr. Bailey and Mr. Maguire, of California, to precipitate a political discussion in the last half hour of the session, but the Republicans declined the gauge of combat thrown down to them. Mr. Turner, of Georgia, the floor leader of the minority during the absence of Mr. Crisp, offered a resolution of thanks to the speaker, which was adopted by a standing vote, a most unusual honor. The speaker closed the session with a graceful speech.

Jim Connor was rescued at the last moment by the ferryman, who was the only witness to the accident. The old flat boat in which they were crossing the river sank in midstream.

Brutally Assaulted by a Tramp.

HARRISBURG, June 12.—The 8-year-old daughter of Robert Patrick, a farmer living near Derry Church, was brutally assaulted yesterday afternoon by a tramp, who dragged her into a clump of bushes along the highway. The child was returning from school at the time. The tramp escaped and is still at large. The people of the neighborhood threaten to lynch the men if he is caught.

Joe, who owed the saloonkeeper a bill for drinks, went into the place to buy a keg of beer and paid \$1.75 for it, which the saloonkeeper kept and said he would deduct it from his bill and refused to give him the keg of beer. He waived a hearing and entered bail for appearance at court.

SCHOOL BOARD IN SESSION.

The Directors Held a Special Meeting Last Night for General Business.

BOGART WILL MEET HIS ACCUSERS

The Superintendent-Elect Confident That the Charges Cannot be Sustained, and is Anxious for a Hearing—The Graduating Exercises.

The School Board held a special meeting in the Directors' room last evening for the transaction of general business. The members present were: President Price, Hanna, Trezise, Baugh, Edwards, Church, Devitt, Connors, Sullivan, Higgins, Morgan, Lee, O'Brien and Williams, Prof. J. W. Cooper and T. R. Beddall, Esq., were also in attendance.

Treasurer-elect C. W. Dengler appeared before the Board and stated that he had a bond prepared, but it was only in the sum of \$20,000. He had been informed by the President that the amount was correct, but he had subsequently learned it should have been in the sum of \$30,000. The bond was issued in the name of a Philadelphia Trust Company.

Solicitor Beddall informed the Board that the bond was not drawn up properly, being made out to the Shenandoah School District, when it should have been made in the name of the President of the School Board. The matter was finally disposed of by the Solicitor stating that the bond would be drawn up properly and ready to be presented to the Board by Monday evening next.

The High School committee reported, and recommended sixty-six pupils from the Grammar schools as being entitled to the honors of graduates. The committee also recommended the names of eighteen pupils from the High school as graduates, and that they be given diplomas; that hereafter seven honors be conferred upon the A class in the High school; that complimentary tickets to the commencement exercises be presented to the Directors, ex-Directors of the outgoing Board, to the graduates and the press. The recommendations were adopted.

Mr. Trezise reported that the filling in of trenches at the new school building was not being done properly.

A committee representing the Daughters of Liberty appeared before the Board and requested that they be allowed to raise a flag at the Union street school building on July 4th. The matter was referred to the Building committee, as there was some dispute concerning the privilege of flag raising. Both the P. O. S. of A. and the Jr. O. U. A. M., it was said, claimed the right, and the Board thought the question should be adjusted to avoid future trouble and misunderstanding.

Mr. Lee asked if anything further had been learned concerning the superintendent. President Price stated that he had a conversation with Prof. Bogart in Philadelphia on Tuesday, and that the latter most emphatically denied all the charges. The superintendent-elect met State Superintendent Schaeffer; said that he had no fear of the outcome and was only too anxious to meet all parties at any time. The question as to whether Prof. Bogart would be here, President Price replied that he is anxious to come and set out to do so, but he had not yet received a reply to his communication.

On motion the Secretary was instructed to communicate with Dr. Schaeffer, under seal of the Board, requesting a hearing of the case at once, so that the schools may not suffer because of delay.

The Board adjourned to meet at the call of the President for general business.
