REPUBLICAN NATIONAL TICKET.

FOR PRESIDENT,

WILLIAM MCKINLEY,

OF OHIO.

FOR VICE-PRESIDENT,

GARRETT A. HOBART,

OF NEW JERSEY.

REPUBLICAN STATE TICKET.

FOR GOVERNOR-GENERAL,

GALATSHA A. GROW,

OF SHENANDOAH.

SAMUEL A. DAVENPORT,

OF EUREKA.

It is said Spain views with much alarm the Cuban plank in the Republican platform. And well she may.

How would the Hon. Grover Cleveland look carrying a transparency in a Republican parade? And how would His Beedness be received?

Before the inauguration the six Pennsylvania delegates who voted for McKinley in the St. Louis convention will have expanded into sixty thousand.

From private sources it is learned that Don Cameron had sent a congratulatory message, accompanied by a large block of stock in his silver mine, to the solitary and homesome delegate from the far West, who had his vote for the boom friend of Senator Butler in the St. Louis convention.

In a United States court at Chicago, Judge Grosscup has ruled that a flaming message on a postal card is legal. Recipients of such messages have invoked the statute against postal cards bearing matter reflecting on the credit of persons to whom they are addressed. Judge Grosscup says that if a man simply asks for what is the law he commits no offense. It is further stated that the statute in question is invoked chiefly by debtors who are desirous of swindling or getting revenge upon those they owe, and the chief sufferers are the poor and ignorant.

The report of the Grand Jury, published in Saturday's issue, contained a recommendation which the members of the Legislature and Senate from this county should accord serious consideration. "Within the memory of the oldest citizen" each succeeding Grand Inquest has suggested that a law be enacted empowering that body with authority to place the costs on those Justices of the Peace who return trivial cases to court, merely for the purpose, as the present Grand Jury says, of "securing their fees." Speedy action on the line suggested cannot but result in a big saving to the county.

The effort of any newspaper to build up a town, save on exchange, is practically unaided unless it is backed up by the business man. A stranger trusts from the news columns of a paper to its advertising pages, and if he fails to find there the business cards of the merchants and professional firms, he comes to the conclusion that the publisher is not appreciated, in which case it is a good plan for him to keep clear of. No town ever grew without the active assistance of its newspaper. Nor can papers grow and build up their localities without the assistance of the town. Business men should realize this, and remember in giving support to the newspapers they are not only building up their own business, but help to support that which is steadily working for the growth of the whole town.

ABOUT one month ago Representative Grosvenor, of Ohio, introduced in Congress a series of joint resolutions calling upon the heads of the different departments to inform Congress how many, if any, aliens were employed in their departments. Up to the adjournment of Congress replies had been received from the Secretary of State and the Attorney General. Both said that there were no aliens employed in their departments. Investigation into their departments promise better results. During the past month the Clerks of the Supreme Court of the District of Columbia have been busied with naturalization cases that they have been for a long period. Since May 14 no less than fifty-six persons have taken out their papers. Ordinarily the naturalization cases in the District for a similar period of time, according to the statement of the Clerks, amount eight. From the records of the court the names of all those naturalized since May 14 were obtained to-day, and the investigation, which, from the difficulties attending it, could not be made complete, reveals eighteen employees of the different departments who were not citizens of the United States. Some of these are holding positions of great importance, and when the statements of the heads of the different departments, in response to the inquiry of Congress, are submitted, they will no doubt create no little stir.

BRITISH COMMENTS.

Such comments on the ticket and platform as the British press has condescended to make, differ only a trifle from the customary remarks. Their tone is a little more guarded, but their dislike is just as apparent as ever to those who know where to look for it. Of course, they do not like Major McKinley, or the tariff plank, and they say so by declaring that the worst danger that could threaten British commerce would be the adoption of free trade by the United States. This is intended to conceal their disappointment. The year has been one of unprecedented prosperity in England, owing to the export trade she has enjoyed with this country. The prospect of

a return to a high protective tariff is distressing.

The minor press cannot conceal its rancor at the determination to bear a share in the world's affairs, and intimates that Cuba has simply taken the place of Ireland as an excuse for a demonstration, but the more influential papers are less outspoken.

In the gold plank alone do these gentle critics find anything to applaud, and they do this so awkwardly as to arouse a suspicion that they are very sorry the convention avoided the blunder of adopting a free silver plank. Amiable neighbors like these manage to sweeten life perpetually.

Household News.

This ever-welcome visitor comes to our table with a regularity that delights us, and to leave to miss a single number would be to upset the entire month's menus. Just what housekeepers did before the coming of Household News we cannot even conjecture. Now it has become a necessity in the well-regulated home, and the fact that Mrs. Rorer writes exclusively for Household News is sufficient guarantee of the reliability of its contents. The publishers are free with their sample copies. Write them at once. Household News Company, Limited, 420 Library street, Philadelphia.

Three Young People Drowned.
ZANESVILLE, O., June 22.—Grant Harvey and Miss Emma Collins, of South Zanesville, and Miss Lucella Evans, of Mayville avenue, this city, were drowned in the Muskingum, south of the city, yesterday afternoon. After walking down the river on the west side for about two miles they attempted to cross the stream in an old skiff. It began to fill with water so rapidly that when they were in the middle of the stream Mr. Collins, who accompanied them, jumped out to push the boat while Mr. Harvey, who was unable to swim, rowed. The ladies became frightened and rushed to Mr. Harvey, capsizing the boat. The three drowned were found clinging to each other.

An Alabama Lynching.
BIRMINGHAM, Ala., June 22.—On Friday night last Neddie, the 9-year-old daughter of Gwyn Puckett, a prominent farmer living near Hartsell, Ala., was kidnapped by Leon Orr, a negro farm laborer. She was later found in the woods where the brute had assaulted her and left her in an unconscious condition, fatally injured. Orr was captured near Danville and confined in the court house. An early hour yesterday morning a crowd broke into the building, strapped the negro to a horse and took him to the scene of his crime, where they hanged him to a tree and riddled his body with bullets. Orr confessed his guilt.

Disbarred Lawyer Seeks Reinstatement.

LANCASTER, Pa., June 22.—Lawyer G. C. Kennedy who was disbarred two years ago, has petitioned the court to reinstate him. The reason assigned is that he was acquitted of all the charges of forgery, false pretense and embezzlement, which were the basis of his disbarment. But the real reason for disbarment was that he claimed to be insane. The people who lost money through Kennedy will probably object to his reinstatement.

Russian Factory Hands on Strike.
ST. PETERSBURG, June 22.—There are 4,000 factory hands now on strike. They are quite peaceful, but apparently determined to obtain their demands. It is stated that more than 10,000 in the province of Tver have resolved to go to the railway when the czar returns to St. Petersburg and stop the train, and throw themselves on their knees to induce the emperor to receive a memorial of their grievances.

An Indiana Murder Mystery.
CHICAGO, June 22.—Forsythe, Ill., has a murder sensation with all the attendant mystery surrounding it that baffles the police. Martin Cibhal, keeper of the Chicago Outing club house, was the victim, and the object was robbery. The police are proceeding on the theory that the murder was the work of tramps. The murdered man's home was formerly in Cleveland, where he leaves a wife and family of grown up children.

To Further Expedite Mail Delivery.
WASHINGTON, June 22.—Continuous day time collection of mails in the big cities, with the size of the various districts doubled and the sorting of the mail in the collection wagons, ready for immediate railroad dispatch without passing through the postoffices, is contemplated in an experimental scheme the postoffice department will execute soon, probably in both Washington and New York. The plan is now designed and of which Second Assistant Postmaster General Nelson is the author is an entirely new one. Two large collection mail wagons, manned by a postal clerk and driver and equipped with the regulation sorting boxes and mail pouches, and each drawn by two horses, will make a continual round of the collection places throughout the day.

A Cuban Crisis Expected Soon.
MADRID, June 22.—United States Minister Taylor has been in Madrid since Tuesday morning, and has seen the Duke of Tetuan twice. The duke received him very cordially. All of the Madrid newspapers comment sharply on the nomination of McKinley and the allusions to a more active policy in regard to Cuba embodied in the Republican platform. The papers applaud the purpose of the government to attempt to quell the insurrection before a new American president takes office. Among the governing classes and people best acquainted with the situation in Cuba the idea is gaining ground that the relations of Spain with her colony and with the United States will come to a crisis this winter.

Mrs. Fleming Expects Acquittal.
NEW YORK, June 22.—Mary Alice Almont Livingston Fleming, confined in the Tombs prison charged with having poisoned her mother, Mrs. Bliss, expects to be free this week. "The summing up will probably be today," said she, "and I think that by Tuesday the recorder will charge the jury. I firmly believe I shall be acquitted. I have been confined here ten months, a long time, and although I kept up well through it all, have undergone a severe nervous strain." Mrs. Fleming said that if acquitted she would spend the summer at some seaside resort. She then expressed a desire to return to her relatives in this city and live down the charges made against her.

Both are teamsters and are married. For some time past there has been a rivalry between them as to who raised the best brood of game chickens, and a renewed discussion of the subject led to the duel.

Sleep

Induced by the use of coca, opiate or narcotic compounds is bad, decidedly bad. They undermine health and shatter the constitution and the patient is steadily growing into a worse condition—often resulting in the terrible slavery and misery of the cocaine and opium habit. Sleep induced by the use of Hood's Sarsaparilla does not perhaps come as quickly, but it comes more surely and more permanently through nature's great restoring and rejuvenating channel—purified, vitalized and enriched blood. This feeds the nerves with life-giving energy and builds up the system and constitution from the very foundation of all health and life—the blood—pure, rich, red blood.

Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists, \$1. Hood's Pills cure liver ills, easy to take, easy to operate. 25 cents.

THREE KILLED AT A CROSSING

And Another Fatally Hurt by an Atlantic City Express Train.

ATLANTIC CITY, June 22.—Three men were instantly killed and a fourth probably fatally injured in a grade crossing accident at Absecon yesterday. The dead are: George Huber, aged 60 years; Frederick Huber, his son, aged 32 years, of Germania, this county, and Harry Hentzler, of Philadelphia. The injured man is Joseph Sahl, of Galloway, a member of the board of freeholders.

The men left Germania about 7 o'clock in the morning for a day's pleasure in a top covered wagon drawn by a pair of spirited horses. Upon reaching Absecon the animals either became unmanageable, or the driver, young Huber, attempted to beat the Camden and Atlantic express train across the tracks. The train was running at the rate of sixty miles an hour. The wagon was partly on the tracks when the train struck it and threw the men in all directions.

The Hubers were caught under the engine wheels and ground into pieces. Hentzler was thrown against the station with a horse on top of him. Sahl fell upon his side on the platform, looking at arm in two places, fracturing three ribs and puncturing a hole in one of his ribs.

Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill St., South Gardner, Mass., was told by the doctors. His son had lung trouble, following typhoid malaria, and he spent three hundred and seventy-five dollars with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his good good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial Bottles Free at A. Waseley's Drug Store.

Tracked a Murderer to His Grave.

WEST CHESTER, Pa., June 22.—"Big Frank," the Italian murderer for whom the authorities of Chester county have been looking for a year, has been tracked to his grave at Pittston, Pa., by Officer Harry Thomson, and the case has, therefore, been abandoned. "Big Frank" murdered a companion known as "Italian Joe, No. 81," at Howellville, last summer, by stabbing him in the back with a stiletto, after which he fled. Officer Thomson recently struck the murderer's trail and followed it to Pittston, where the fellow had been taken ill and died rather suddenly.

Thomson, of the navy, will be retired from active service on the 30th inst., both having completed forty years' service and made application for retirement. Both have been prominently identified with the building of the new navy.

Dr. D. R. Rothrock, of New Berlin, Pa., does not hesitate to recommend Chamberlain's medicine. He says: "I have handled them for a year or more in my pharmacy and find them safe and reliable. My customers praise them very highly." No one who is troubled with rheumatism can use Chamberlain's Pain Balm without praising it. The quick relief from pain which it affords is alone worth many times its cost. For sale by Grubler Bros., druggists.

A DOWAGER-EMPRESS DEAD.

The Adopted Mother of China's Emperor, Who Was All Powerful.

PEKIN, June 22.—The mother of the emperor died last Friday. The dowager empress of China, Tsou-Hsi, was born in 1834, and became the wife of the Emperor

THE WIDOW EMPRESS OF CHINA.

Tshou, who reigned from 1820 to 1861. His son, Emperor Tsou-Tehou, reigned from 1861 to 1875. Upon his death, the present emperor succeeded, with the title of Kuang-Hsu, being then 3 years old. He was adopted by the latter's widow upon his succession. He reigned until 1895, when he assumed the sovereignty. The dowager empress, nevertheless, continued to be a power in China, and so continued up to the most recent information.

Poughkeepsie's Little Cyclone.

POUGHKEEPSIE, N. Y., June 22.—The city was visited late yesterday afternoon by a general rain storm, which assumed the proportion of a cyclone. This storm was entirely local and extended not more than two miles north and south of Poughkeepsie. Many houses and factories were unroofed, and hundreds of shade trees and telegraph poles were blown down. The trolley system was completely crippled, and the city was without electric light last night. The worst damage was along the river front. An icehouse on Fox's point was blown down, and a tramp who was seen at one end of the roof building when the storm burst is believed to be buried in the ruins. A man was seen struggling in the water near the tow, and it is supposed that he was drowned.

Our customers invariably pronounce it the best they can find, and we know of no case where it has failed to give satisfaction." For sale at 25 and 50 cents per bottle by Grubler Bros., druggists.

Cleveland and Carlisle Go Fishing.

WASHINGTON, June 22.—President Cleveland and Secretary Carlisle left the city about 10 o'clock last night on the lighthouse tender Violet for a fishing trip on the Potomac river. With the party was Captain Lamberton of the Violet. The present intention is to be absent for two or three days, but the trip may be longer and extend into the waters of Chesapeake Bay. The weather during the past few days has been excessively hot, and the president, being unable at this time to leave the city permanently for the summer, takes this means of obtaining a few days' respite from official duties.

"Last summer while attending court at Annotown," says D. B. Patton, a prominent druggist of Fayette City, Pa., "three witnesses were suffering from diarrhoea. I gave each a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy and it gave immediate relief. On the way home one of my neighbors was taken with a severe cramp in the stomach and was suffering with intense pains. I gave him a dose of this remedy and within five minutes the pains had ceased. The remedy is a favorite here. I know of many who are never without it. I always take it with me when going away from home." For sale by Grubler Bros., druggists.

Distracted?

Did you ever suffer from real nervousness? When every nerve seemed to quiver with a peculiar, creepy feeling, first in one place, and then another and all seemed finally to concentrate in a writhing jumble in the brain, and you become irritable, fretful and peevish; to be followed by an impotent, weakened condition of the nerve centers, ringing in the ears, and sleepless, miserable nights?

Mrs. Eugene Searies, 130 Stratton St., Elkhart, Ind., says: "Nervous troubles had made me nearly insane and physicians were unable to help me. My memory was almost gone and every little thing worried me until I was almost distracted. I really feared I was becoming a maniac. I imagined all sorts of evil things and would cry over nothing. I commenced taking Dr. Miles' Restorative Nervine and four bottles of this wonderful remedy completely cured me, and I am as well now as I ever was."
