W. JOUNWHITTHIOUSE, he who startled. the people of schuylkill county by a threat. The remedy is a favorite here. I know of and investigation of the Alushouse and which has so far failed to materialize, has been again admitted to the Republican fold, judging from the names of those who appear to be leading spirits in Friday night's ratif cation meeting at the county seat.

IN an interview in Fittsburg, Senator Quay is reported as having said that with a free silver platform the Democrats might be able to carry Schuylkill, Luzerne and Luckawanna counties, but he had no fear that Pennsylvania would fail to roll up a big Republican majority. So far as SchuyBcill is concerned much depends upon the character of the nominees on the county ticket. The countles mentioned are Congressional districts in themselves, and it may have been this that caused Mr. Brumm to state in an interview that several sliver Congressmen will be elected from Pennsylvania.

In seems, says the New York Sun, that those two glorious leaders of the Hog Comblue, the Hon- Christopher Magee, of Pittsburg, and the Hon. David Martin, of Philadelphis, are still alive and kleking, and that they have succeeded in returning from St. Louis to Pennsylvania, where they are once more raising the war cry against the Hon. Matthew Stanley Quay, who gave them so artistic and finely excented a ticking a little while ago. But some men are hard to satisfy, and of these some are these two. They how! for more combat with Mr. Quay. They denext upon the Hon. Marcus Arreus Hanna to boost them forward in the maks of war. Sourcountern there is a legend that June, the mouth of reses, is also the mouth of weddings, Or, perhaps, it is more than a legend. It may be an accepted and an axiomatic law. However, the unromantic types that priot the news from the depart-ment whence marriage licenses issue, bears out the legend or the law, and, regardless of which is, it is ably verified. June is, as wedding day appointed for June is determined, as a rule, some weeks beforehand, so that the momentous affairs like the trousant and the list of invited guests may be prepared with due circumspection, the brides of the township, matds chosen, the plans arranged and time permitted the guests to select the proper

presents to grace the event. But whether itis spring that is re-possible, or what, the the purpose of offering assistance during world of society is singing the praises of the June bride throughout Schuylkill county.
