### THE ITALIANS ACQUITTED!

Declared Not Guilty of Having Murdered  
Joe Zukufski.

### THE MISSING ITALIANS BLAMED.

A Sequel to the Bloody Lithuanian and  
Italian Riot on Coal Street in Which  
Three Men and a Woman  
Were Shot.

**SPECIAL TO EVENING HERALD.**  
POTTSVILLE, June 26.—The trial of the Italians Mike Minella, Petro Magone, and Petro Meo, charged with the murder of a Lithuanian named Joseph Zukufski at Shenandoah in April last, terminated at 9:45 o'clock last night by the jury handing in a verdict to Judge Albright finding the accused not guilty. The verdict was a surprise. Magone and Meo were not strongly implicated in the affair by the evidence, but Minella was caught red-handed and a verdict of murder in the first degree was expected against him. M. P. McLaughlin and Mr. Isadore represented the Commonwealth, while M. M. Burke, Esq., of Shenandoah, and H. O. Bechtel, Esq., of Pottsville, conducted the case for the Italians.

Zukufski was killed during a general fight between Italians and Lithuanians on West Coal street. He was not murdered on the spot, but lived for several days, finally succumbing to a pistol shot wound which the Commonwealth alleged was inflicted by Minella. Two of the Italians who were engaged in the fracas escaped and have not since been captured. It was claimed by the defense that it was one of the two missing Italians that killed Joe Zukufski. The evidence clearly showed that one of them shot Zukufski's mother.

During the trial the Commonwealth lawyers had referred to the fracas as a race war. In summing up attorneys for the defense argued that it was not a race war, but a case of the biters having been bitten. It was claimed that Joe Zukufski was a vicious and quarrelsome fellow and in trying to get the best of the Italians had brought on the affray which ultimately resulted in his own death. It was further argued that Zukufski was one of the class that crowd the calendars with cases at every turn and that had the Italians not been molested there would have been no trouble at all. As to the facts of the case the defense claimed that it was an impossibility for either of the defendants to have shot Zukufski; that the testimony showed the bullet had entered Zukufski's back and all the testimony agreed that the three Italians were in front of Zukufski during the fight.

In summing up for the Commonwealth Mr. McLaughlin pointed out the fact that Minella was not only seen at the affray with a knife and revolver in hand, but also caught while running back to the place with a Winchester rifle in his hand. At this point the Deputy District Attorney paid a tribute to Detective Richard Amour, saying that at great risk of life the officer wrestled and disarmed Minella before the rifle could be used and it was little less than a miracle that the jury was not trying some of the Italians for the murder of the detective.

The jury evidently believed the claim of the defense that the accused did not fight behind Minella's back and cause the fatal wound and that the murder was committed by one of the two Italians that cannot be found. Minella, Magone and Meo are now being held on a charge of having committed an assault with intent to kill on Mrs. Zukufski, the mother of the murdered man.

**TWO LIBEL SUITS.**  
The excitement of two murder trials being conducted at one and the same time having passed off, the unusual large crowds which attended these trials have disappeared and the court rooms have again taken on their sombre appearance.

Two libel suits have taken the place of the murder cases. The one before Judge Sayridge in No. 1 room is the suit of R. O. Jones, Superintendent of the Vulcan Iron Works, of Tamaqua, vs. the Tamaqua Courier, the other that of Prof. Cooper vs. C. D. Arters and Livingston Soltzer.

In the former suit George J. Wadlinger and H. F. Grief represent the defense, and J. O. Ulrich is counsel for the plaintiff. This is the same suit in which Mr. Wadlinger had the indictment quashed last term and tried unsuccessfully to do the same when the case was opened yesterday, immediately after the jury in the Eisenhower murder case retired. W. H. Boyd was the first witness called this morning. He was followed by Mrs. Sophia M. Harris, widow of Robert Harris, deceased. She stated that at the death of her husband she became the administratrix of his estate and part of the estate was the newspaper plant of the Tamaqua Courier. That she hired reporters and that her son was business manager. She did not know what articles were printed in the paper. They were never shown to her. Harry Walters, a reporter for the paper, and John Harris, the business manager, followed her. Robert H. Hirsch, of the Tamaqua Recorder, was then called and was asked to identify a copy of the Recorder of the 21st of April last. The paper was then offered in evidence by the defense but was objected to by the prosecution and ruled out.

At this point the defense rested and George J. Wadlinger began his address to the jury, as the prosecution had no rebuttal evidence. A number of Tamaqua residents were in attendance and occupied seats within the railing.

The suit is brought for the publication of an article in the Courier, attacking the methods and character of one who had been writing articles in the Tamaqua Recorder under the name of "Cynic," the author of which is said to be the prosecutor in the case.

The other libel suit is that of Prof. J. W. Cooper, principal of the Shenandoah High school, against Prof. C. D. Arters, principal of the Cresona schools, and Prof. Livingston Soltzer, of Palo Alto, in which the two latter gentlemen are charged with writing and circulating a libelous circular against Prof. Cooper during his canvass for the County Superintendency. W. J. Whitehouse and C. A. Snyder, Esqs., are counsel for the defendants, while ex-Judge Ryan represents Prof. Cooper. The greater part of the morn-

ing session was taken up in citing authorities and arguing law points.

### A Guilty Couple Asphyxiated.

WILKESBARRE, Pa., June 26.—Wednesday evening David Arnett, a miner, aged 40 years, met Mrs. Jacob Grimes, aged 38, at the Lehigh Valley railroad station. They went to the house of Hattie Barnes, on Canal street. Yesterday morning the other inmates of the house detected a strong odor of gas. Their room was broken into and both were found dead in bed. Their clothes were scattered about the room and in Arnett's pocketbook were found \$42. The supposition is that before retiring Arnett, after extinguishing the light, turned the gas on again, but did not know he had done so. Mrs. Grimes had separated from her husband and six children, who live in Leokawanna county.

The assault was made in the mines of the West Shenandoah colliery and it is alleged that Seiber, complaining that too much slate had been put into a wagon, and struck Bender in the mouth with his fist. ### THE SILVER DEMOCRATS!

Their Strength in the National Convention of Their Party.

### A PROBABLE MAJORITY OF SIXTEEN

The Chicago Convention Will be Composed of 930 Delegates, and With the Two-Thirds Rule It Will Require 620 For a Majority.

NEW YORK, June 26.—Democratic conventions have already been held in every state of the Union. In Texas two state conventions were held, one electing gold delegates and the other silver. The silver men claim the regular organization, and the state, with 30 votes, is allotted to them in this statement, which is made by the gold standard people, as is the territory of Alaska, with her 6 votes, though no news has been received from there.

The national convention will be composed of 930 delegates. Unless the two-thirds rule is adopted the silver men will require 620 delegates to nominate a candidate for president. According to the figures given out by the gold men the silverites have 884, or 36 short of two-thirds. To elect the gold men both Michigan and Wisconsin, with their 52 votes.

But the silver men in the Wisconsin Democratic delegation announce that they will bolt the unit rule imposed upon the delegates by the state convention when they vote on the platform in Chicago. They argue that if the national convention does not insist upon the unit rule they will not be bound by the action of the state convention, and they point to the fact that the state convention refused to respect the unit rule made by some of the counties.

The Michigan delegation stands 13 for silver to 15 for gold. The Democratic state convention instructed for gold and adopted the unit rule, so that the entire delegation would be compelled to vote as the majority willed. But the silver men have started contests in two districts now represented by the gold men. By unseating two gold delegates the silver men will have a majority of the whole delegation, and Michigan's votes would then go for silver. This, with Wisconsin's 34, would give the silverites 16 votes over the necessary two-thirds.

### Amending a State Ticket.

INDIANAPOLIS, June 25.—Representatives of the old wing of the Prohibition party in Indiana had a meeting in this city yesterday for the purpose of filling the vacancies in the state ticket made by the nominees who bolted the ticket after the convention at Pittsburg. F. T. McWhirter, of Indianapolis, was selected as state chairman for governor, L. M. Crist, lieutenant governor, William Rigbertson, auditor, S. M. Thompson, treasurer, Preston T. Ryder, stationer, Elwood Haynes, reporter of the supreme court, W. L. Clontest.

### Cost of Mrs. Fleming's Defense.

PITTSBURGH, N. J., June 26.—Mary Alice Abbott Livingston, until Wednesday the center of the action of one of the most sensational murder trials of recent years, is now in the home of John C. Shaw, one of her counsel in this place. Her lawyers calculated that after all the expenses of her trial are paid she will have about \$40,000, or about one-half of the amount which would have come to her if the police had not concluded that she had caused her mother's death. The trial cost the city \$20,000.

Postmaster Michael Mellet has just expended several hundred dollars in alterations and improvements on the lodge room in his building at the corner of Centre and Market streets and the place is now as convenient, comfortable and well adapted generally for lodge meetings as any in the county. In comfort and attractive furnishing none excel it. The room has been re-papered and re-painted and an elegant cut glass chandelier has been suspended from the center of the ceiling. This chandelier is certainly the finest in the town and has a dazzling effect. All the old furnishings of the room have been replaced by handsome leather upholstered antique oak settees, chairs, sofas, etc., and seating platforms have been placed along the sides of the room. In addition to this the lodge room has been re-carpeted. The hallways leading to the room have also been re-papered and decorated and a skylight has been put in to give light to the main entrance in the day time.
