THE SILVERITES' STRENGTH.

In the National Convention of the Democratic Party.

THE GOLD STANDARD ADHERENTS

They Propose to Discuss the Merits of Monomentallism Versus Bimetallism With Their Opponent-Senator Hill May be Temporary Chairman.

CHICAGO, July 3.—It being understood that the territories are to be allowed six votes each, and that the District of Co-lumbia is to have six votes also, the total number of votes in the coming Democratic convention is 918. Then 400 would be a majority and 612 a two-thirds majority

Of these figures the silver men today claim these states: Alabama, 29; Arkansas, 16; California, 18: Colorado, 8: Florida, 5: Georgia, 26: Idaho, 6: Illinois, 18: Indiana, 30; Iowa, 26; Kansas, 20; Kentucky, 26; Louislana, 16; Maine, 5; Minnesota, 7; Mississippi, 18; Missouri, 34; Montama, 6; Nebraska, 16; Nevada, 6; North Carolina, 22; North Dakota, 6; Ohio, 38; Oregon, 8; South Carolina, 18; Tennessee, 24; Texas 89: Utah, 6; Virginia, 24; Washington, 8; West Virginia, 12; Wyoming, 6; Alaska, 6; Arizona, 6; District of Columbia, 6; Indian Territory, 6; a total of 596 votes.

Indian Territory, 6; a total of 596 votes.

The gold standard people are left on this basis only these states, with the accompanying votes: Connecticut, 12; Delaware, 3; Florida, 3; Maine, 7; Maryland, 16; Massachusetts, 30; Michigan, 28; New Hampshire, 8; New Jersey, 20; New York, 72; Ohio, 8; Pennsylvania, 64; Rhode Island, 8; South Dakota, 8; Verseut 8; Wilconski, 20 Vermont, 8; Wisconsin, 24; a total of 334

In connection with these figures it will be noticed that the silver men lack but 16 votes of having the necessary two-thirds limit, but they claim that the eight votes

counted for gold in Ohio will come to them after temporary organization, while Michigan votes are also expected. It will further be noticed that Nebraska is figured in the silver column, and this is be-cause, while there is a contest, the silver men say that they will see that the gold standard men are not scated. It is the security in this preponderance of votes that makes the silver leaders confident of ulti-

The announcement that the eastern gold standard leaders, William C. Whitney, Senator Hill and others would arrive here this evening has put some heart into the gold standard men who are here, and the gold standard men who are here, and the argument in hotel corridors waxes a little warmer. The rumor of a withdrawal of the gold standard forces from the convention if they are defeated is still current, but it cannot be definitely placed in the so far arranged plans of the gold standard people. The plan arranged is at least calculated to make things lively, even if it has not the greater effect, the one the gold standard men desire, of obtaining converts. It will be similar to the plan adopted by the New York Democrats during the days preceding the convention of 1802 when in the same halls the orators force.

when in the same halls the orators fore-told the destruction of the Democracy II

President Cleveland was renominated. The plan is to have Senator Hill, Mr. Whitney, ex-Mayor Grant, John E. Fellows. Senator Smith of New Jersoy, exGovernor Russell of Massachusetts and other well known orators discuss the situation with not enty the leaders of the solutions for the glorious Fourth we will serve a clean tree hot lunch of chicken and walks and on the property of the solution of the glorious Fourth we will serve a clean tree hot lunch of chicken and walks and on the property of the solution of the glorious fourth we will serve a constraint of the property of the pro gold standard movement from other states but with the leaders of the silver move-ment. If these discussions, like the Hill and Cleveland discussions of 1899, a be made public, the result can hardly be foretold, for the silver element here, now in such preponderance are of an excitable character. A conference of the gold standard mon is called for 8 o'clock tonight at the Auditorium, and it is believed that a line of action will be mapped out at that

The statement that Wilson S. Bissell, of Buffalo, would act as delegate-at-large in place of United States Senator Murphy in the New York delegation is believed here to be erroneous, as Mr. Murphy's alternate is Jacab A. Cantor. Mr. Bissell will, how-ever, as a close friend of President Cleveland, take an active part in the fight for

Headquarters of the gold standard men have been opened at the Palmer House, one of the largest parlors being set apart for that purpose. The gold standard men seem to be quite confident that Hill will be accepted by the silver men for tempor-ary chairman, the argument they use be-

The work of removing the dollris is progressing very slowly, owing to the immense amount of solid rock that has fallen. The solid. has fallen. The bodies are about 700 feet from where the rescuers are at work. It is almost an assured fact that the men will never be found alive, and it may be a week or more before they can be reached.
