REPUBLICAN NATIONAL TICKET. FOR PRESIDENT, WILLIAM McKinley, OF Ohio.

DEMOCRATIC NATIONAL CONVENTION at Chicago promises to be an American Donnybrook.

SOME people will even turn great mining catastrophes to their own political glory, if they can do so.

THERE are not so many fire-crackers in the country to-day as on Friday, neither are there so many flyers on young Americans' hands.

THE prevailing drift in favor of the restoration of Republican rule simply means that the people are determined to have good times by removing the manifest causes of hard times.

Two National Conventions have been held thus far in 1908—the Prohibitionist and the Republican—and in each there has been a bolt.

HONORED AFTER DEATH.

Memory of the Late Harry Reese Revered by Congress. The War Department of the United States Government has communicated with the sons of the late Harry Reese, of Shamokin, asking them if they will accept a medal struck by an order of Congress in honor of their father.

The deed for which this early recognition is given was one of the most daring performed during the war. The Federal army had tunneled beneath the works of the Confederates and fixed a powder mine in a position that in exploding it would blow up a fort. The fuse was lighted but at the given time the powder was not ignited.

Although Lieutenant Reese received honorable mention in a report to the Department his bravery never received reward until now. At the close of the war he returned to Shamokin and afterwards became chief burgess of the town serving several terms.

THE BIG FIGHT FOR GOLD!

(Continued from First Page.) A canvass of the situation with the references to the selection of a temporary chairman, and the majority of those present announced themselves as favorable to the selection of Senator White.

The members of the Democratic national committee who are silver men held a second meeting last night to agree on a candidate for temporary chairman of the convention, and decided to recommend Senator John W. Daniel, of Virginia.

Senator White, of California, had been previously selected, but when a delegation called upon him he said that on account of other engagements it would be out of the question for him to serve.

Judge Powers, of Utah, is among the delegates who have received letters from a banker's firm in this city in regard to the effect that a free silver declaration would have upon the business interests of the country.

Considerable discord is developing now among the silver men over the rivalries naturally created by the candidates, and there is also dissension over the platform.

Others, on the other hand, think there should be a regular Democratic platform covering all the pending issues of the day.

The gold men, led by Mr. Whitney, profess to be discouraged by the outlook. Their plans seem to be based on future contingencies.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal church for 50 years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery."
