Chicago, July 8.—In the magnificent and capacious Collseum in Jackson Park, beneath clear skies, with a cool, invigorating breeze snapping at the flags and trappings and the blue waters of Lake Michigan stretching away to the north, the Democratic national convention met yesterday. After a brief but decisive battle in the arena the silver men indicated their stretchings. supremacy. They wrested from the hands of the gold phalances the control of the convention and gathered the reins of power into their own hands.

There was a reminiscence of that other great Coliseum whose fall marked the de-struction of an empire, where men were butchered to make a Roman holiday,

about it all. A champion who has so often entered the lists to do battle in Democracy's cause, amid the ringing shouts and the wild acclaim of his party, was put to the sword that silver might be supreme. It was with reluctance that many of the friends of Senator David Bennett Hill turned their thumbs downward, as the arrownt nutricines of the worlds that midd. turned their thumbs downward, as the ar-rogant patricians of the empire that ruled the world did when the populace cried for mercy. But, like the gladiators who en-tered the arena to the blare of the trumpet and the clang of steel, the silver men beat back their sympathics and hardened their hearts that the issue might be squarely drawn and decided, even though it in-volved the droup of one whom they had volved the doom of one whom they had delighted to honor in the past.

By one of those strange, fateful coinci-ences it was Senator John W. A TROLLEY MAIL SERVICE.

Application by the Schuvikill Traction HEADQUARTERS Company Acted Upon.

POSTMASTER MELLET CALLED UPON

The Postal Authorities at Washington Ask Him to Give Facts Bearing Upon the Feasibility and Probable Advantages of Such a System.

Recently the Schuylkill Traction Company made application to the United States Postal Department for the right to carry the malls between the several towns on mails between the several towns on its lines of railway. This would not interfere with the regular railroad mail service in any way, but would simply give the towns on the electric line a quicker and more frequent mail service that would be greatly appre-ciated by the business people, especially. The benefits of such a mail system is at once apparent to everybody.

At Hazleton and at points in the Wyoming Valley the mail is carried on the trolley can te all points along the system on specially arranged mail cars, and it is found to work to the greatest advantage to the business people. The question has frequently been discussed here, but this the first time any decisive

steps have been taken.

Postmaster Mellet is in attendance at the National Democratic Convention in Chicago, but Assistant Postmaster Michael Tierney but Assistant Postmaster Michael Tiorney stated this morning that a letter had been received from the postal department at Washington, D. C., asking for particulars as to the feasibility and the benefits to be de-rived from a trolley postal service between Shenandoah and Girardville. Mr. Therney said an answer would be forwarded recom-mending the establishment of the system and its extension to Lorent Debend Males. and its extension to Locust Dale and Malunoy City.

my City.

When ssked what the innovation would accomplish Mr. Thorney said it will result in a great improvement to the postal service in the Mahanoy Valley. At present three mails are sent daily from Shenaudoah to Locust Dale and under the trolley system the number could easily be increased to six. Four mails are sent daily from Shenandeah to Mahanoy City, but only three are delivered on the same day, the fourth not reaching Mahanoy City until after seven o'clock in the evening. The trolley service would increase the number of mails on this line to six.

Mr. Tierney is very enthusiastic over the idea and no doubt the answer to the govern-ment will be very strong in favor of a trolley mail service

Waldron's Horses Have Arrived at the Merchants' Hotel Stables.

Waldren, the great Canadian horse shipper, arrived here last night with his horses. They were taken at once to the hotel stables, where the sale takes place at one o'clock p. in. to-morrow. Among the lot are some elegant to-morrow. Among the lot are some elegant big draught teams that will go close to thirty hundred pounds. Big, strong workers that look as if they could move a mountain. Then there are business horses, express and general purpose horses, in fact there are some of all kinds, roadstors as well. The local judges here pronounce them, the best lot that has ever pronounce them the best lot that his ever been brought here for a public anction. The simple fact that they are Canadian bred should make them desirable, because it's consoded by all that for bone, strength and durability the Canadian horse has no equal and outlives any other horse on earth. Waldron said every horse must be sold to close them out, no matter what they brought, and that the sale would open at one o'clock p. m. to-morrow if it rained pitch forks with the points downward, as it must take place: so, if you want a horse, be at the Merchants hotel stables, and buy one at your own price

BOGART'S COMMISSION ISSUED State Superintendent Schaeffer Grants It

After Due Consideration. social to Evening Herald. HARRISHURG, July 8.—Acting upon the ecision of Attorney General McCormick in

the case of County Superintendent George W. McIlhenny, of Dauphin county, in which it was held that a fair interpretation of the law gives the State Superintendent authority to inquire only into competency where protests are filed against the issuing of commissions, and after due consideration of the papers on file, State Superintendent Schaeffer last night issued commissions to G. B. Bogart, Shenandeah; John J. Mulhall, Hazle township, Luzerne county; Joseph B. Gabrio, Foster township, Luzerne county, and S. G. Rudy, of Huntingdon.

This practically ends the controversy over the superintendency of the local schools, as the School Board cannot go behind the decision of the State Superintendent and the commission he issues, but the matter will no doubt be the subject of considerable discussion at a meeting the Board is to hold to-night.

Prof. Bogart will probably arrive here before the close of the week to begin making arrangements for the opening of the next school term. He is now at Tiffan, O., attend-ing the funeral of his father.
