MR. DENGLER A CANDIDATE. Mr. Horace E. Dengler to-day formally announces his emulidacy for the Republican nomination for Congress, after serious consideration, and at the earnest solicitation of many members of his party. He begins his cunviss to-day and will make an earnest effort, continuing until the Republican county convention decides whether he shall be the mornings or not. It is not necessary to tell the people of Shemmelouh who or what he is the has grown up amona them from boylood and occupies an onorable place in the community. His integrity has never been questioned and be enjoys the respect of the community irrespective of party, and if nominated will receive a very large vote in the town. He is to full around with the principles of his party as connected in the St. Louis platform, and day officiated at the communion services in if elected will act and cole with his party on the United Evangelical church in the place all party questions. We believe this is a Republican year, and that the citizens of Schuylkill want no one to represent them in the Connells of the nation who is even digitily minted with the Populistic notions of the Aligeld—Tilman crowd and that a large number of the Democratic voters of the county will like the leading to-day to attend the funeral of her brother's digitly minted with the Populistic notions of Democratic newspaper, the Chronicle, repudiate the Populistic Ideas forced upon the Democratic party, and will Join in the election of a Congressman who is not trinted with any 50-cent dollar ideas, and whose colee and vote can be relied upon to oppose any action that will tend to sully the honor. of the pation. Schuylkill county is for protection, and, we believe, also for an honest dollar, and will vote for the candidate who stands for these ideas. We therefore commend Mr. Dengler to them as such a cardidate and hespeak for him the favorable consideration of the Republican voters when they elect delegates to the County convention. Of his Republicanism it is not necessary to speak, as it is known to be of the stalwart

The Glorealrin was turned bottomodde up and a cost of black lead was rubbed into her until she glistened like a ceach. There were some minor changes made in the El Heirie, but nothing of a vital nature, and as far as the eye can see both boats are in perfect readiness to go over the course when the

signal for the start shall have been given. The series of races to be sailed are to be not less than three nor more than five, and the trophy, a silver cup, will be awarded to the winner of three of the raises. Two courses of twelve intles each bay, on Long Island sound. One of thes mrses will be three miles to windward or leoward and re. 5rn, salled twice over and the other a triangular course, two miles to the leg, twice over. The first race which, with the proper weather condi-tions, will be sailed this afternoon, is to be over the former course.

P. Shearwood will not as the arew of the challenging boat. Mr. Clinton H. Crane is the youthful captain of the El Heirle, and his brother, D. M. Crane, will handle the sheets. Neither of the skipper could be forced to say anything concern ing the possible outcome of the races, fur Ler than to express the hope that all would end as happily as last season's ruces between Sprice IV and Ethelwynn, over the same course and for the same trophy.
