The Rand-McNally Railway Guide still  
maintains the reputation for accuracy and  
reliability it long since attained. The guide  
gives much other useful information and is  
invaluable to travelers.

The Miners Journal should practice what it  
preaches. Horace E. Dengler, of Shenandoah,  
announced himself a few days ago as a candi-  
date for nomination for the leading office on  
the Republican county ticket but we have not  
seen his candidacy noticed in that paper  
yet. Possibly the Major wrote that paper  
himself.

Hox, W. M. HARRITY, the idol of the  
Pennsylvania Democracy, is determined that  
he will not surrender and makes the  
determination emphatic when he says, "I am  
a Democrat and a sound money man, too, and  
I shall do nothing during the coming cam-  
paign that can properly be regarded as a  
surrender of my convictions upon the  
currency question, or upon any other vital  
question."

No second Democratic ticket will be placed  
in the field. The talk among the gold stand,  
and Democrats about a sound money nation's  
convention is subsiding. The policy of delay,  
which was decided upon by Senator Hill,  
William C. Whitney, William E. Russell,  
Senator Smith, Senator Gray, and the other  
sound money leaders in Chicago in order to  
let the wave of indignation in the East pass  
over, so that sound judgment might have a  
chance to reassert itself, is bearing fruit.  
They make no response to the demand from  
the Western sound money men who are out-  
side of the boatworks to join them in a  
boil. At the same time they make no move  
to check the exodus of those Democrats who  
are declaring that they will vote for  
McKinley.

**THE SUPERINTENDENCY.**  
The School board's action on Tuesday  
evening disposed of the protest against  
superintendent Bogart, and that gentlemen  
has entered upon the discharge of his duties.  
When the protest was filed the HERALD  
published the fact, but refrained from express-  
ing an opinion and asked for a suspension of  
judgment until the investigation promised  
by the Superintendent of Public Instruction  
should bring out the facts in the case. That  
investigation, however, was not made because  
the Attorney General decided it was not  
within the province of the Superintendent to  
inquire into the moral fitness of an  
appointee, that it was the duty of the School  
Board to look after the morals of their  
teachers. Superintendent Bogart was a  
stranger to every member of our School  
Board, but the credentials he furnished were  
such that the majority of the Board selected  
him to succeed Mr. M. P. Whitaker. It is  
well known that previous to the election  
strenuous efforts had been made to induce  
members of the Board to retain Mr. Whit-  
aker, but in spite of the pressure brought to  
bear upon them the directors made the  
change. The supporters of Mr. Whitaker,  
by some means got hold of the statement of  
a child 13 years old, of Knoxville, that Mr.  
Bogart had acted in an unbecoming manner  
toward her, and secretly filed a protest with  
the Superintendent of Public Instruction  
against the issuing of his commission. In  
this they made a serious mistake, as we be-  
lieve the majority of the Board have the  
interests of the schools as much at  
heart as the minority has and it would  
have been more honorable to have laid  
their information before the Board for  
its action, but the opinion seems to be  
well grounded that an unfair advantage was  
sought to be obtained by the minority for  
the benefit of their candidate, and that the  
good of our schools was a secondary consider-  
ation. The board's action in appointing a com-  
mittee to investigate was generally approved, as no  
one wanted an unfit person in the position.  
The committee investigated the matter and  
found a peculiar case, one which in a small  
way, recalls the case of Barbara Aub, the  
young New York woman who charged a  
prominent member of the New York bar  
with an atrocious crime and upon whose oath  
he was convicted and was about to be sen-  
tenced to a long term in prison when she  
retracted in time to avoid a great wrong and  
denied her former statements. The child in  
this case, the committee found, was not  
worthy of belief and found that her state-  
ments varied so much as to be worthless.  
The committee also found that the child was  
urged on by people with a grudge against Mr.  
Bogart, and that five of the six direc-  
tors of Knoxville most positively dis-  
believed her statements. Someone, it does  
not appear who, not satisfied with the com-  
mittee appointed by the board, sent a citizen  
from town to investigate for them, with a  
view to substantiating the charges, but the  
evidence obtained was of such a weak nature  
and was so completely outweighed by the  
affidavits presented by Mr. Bogart in addi-

tion to the committee's report, that there  
can be no doubt in the mind of any fair-  
minded person that a great wrong was at-  
tempted upon an honorable man, and that  
a vacillating child, with no conception of  
the result of her vicious talk, had been used  
by enemies to injure a man who had incurred  
their ill will in the line of his duties. And  
what can be said of the parties in town who  
have tried to use such a case to assist a de-  
feated candidate? It is a well established law  
in America that the majority shall rule, but  
in this case the minority used every effort to  
upset the ruling of the majority to retain an  
officer who was not wanted by them, using  
star chamber methods to do so which cannot  
be approved, and the action of the board is to  
be commended and will receive the approval  
of all good citizens.

**A Mother's Fall.**  
A drunken wife and mother is the cause of  
Dan Murphy's home, at Mahanoy City, being  
in a horrible dirty condition, and five small  
children hungry and in filth. Mr. Murphy  
is an industrious miner and makes fair  
wages when he works, but his wife, Mary,  
is cursed with an appetite for strong drink  
and utterly neglects husband, children and  
home when under its influence. The neigh-  
bors up that way say, however, that Mrs.  
Murphy is a good housewife and attentive  
mother when she is sober. The unfortunate  
woman has been away from home since the  
2nd of July and her whereabouts is a mys-  
tery to her husband. On that day she left  
her home, going in the direction of New  
Philadelphia, where her brother resides; she  
was walking and was seen by Henry Heid-  
enrich. The husband went to her brother's  
home and was told that she was not there,  
but that she was seen in the town. Murphy  
found that his wife had gone on towards  
Pottsville and following her trail he traced  
her to the county seat. There he lost all  
trace of her and he has yet been unable to  
locate her. She wore a black dress with a  
satin front and had on a black hat with a  
red flower; she is five feet five inches high  
and about 40 years old. Five children are at  
home; the oldest 11 years old and the  
youngest 18 months. Murphy is almost  
heartbroken over his misfortune. Kind  
hearted neighbors have volunteered their  
assistance, and are feeding and cleaning the  
children.

Do you know of anyone in your neighbor-  
hood who has diphtheria, quinsy, catarrh, is  
troubled with croup or any other throat  
affliction? If so you will bestow a great  
favor on humanity by recommending a trial  
of Thompson's Diphtheria Cure, which was  
never known to fail, if used according to  
directions. Thousands have tried it and they  
are the ones who speak most highly of it.  
Their evidence surely cannot be ignored.

the Twin Shaft Mine.

killed in the wreck at Pond Creek, besides  
being a member of the Lehigh Valley Re-  
lief Fund, which will pay to his wife \$2 per  
day for every working day for two years,  
also carried a policy in the Prudential Co.  
for \$245.

**Another Film-Plan.**  
Christian Budwash a prosperous hotel  
keeper of Locust valley was robbed of \$5 on  
Tuesday evening by two well dressed, yun-  
men who visited the hotel in a carriage  
and sitting at a table invited Budwash to play  
cards with them, but he refused and they  
played themselves and drank several times.  
When they arose to go one of them pulled  
out a \$10 bill and paid for the drinks receiv-  
ing the change. His companion told him  
that he shouldn't have broke the bill as he  
had not enough change to pay the bill which  
he did and requested Mr. Budwash to return  
the bill. Budwash returned the greenback  
and the smart man placed the change on the  
counter and as Budwash thought counted out  
\$10, entered their carriage and drove away.  
The saloon keeper counted the money again  
and found that he had been robbed of \$5, but  
could not understand how it was done. He  
says he was positive that he saw the man  
count \$10 in change. He has been all over  
the world and handled a large amount of  
money but this is the first time he has been  
robbed.

**Rheumatism Cured in a Day.**

mysterious. It removes at once the cause

**St. Paul Ready for the Veterans.**  
St. PAUL, Minn., July 16.—The various  
local leaders in charge of the preliminary  
work for the third Grand Army em-  
powerment have their work well in hand  
and are pushing things at a lively rate in  
order that everything may pass off  
smoothly. The general citizens' commit-  
tee has already received enough applica-  
tions to show that this empowerment will  
be the largest attended in recent years. A  
thorough canvass of the city has been  
made for accommodations and the commit-  
tee feels that, however large the crowd,  
all will be cared for handsomely. One of  
the main features of empowerment week  
will be the reunions, more than one hun-  
dred having already been arranged for.

**Refused to Indict a Murderer.**  
NONFOLK, Va., July 16.—Mrs. Mary E.  
Russell, held in the charge of having killed  
her husband at Whaleyville, Nansemond  
county, Virginia, about a month ago, has  
been released, the grand jury refusing to  
return a true bill. Russell went home  
drunk and beat his wife terribly. Some  
hours later a neighbor going to the house  
found him dead in bed and his head  
bent in with an ax. The evidence that  
the deed was done by Mrs. Russell was  
conclusive, but owing to constant cruelty  
from her husband, public sentiment was  
in her favor.

**Empire State Democracy Wants a Boil.**  
New York, July 16.—The executive  
committee of the State Democracy met  
last night and repudiated the Chicago  
platform. It also advocated the putting  
of a third candidate in the field. The resolu-  
tions were not adopted until after pro-  
longed debate, and it is said that at least  
five district leaders will consider the  
advisability of resigning from the organiza-  
tion.

**Editorial Sues for Divorce.**

Carpenter, late professor in the New York

with attempting to kill him while he was  
asleep.

Some time ago the one-year-old child of  
Mr. M. E. Lindsey, of Franklin Furks, Pa.,  
had a very severe attack of colic. She suf-  
fered great pain. Mr. Lindsey gave her a  
dose of Chamberlain's Colic, Cholera and  
Diarrhoea Remedy and in ten minutes her  
distress was gone. This is the best medicine  
in the world for children when troubled with  
colic or diarrhoea. It never fails to effect a  
prompt cure. When reduced with water and  
sweetened it is pleasant for them to take. It  
should be kept in every home, especially  
during the summer months. For sale by  
Gruhier Bros., Druggists.

**New Jersey's Republican League.**  
ASBURY PARK, July 16.—The state Re-  
publican league convention was held here  
yesterday, delegates being present from  
all parts of the state. The annual address  
of President Higgins showed a great in-  
crease in the membership of the league,  
that organization now numbering over  
35,000 members. A resolution was adopted  
indorsing the Republican candidates and  
the St. Louis platform. Also the admi-  
stration of Governor Griggs and the last  
legislature. President Higgins was re-  
elected.

**The Glencairn Takes the Cup.**  
NEW YORK, July 16.—The third and last  
race in the series between Glencairn, of  
the Royal St. Lawrence Yacht club, of  
Canada, and El Heirie for the silver  
trophy cup offered by the Seawanhaka-  
Corinthian Yacht club for small yachts  
was sailed yesterday over a course three  
miles to leeward and return twice over,  
and Glencairn won. Glencairn got over  
the line just thirty-one seconds ahead of  
her rival, the actual time being: Glen-  
cairn, 12:35.10; El Heirie, 12:35.44.

**Threatened by Striking Miners.**  
SULLIVAN, Ind., July 16.—The mines at  
Star City were started with non-union  
men on Tuesday. An attempt was made  
to close them by union members, but it  
proved a failure. The union miners at  
Star City intend to stop the work. The  
situation is considered serious, and the  
Harter-Hafer company have asked for pro-  
tection. Deputy sheriffs have been or-  
dered to the scene. The strikers have been  
out since May 1, and are in a starving con-  
dition.

**Steamer Columbia Breaking Up.**  
PESCADERO, Cal., July 16.—The Pacific  
Mail steamer Columbia, which ran on to  
the rocks on Tuesday, is rolling heavily  
and thumping herself to pieces. The sea  
is calm, but the swell is rising and there  
is about eighteen feet of water in the hold.  
The captain and officers of the steamer  
have apparently given her up and are pre-  
paring to leave her when it is no longer  
safe to remain on board. The surf breaks  
close to the steamer, and if the sea gets  
rough she will only last a few hours.

**Hanlan Challenges Gaudaur.**  
TORONTO, July 16.—Edward Hanlan has  
challenged Jake Gaudaur for a race for  
the professional sculling championship of  
America. Stanbury's refusal to give at  
the Vancouver regatta and Gaudaur's re-  
luctance to race in England prompted  
Hanlan to make this offer. Hanlan is  
confident of victory if his challenge is ac-  
cepted.

**Life Imprisonment for a Firebug.**  
NEW YORK, July 16.—Adolph Hirsch-  
kopf, the so-called king of the east side  
firebugs, was convicted of murder in the  
second degree in the supreme court yester-  
day. He was accused of setting fire to a  
house where a child was burned to death.  
The jury had been out for twenty hours.  
Hirschkopf was sentenced to life imprison-  
ment.

People's Baptist union are in attendance  
at the international convention, which  
opened in Milwaukee today.

mously nominated for re-election as a

gan district Republican convention yester-  
day.

Judge Lea, at Little Rock, Ark., over-  
ruled the motion for a new trial in the  
case of Robert Davis, convicted of criminal  
assault, and sentenced him to hang  
Sept. 11.

The report of the national secretary of  
the A. O. U. E. shows that the total mem-  
bership of the order is about 30,000, a gain  
of 8,200 in two years. During that period  
1,440 members died. Pennsylvania leads  
with 20,715 members.

**Electric Bitters.**  
Electric Bitters is a medicine suited for any  
season, but perhaps more generally needed in  
the spring, when the languid exhausted  
feeling prevails, when the liver is torpid and  
sluggish and the need of a tonic and altera-  
tive is felt. A prompt use of this medicine  
has often averted long and perhaps fatal  
bilious fevers. No medicine will act more  
surely in counteracting and freeing the  
system from the malarial poison, Headache,  
Indigestion, Constipation, Dizziness yield to  
Electric Bitters. Only fifty cents per bottle  
at A. Waseley's drug store.

**Sympathy for M. Faure's Assailant.**  
PARIS, July 16.—The entire press of the  
city reproaches the act of Francis, the  
man who presumably made an attempt to  
shoot President Faure on Tuesday, but  
most of them are inclined to the belief  
that it was the act of an insane man. The  
Matin urges the public not to magnify the  
inoffensive act of a poor lunatic.

**Due O'Leons Betrothed.**  
VIENNA, July 16.—Prince Louis Phil-  
ippe Robert, Duc O'Leons, son of the  
late Comte de Paris and the head of the  
house of Bourbon-Orleans, was formally  
betrothed at Alesuth castle, in Hungary,  
yesterday afternoon, to the Archduchess  
Marie-Dorothea-Amalie, daughter of the  
Archduke Joseph of Austria.

**Marvelous Results.**  
From a letter written by Rev. J. Gunder-  
man, of Dimondale, Mich., we are permitted  
to make this extract: "I have no hesitation  
in recommending Dr. King's New Discovery,  
as the results were almost marvelous in the  
case of my wife. While I was pastor of the  
Baptist church at River Junction she was  
brought down with Pneumonia succeeding  
La Grippe. Terrible paroxysms of coughing  
would last hours with little interruption and  
it seemed as if she could not survive them.  
A friend recommended Dr. King's New  
Discovery; it was quick in its work and  
highly satisfactory in results." Trial bottles  
free at A. Waseley's drug store. Regular size  
50c and \$1.00.

**ALL THE ANSYPILLS!**

Centre street.

**Terribly Beaten by Strikers.**  
CLEVELAND, July 16.—Further disorders  
occurred at the Brown Hoisting and Con-  
veying works yesterday. The strikers and  
their sympathizers attacked the non-union  
men while the latter were on their way to  
work. In numerous cases the non-union-  
ists were beaten with clubs and felled to  
the ground. J. W. Jackson, one of the  
unfortunate men who was attacked by a  
crowd of union men, received no less than  
fifteen knife cuts on the face and body,  
and had three ribs broken. For a time the  
police were unable to cope with the mob.  
The officers were finally reinforced, how-  
ever, and succeeded in driving the en-  
raged strikers back and rescuing the non-  
union men.

**Candidate Sewall's Welcome Home.**  
BATH, Me., July 16.—Arthur Sewall,  
candidate for vice president on the Demo-  
cratic ticket, had his home coming last  
night, and it was of the warmest sort. The  
formal welcome was sent by non-partisan.  
Fireworks were profusely burned, the  
church and city bells rung and a national  
salute fired by big guns. Thousands of  
people at the depot were provided with  
horns, and the vocal welcome made a din  
greater than ever heard here before. Mr.  
Sewall was met at the depot platform by  
Hon. R. F. Tutchell, president of the city  
council, Mayor Bibber having unexpect-  
edly been called away, and responded to a  
short welcoming address.

**Two Republican Headquarters.**  
CLEVELAND, July 16.—The Republican  
national executive committee met here  
yesterday and decided to locate headquar-  
ters in both New York and Chicago. There  
will be no discrimination between the two  
cities by selecting either as the main head-  
quarters. Chairman Hanna says he will  
be located nowhere, but will fight the  
campaign in the saddle. Two vacancies  
on the national committee were filled by  
the appointment of Myron M. Parker, of  
the District of Columbia, and C. S. John-  
son, of Alaska. The members of the com-  
mittee, with the exception of Senator  
Quay, who left for home in the afternoon,  
dined with Mr. Hanna last evening.

**Two Dead in a Tenement Fire.**  
BOSTON, July 16.—In a short but brisk  
tenement house fire on Lehigh street last  
night Mr. and Mrs. Dennis Driscoll were  
burned to death and Mrs. Margaret Ho-  
gan, a widow aged 70 years, received in-  
juries from which she will die. The Dris-  
colls were driven back to their rooms.  
Mrs. Driscoll had strength enough to reach  
the open window, where the horrified spec-  
tators below saw her rock herself in her  
agony and at last fall back dead.

**DR. MILES' RESTORATIVE NERVE**  
cures nervous prostration. Not mir-  
aculously, but scientifically, by first  
removing the germs of disease, and then  
supplying healthy nerve food, increasing  
the appetite, helping digestion and strength-  
ening the entire system. Desperate cases  
require prolonged treatment as shown by  
that of Mrs. M. B. Reed, of Delta, Iowa, who  
writes: "As the result of a lightning stroke,  
my limbs would all draw up. I  
Dr. Miles' would have throbbings  
in my chest that seemed  
unendurable. For three  
months I could not sleep  
and for three weeks did  
not close my eyes. I  
prayed for sleep, and  
felt that if relief did not come I would be  
dead or insane. I took Dr
