## THE POPULISTS AND BRYAN.

The Democratic Nominee the Bone of Contention.

MANY FAVOR HIS NOMINATION.

There Will be a Protest From Those Who Favor a Division of the Electoral Vote, With a Possibility of Electing a Populist Vice President.

St. Louis, July 20.—Few of the delegates to the Populist convention have arrived, but among the leaders who have reached the city a very bitter war has already developed. They seem to be alienating themselves for a three-cornered fight. First, those who favor a straight indorsement or nomination of Bryan and Sewall which will bring to the Chicago ticket the support of the Populists; second, those who desire a fusion electoral ticket which will maintain the Populist party organization and place the leaders in a position to demand recognition in the event the ticket is successful, and third, what are known as the "middle of the road" Populists, who favor an independent platform and ticket and who oppose fusion in any form.

The latter, if present indications count for anything, will be eventually overruled. The "middle of the road" men, however, will prove strong and valuable allies of the leaders of the second class, who seem determined to preserve their party organization at all hazards, but who

CONGRESSMAN CHARLES A. TOWNE.

profess an earnest desire to combine all the silver strength if a way can be found to give them recognition. The real fight, it is believed, will come between this faction and those who are in favor of putting behind them for the present all price of party for the sake of the cause of silver. Chairman Taubeneck, the chairman of this middle wing, gave out a statement Saturday night, outlining the plan of fusion electors as the only condition on which he is willing to join hands with the free silver Democracy. But even with fusion electors he wants a set of Populist nominees, the purpose being, if his plan is carried out, to elect Bryan president, and a Populist vice president. Taubeneck's interview met with a storm of protests from the faction which advocates a straight indorsement of Bryan and Sewall as the only chance of solidifying the silver forces and gaining victory.

Hon. Thomas M. Patterson, chairman of the regular Colorado delegation to the Populist convention, arrived yesterday, and with others immediately began a crusade in behalf of the nomination of Messrs. Bryan and Sewall by the Populist convention. During the evening Mr. Patterson and his associates prepared and issued an address in reply to Chairman Taubeneck's appeal to maintain the autonomy of the party by taking a position against the nomination or indorsement of the Democratic candidates. The address says in part:

"We agree with Chairman Taubeneck that the all-absorbing question with Populists is and should be, how can they assist in the speedy restoration of silver to its former place and at the same time maintain and advance this party organization? We believe that the People's party is necessary to the country, and that should it be disbanded or become ineffectual for want of numbers the money power would soon resume complete sway over both the old parties and the masses deprived of a protector from the greed of corporations, trusts and syndicates.

"But we emphatically disagree with him as to the means by which these ends are to be secured. To nominate an independent ticket, one in opposition as much to Bryan and Sewall as it would be to McKinley and Hobart, would not only make it impossible to restore free coinage of silver during the lifetime of the youngest in the coming convention, but it would practically annihilate the People's party so far as followers are necessary to make a party. The leaders might hold frantically to the organization during the campaign, but at its close they would find its followers in full fellowship with the Democratic party, and having voted its ticket under the name and emblem of that party, if Bryan should be elected, they would find little obstacle to continuing with it.

"Instead of nominating others the Populists' convention should nominate, not 'indorse' Bryan and Sewall. The convention should make these two men its own nominees—the party nominees. It should adopt its own platform of principles and place them upon their choice for president and vice president. Having done this, delegates can return to their homes and, looking constituents in the face, say: 'We have made this partial sacrifice of party pride to make certain of the enactment into laws of one or more of the great measures for which our party has struggled. In doing this we have proven that our party stands ready to do whatever is necessary to secure practical relief to the suffering country to the extent of supporting candidates nominated by other parties.'

"The proposition of Mr. Taubeneck that

## Death of General Sigfried.

POTTSTOWN, Pa., July 20.—General Joshua K. Sigfried died at his residence here yesterday, aged 64 years, from kidney troubles and nervous prostration. General Sigfried was one of the most prominent military men, individual coal operator and philanthropist in the state. He was the leading Republican politician of Schuylkill county, and expected to enter the political arena within the next two weeks, as the senatorial nominee, after years of absence. His military record is said to be the best of any surviving old soldier in the state. In the war of the rebellion he rose from lieutenant to general, and for nearly a score of years was in command of the Third brigade of the Pennsylvania National Guards. The news of the death of General J. K. Sigfried was a great surprise to his legion of friends. He had been improving during the past week and had been out riding once during the week. But on Saturday evening a relapse came and shortly after 2 o'clock Sunday morning he passed away, conscious to the last. He will be buried on Wednesday with military honors and Gov. Hastings with an escort will be present.

A hot conversation followed which led to a fight, in which Melick rammed a clothes prop into Rutechko's eye, forcing it out of the socket and inflicting a gash on his cheek, which required nine stitches to sew up the wound. In default of bail he was sent to jail this morning.

## Bad Trio Arrested.

Mike, Peter and Victoria Paskawicz are the proprietors of a boarding house in the First ward. Among their boarders is George Ballis, who gave one of the proprietors 50 cents on Saturday night to purchase beer. Upon receiving the money the proprietor left the house and did not return for several hours. When he returned he had spent the 50 cents and George made application for the same, which led to a fracas in which the trio jumped on him and beat him unmercifully. They entered bail in the sum of \$200 each before Justice Toomey for appearance at court.

Counter Suits Have Been Brought Before Different Squires, and Two of the Men Were Committed to Jail in Default of Bail.

## Special to EVENING HERALD.

MAHANAY CITY, July 20.—A serious stabbing affair occurred on Railroad street Saturday night, which may result in the death of two of the participants. John Stimbo, a Hungarian, keeps a boarding house at 220 West Railroad street, and upon returning home Sunday morning at 1:00 o'clock with two fellow countrymen made considerable noise in gaining entrance to his house.

Next door to Stimbo's house is a Polish boarding house, and two of the boarders, Andrew Bloss and Martin Bunnas, were awakened by the racket. An exchange of words ensued, resulting in the latter coming down stairs and a general fight ensued in which knives played an important part. The neighborhood was awakened and the fight caused much excitement.

Andrew Bloss received three knife wounds in the back, one in the left shoulder six inches long, two in the small of the back, and one on the back of his head. His right arm was also dislocated. Dr. Bissell set the member, but after Bloss returned to his home it was again broken.

Martin Bunnas was also badly used up. He received two cuts in the left arm, one of them five inches long, five wounds in the back, and one two inches long on the shoulder.

Stimbo appeared before Justice Jones and swore out a warrant for the arrest of Bloss and Bunnas, the two men who were so badly cut up, claiming that they were the aggressors. Constable McInerney visited the latter's boarding house to serve the warrant but their condition was such that the hearing has been postponed until to-morrow evening. The water was covered with blood.

The Polish boarding boss caused the arrest of John Stimbo and Joseph Martin, charging them with assault and battery with intent to kill, before Justice O'Brien. Martin was stabbed through the palm of the left hand. After a hearing they were both committed to jail in default of \$500 bail.

## Exciting Ball Game.

An exciting game of base ball, which was witnessed by a crowd of several hundred base ball enthusiasts, took place at the Trotting park yesterday afternoon, between the Cherry street nine and the Famous team, both of town. The game was very closely played and interesting throughout. The features of the game were the remarkable catches of Cobby and left fielder Carry. In the last inning, with the Famous boys at the bat, the score was tied by Carry, who knocked the ball into left field, which would have credited him with a home run had not the audience interfered with his base running. The battery work of Murphy and Waters for the Cherry street team was a fine specimen of amateur ball tossing. Rover and Cobby, who occupied the points for the Famous team, were heartily applauded in the second inning by retiring the side without a hit. The game was played for a purse of \$20 and resulted in a victory for the Cherry street nine, which won by a score of 4 to 3. Many of the spectators present claim that the game was equal to any state league games ever played on the grounds. Umpire Mitchell was very fair in his decisions.

## A Brave Lover.

Last night as the eleven o'clock car was passing through Wm. Penn, a young thirteenth of town boarded it, after being escorted to the car by his best girl. Among the passengers on the car were several other young men who bid the girl a good "good night," as they were acquainted with this fair maiden. The thirteenth became enraged and started a fracas with one of the young men. After a tussle of several minutes, in which the former was the victim of several blows, he took a seat on the front of the car and "never said a word." He was a source of much amusement for the passengers for the remainder of the trip to Shenandoah.
