TRUE AMERICANS' OFFICERS.

Result of the Patriotic Order's Election

at Shamokin. SHAMGKIN, July 23.—The two-days' session of the state camp of the Patriotic Order of True Americans, closed last evening. The convention has proven use of much benefit to the order, and these in attendance ex-present themselves well alored with the twopressed themselves well pleased with the pro-

spirited one, many condidates seeking the honors. The election was held yesterday afternoon, and resulted as follows: President, sugar of r atternion, and resulted actions, President, Mrs. Emma Hutten, Shemandonh ; assistant, H. C. Van Fressen, Philadephia: the presi-dent, A. W. Moore, Jr., at York ; conductor, Annie Bayd, of Shamokin ; assistant, George Schaeffer, of Reading ; guardian, Mary E. Niee, of Reading ; southed, Mary E. Ross, of Recence. Berwick

Shenandoah had three prominent condi-dates for the offices : Mrs. Miranda James and

#### Another Twin Shaft Conference.

The officials of the Newton Coal Company, of Pittston, have decided to hold a conference of the mine experisof the region on the grounds of the Twin Shaft to morrow mark ing. There will be no propositions made un-til after a tour of inspection has been made by a committee of the conference and a discussion of the situation. Those who have consented to attend are George P. Smith,

NOT HELPLESS. Baby Need Die of Cholera Infantum.

No Trouble Where the Diet Was Lactated Food.

Hot Weather Fatal to the Care-

lessly Fed.

#### Baby Should Grow as Much in July as in December.

Health and Growth Wholly a Matter of Proper Food.

The most pitiable sight in the world is that of a sick haby, that can neither cat, sleep nor hold up its head.

responsible, and not the hot weather.

Even those children who are inclined to be days hence. know how very much depends on the child's food being right.

#### A LACTATED FOOD BABY

Children born delicate grow to be strong when fed on an exclusive diet of lactated food. The rich ingredients just suited to a baby's stomach, plump out its tiny frame, and make the converting of its food into solid

flesh and bone an easy matter In hot weather a baby's entire alimentary system is quick to be deranged, its appetite and power of assimilating its food are very apt to flag. Lactated food at such trying Dutrick McNeilis and William H. Evans. and power of assimilating its food are very apt to flag. Luctated food at such trying ellings. The contest for the various offices was a but prevents any possibility of diarrheal

The principal element of mother's milk is This makes lactated food a perfect and matural substitute for mother's milk. Mathers be given to a baby in summer, lactated food, ing condition is so inexpendye that it is within the reach of B. G. Hess for assistant state president, and B. G. Hess for assistant state conductor. The next annual convention will be held in York, in July, 1997.

make ten pints of rooked food. If anything but mother's milk is used, use

for infants, invalids, for children getting their teeth, or being wenned, especially during the summer months. timmer months.

Mrs. M. Koch of Dorchester, Mass., recent-
